DEPARTMENT OF COMMUNICATIONS AND WORKS

Irrigation

NOTIFICATION.

No. 22-I.—21st June 1943.—Whereas the Governor by notification No. 24-I., dated the 25th November 1941, published at page 2745, Part I of the *Calcutta Gazette* of the 4th December 1941, under section 63 of the Bengal Embankment Act, II of 1882, an estimate of the probable expenses to be incurred in respect of the repairs and maintenance of the Argowal Drainage Channel and sluice and the works connected therewith in the district of Midnapore for a period of fifteen years commencing from the 1st April 1943 amounting to Rs. 48,720 (at the rate of Rs. 3,248 per annum);

And whereas as required by section 63 of the Bengal Embankment Act, 1882 (Bengal Act II of 1882), this estimate was locally published by a general notice calling on all persons interested to prefer to the Collector of Midnapore any objection they might think proper against such amount being fixed as the total sum payable;

And whereas the objections preferred to the Collector of Midnapore have been duly considered and disallowed, the Governor is pleased, under section 63 of the Bengal Embankment Act, II of 1882, to fix the estimated amount of Rs. 48,720 as the sum payable by the Zamindars of the estates benefited by such repairs, maintenance and works during the period of fifteen years commencing from the 1st April 1943.

By order of the Governor,

ORDER.

No. 2305Com.—28th June 1943.—In exercise of the power conferred by clause (*b*) of sub-rule (*2*) of rule 81 of the Defence of India Rules, the Governor is pleased to make the following Order, namely:—

1. It shall be competent for each licensee to whom a license has been granted under section 3 of the Indian Electricity Act, 1910, and each person engaged in the business of supplying electrical energy to the public with the previous sanction of the Provincial Government under sub-section (*d*) of section 28 of the said Act in the Province of Bengal in cases where diesel oil or steam is used for the generation of electricity, to levy, with the previous approval of the Provincial Government or of any person authorised in this behalf by the Provincial Government, a surcharge on the amount of each bill for the supply of electrical energy by such licensee or person not exceeding 25 per cent. of such amount calculated in accordance with the lowest rates charged by such licensee or person for the supply of electrical energy between the 1st September 1939 and the 30th April 1943 notwithstanding that the maximum rate of charge for the supply of electrical energy chargeable by such licensee or other person in accordance with the conditions of the license or sanction is thereby exceeded.

2. It shall be also competent for any such licensee, in cases where hydro-electric power is used for the generation of electricity to levy a similar surcharge not exceeding 15 per cent. of the amount of each bill for supply of electrical energy subject to the same terms and conditions as are specified in paragraph 1.

3. No surcharge shall be levied under paragraph 1 or paragraph 2 if the profits of the licensee or other person levying such surcharge exceed after the levy of such surcharge the amount of profits of such licensee or person in the year immediately preceding the 3rd September 1939:

Provided that in calculating the profits after the levy of the surcharge due regard shall be had to any additional business secured and to any increase in the units of electrical energy generated and sold since the said date:

Provided further that nothing in this paragraph shall apply to licensees to whom license has been granted under section 3 of the Indian Electricity Act, 1910, or other persons who have obtained previous sanction under sub-section (*1*) of section 28 of the said Act after the said date.

4. In calculating the amount of a bill by a licensee or other person for the purposes of levying surcharge under paragraph 1 or paragraph 2, the electricity duty leviable under the Bengal Electricity Duty Act, 1935, or any rebate allowed by such licensee or other person on charges for the supply of electrical energy shall not be taken into consideration.

5. The levy of surcharge under paragraph 1 or paragraph 2 shall be subject to the following conditions, namely:—

(*a*) the surcharge may be levied on the amount of all bills for electrical energy supplied on or after the 1st July 1943, but not earlier;

(*b*) the licensee or other person levying such surcharge shall not enhance his charges for the supply of electrical energy which were in force on the 30th April 1943 or reduce or withdraw any rebate on such charges in force on the said date, without the previous sanction of the Provincial Government so long as he continues to levy the surcharge;

(*c*) the rate of charges of the licensee or other person for the supply of electrical energy in respect of which a surcharge is levied and the rebate allowed shall be shown in a footnote in the first bill sent by the licensee or such person to the consumer in which such surcharge is levied.

By order of the Governor,
M. K. KIRPALANI, Secy.

Memo. from—H. Graham, Esq., I.C.S., Secretary to the Government of Bengal, Education Department,

To—The Director of Public Instruction, Bengal.

SUBJECT:—*Creation of—Bimala Churn Law Free-Studentship, Fund—in the Presidency College, Calcutta.*

The undersigned is directed to convey the sanction of Government to the creation of a Trust Fund to be called the "Bimala Churn Law Free-Studentship" in the Presidency College, Calcutta, with 3½ per cent. Government Promissory Notes, as detailed below, of the face value of Rs. 8,000 presented by Dr. Bimala Churn Law, M.A., B.L., PH.D., of 43, Kailas Bose Street, Calcutta, for creating one free-studentship in the above institution on the conditions set forth in the attached statement:—

		Rs.
No. 1900/1	.. CA031892	.. 5,000
No. 1865	.. CA022819	.. 1,000
No. 1865	.. CA022820	.. 1,000
No. 1865	.. CA022821	.. 1,000
	Total	.. 8,000

The donor has endorsed the Government Promissory Notes in favour of the Manager, Reserve Bank of India, Calcutta, and has deposited them with that officer.

The Principal of the College who will be the administrator of the fund will draw the interest regularly, open a post office savings bank account, deposit therein the income of the fund and credit to Government the amount payable by the holder of the free-studentship.

The Manager, Reserve Bank of India, Calcutta, has been informed.

A. M. SALIMULLAH, *for* Secy.

No. 944Edn.—21st June 1943.—The above orders of Government regarding the creation of a trust fund to be called the "Bimala Churn Law Free-Studentship" in the Presidency College, Calcutta, are published for general information.

By order of Governor,

H. GRAHAM, Secy.

Statement.

1. The donor or his heir or heirs shall have the right to nominate for admission into the College one poor student subject to the rules of the College. If in any year a deserving candidate is not available, no nomination for the free-studentship should be made for the year and the interest on the donation should continue to accumulate and should be utilised in future in awarding more than one free-studentship, if funds permit, subject to the approval of the donor or his heir or heirs. If necessary, the donor or his heir or heirs shall have the right to ask from the Principal of the Presidency College, Calcutta, a list of ten poor and meritorious students among the students, admitted by him, so that the donor or his heir or heirs may be in a position to make his or their own selection and inform the Principal accordingly. The Trust Fund shall be called the Bimala Churn Law Free-Studentship Fund. The Principal of the College should be the administrator of the fund who will draw interest on the notes regularly, open a post office savings bank account, deposit therein the income of the fund and credit to Government the amount payable by the holder or holders of the free-studentship or free-studentships.

2. The donor or his heir or heirs shall have the right to cancel the nomination of a candidate who has failed to pass any examination and to nominate a new candidate who may be found deserving of such free-studentship. The free-studentship shall entitle the holder thereof to exemption from payment of admission fee, tuition fee, annual atheletic subscription, annual magazine subscription, annual College Union subscription and annual periodical examination fee, but such exemption should be operative to the extent of the amount available as the net income of the fund.

3. The free-studentship should be named as Bimala Churn Law Free-Studentship and is open to all students without any distinction of caste, creed and sex.

4. The Principal of the College shall furnish the donor or his heir or heirs, with an annual report of the progress of study of the student concerned and the donor or his heir or heirs shall intimate to the Principal his or their intention of allowing the student to continue to hold the free-studentship, if the progress report be found satisfactory. In the event of the progress report being found unsatisfactory, the right of the donor or his heir or heirs shall be limited to withdrawing the free-studentship and shall not extend to prohibiting the holder of the free-studentship from prosecuting his studies.

5. The said free-studentship will be awarded for one year in the first instance, and will be continued unless for unsatisfactory progress or otherwise the concession is withdrawn. No second free-studentship will be awarded while one is already in existence or until sufficient surplus is available for the creation of additional free-studentships.

6. The free-studentship shall be published in the *Calcutta Gazette*, and in the "Information concerning Presidency College, Calcutta" issued by the Government of Bengal.

7. After the death of the donor, his heir, or if there be more than one heir, the eldest heir shall have the right to nominate free-student or students. If no nomination is received from the heir or heirs of the donor within a month from the date of intimation by the administrator, the administrator may nominate a candidate for the free-studentship. Necessary reminders should be sent to the heir or heirs within the said period. Due precaution should be taken to ensure safe delivery of the intimation to the heir or heirs of the donor.

1. Admission to the first and third year classes begins immediately after the publication of the University examination results.

2. Candidates for admission should apply for the necessary admission forms, enclosing three-fourth anna postage stamps, and stating whether they are old students of the College or candidates seeking admission for the first time. The appropriate forms will then be sent.

3. These forms duly filled in should be sent to the "Principal" (not by name) as soon as possible, after the publication of the University results.

4. Only Honours candidates will be admitted to the third year classes.

5. Government Senior and Junior Scholarship-holders enjoy the privilege of free tuition in the College.

Nine second grade Junior Scholarships are specially attached to this College. Holders of these enjoy the privilege of free tuition. Of these, four are reserved for Muslim students, one for a non-Muslim non-Scheduled caste student and another for a Scheduled caste student, all coming from schools within Calcutta and the districts of 24-Parganas and Howrah.

There are 70 part-free studentships attached to the College. Of these, 60 of the value of Rs. 7 per mensem are awarded to undergraduate students, and 10 of the value of Rs. 8 per mensem to post-graduate students. Normally half the number is available for fresh award every year.

There are about 50 special concessions of Rs. 7 in fees for Muslim students of the first and third year classes and about 15 Mohsin stipends of Rs. 7 for the first and third year classes and about three of Rs. 8 for the fifth year classes.

J. GHOSH, Vice-Principal.

Government Commercial Institute, Calcutta.

Calcutta, the 25th June 1943.

Commercial Course—Session 1943-44.

Government Commercial Institute reopens on the 28th June 1943.

Applications for admission must reach the Principal within two weeks from the date of publication of the Matriculation Examination result in the *Calcutta Gazette*. Certified copies of mark-sheet should accompany applications for admission to the Day Course and Shorthand class in the Evening Course. Applicants will, as a rule, be admitted after interview.

Day Course (Intermediate Standard).

The Course extends over two years. Matriculates are eligible for admission. 25 per cent. of the seats are reserved for Muslims. After passing the Day Course Examination students may join B.A. or B.Com. classes of the Calcutta, Dacca, Allahabad and Benares Hindu Universities. A large number of prizes and scholarships including two special scholarships for students of the educationally backward classes as well as scheduled caste students stipends are available to poor and meritorious boys. Free studentships are awarded to Muslim students up to 15 per cent. of their annual enrolment.

Evening Course.

The Course runs over one year. Candidates for Government Commercial Course Special Examinations and employees in different offices and firms in Calcutta, desirous of improving their prospects may take up one or more of the following subjects:—

1. Modern English (including Commercial Correspondence, Indexing and précis-writing).
2. Book-keeping and Accountancy (Junior).
3. Book-keeping and Accountancy (Advanced).
4. Shorthand (Theory and Speed).
5. Shorthand (Higher Speed).
6. Typewriting.
7. Mercantile Law.
8. Banking.

Registered Accountants' Course (R.A.).

R.A. classes are held in the evening to prepare students for the Government of India Examinations for Registered Accountants (R.A.).

Refreshers' Course.

A refreshers' course for Shorthand and Typewriting is introduced from the beginning of this session for those students passing out of the Institute who are unemployed to enable them to maintain their speed in these subjects on the usual tuition fees.

For prospectus apply to the Principal enclosing stamps worth 9 pies.

Hooghly.—No. 9024L.A.—2nd July 1943.—The following agreement is published under section 42 of the Land Acquisition Act, I of 1894, for general information :—

Agreement.

MEMORANDUM OF AGREEMENT made this twenty-ninth day of June 1943 between the Uttarbahini Library (a Society registered under the Indian Societies Act, XXI of 1860) and having its

registered office at Sheakhala, post office Sheakhala, thana Chanditala, sub-registry Jonai in the district of Hooghly (hereinafter called the "Society") of the one part and the Governor of the Province of Bengal (hereinafter called the Governor) of the other part.

Whereas for the purpose of the construction of a building for Uttarbahini Library the Society has applied to the Governor of Bengal for the acquisition under the provisions of the Land Acquisition Act, I of 1894, of the piece or parcel of land containing 0·11 of an acre or thereabout, situated in the village of Seakhala in the district of Hooghly and more particularly described in schedule hereto and delineated in the plan* hereunto annexed.

And whereas the said Government of Bengal, being satisfied by an enquiry held under section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the Society the piece or parcel of land hereinbefore described.

And whereas the said Government of Bengal has required the Society under the provisions of section 41 of the abovementioned Act to enter into the agreement with the Governor hereinafter contained. Now this indenture witnesseth that it is hereby agreed and declared as follows:—

1. On demand the Society shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894, or by Court to which a reference under Part III of the said Act may be made, or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid Courts, or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the obligations of the Society under the last preceding clause not being thereby limited, the Society shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Society of all demands under the foregoing first clause, or, in the discretion of the said Government of Bengal (on deposit by the Society of all estimated amounts as provided in the second clause), but not before possession shall have been taken under the provisions of the abovementioned Act, the Governor shall make over possession of the said land to the Society and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Society.

4. The said land shall be held by the Society for the purposes of such a library as is hereinbefore mentioned and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said library building shall be completed and fully equipped in all respects ready for use within three years from the date on which possession of the said land shall have been given to the Society.

6. Should the said library building not be completed and fully equipped in all respects ready for use within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal or should the said land at any time thereafter cease for a period of twelve consecutive months, to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause then and in any such case, the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon, whether such buildings were erected before or after transfer of the land to the Society and thereupon the interest of the Society in the said land and buildings shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(*i*) Should the said Government sell the land with the buildings, the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the sale proceeds to the Society.

(*ii*) Should the said Government decide not to sell the land and buildings, the said Government shall retain the said land and buildings thereon in which case the Governor shall repay to the Society the market value as on the day of re-entry of all the buildings erected by the Society and all sums received from the Society in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent. and less any amount received on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sums paid and received on account of costs, charges and expenses.

(*iii*) Should the said Government decide to sell the buildings only upon such sale, the Governor after deducting the expenses of taking possession and selling, pay the balance of the proceeds of sale to the Society, together with the sum received from the Society in respect of the compensation for the land (less the statutory allowance of 15 per cent. and less any amount received from the Society on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sum paid and received on account of costs, charges and expenses.

8. The public shall be entitled to use the library building on the following terms:—

(*i*) As a free reading room under such terms and conditions as might be prescribed by the Managing Committee of the Society from time to time.

(*ii*) As a circulating library under such terms and conditions as might be prescribed by the Managing Committee of the said Society from time to time.

9. Should any dispute or difference arise touching or concerning the subject-matter of this agreement or any covenant, clause or thing herein contained the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

SHIPS' WAR TRADE LIST.

DEFENCE DEPARTMENT.

New Delhi, the 29th May 1943.

No. 30-D.C./6/43.—It is hereby notified for public information that the following vessels belong to owners who are or have been declared to be enemies under rule 97 of the Defence of India Rules. All shippers, banks and other financial and commercial concerns are warned that it is an offence under the Defence of India Rules for any one to make use of such vessels. Shipments by such vessels in addition to being liable to seizure render the shippers or those connected with the consignment liable to prosecution—

DEPARTMENT OF LABOUR.

NOTIFICATION.

New Delhi, the 27th May 1943.

No. M.1055.—The following draft of certain rules which it is proposed to make in exercise of the powers conferred by section 30 of the Indian Mines Act, 1923 (IV of 1923), is published as required by sub-section (*1*) of section 31 of the said Act for the information of all persons likely to be affected thereby and notice is hereby given that the draft will be taken into consideration on or after the 1st October, 1943.

Any objection or suggestion which may be received from any person in respect of the said draft before the date specified will be considered by the Central Government.

Draft rules for mines.

CHAPTER I.—PRELIMINARY.

1. *Short title and application.*—(1) These rules may be called the Mines Rules, 1943.

(2) Except where otherwise expressly stated, these rules shall apply to every mine of whatever description to which the Act applies.

2. *Supersession and savings.*—All rules made by local Governments under the Act are hereby superseded, but all orders issued and certificates granted or renewed under any rule so superseded shall, so far as they are consistent with these rules, be deemed to have been respectively issued, granted or renewed under these Rules.

3. *Definitions.*—In these Rules, unless there is anything repugnant in the subject or context,—

(*a*) "the Act" means the Indian Mines Act, 1923;

(*b*) "Court of Inquiry" means a court of inquiry appointed under section 21 of the Act;

(*c*) "Form" means a Form set out in Schedule I;

(*d*) "section" means a section of the Act;

(*e*) "Schedule" means a Schedule appended to these Rules.

CHAPTER II.—MINING BOARDS.

4. *Mine owners' representatives.*—The two members referred to in clause (*d*) of sub-section (*1*) of section 10 shall be nominated as follows:—

(1) In each of the provinces of Bengal and Bihar—

(i) one shall be nominated by the Indian Mining Association, and

(ii) one shall be nominated in rotation by the following bodies in order of priority:—

(a) the Indian Mining Federation;
(b) the Indian Colliery Owners' Association.

(2) In the Central Provinces and Berar, both the members shall be nominated by the Central Provinces and Berar Mining Association.

5. *Miners' representatives.*—(1) In a province, other than Bihar, for which the Mining Board is constituted,—

(a) if there is one registered trade union of miners entitled to nominate one or two members in accordance with sub-clause (*i*) or sub-clause (*ii*) of clause (*e*) of sub-section (*1*) of section 10, the Central Government shall call on such trade union to nominate one or two persons as the case may be;

(b) If there are two or more registered trade unions of miners entitled to nominate one or two members in accordance with the said provisions of the Act, the Central Government shall, for each vacancy, call on each registered trade union, in rotation in such order of priority as it may deem fit, to nominate a person to fill the vacancy.

(2) In the province of Bihar, if the registered trade unions of miners employed in any of the mines for which the Mining Board is constituted are entitled to nominate one or two members in accordance with the aforesaid provisions of the Act, the Central Government shall call on such of the following registered trade unions as may be so entitled in rotation in the order of priority mentioned below to nominate a person to fill the vacancy:—

(1) the Tata's Collieries Labour Association,

(2) the Indian Miners' Association.

(3) the Indian Colliery Labour Union.

6. *Term of office.*—A person nominated under clause (*d*) or clause (*e*) of sub-section (*1*) of section 10 shall, unless he resigns his office or dies at an earlier date, hold office for a period of three years from the date of the notification appointing him a member of the Board and shall be eligible for renomination:

Provided that an outgoing member may continue in office until the appointment of his successor is notified.

7. *Absence from India.*—(1) Before a member leaves India,

(a) he shall intimate to the Chairman the date of his departure from and the date of his expected return to India, and

(b) if he intends to be absent from India for a longer period than six months, he shall tender his resignation.

(2) If any member leaves India without taking the action required by sub-rule (1), he shall be deemed to have resigned, with effect from the date of his departure from India.

8. *Notification of vacancies.*—The Chairman shall inform the Central Government as soon as a vacancy occurs in the membership of the Board by the resignation or death of a member.

9. *Disposal of business.*—(1) All questions which the Board is required to take into consideration shall be considered either at its meetings or by circulation of the papers as the Chairman may direct:

Provided that the papers need not be circulated to any member who is absent from India at the time.

(2) On papers being circulated in respect of any question any member may require that the question be considered at a meeting of the Board and thereupon it shall be so considered.

10. *Time and place of meetings.*—The Board shall meet at such places and times as may be appointed by the Chairman.

11. *Notice of meetings.*—The Secretary to the Board shall give due notice to every member of the Board present in India of the time and place fixed for each meeting, and shall furnish each such member with the agenda of the business to be discussed at the meeting.

12. *Quorum.*—The Chairman and any three members shall constitute a quorum of the Board.

13. *Decision by majority.*—(1) Every question referred to the Board by circulation of the papers shall, unless a member desires its consideration at a meeting, be decided by a majority of the members sending their views within the time allowed.

(2) All questions referred to a meeting of the Board shall be decided by a majority of votes of the members present and voting on that question.

(3) In the case of an equal division of votes, the Chairman shall have an additional vote.

(4) Any member disagreeing with a decision of the Board may enter a note of dissent which shall form a part of the record of the proceedings.

14. *Minutes of meetings.*—(1) The Secretary to the Board shall record the proceedings of each meeting in a minute book, which shall be kept for permanent record.

(2) The record of the proceedings of each meeting shall be signed by the Chairman.

16. *Correspondence and Accounts.*—The Secretary shall conduct all the correspondence of the Board and keep its accounts.

16. *Appearance at hearings.*—Any appearance of a party to any reference before the Board (other than an appearance for the purpose of his examination as a witness) at its hearings may be made by a legal practitioner or other person authorised in writing by such party.

17. *Proceedings to be private.*—Unless the Chairman otherwise directs, the proceedings of the Board shall be held in private and shall be confidential.

CHAPTER III.—COURTS OF INQUIRY.

18. *Examination on behalf of interested parties.*—(1) Where a Court of Inquiry has been appointed to inquire into an accident at any mine which resulted in loss of life, the court shall permit any of the following persons to attend the sessions at which evidence is being taken, namely:—

(a) any relative of any person killed in the accident;

(b) a person appointed by an order in writing in that behalf by—

(i) a majority of the workmen employed at the said mine, and

(ii) any registered trade union to which any person killed in the accident belonged at the time of his death or of which not less than ten persons employed in the mine are members;

(c) the owner, agent and manager of the mine;

(d) a person appointed by an order in writing in that behalf by any association of employers to which the owner of the mine belongs.

(2) Any person permitted to attend under sub-rule (1) may attend in person or through any legal practitioner and may personally or by such legal practitioner put to any witness such questions as the court considers relevant and proper.

19. *Recovery of expenses of Courts of Inquiry.*—(1) If a court of inquiry finds that the accident was due to any carelessness or negligence on the part of the management the court may direct the owner, agent or manager of the mine to pay all or any part of the expenses of the inquiry.

(2) The amount directed to be paid under sub-rule (1) may, on application by the Chief Inspector or an Inspector to a Magistrate having jurisdiction at the place where the mine is situated, or where such owner, agent or manager is for the time being resident, be recovered by the distress and sale of any moveable property within the limits of the Magistrate's jurisdiction belonging to such owner, agent or manager.

CHAPTER IV.—REGISTERS, NOTICES AND CERTIFICATES OF FITNESS.

20. *Register of minor accidents.*—The register required by sub-section (2) of section 20 shall be maintained in Form A.

21. *Register of employees.*—The register required by sub-section (1) of section 28 shall be maintained in Form B.

22. *Register of underground workers.*—(1) The register required by sub-section (4) of section 28 shall be maintained in Form C.

(2) All entries in this register shall be made at the entrance or entrances to the mine when the persons against whose name the entries are made enter or leave the mine.

23. *Notice of commencement and end of work.*—(1) The notice required under sub-section (1) of section 23B shall be in Form D, and shall be posted outside the office of the mine in English, and in the Indian language of the district in which the mine is situated.

(2) Where the hours for any relays are changed from week to week or for other periods, particulars of the system on which the changes are made shall be added to the notice.

24. *Weekly Rest-day.*—(1) Where the weekly rest-day is given to all the workers in the mine collectively, a notice shall be posted up indicating the day or days of collective rest.

(2) Where the weekly rest-day is not granted to all the workers collectively a notice shall be posted up indicating the days of rest applicable to the various workers or groups of workers.

(3) The manager shall be responsible for ensuring that every such notice is posted in a conspicuous place outside the office of the mine and is maintained in a clean and legible condition.

25. *Persons holding positions of supervision or management or employed in a confidential capacity.*—For the purposes of section 24, the following shall be deemed to be persons holding positions of supervision or management or employed in a confidential capacity:—

(a) managers;

(b) assistant managers, under-managers and overmen, or any persons holding equivalent positions;

(c) mechanical engineers, engine-wrights and electricians;

(d) surveyors;

(e) clerks, accountants and time-keepers.

26. *Certificates of fitness.*—The certificate of fitness referred to in section 26A shall be in Form E.

27. *Re-examination of adolescent.*—If an Inspector is of opinion that any person who has not attained his seventeenth year and is employed under-ground in a mine is no longer fit for such work he may prohibit such person from so working until such person has been re-examined by a qualified medical practitioner and re-certified as fit for such employment.

28. *Fresh examination.*—(1) If any person sent for examination in pursuance of section 26A or for re-examination under rule 27 is not certified as fit by the qualified medical practitioner he shall not, without the permission in writing of an Inspector, be sent to that or to another medical practitioner for examination until at least six months have elapsed from the time when he was last sent for examination.

(2) Any certificate obtained in contravention of sub-rule (1) shall be void.

29. *Record of certificates.*—The manager of every mine in which any person who has not completed his seventeenth year is employed underground shall maintain a register showing the names of all such persons with the dates of their certificates and shall give the entries serial numbers, entering the corresponding serial number on each certificate.

30. *Metal tokens.*—The token required to be carried by any person under section 26A shall be provided by the manager of the mine. It shall be made of metal, shall be stamped with the letter P and shall bear the same serial number as the certificate for that person.

CHAPTER V.—SANITARY AND HEALTH PROVISIONS.

31. *Drinking water.*—(1) At every mine a sufficient supply of wholesome drinking water shall be provided on the surface and, if the Chief Inspector so directs in the case of any mine or class of mines, also below ground at points reasonably accessible to the persons employed.

(2) No charge shall be made for the drinking water supplied under sub-rule (1).

32. *Latrines and Urinals.*—(1) Latrine and urinal accommodation shall be provided on the surface at every mine:

Provided that the Chief Inspector may—

(a) grant an exemption in the case of any mine on the ground that on account of the special character of the mine no suitable site for the construction of latrines and urinals is available.

(b) permit at any mine or class of mines a certain area or areas to be marked for the purpose on the surface of the ground in lieu of latrines or urinals.

(2) The urinals and latrines shall be of a type approved by the local District Medical Officer of Health with due regard to the local conditions.

(3) In the case of latrines the accommodation shall not be less than one seat for every 50 employees who work on the surface of the mine or who are resident within the boundaries of the mineral leasehold.

(4) Every latrine erected on the surface for the use of the persons employed in a mine shall be so partitioned off as to secure privacy and, if a latrine intended for the use of one sex adjoins a latrine intended for the use of the other sex, the approaches shall be separate.

33. *Sanitation.*—(1) At every mine arrangements shall be made for keeping all the underground working places and travelling roads clean from *excreta* and a sweeper or sweepers shall be maintained for the purpose.

(2) All latrines and urinals, or areas marked for the purpose in pursuance of clause (*b*) of the proviso to sub-rule (1) of rule 32 in or about a mine shall be kept in a sanitary condition.

(3) Receptacles shall be cleaned daily and tarred inside and out at least once a year.

CHAPTER VI.—FIRST-AID AND MEDICAL APPLIANCES.

34. *First-Aid Certificate.*—In—

(*a*) every coal mine,

(*b*) every mine, other than a coal mine—

(i) in which any part of the workings extends beneath the superjacent ground; or

(ii) in which no part of the workings extends beneath the superjacent ground but 100 or more persons are employed on any one day;

one person for every hundred persons or part thereof employed in the mine shall hold a St. John's First-Aid Certificate.

35. *Medical Appliances.*—(1) At—

(a) every coal mine,

(b) every mine, other than a coal mine—

(i) in which any part of the workings extends beneath the superjacent ground; or

(ii) in which no part of the workings extends beneath the superjacent ground but 100 or more persons are employed on any one day;

there shall be provided and kept in good order and ready for immediate use for every 100 persons or part thereof employed in the mine—

(1) one suitably constructed stretcher; and

(2) one box containing a sufficient supply of suitable splints and bandages, adhesive plaster, boric vaseline, cotton wool and tincture of iodine or other suitable antiseptic solution:

Provided that in the case of a mine in which the workings do not extend beneath the superjacent ground, it shall be sufficient to provide and maintain only one stretcher and box irrespective of the number of persons employed.

(2) The appliances specified in sub-rule (1) shall be kept at a convenient place on the surface and, in the case of a mine employing 100 or more persons on any one day in which the workings extend beneath the superjacent ground, also at a suitable place or places underground in the various working sections of the mine.

CHAPTER VII.—SAFETY OF SURFACE.

36. *Notice of mining operations.*—(1) If the owner, agent or manager of a mine intends to conduct or extend any mining operations under his control at or to any point within 50 yards of any building or structure not belonging to the owner of the mine, he shall, not less than sixty days before commencing such operations, give notice of his intention to the Chief Inspector.

(2) If the operations in respect of which notice is given under sub-rule (1) are not commenced within twelve months from the expiry of the period of sixty days therein referred to, the notice shall be held to have lapsed and the provisions of that sub-rule shall apply as if no such notice had been given.

(3) The notice to be given under sub-rule (1) shall specify the position of the workings of the mine in relation to the building or structure in question, the manner in which it is proposed to carry out the intended new operations and the limits to which it is proposed to carry the said operations, and shall include a plan showing the existing and the intended mining operations in so far as they affect the building or structure in question.

37. *Mine workings beneath public roads.*—(1) No mine workings shall be made under any land lying within 50 feet of a public road except in accordance with such restrictions as the Chief Inspector may impose.

(2) No pillars shall be extracted under any land lying within 50 feet of a public road until a diversion of the road has been made or other precautionary measures taken to the satisfaction of the Chief Inspector.

38. *Fencing of dangerous places around excavations.*—(1) Shafts and quarries temporarily or permanently out of use and any place in or about an excavation which is dangerous shall be kept properly fenced.

(2) Where it is necessary to prevent danger to the public, every tank or reservoir shall be securely fenced.

(3) If any doubt arises as to whether a place is dangerous or not within the meaning of this rule, the opinion of the Inspector shall be conclusive on the point.

39. *Subsidence of surface.*—Where as a result of mining operations a subsidence of the surface has taken place or is likely to take place, and persons are likely to be endangered thereby, the dangerous surface area shall be kept securely fenced.

40. *Stability of occupied buildings.*—When there is a possibility of the stability of occupied buildings on the surface of a mine, within the boundaries of the mineral leasehold, being affected by the extraction or reduction of underground pillars, the owner, agent or manager of the mine shall send a notice in writing to the Chief Inspector and to the District Magistrate not less than one month before the commencement of the operations. The notice shall be accompanied by a plan showing the position of the buildings in relation to the underground workings.

CHAPTER VIII.—ABANDONMENT OF MINES.

41. *Abandoned mines.*—The owner, agent or manager of any mine which is abandoned or the working of which is discontinued shall, before the mine is finally abandoned or immediately after the working thereof has been discontinued, cause the top or entrance of every shaft and opening into the mine to be fenced by a structure of a permanent character sufficient to prevent persons inadvertently falling into or entering the shafts or openings:

Provided that in the case of any mine or any part of a mine an exemption may be given by the Chief Inspector, subject to such conditions as he may impose.

42. *Notice of discontinuance of underground workings.*—If the owner, agent or manager of any mine intends to abandon or discontinue any underground workings or part of such workings, on which is situated any property vested in His Majesty or any Local Authority or any Railway, as defined in the Indian Railways Act, 1890, he shall, not less than thirty days before the date of such abandonment or discontinuance, give notice of his intention to the Chief Inspector.

43. *Protective works.*—(1) The Chief Inspector may, by order in writing, call upon the owner of any mine to which rule 42 applies to construct in the mine or on the surface such protective works as the Chief Inspector may consider necessary and within such reasonable time as he may specify in the order.

(2) If the owner of a mine objects to an order of the Chief Inspector issued under sub-rule (1) he may within 20 days after the receipt of the order send his objection in writing stating the grounds thereof to the Central Government which shall refer the same to a Committee.

CHAPTER IX.—MISCELLANEOUS.

44. *Materials and appliances.*—Sufficient materials and appliances shall be kept in stock in every mine for the proper carrying out of all necessary operations in a manner consonant with the provisions of the Act, regulations, rules and bye-laws made thereunder.

45. *Intoxicating drinks and drugs.*—No person shall be permitted to take or consume any intoxicating drink or drug while at work in a mine, and no person shall be permitted to enter or remain in or about a mine in a state of intoxicating.

46. *Abstracts of Act, regulations and rules and bye-laws.*—(1) The abstracts of the Act and of the regulations and the rules made thereunder contained in Schedule II shall be posted up at or near every coal mine in English and in the Indian language of the district in which the mine is situated, and shall be maintained in a clear and legible condition.

(2) The abstracts of the Act and of the regulations and the rules made thereunder contained in Schedule III shall be posted up at or near every mine, other than a coal mine, in English and in the Indian language of the district in which the mine is situated, and shall be maintained in a clear and legible condition.

(3) The bye-laws shall be posted up in the manner required by sub-section (*5*) of section 32 in English and in the Indian language of the district in which the mine is situated.

(4) Notwithstanding the foregoing provisions of this rule, the Chief Inspector or an Inspector may require the abstracts specified in sub-rule (1) or sub-rule (2) and the bye-laws to be posted up in any other Indian language other than the language of the district.

47. *Plans, books and registers.*—All plans, books and registers which are required to be kept under regulations, rules or bye-laws made under the Act and the prescribed abstracts of the Act and of the regulations, rules and bye-laws made thereunder applicable to the mine shall, unless otherwise provided for, be kept at an office or the nearest convenient building used in connection with the working of the mine and shall be produced on the request of the Chief Inspector or an Inspector, or any person authorised in that behalf by the Central Government.

48. *Reports.*—Every report made under the Act or the regulations, rules or bye-laws made thereunder or a true copy thereof shall be preserved at the office of the mine for a period of 12 months from the date of such report.

SCHEDULE II.

ABSTRACT OF THE INDIAN MINES ACT, 1923, AND OF THE REGULATIONS AND RULES MADE THEREUNDER FOR WORK-PERSONS AT COAL MINES.

1. Every person shall strictly comply with all lawful orders issued by the manager or such other official as may be empowered by him to issue the same. (Regulation 143).

2. No person shall be employed in a mine—

(a) for more than fifty-four hours or on more than six days in any one week;

(b) if he works above ground, for more than ten hours (with at least an hour's interval for rest after working for six hours) and for more than nine hours, if he works below ground, in any day;

(c) if he has already been working in any other mine within the preceding twelve hours. (Sections 22A, B and C and 23).

3. No person under the age of fifteen years shall be employed in a mine, or be allowed to be present in any part of a mine which is below ground. (Section 26).

4. Every person, when at or about the top or the bottom of a shaft, shall obey all lawful orders of the shaft attendants on duty. (Regulation 62).

5. No person shall get on or off a cage, skip, tub or bucket used for lowering or raising persons after the same has been set in motion, or leave it until it has reached the appointed stopping place; nor shall any person ride on the top or edge of any cage, skip, tub or bucket except when engaged upon special work in the shaft. (Regulation 59).

6. No person shall permit a tub or tubs to run uncontrolled except with the consent of the manager.

No person shall ride on any tub, truck or wagon, either underground or above ground, except with the written permission of the manager. [Regulation 95 (1) and (2)].

7. In any underground part of a mine where adequate stationary lights are not in use, every person shall carry a light. (Regulation 132).

8. No workman shall pass an appointed station until the part of the mine beyond it has been examined and reported safe by a mine official. [Regulation 70(1)].

9. Every person after passing through a door or brattice cloth shall at once close it. (Regulation 134).

10. No person shall remove or pass through any fence, or remove or pass any danger signal, unless specially so authorized by the manager or an officer empowered by the manager in that behalf. (Regulation 148).

11. No person shall cut coal from any pillar, roof or floor, unless authorized to do so by the manager, under-manager, overman or sirdar. (Regulation 84).

12. No person shall work in any place other than a place in which he has been ordered to work. (Regulation 82).

13. Every person shall examine his own working place before commencing work and also at intervals during the relay. If any dangerous condition is observed, he shall either remedy it or immediately leave the place and report the fact to an official of the mine. (Regulation 83).

14. Only persons authorized in writing by the manager for the purpose shall carry or use explosives. (Regulation 101).

15. Any person discovering the presence of inflammable gas in his working place shall immediately withdraw therefrom and inform the sirdar, overman or manager. (Regulation 131).

16. No person shall wilfully damage, or improperly use, or by improper means extinguish, any safety lamp, and no one except a person duly authorised by the manager in that behalf shall unlock or open or attempt to unlock or open any safety lamp.

Every person using a safety lamp shall take proper care of it and shall not place it within reach of the swing of any tool. If the lamp becomes damaged he shall at once carefully lower the flame until it is extinguished, and shall at the first opportunity report the damage to the overman or sirdar. (Regulation 130 and Bye-law 25).

17. No person who has been appointed in writing by the manager for a specific duty shall sleep whilst on duty. (Regulation 145).

18. No person shall be permitted to take or consume any intoxicating drink or drug while at work in a mine, and no person shall be permitted to enter or remain in or about a mine in a state of intoxication. (Rule 45).

19. No person shall damage, destroy or improperly interfere with anything provided for or used in the working of the mine. (Regulation 147).

20. No person shall light a fire or permit a fire to be lighted in any underground part of a mine. [Regulation 87 D(2)].

21. No person shall negligently or wilfully do anything likely to endanger life or limb in the mine or omit to do anything necessary for the safety of the mine or the persons employed therein. (Regulation 146).

SCHEDULE III.

ABSTRACT OF THE INDIAN MINES ACT, 1923, AND OF THE REGULATIONS AND RULES MADE THEREUNDER FOR WORK-PERSONS EMPLOYED AT MINES OTHER THAN COAL MINES.

1. Every person shall strictly comply with all lawful orders issued by the manager or such other official as may be empowered by the manager to issue the same. (Regulation 89).

2. No person shall be employed in a mine—

(a) for more than fifty-four hours or on more than six days in any one week;

(b) if he works above ground, for more than ten hours (with at least an hour's interval for rest after working for six hours), and for more than nine hours, if he works below ground, in any day.

(c) if he has already been working in any other mine within the preceding twelve hours. (Sections 22A, B and C and 23).

3. No person under the age of fifteen years shall be employed in a mine or be allowed to be present in any part of a mine which is below ground. (Section 26).

4. No person shall get on or off a cage, skip, tub or bucket used for lowering or raising persons after the same has been set in motion or leave it until it has reached the appointed stopping place; nor shall any person ride on the top or edge of any cage, skip, bucket or box except when engaged upon work in the shaft. (Regulation 25).

5. No person when ascending or descending a shaft or ladderway shall take with him any tools, bulky or loose material save when engaged in repairing the shaft or in executing repairs to the ladderway or when otherwise specially authorised by the manager. (Regulations 26 and 61).

6. Every person, when at or about the top or the bottom of a shaft, shall obey the orders and directions of the shaft attendants on duty. (Regulation 28).

7. The bucket, skip or any wagon in the cage shall not be filled up to such a height that any of the contents can fall out and the bottom of the skip or cage shall be kept clean. (Regulation 30).

8. When tools, wood, etc., with ends projecting over the top of the cage, skip or bucket are being lowered or hoisted, the projecting ends shall be securely fastened to the rope or bow. (Regulation 31).

9. Where wagons are moved by hand no person shall permit a wagon to run uncontrolled. (Regulation 36).

10. No person shall ride upon any tub, truck or wagon either underground or above ground without the permission of the manager. (Regulation 37).

11. In any underground part of a mine where adequate stationary lights are not in use every person shall carry a light. (Regulation 52).

12. No person shall work in any place other than a place in which he has been ordered to work. (Regulation 53).

13. No unauthorised person shall carry or use explosives. [Regulation 64(3)].

14. No person shall bore out a hole that has once been charged or attempt to withdraw a charge either before firing or after a misfire, or deepen or tamper with empty holes or sockets left after blasting. (Regulation 82).

15. No person shall negligently or wilfully do anything likely to endanger life or limb in the mine, or negligently or wilfully omit to do anything necessary for the safety of the mine or the persons employed therein. (Regulation 91).

16. No person shall damage, destroy or improperly interfere with anything provided for or used in the working of the mine. (Regulation 92).

17. No person shall remove or pass through any fence or remove or pass any danger-signal unless so specially authorised by the manager or an official empowered by the manager in that behalf. (Regulation 93).

18. No person occupying any position of trust in or about a mine shall sleep whilst on duty. (Regulation 94).

19. No person shall be permitted to take or consume any intoxicating drink or drug while at work in a mine, and no person shall be permitted to enter or remain in or about a mine in a state of intoxication. (Rule 45).

PART IB—Educational Notices

Department of Industries, Bengal.

Serampore, the 29th June 1943.

Bengal Textile Institute, Serampore (Hooghly).

Minister-in-charge: The Hon'ble Mr. Khwaja Shahabuddin, C.B.E.

The 1943-44 Session of the Higher Classes of the Institute will commence in the 3rd week of July 1943. Applications on the prescribed form from *bona fide* natives or permanent residents of the province, who must have passed the School Final Examination, Science side, or the University Matriculation Examination, or have trained in one of the technical schools affiliated to the Overseer Examination Board up to the Sub-Overseer standard and are prepared to give a written undertaking that they intend to make weaving their profession after the completion of their training, will be received by the undersigned up to 30th June 1943 or up to the 15th day from the date of publication in the *Calcutta Gazette* of the University Examination results, whichever is later, for admission into the 1st year higher class.

The applicants must furnish the following particulars:—

1. Class in which admission is desired—
2. Full name and home address—
3. Race, religion and caste (state if scheduled)—
4. Present age and date of birth—
5. Father's (guardian's, if father is not alive) name—
6. Occupation of father or guardian—
7. School or college last attended—
8. Particulars of University or other examinations passed (name of the examination passed, year, division and subject taken)—
9. Special qualifications, if any—
10. State whether you would live in the hostel attached to the Institute, if not, give the name and address of a responsible local guardian under whose care you propose to live and state whether he has agreed to this arrangement.

N. B.—Copies of certificates and marks sheets submitted with the application will not be returned.

The application must be signed by the father or guardian of the applicant certifying that the particulars given by the candidate are true to his knowledge and that he agrees to the arrangement stated at 10.

The age of candidates for admission into the 1st year higher class should not ordinarily exceed twenty-one years on the 1st of July 1943.

The course of training extends over three years and instruction is given in the theory and practice of Cotton Spinning, Weaving, Dyeing, Calico Printing and Drawing.

Candidates may be required to appear at an interview at this Institute at their own cost.

The result of the selection for admission will be duly notified on the notice board of this Institute when the selected candidates shall be required to deposit Rs. 2 as registration fee and Rs. 10 as caution money on the date fixed by the Principal, failing which, their admission shall not be guaranteed.

No tuition fee is charged but the students are required to provide themselves with the necessary books, yarn, shuttle, pirn, etc., required for their work.

The number of new admission to the first year class ordinarily varies from 40 to 50; 25 per cent. of the seats are reserved for Muslims and 10 per cent. for Scheduled caste candidates Claims of such candidates for more seats will be considered on their merits.

Six scholarships of Rs. 15 each per month will be awarded to the newly admitted students of the 1st year class on the results of a special examination in Dictation, Essay-writing and Arithmetic held shortly after commencement of the Session. Six scholarships of Rs. 15 each a month will be awarded to the students of the 2nd year class and three scholarships to the students of the 3rd year class on the results of the Annual Examination of the 1st and 2nd year classes respectively of the previous year. Of these fifteen scholarships in the 1st, 2nd and 3rd year classes, eight reserved for Muslims, two for Scheduled caste students and five for the others.

These scholarships are intended for Bengalee students or students domiciled in Bengal, and they will not be awarded to those holding district board or other stipends. Should, however, there be an insufficient number of qualified candidates to fill the scholarships reserved for any particular denomination or creed the vacant scholarships may be awarded to deserving candidates from other sects.

Students who pass the examination at the end of the third year's course will receive a diploma entitled "Associate of the Bengal Textile Institute, Serampore," and signed by the Principal of the Institute and the Director of Industries, Bengal, or his representative.

The hours of attendance in all the classes are usually from 10-30 a.m. to 4-30 p.m.

The Institute has separate hostels for the Muslim, Hindu and Christian students under the supervision of Superintendents.

Seat rent at the rate of rupee one each per month for twelve months in the year and the proportionate share of municipal taxes are charged from the higher class students.

Each hostel has a mess managed by the Mess Committee consisting of the Hostel Superintendent as President and some of the boarders as members. The messing expenses are shared by the boarders. Each boarder must provide his own bedding and utensils.

The total monthly expenses for a boy residing in the hostel range from Rs. 25 to Rs. 30.

Medical aid is rendered free of charge to the boarders by the Medical Officer in charge of the Walsh Hospital, Serampore. Each boarder is required to pay the cost of medicines for himself.

For further particulars please apply for prospectus to the Principal, enclosing 9 pies postage stamp.

NOTIFICATION.

Brahmanbaria, the 28th June 1943.

1. Nomination of candidates for admission into the panel for the posts of English teachers in Government High and Normal Schools and Madrasahs and Sub-Inspectors of schools in the Subordinate Educational Service will be made by the Divisional Panel Committee in August 1943. Applications (in duplicate) in the annexed form with the necessary certificates will be received by the Inspector of Schools, Chittagong Division, up to the 10th August 1943.

2. The posts to which recruitment will be made and the qualifications required for them are shown below:—

(*a*) English teachers in Government High and Normal Schools and Madrasahs, and Sub-Inspectors of Schools.—Only graduates, preferably with an Honours degree, possessing a degree or diploma in teaching or first class M.A. or M.Sc. in subjects useful for school work, shall be eligible for inclusion in the panel.

In addition to the above qualifications, candidates possessing teaching experience of a satisfactory nature for not less than two years in recognised secondary schools will have preference.

(*b*) Special Sub-Inspectors of Schools.—B.A. (with 1st class Honours in Arabic or Persian) with a degree in teaching, or first class M.A. in Arabic or Persian. Teaching experience of a satisfactory nature of not less than two years in recognised secondary schools.

3. The candidates for these posts shall be under the age of 24 years. This condition may be relaxed by the department in case of candidates who have worked satisfactorily for not less than two years as teachers in recognised secondary schools up to the age of 29 years. No candidate who is age-barred under this rule shall be admitted to the panel and if previously admitted a candidate shall have his name removed from the panel on his attaining the age of 30 years, or on permanent appointment before that age.

4. No candidate shall be included in the panel who is not of good character and in all respects suitable for appointment to Government service.

5. Every candidate shall furnish certificates written not more than one year prior to the date of application from two responsible persons unconnected with his college or university, and not related to him, testifying to his private character.

6. No person shall be eligible for appointment who is not of sound health, good physique, and active habits and free from organic defect or bodily infirmity, and in respect of whom the department is not satisfied that he is physically fit and in all respects suitable for appointment to Government service.

7. No person shall be eligible for appointment who has endeavoured to enlist for his candidature the support of persons of influence or of officials of Government. Spontaneous recommendations from persons interested in, or otherwise known to, the candidate shall be disregarded.

8. No person shall be eligible for admission into the panel who is not a permanent resident or permanently domiciled in the Chittagong Division.

9. The Divisional Panel Committee will interview the candidates, if necessary, the cost to be borne by the candidates themselves. The date for the purpose will be communicated to them in due course.

10. No candidate shall apply simultaneously to more than one Panel Committee. Every candidate should state definitely if he has applied to any other Panel Committee.

11. Every candidate should state if he is a British subject; if not, he should name the State in India to which he belongs.

12. Every candidate should enclose with his application *original* documents in support of his statement regarding (1) qualifications, academic and professional (M.A., B.A., M.Sc., B.Sc., B.T., diplomas), (2) date of birth (horoscope, Matriculation certificate), (3) home district (certificates from a gazetted officer), (4) character (certificate from a respectable gentleman) and (5) subjects studied at the degree examination (certificate from the Principal of the college in which he studied). No application will be received which does not furnish full details of qualifications and other necessary particulars.

13. In case a candidate claims to have more than one place of residence he should clearly state which one is his legal residence. This should be supported by documentary evidence (certificate from a gazetted officer).

14. Senior teachers of training centres attached to non-Government schools and Madrasahs possessing the requisite qualifications who are not on the existing panel will also be considered for the new panel.

PROSPECTUS.

Chittagong College.

The College teaches up to the degree standard of the Calcutta University in Arts and Science. The following combinations are allowed:—

I.Sc.—English, Bengali *or* Urdu, Mathematics, Physics, and Chemistry.

I.A.—English, Bengali *or* Urdu, Mathematics, *or* History, Logic, Civics, and Sanskrit *or* Arabic *or* Persian *or* Pali.

B.Sc.—Mathematics (Pass or Honours), Physics and Chemistry.

B.A.—English*, Bengali *or* Urdu and *two* of the following subjects:—

History* *or* Mathematics*, Sanskrit *or* Arabic* *or* Persian* *or* Pali* *or* Bengali, Philosophy, Economics*.

(Honours teaching is provided in subjects marked*.)

Conditions of admission.—Students can only be admitted to the College if their conditions of residence are considered satisfactory. Students who do not reside with their parents or legal guardians may be admitted if they are residing with local guardians who have been appointed by their parents or legal guardians on the prescribed form and who give an undertaking to the effect that they will be responsible for the conduct of their wards.

All changes of residence during the year must be immediately reported to the Principal for approval.

General.—All students of the College are *ipso facto* members of the College Union which has the following sections:—

Junior Common Room (which provides indoor games and periodicals for the use of students), Athletic Club (which controls all games and sports), Publication Committee (which publishes the College Magazine and Bulletins), Study Circle, Social Service Organization and General Debating Society.

Students of the College are expected to play games or take physical exercise regularly under the guidance of the Physical Instructor.

Students are expected to be regular in attendance. No student may be promoted to a higher class or sent up for a University Examination unless he is regular in attendance and his progress in studies is considered satisfactory. Unwarranted absence from College Examination is regarded as a breach of College discipline.

Students migrating from other Universities or Education Boards can only be admitted provisionally, on production of the proper certificates at the time of admission, subject to the sanction of the University.

Hostels.—At present there are only two hostels attached to the College, one for the Buddhist and the other for the Moslem students. Separate applications for admission to the hostel should be made to the Superintendent of the hostel concerned.

Fees, etc.—College fees are charged from June and are payable on the first working day of each month: for the convenience of students, an additional date is notified when College fees can be paid without delay fine. If fees are not paid on these dates, fees can be paid on three other days to be notified monthly, with delay fines of annas 8. Delay fines cannot be remitted.

At the time of admission, students pay an admission fee equivalent to a month's tuition fee, an examination fee of Re. 1 and Rs. 4 as annual subscription to the College Union. There is a Benevolent Fund for the benefit of poor scholars to which students are expected to contribute annas 12 per annum.

The present rate of College fee is:—I.A. Rs. 6, I.Sc. and B.A. Rs. 7 and B.Sc. Rs. 8 per month. A deposit of Rs. 15 in the case of B.Sc. students and Rs. 10 in the case of I.Sc. students is payable as Laboratory caution money. All students on admission are to deposit a sum of Rs. 5 as Library caution money.

Students on admission will be placed in charge of a member of the teaching staff who will be responsible for the general supervision of the students consigned to his care. Students should meet him frequently and approach him freely for such help or guidance as they may need.

Dacca Division—Bakarganj Range.

NOTIFICATION.

Barisal, the 30th June 1943.

Nomination of candidates for inclusion in the provincial panel in connection with the recruitment of English teachers in Government High Schools and Madrasahs and of Sub-Inspectors of Schools in the scale of Rs. 75—8/2—115—5/2—135—10/2—175 during the year 1943 in the Subordinate Educational Service will be made by the Panel Committee of the Bakarganj Range in August 1943. Applications (in duplicate) in the prescribed form with the necessary certificates will be received by the Inspector of Schools, Bakarganj Range, Barisal, up to the 30th July 1943.

1. The posts to which recruitment will be made and the qualifications required for them are shown below:—

(*a*) English teachers in Government High Schools and Madrasahs.—Only graduates, preferably with Honours degree, possessing a degree or diploma in teaching or first class M.A. or M.Sc. in subjects useful for school work.

(*b*) Sub-Inspectors of Schools.—In addition to the above qualifications teaching experience of a satisfactory nature for not less than two years in recognised secondary schools.

(*c*) Special Sub-Inspectors of Schools.—B.A., preferably with Honours in Arabic or Persian with a degree in teaching, or first class M.A. in Arabic or Persian. Teaching experience of a satisfactory nature of not less than two years in recognised secondary schools.

2. No person shall be appointed as an English teacher or a Sub-Inspector of Schools who is not of good character and in all respects suitable for appointment to Government service.

3. Every candidate shall furnish certificates written not more than one year prior to the date of application from two responsible persons (unconnected with his College or University, and) not related to him, testifying to his private character.

4. No person shall be eligible for appointment who is not of sound health, good physique and active habits and free from organic defect or bodily infirmity and in respect of whom the department is not satisfied that he is physically fit and in all respects suitable for appointment to Government service.

5. No person shall be eligible for appointment who has endeavoured to enlist for his candidature the support of persons of influence or of officials of Government. Spontaneous recommendations from persons interested in or otherwise known to the candidate shall be disregarded.

6. No person shall be considered for admission to the panel by the Panel Committee of the Bakarganj Range unless he is a permanent resident or permanently domiciled within the jurisdiction of the Range.

7. Candidates shall be under the age of 25 years. This condition may be relaxed by the Director of Public Instruction, Bengal, in the case of those who have worked satisfactorily as teachers for not less than two years in recognised high schools under private management or as a Sub-Inspector of Schools up to the age of 29 years on the 1st April 1943. No candidate who is age-barred under this rule shall be admitted to the panel, and if previously admitted a candidate shall have his name removed from the panel on his attaining the age of 30 years or on permanent appointment before that age.

8. No candidate shall apply simultaneously to more than one Inspector of Schools. Every candidate should state definitely if he has applied for nomination by any other Divisional Committee.

9. Every candidate should enclose with his application the following documents in original in support of his statement regarding (1) qualifications, academic and professional (M.A., B.A., M.Sc., B.Sc., B.T. diplomas), (2) date of birth (Matriculation certificate), (3) home district (certificate from a gazetted officer), (4) character (certificate from a respectable gentleman), (5) subjects studied at the degree examination both academic and professional (certificates from the Principal of the College in which he studied) and (6) details of teaching experience with dates and names of institutions (certificates from the authorities of the schools). Testimonials, if any, as to the candidate's ability as lecturer, teacher, etc., may also be produced.

10. Every candidate should state if he is a British subject; if not, he should name the State of India to which he belongs.

11. A person can have only one domicile. In case a candidate claims to have more than one place of residence he should clearly state which one is his legal residence. This should be supported by documentary evidence (certificate from a gazetted officer).

12. The Divisional Panel Committee will interview the candidates, if necessary. The date for the purpose will be communicated to them in due course.

13. Candidates should submit their applications in the prescribed form of application which can be had from the office of the Inspector of Schools, Bakarganj Range, Barisal. No application will be entertained which will not be submitted in the prescribed form or which do not furnish full particulars of educational qualifications and other necessary particulars.

NOTICE.

1. With reference to the Bengal Civil Service (Judicial) Recruitment Rules, 1941, published in the "Calcutta Gazette" of the 12th June 1941, it is hereby notified that four appointments to the Service will be made during the year 1943. In accordance with the Bengal Services Recruitment (Communal Ratio) Rules, 1940, these four appointments have already been reserved for members of the Scheduled Caste Community.

2. As the quota fixed for Assam has already been filled, there will be no recruitment of any candidate from Assam to any of these four posts.

3. In general relaxation of rule 5 of the Standard of Qualification Rules, candidates whose age did not exceed 33 years on the 1st January 1943, are hereby permitted to apply and they need not apply to the Government for condonation of age. Condonation of age already granted by Government in the cases of candidates of the said community at the time of the last advertisement will still hold good.

4. Persons eligible under the Rules who may wish to apply should submit their applications in the prescribed form, copies of which may be obtained from the Secretary, Public Service Commission, Bengal, Secretariat Building, Darjeeling, personally or **on sending an addressed envelope with a nine pies stamp.** The applications must reach the Secretary, complete with necessary certificates, treasury chalan, etc., not later than the 9th August 1943.

5. A number of candidates considered *prima facie* suitable will be called upon to appear before a Medical Board for a certificate of their fitness for Government service in Form A of Schedule IV of the Bengal Provincial Services Recruitment Rules; an order to appear before the Medical Board must not, however, be understood to mean that the candidate, if found fit, will necessarily receive an appointment as the number of candidates who will be summoned for medical examination will be in excess of the total number of vacancies and the question of his appointment will depend upon the results of the medical examination taken as a whole; intending candidates are advised before they apply for recruitment to the service to satisfy themselves that they are likely to qualify as physically fit, for experience has shown that a considerable number of the candidates are rejected by the Medical Board as unfit.

S. M. ELIAS, Secretary,
Public Service Commission, Bengal.

Darjeeling, the 24th June 1943.

Public Service Commission, Bengal.

NOTICE.

APPLICATIONS are invited from male Muslim candidates to fill a post of Assistant Superintendent in the Bengal Government Press.

(1) **Method of recruitment.**—The appointment will be made by selection from among candidates possessing the qualifications specified below.

Persons in Government service having the requisite qualifications are permitted to apply if they are not eligible for appointment to the post by promotion. Their applications should be forwarded through the head of their office.

(2) **Pay.**—The scale of pay attached to the post is Rs. 200—40/2—400.

(3) **Qualifications.**—Every candidate must possess the following qualifications:—

(i) he must be a British subject or be the subject of a State in India in respect of whom a declaration has been made under section 262(2) of the Government of India Act, 1935;

(ii) he must be not less than 27 years and not more than 35 years on 1st July 1943. This restriction may be waived in the case of a candidate already in Government service, if found suitable,

(iii) he must have passed the I.A. or I.Sc. Examination of an Indian University or any equivalent examination of a British University;

(iv) he must have worked as a practical letter press printer and should be able to give a satisfactory proof of his practical and technical knowledge.

(4) **Date of submission of applications.**—Applications are to be made in writing in the prescribed form, copies of which may be obtained from the Secretary, Public Service Commission, Bengal, Darjeeling, personally or **on sending an addressed envelope with a nine pies stamp.** They must reach the Secretary not later than the 10th August 1943.

(5) **Particulars and certificates required.**—Each candidate must furnish evidence of his age (copy of Matriculation certificate duly attested by a Magistrate or other responsible person), qualifications and previous experience together with two certificates written not more than a year prior to the date of his application from two responsible persons not related to him or connected by marriage, testifying to his private character.

(6) **Fee.**—Every candidate must enclose with his application, a fee of Rs. 5 in the form of a receipted chalan from a Government treasury or the Reserve Bank of India, Calcutta. Under no circumstances will this fee be refunded. Money orders, cheques, etc., in lieu of treasury chalans are not accepted.

(7) **Address.**—Every candidate should give his present address and should communicate at once any subsequent change of address.

(8) **Canvassing.**—Any attempt on the part of a candidate to enlist support for his application through persons of influence or officials of Government will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates or otherwise known to them, will be disregarded.

(9) **General.**—The Commission will only acknowledge receipt of an application or reply to an enquiry about an application if a stamped envelope accompanies the enquiry or request for acknowledgment. Under no circumstances can the Commission give any indication of what has been their recommendation to Government in respect of an application received by them.

PART V—Acts of the Indian Legislature assented to by the Governor-General and Ordinances promulgated by the Governor-General.

GOVERNMENT OF INDIA.

Legislative Department.

New Delhi, the 20th May 1943.

ORDINANCE No. XVII OF 1943.

AN

ORDINANCE

to provide for the exercise of powers of command over forces of the Royal Indian Navy by Viceroy's commissioned officers when seconded or posted thereto.

WHEREAS an emergency has arisen which makes it necessary to provide for the exercise of powers of command over forces of the Royal Indian Navy by Viceroy's commissioned officers when seconded or posted thereto;

NOW, THEREFORE, in exercise of the powers conferred by section 72 of the Government of India Act, as set out in the Ninth Schedule to the Government of India Act, 1935 (26 Geo. 5, c. 2), the Governor General is pleased to make and promulgate the following Ordinance:—

1. *Short title and commencement.*—(*1*) This Ordinance may be called the Royal Indian Navy (Powers of Command) Ordinance, 1943.

(*2*) It shall come into force at once.

2. *Powers of Viceroy's commissioned officers when seconded or posted to forces of the Royal Indian Navy.*—Where a Viceroy's commissioned officer subject to the Indian Army Act, 1911 (VIII of 1911), is seconded or posted to the Landing Craft Wing of His Majesty's Royal Indian Navy, then, for the purposes of command and discipline and for the purposes of the provisions of the Naval Discipline Act, as set out in the Schedule to the Indian Navy (Discipline) Act, 1934 (XXXIV of 1934), relating to superior officers, he shall, in relation to forces forming part of the Landing Craft Wing, be treated, and may exercise all such powers (other than powers of punishment) as if he were a naval officer of the rank of Midshipman.

GOVERNMENT OF INDIA.

Legislative Department.

New Delhi, the 31st May 1943.

ORDINANCE No. XVIII OF 1943

AN

ORDINANCE

to indemnify servants of the Crown and other persons in respect of acts done under martial law, and to provide for certain other matters in connection with the administration of martial law.

WHEREAS an emergency has arisen which makes it necessary to indemnify servants of the Crown and other persons in respect of acts done under martial law, and to provide for certain other matters in connection with the administration of martial law;

NOW, THEREFORE, in exercise of the powers conferred by section 72 of the Government of India Act, as set out in the Ninth Schedule to the Government of India Act, 1935 (26 Geo. 5, c. 2), the Governor General is pleased to make and promulgate the following Ordinance:—

1. *Short title, extent and commencement.*—(*1*) This Ordinance may be called the Martial Law (Indemnity) Ordinance, 1943.

(*2*) It extends to the whole of British India.

(*3*) It shall come into force at once.

2. *Definitions.*—In this Ordinance—

(*1*) "martial law area" means—

(*a*) with reference to the martial law period beginning on the 1st day of June, 1942, and ending on the 31st day of May, 1943, the area bounded—

(*i*) on the east by the eastern boundary of the Province of Sind and of the Khairpur State from the river Indus at Kashmor to the Jodhpur-Bikaner Railway and including that Railway;

(*ii*) on the south by the Jodhpur-Bikaner Railway and the North-Western Railway, and including those Railways, from the eastern boundary of the Province of Sind to the river Indus at Kotri;

(*iii*) on the west by the river Indus from Kotri to Kashmor, including that river; and

(*b*) with reference to the martial law period beginning on the 29th day of July, 1942, and ending on the 31st day of May, 1943, the aforesaid area together with the area bounded—

(*i*) on the east by the river Indus from Rohri to Kotri;

(*ii*) on the south by a line running due west from the Indus at Kotri so as to include the municipal area of Kotri, to a point five miles therefrom;

(*iii*) on the west by a line running from the westernmost point of the aforesaid southern boundary parallel to and five miles distant from the North-Western Railway line passing from Kotri through Larkhana and Sukkur to Habibkhot;

(*iv*) on the north by a line running from Habibkhot to Rohri.

(*2*) "martial law period" means with reference to the area described in sub-clause (*a*) of the foregoing definition the period beginning on the 1st day of June, 1942, and ending on the 31st day of May, 1943, and with reference to the area described in sub-clause (*b*) of the foregoing definition the period beginning on the 29th day of July, 1942, and ending on the 31st day of May, 1943.

3. *Indemnity of servants of the Crown and other persons for certain acts.*—(*1*) No suit, prosecution or other legal proceeding shall lie in any

court against any servant of the Crown for or on account of or in respect of any act ordered or done by him or purporting to have been ordered or done by him in the martial law area during the martial law period for the purpose of maintaining or restoring order or of carrying into effect any regulation, order or direction issued by any authority responsible for the administration of martial law in the said area to which he was subordinate; and no suit, prosecution or other legal proceeding shall lie in any court against any other person for or on account of or in respect of any act done or purporting to have been done by him under any order of a servant of the Crown given for any such purpose as aforesaid;

Provided that the act was done in good faith and in a reasonable belief that it was necessary for the purpose intended to be served thereby.

(2) For the purposes of this section it shall be conclusive proof that an act was done under an order of a servant of the Crown given for one of the aforesaid purposes if the Central Government, in the case of an officer employed in connection with the affairs of the Central Government, or the Provincial Government, in the case of an officer employed in connection with the affairs of a Provincial Government, so certifies; and an act shall be deemed to have been done in good faith and in a reasonable belief that it was necessary for the purpose intended to be served thereby unless the contrary is proved.

4. *Sanction necessary for institution of certain legal proceedings.*—Without prejudice to the operation of any other provision of law for the time being in force requiring any sanction for the institution of legal proceedings, no suit, prosecution or other legal proceeding such as is referred to in section 3 shall be instituted in any court on an allegation that the act complained of was not done in good faith or was not done in a reasonable belief that it was necessary for the purpose intended to be served thereby, except with the previous sanction—

(*a*) where the act complained of was ordered or done by a servant of the Crown employed in connection with the affairs of the Central Government, of the Central Government, and

(*b*) where the act complained of was ordered or done by a servant of the Crown employed in connection with the affairs of the Provincial Government, of the Provincial Government.

5. *Confirmation of orders for seizure or destruction of property.*—Where in the course of operations conducted in the martial law area during the martial law period property whether movable or immovable has been seized, confiscated, destroyed or damaged by or under the directions of a servant of the Crown acting under martial law, such seizure, confiscation, destruction or damage shall be deemed to have been lawfully ordered and authorised, and no claim shall be maintainable in any court in respect of any such property for the restoration thereof or for compensation for any loss sustained in consequence of the seizure, confiscation, destruction or damage thereof.

6. *Validity of sentences passed by martial law courts.*—All sentences passed during the martial law period by a court or ther authority constituted or appointed under martial law and acting in a judicial capacity shall be deemed to have been lawfully passed, and all sentences executed according to the tenor thereof shall be deemed to have been lawfully executed.

7. *Confirmation and continuance of martial law sentences of confinement.*—(*1*) Every person confined under and by virtue of a sentence passed by a court or other authority constituted or appointed under martial law and acting in a judicial capacity shall continue liable to confinement until the sentence, reduced by remissions, if any, earned under the rules applicable to the serving of such sentences, is served, or until he is released by order of the Central Government.

(*2*) The provisions of Chapter XXIX of the Code of Criminal Procedure, 1898 (V of 1898), shall not apply to any sentence or confinement referred to in this section.

8. *Applications of sections 6 and 7 to certain trials under martial law.*—The provisions of sections 6 and 7 apply to sentences passed during the martial law period by a court or other authority constituted or appointed under martial law notwithstanding that such court or authority held the whole or a part of its sittings outside the martial law area, or notwithstanding that the offence or a part of the offences for which the accused persons was tried and convicted was committed before the beginning of the martial law period.

9. *Saving.*—Nothing in this Ordinance shall prevent the institution of proceedings by or on behalf of Government against any person in respect of any matter whatsoever.

LINLITHGOW,
Viceroy and Governor General.

Liberality and public spirit of Mr. Bahadur Singh Singhi in expending about Rs. 84,738 on distribution of rice at cheap rates at Jiaganj and Ajimganj in the district of Murshidabad.

No. 8902Misc., dated Calcutta, the 30th June 1943.

From—B. R. Sen, Esq., I.C.S., Secretary to the Government of Bengal, Revenue (Miscellaneous) Department,

To—The Commissioner of the Presidency Division.

Subject:—Distribution of rice at cheap rates by Bahadur Singh Singhi at Jiaganj and Azimganj in Murshidabad district.

I am directed to refer to your memorandum No. 594(2)C., dated the 9th June 1943, on the above subject and to say that Government appreciate the munificence of Mr. Bahadur Singh Singhi in expending about Rs. 84,738 from November 1942 to May 1943 on distribution of rice at cheap rates to about 1,800 families of Jiaganj and Ajimganj in the district of Murshidabad, where people are in distress on account of high price of rice. I am to request that you will be so good as to convey the thanks of Government to Mr. Singhi for his liberality and public spirit.

DEPARTMENT OF AGRICULTURE, BENGAL

Calcutta, the 30th June 1943.

Monthly Weather and Crop Report of Bengal for May 1943.

I. *Character of the season.*—The usual rainfall statement is appended.

II. *Progress of agricultural operations.*—Rainfall during the latter part of the month was beneficial for field operations and for the growth of crops in parts of West and East Bengal.

III. *State of standing crops.*—The state of standing crops was in a way satisfactory.

IV. *Prospects and probable outturn.*—Prospect of the standing crops was reported to be favourable generally.

V. *Damage to standing crops.*—Hailstorm adversely affected the crops at Jalpaiguri and Rangpur and excessive rain at Bogra.

VI. *Condition of agricultural stock.*—The condition of the live stock was on the whole fair excepting in 13 districts from which sporadic cases of cattle-disease were reported.

VII. *Failure of pasturage and fodder.*—Insufficiency of fodder was reported from parts of Jessore, Bogra, Dacca, Faridpur, Birbhum, Hooghly, Howrah and Noakhali.

VIII. *Prices of food grains.*—During the second fortnight of the month the retail prices of common rice of the cheapest quality rose in 9, fell in 7 and remained stationary in the rest of the province. The prices ranged from 2½ seers per rupee at Howrah to 1¼ seers per rupee at Chittagong Hill Tracts.

IX. *Condition of agricultural population.*—The condition of the agricultural population was, on the whole, fair except in the distressed areas of Murshidabad, Burdwan, Hooghly and Rangpur where relief measures were in operation.

CORPORATION OF CALCUTTA

Central Municipal Office, the 8th July 1943.

NOTICE.

In compliance with the provisions of section 481 of the Calcutta Municipal Act, 1923, it is hereby notified for general information that the Corporation of Calcutta propose to modify the existing by-laws framed under section 478(33) of the Calcutta Municipal Act, 1923, for regulating the disposal of carcasses in the manner following:—

The existing by-laws Nos. (12) and (13) should be re-numbered and should read as follows:—

(12) The owner or the person having charge of an animal which dies and the owner or occupier of any land, place or premises or the owner of any street (not being a street vested in the Corporation) in or upon which an animal dies or in or upon which the carcass of an animal is found shall, within three hours after its death or if the death occurs at night within three hours after sunrise—

(*i*) either remove the carcass to a depot or place provided or appointed for the purpose by the Corporation under section 371 for temporary deposit or final disposal of carcasses, or

(*ii*) report the death of the animal to the District Engineer or any other officer of the Corporation appointed for the purpose with a view to the removal of the carcass.

(13) When a carcass is removed by the Corporation in pursuance of a report made under sub-clause (*ii*) of the preceding by-law, a fee for such removal shall be paid—

(*a*) by the owner or the person having the charge of the animal, or

(*b*) if either of them is not known, by the owner or occupier of the land, place or premises or the owner of the street (not being a street vested in the Corporation) in or upon which the carcass is found; such fee being charged at the rates mentioned below—

(*i*) For carcass of a large animal weighing more than 2 maunds which has to be picked up by a lorry—Rs. 3.

(*ii*) For carcass of a medium-sized animal weighing between 1 and 2 maunds which can be removed by two domes—Rs. 2-4.

(*iii*) For carcass of a small animal which can be removed by one dome—As. 12.

(14) No person shall remove the carcass of any animal—

(*i*) anywhere other than to a depot or place provided or appointed for the purpose under section 371, or

(*ii*) in such a manner as to create a nuisance.

(15) (*a*) If any one of the persons referred to in by-law No. (12) fail to remove the carcass or to report the death of an animal as required therein, the officers of the Corporation may without notice enter into or upon any land, place, premises or street in or upon which a carcass may be found lying and remove the same.

(b) A fee for such removal shall be paid by any one of the said persons in addition to any penalty that he might otherwise incur under these by-laws, such fee being charged at the same rate as provided in by-law No. (13).

1. Penalty Clause.

(16) A breach of the above by-laws Nos. (1), (3), (4), (5), (6), (8), (9), (10), (11), (12), (13), (14), and (15) (*b*) shall be punishable with fine which may extend to Rs. 50 and in the case of continuance of the breach with a further fine which may extend to Rs. 10 each day during which the breach continues after the first day.

A printed copy of the notice is open to public inspection free of charge. It may also be purchased on payment of a fee of annas two from the Keeper of Records, Central Municipal Office, on any working day, between the hours of 12 and 3 p.m.

Any person having any objection to the proposed modification of the by-laws should submit the same on or before the 9th August 1943, after which date the proposal will be further proceeded with.

Office of the Secretary to His Excellency the Governor of Bengal

NOTIFICATION.

No. 286-H.—6th July 1943.—The following is republished for general information:—

OFFICE OF THE PRIVATE SECRETARY TO HIS EXCELLENCY THE VICEROY.

New Delhi, the 29th June 1943.

No. 168-H.—His Majesty the King, Emperor of India, has been graciously pleased to award the King's Police and Fire Services Medal to the following officer:—

BENGAL.

Name of officer and rank. **Bhuneswar Singh, Constable No. 750, Hooghly District Police.**—*Statement of services for which the decoration has been awarded.*—On the 21st February, 1943, constable Bhuneswar Singh was in charge of an armed police detachment at a village in Arambagh P. S., Hooghly district. At 01:30 hours a gang of dacoits attacked a house in this village. Hearing an uproar the constable led 3 others, armed with loaded muskets and fixed bayonets, to the house where they were attacked by the dacoits. The police party opened fire and two dacoits were hit but ran away. Constable Bhuneswar Singh entered the house alone and attacked with the butt-end of his musket several dacoits who were assaulting the owner of the house and his wife. One dacoit was arrested, and the rest fled. The constable gave chase and seized another, who attacked and injured him with a sword stick. He managed, however, to arrest the miscreant, who turned out to be the leader of the gang and a notorious criminal. The intervention by this police party led by constable Bhuneswar Singh resulted in the arrest of 13 persons, including 5 receivers of stolen property, and in the recovery of a large amount of such property. His personal courage and leadership saved the inhabitants of the house from serious injury and possible death, and effectively broke up a dangerous gang of criminals.

This award is made for gallantry under regulation 6(a) of the Regulations governing the grant of the King's Police and Fire Services Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police.

J. G. LAITHWAITE, Private Secy.

Burdwan.—No. 9370L.A.—9th July 1943.—The following agreement is published under section 42 of the Land Acquisition Act, I of 1894, for general information.

B. R. SEN, Secy.

Agreement.

MEMORANDUM OF AGREEMENT made this 8th day of July, one thousand nine hundred and forty-three, between the Indian Iron and Steel Company, Limited (a Company registered under the Indian Companies Act, 1892), and having its registered office at 12, Mission Row in the city of Calcutta (hereinafter called the Company) of the one part and the Governor of the Province of Bengal (hereinafter called the Governor) of the other part.

Whereas for the purpose of the extension of their Steel Works for Works Offices the Company has applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, I of 1894, of the piece or parcel of land containing 41·68 acres or thereabout in block 1 situate in the village of Santa in the district of Burdwan and more particularly described in the schedule hereto and delineated in the plan* hereunto annexed.

And whereas the said Government of Bengal being satisfied by an enquiry held under section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the Company the piece or parcel of land hereinbefore described.

And whereas the said Government of Bengal has required the Company under the provisions of section 41 of the abovementioned Act to enter into the Agreement with the Governor hereinafter contained. Now this indenture witnesseth that it is hereby agreed and declared as follows:—

1. On demand the Company shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, I of 1894, or by the court to which a reference under Part III of the said Act may be made, or by the court or courts to which an appeal from the award of the said court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid Courts, or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the obligations of the Company under the last preceding clause not being thereby limited, the Company shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Company of all demands under the foregoing first clause, or, in the discretion of the said Government of Bengal (on deposit by the Company of all estimated amounts as provided in the second clause), but not before possession shall have been taken under the provisions of the above-mentioned Act, the Governor shall make over possession of the said land to the Company and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Company.

4. The said lands shall be held by the Company for extension of Steel Works for Works Offices as is hereinbefore mentioned and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said land for the extension of Steel Works for Works Offices shall be completed within five years from the date on which possession of the said land shall have been given to the Company.

6. Should the said land for the extension of the Steel Works for Works Offices not be completed (and fully equipped in all respects ready for use) within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal or should the said land at any time thereafter cease for a period of twenty-four consecutive months, to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause then and in any such case, the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon whether such buildings were erected before or after transfer of the land to the Company, and thereupon the interest of the Company in the said land and buildings shall absolutely cease and determine.

7. On taking such possession, the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(*i*) Should the said Government sell the land with the buildings, the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Company.

(*ii*) Should the said Government decide not to sell the land and buildings, the said Government shall retain the said land and buildings thereon in which case the Governor shall repay to the Company the market value as on the day of re-entry of all the buildings erected by the Company and all sums received from the Company in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent., and less any amount received on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sums paid and received on account of costs, charges and expenses.

(*iii*) Should the said Government decide to sell the said buildings only, upon such sale, the Governor after deducting the expenses of taking possession and selling, pay the balance of the proceeds of sale to the Company, together with the sum received from the Company in respect of the compensation for the land (less the statutory allowance of 15 per cent., and less any amount received from the Company on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sum paid and received on account of costs, charges and expenses.

8. To enjoy the benefits of their acquisitions the Company has already agreed to give reasonable facilities to the public by training not less than 8 apprentices per annum in the memorandum of agreement, dated the 16th July, 1932 published in the *Calcutta Gazette*, dated the 28th July, 1932 at pages 1445 to 1448.

9. Should any dispute or difference arise touching or concerning the subject matter of this Agreement or any covenant clause or things herein contained the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government of Bengal upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

PART IB—Educational Notices

Department of Industries, Bengal.

Serampore, the 29th June 1943.

Bengal Textile Institute, Serampore (Hooghly).

Minister-in-charge: The Hon'ble Mr. Khwaja Shahabuddin, C.B.E.

The 1943-44 Session of the Higher Classes of the Institute will commence in the 3rd week of July 1943. Applications on the prescribed form from *bona fide* natives or permanent residents of the province, who must have passed the School Final Examination, Science side, or the University Matriculation Examination, or have trained in one of the technical schools affiliated to the Overseer Examination Board up to the Sub-Overseer standard and are prepared to give a written undertaking that they intend to make weaving their profession after the completion of their training, will be received by the undersigned up to 30th June 1943 or up to the 15th day from the date of publication in the *Calcutta Gazette* of the University Examination results, whichever is later, for admission into the 1st year higher class.

The applicants must furnish the following particulars:—

1. Class in which admission is desired—
2. Full name and home address—
3. Race, religion and caste (state if scheduled)—
4. Present age and date of birth—
5. Father's (guardian's, if father is not alive) name—
6. Occupation of father or guardian—
7. School or college last attended—
8. Particulars of University or other examinations passed (name of the examination passed, year, division and subject taken)—
9. Special qualifications, if any—
10. State whether you would live in the hostel attached to the Institute, if not, give the name and address of a responsible local guardian under whose care you propose to live and state whether he has agreed to this arrangement.

N. B.—Copies of certificates and marks sheets submitted with the application will not be returned.

The application must be signed by the father or guardian of the applicant certifying that the particulars given by the candidate are true to his knowledge and that he agrees to the arrangement stated at 10.

The age of candidates for admission into the 1st year higher class should not ordinarily exceed twenty-one years on the 1st of July 1943.

The course of training extends over three years and instruction is given in the theory and practice of Cotton Spinning, Weaving, Dyeing, Calico Printing and Drawing.

Candidates may be required to appear at an interview at this Institute at their own cost.

The result of the selection for admission will be duly notified on the notice board of this Institute when the selected candidates shall be required to deposit Rs. 2 as registration fee and Rs. 10 as caution money on the date fixed by the Principal, failing which, their admission shall not be guaranteed.

No tuition fee is charged but the students are required to provide themselves with the necessary books, yarn, shuttle, pirn, etc., required for their work.

The number of new admission to the first year class ordinarily varies from 40 to 50; 25 per cent. of the seats are reserved for Muslims and 10 per cent. for Scheduled caste candidates. Claims of such candidates for more seats will be considered on their merits.

Six scholarships of Rs. 15 each per month will be awarded to the newly admitted students of the 1st year class on the results of a special examination in Dictation, Essay-writing and Arithmetic held shortly after commencement of the Session. Six scholarships of Rs. 15 each a month will be awarded to the students of the 2nd year class and three scholarships to the students of the 3rd year class on the results of the Annual Examination of the 1st and 2nd year classes respectively of the previous year. Of these fifteen scholarships in the 1st, 2nd and 3rd year classes, eight reserved for Muslims, two for Scheduled caste students and five for the others.

These scholarships are intended for Bengalee students or students domiciled in Bengal, and they will not be awarded to those holding district board or other stipends. Should, however, there be an insufficient number of qualified candidates to fill the scholarships reserved for any particular denomination or creed the vacant scholarships may be awarded to deserving candidates from other sects.

Students who pass the examination at the end of the third year's course will receive a diploma entitled "Associate of the Bengal Textile Institute, Serampore," and signed by the Principal of the Institute and the Director of Industries, Bengal, or his representative.

The hours of attendance in all the classes are usually from 10-30 a.m. to 4-30 p.m.

The Institute has separate hostels for the Muslim, Hindu and Christian students under the supervision of Superintendents.

Seat rent at the rate of rupee one each per month for twelve months in the year and the proportionate share of municipal taxes are charged from the higher class students.

Each hostel has a mess managed by the Mess Committee consisting of the Hostel Superintendent as President and some of the boarders as members. The messing expenses are shared by the boarders. Each boarder must provide his own bedding and utensils.

The total monthly expenses for a boy residing in the hostel range from Rs. 25 to Rs. 30.

Medical aid is rendered free of charge to the boarders by the Medical Officer in charge of the Walsh Hospital, Serampore. Each boarder is required to pay the cost of medicines for himself.

For further particulars please apply for prospectus to the Principal, enclosing 9 pies postage stamp.

B. C. Bhattacharya, Principal,
Bengal Textile Institute, Serampore.

Chittagong Division.

NOTIFICATION.

Brahmanbaria, the 28th June 1943.

1. Applications (in duplicate) in the annexed form with the necessary certificates will be received by the Inspector of Schools, Chittagong Division, up to the 10th August 1943.

2. The posts to which recruitment will be made and the qualifications required for them are shown below :—

(*a*) English teachers in Government High and Normal Schools and Madrasahs, and Sub-Inspectors of Schools.—Only graduates, preferably with an Honours degree, possessing a degree or diploma in teaching or first class M.A. or M.Sc. in subjects useful for school work, shall be eligible for inclusion in the panel.

In addition to the above qualifications, candidates possessing teaching experience of a satisfactory nature for not less than two years in recognised secondary schools will have preference.

(*b*) Special Sub-Inspectors of Schools.—B.A. (with 1st class Honours in Arabic or Persian) with a degree in teaching, or first class M.A. in Arabic or Persian. Teaching experience of a satisfactory nature of not less than two years in recognised secondary schools.

3. The candidates for these posts shall be under the age of 24 years. This condition may be relaxed by the department in case of candidates who have worked satisfactorily for not less than two years as teachers in recognised secondary schools up to the age of 29 years. No candidate who is age-barred under this rule shall be admitted to the panel and if previously admitted a candidate shall have his name removed from the panel on his attaining the age of 30 years, or on permanent appointment before that age.

4. No candidate shall be included in the panel who is not of good character and in all respects suitable for appointment to Government service.

5. Every candidate shall furnish certificates written not more than one year prior to the date of application from two responsible persons unconnected with his college or university, and not related to him, testifying to his private character.

6. No person shall be eligible for appointment who is not of sound health, good physique, and active habits and free from organic defect or bodily infirmity, and in respect of whom the department is not satisfied that he is physically fit and in all respects suitable for appointment to Government service.

7. No person shall be eligible for appointment who has endeavoured to enlist for his candidature the support of persons of influence or of officials of Government. Spontaneous recommendations from persons interested in, or otherwise known to, the candidate shall be disregarded.

8. No person shall be eligible for admission into the panel who is not a permanent resident or permanently domiciled in the Chittagong Division.

9. The Divisional Panel Committee will interview the candidates, if necessary, the cost to be borne by the candidates themselves. The date for the purpose will be communicated to them in due course.

10. No candidate shall apply simultaneously to more than one Panel Committee. Every candidate should state definitely if he has applied to any other Panel Committee.

11. Every candidate should state if he is a British subject; if not, he should name the State in India to which he belongs.

12. Every candidate should enclose with his application *original* documents in support of his statement regarding (1) qualifications, academic and professional (M.A., B.A., M.Sc., B.Sc., B.T., diplomas), (2) date of birth (horoscope, Matriculation certificate), (3) home district (certificates from a gazetted officer), (4) character (certificate from a respectable gentleman) and (5) subjects studied at the degree examination (certificate from the Principal of the college in which he studied). No application will be received which does not furnish full details of qualifications and other necessary particulars.

13. In case a candidate claims to have more than one place of residence he should clearly state which one is his legal residence. This should be supported by documentary evidence (certificate from a gazetted officer).

14. Senior teachers of training centres attached to non-Government schools and Madrasahs possessing the requisite qualifications who are not on the existing panel will also be considered for the new panel.

Fees, etc.—College fees are charged from June and are payable on the first working day of each month: for the convenience of students, an additional date is notified when College fees can be paid without delay fine. If fees are not paid on these dates, fees can be paid on three other days to be notified monthly, with delay fines of annas 8. Delay fines cannot be remitted.

At the time of admission, students pay an admission fee equivalent to a month's tuition fee, an examination fee of Re. 1 and Rs. 4 as annual subscription to the College Union. There is a Benevolent Fund for the benefit of poor scholars to which students are expected to contribute annas 12 per annum.

The present rate of College fee is:—I.A. Rs. 6, I.Sc. and B.A. Rs. 7 and B.Sc. Rs. 8 per month. A deposit of Rs. 15 in the case of B.Sc. students and Rs. 10 in the case of I.Sc. students is payable as Laboratory caution money. All students on admission are to deposit a sum of Rs. 5 as Library caution money.

Students on admission will be placed in charge of a member of the teaching staff who will be responsible for the general supervision of the students consigned to his care. Students should meet him frequently and approach him freely for such help or guidance as they may need.

Dacca Division—Bakarganj Range.

NOTIFICATION.

Barisal, the 30th June 1943.

Nomination of candidates for inclusion in the provincial panel in connection with the recruitment of English teachers in Government High Schools and Madrasahs and of Sub-Inspectors of Schools in the scale of Rs. 75—8/2—115—5/2—135—10/2—175 during the year 1943 in the Subordinate Educational Service will be made by the Panel Committee of the Bakarganj Range in August 1943. Applications (in duplicate) in the prescribed form with the necessary certificates will be received by the Inspector of Schools, Bakarganj Range, Barisal, up to the 30th July 1943.

1. The posts to which recruitment will be made and the qualifications required for them are shown below:—

(*a*) English teachers in Government High Schools and Madrasahs.—Only graduates, preferably with Honours degree, possessing a degree or

diploma in teaching or first class M.A. or M.Sc. in subjects useful for school work.

(*b*) Sub-Inspectors of Schools.—In addition to the above qualifications teaching experience of a satisfactory nature for not less than two years in recognised secondary schools.

(*c*) Special Sub-Inspectors of Schools.—B.A., preferably with Honours in Arabic or Persian with a degree in teaching, or first class M.A. in Arabic or Persian. Teaching experience of a satisfactory nature of not less than two years in recognised secondary schools.

2. No person shall be appointed as an English teacher or a Sub-Inspector of Schools who is not of good character and in all respects suitable for appointment to Government service.

3. Every candidate shall furnish certificates written not more than one year prior to the date of application from two responsible persons (unconnected with his College or University, and) not related to him, testifying to his private character.

4. No person shall be eligible for appointment who is not of sound health, good physique and active habits and free from organic defect or bodily infirmity and in respect of whom the department is not satisfied that he is physically fit and in all respects suitable for appointment to Government service.

5. No person shall be eligible for appointment who has endeavoured to enlist for his candidature the support of persons of influence or of officials of Government. Spontaneous recommendations from persons interested in or otherwise known to the candidate shall be disregarded.

6. No person shall be considered for admission to the panel by the Panel Committee of the Bakarganj Range unless he is a permanent resident or permanently domiciled within the jurisdiction of the Range.

7. Candidates shall be under the age of 25 years. This condition may be relaxed by the Director of Public Instruction, Bengal, in the case of those who have worked satisfactorily as teachers for not less than two years in recognised high schools under private management or as a Sub-Inspector of Schools up to the age of 29 years on the 1st April 1943. No candidate who is age-barred under this rule shall be admitted to the panel, and if previously admitted a candidate shall have his name removed from the panel on his attaining the age of 30 years or on permanent appointment before that age.

8. No candidate shall apply simultaneously to more than one Inspector of Schools. Every candidate should state definitely if he has applied for nomination by any other Divisional Committee.

9. Every candidate should enclose with his application the following documents in original in support of his statement regarding (1) qualifications, academic and professional (M.A., B.A., M.Sc., B.Sc., B.T. diplomas), (2) date of birth (Matriculation certificate), (3) home district (certificate from a gazetted officer), (4) character (certificate from a respectable gentleman), (5) subjects studied at the degree examination both academic and professional (certificates from the Principal of the College in which he studied) and (6) details of teaching experience with dates and names of institutions (certificates from the auhorities of the schools). Testimonials, if any, as to the candidate's ability as lecturer, teacher, etc., may also be produced.

10. Every candidate should state if he is a British subject; if not, he should name the State of India to which he belongs.

11. A person can have only one domicile. In case a candidate claims to have more than one place of residence he should clearly state which one is his legal residence. This should be supported by documentary evidence (certificate from a gazetted officer).

12. The Divisional Panel Committee will interview the candidates, if necessary. The date for the purpose will be communicated to them in due course.

13. Candidates should submit their applications in the prescribed form of application which can be had from the office of the Inspector of Schools, Bakarganj Range, Barisal. No application will be entertained which will not be submitted in the prescribed form or which do not furnish full particulars of educational qualifications and other necessary particulars.

Dacca Range.

NOTIFICATION.

Dacca, the 2nd July 1943.

Nomination of candidates for inclusion in the provincial panel in connection with the recruitment of English Teachers in Government High and Normal Schools and Madrasahs and of Sub-Inspectors of Schools in the scale of Rs. 75—8-2—115—5-2—135—10-2—175 during the year 1944 in the Subordinate Educational Service will be made by the Panel Committee of the Dacca Range in August 1943. Applications (in duplicate) in the annexed form with the necessary certificates will be received by the Inspector of Schools, Dacca Range, up to the 7th August 1943.

1. The posts to which recruitment will be made and the qualifications required for them are shown below:—

(*a*) English teachers in Government High and Normal Schools and Madrasahs—Only graduates, preferably with Honours degree, possessing a degree or diploma in teaching or first class M. A. or M. Sc. in subjects useful for school work. Preference will be given to those who have experience of teaching in recognised secondary schools.

(*b*) Sub-Inspectors of Schools—In addition to the above qualifications teaching experience of a satisfactory nature for not less than two years in recognised secondary schools.

(*c*) Special Sub-Inspectors of Schools—B.A., preferably with Honours in Arabic or Persian with a degree in teaching, or first class M.A. in Arabic or Persian and knows Urdu as well. Teaching experience of a satisfactory nature of not less than two years in recognised secondary schools.

2. No person shall be appointed as an English teacher or a Sub-Inspector of Schools who is not of good character and in all respects suitable for appointment to Government service.

3. Every candidate shall furnish certificates written not more than one year prior to the date of application from two responsible persons unconnected with his College or University, and not related to him, testifying to his private character.

4. No person shall be eligible for appointment who is not of sound health, good physique, and active habits and free from organic defect or bodily infirmity and in respect of whom the department is satisfied that he is physically fit and in all respects suitable for appointment to Government service.

5 No person shall be eligible for appointment who has endeavoured to enlist for his candidature the support of persons of influence or of officials of Government. Spontaneous recommendations from persons interested in or otherwise known to the candidate shall be disregarded.

6. No person shall be considered for admission to the panel by the Panel Committee of the Dacca Range unless he is a permanent resident or permanently domiciled within the jurisdiction of the Dacca and Mymensingh districts.

7. Candidates should be under the age of 25 years. This condition may be relaxed by the Director of Public Instruction, Bengal, in the case of those who have worked satisfactorily as teachers for not less than two years in recognised Secondary Schools under private management or as a Sub-Inspector of Schools up to the age of 29 years on the 1st April 1943. *No candidate who is age-barred under this rule shall be admitted to the panel*, and if previously admitted a candidate shall have his name removed from the panel on his attaining the age of 30 years or on permanent appointment before that age.

8. No candidate shall apply simultaneously to more than one Inspector of Schools. Every candidate should state definitely if he has applied for nomination by any other Divisional Committee.

ORDINANCE No. XVI OF 1943.

AN

ORDINANCE.

to make certain provisions in connection with the tax on excess profits.

WHEREAS an emergency has arisen which renders it necessary to make certain provisions in connection with the tax on excess profits;

NOW, THEREFORE, in exercise of the powers conferred by section 72 of the Government of India Act, as set out in the Ninth Schedule to the Government of India Act, 1935 (26 Geo. 5, c. 2), the Governor General is pleased to make and promulgate the following Ordinance:—

1. *Short title, extent and commencement.*—(*1*) This Ordinance may be called the Excess Profits Tax Ordinance, 1943.

(*2*) It extends to the whole of British India.

(*3*) It shall come into force at once.

2. *Deposits in connection with payments of excess profits tax.*—(*1*) When excess profits tax charged under the provisions of the Excess Profits Tax Act, 1940 (XV of 1940), in respect of any chargeable accounting period ending after the 31st day of December, 1942, becomes payable under that Act after assessment made under section 14 of that Act, the person liable to pay such excess profits tax shall deposit with the Central Government, before such date as may be specified in a notice in this behalf in such form as may be prescribed by rules made under sub-section (*5*) issued to him by the Excess Profits Tax Officer, a further sum equal to one-fifth of the amount of the said excess profits tax; and the provisions of section 10 of the Indian Finance Act, 1942 (XII of 1942), shall, save in so far as they are inconsistent with this section, apply in respect of such deposits as they apply in respect of the voluntary deposits for which provision is made in the said section 10.

(*2*) The provisions of sub-section (*1*) of section 10 of the Indian Finance Act, 1942 (XII of 1942), in so far as they enable the making of voluntary deposits, shall cease to have effect except in relation to excess profits tax charged in respect of a chargeable accounting period ending on the 31st day of December, 1942, or earlier.

(*3*) Any further sum such as is referred to in sub-section (*1*) deposited in accordance with that sub-section shall be repaid by the Central Government within twelve months of the date of termination of the present hostilities or within twenty-four months of the date on which the deposit was made, whichever is later.

(*4*) The provisions of law applicable to the payment and recovery of excess profits tax contained in sections 45 and 46 [except sub-sections (*1*) and (*1A*) thereof] of the Indian Income-tax Act, 1922 (XI of 1922), as applied by section 21 of the Excess Profits Tax Act, 1940 (XV of 1940), shall apply to the payment and recovery of the deposits required by sub-section (*1*) of this section as if the

notice referred to in sub-section (*1*) of this section were a notice of demand under section 29 of the Indian Income-tax Act, 1922 (XI of 1922), and as if a default in making payment of such deposit were a default in making payment of excess profits tax.

(*5*) The power to make rules for carrying out the purposes of section 10 of the Indian Finance Act, 1942 (XII of 1942), conferred by sub-section (*3*) of that section shall include a power to make rules for carrying out the purposes of this section.

3. *Insertion of new section 14A in Act XV of 1940.* After section 14 of the Excess Profits Tax Act, 1940 (XV of 1940), the following section shall be inserted, namely:—

"14A. *Power to make provisional assessments* —(*1*) The Excess Profits Tax Officer, before proceeding to make an assessment (in this section referred to as the regular assessment) under section 14, may, at any time after the expiry of the period specified in the notice issued under sub-section (*1*) of section 13 as that within which the return therein referred to is to be furnished, and whether the return has or has not been furnished, proceed to make in summary manner a provisional assessment of the amount by which the profits of the chargeable accounting period exceed the standard profits, and the amount of excess profits tax payable thereon.

(*2*) Before making such provisional assessment the Excess Profits Tax Officer shall give notice in the prescribed form to the person on whom assessment is to be made of his intention to do so, and shall with the notice forward a statement of the amount of the proposed assessment, and the said person shall be entitled to deliver to the Excess Profits Tax Officer at any time within fourteen days of receipt of the said notice a statement of his objections, if any, to the amount of the proposed assessment.

(*3*) On expiry of one month from the date of service of the notice referred to in sub-section (*2*), or earlier if the assessee agrees to the proposed assessment, the Excess Profits Tax Officer may, after taking into account the objections, if any, made under sub-section (*2*), make a provisional assessment, and shall furnish a copy of the order of assessment to the assessee:

Provided that assent to the amount of the assessment, or failure to make objection to it, shall in no way prejudice the assessee in relation to the regular assessment.

(*4*) In making any such provisional assessment the Excess Profits Tax Officer shall make allowances for any deficiencies of profits for previous chargeable accounting periods which are under the provisions of section 7 to be set off against the excess profits of the chargeable accounting period in respect of which the assessment is being made:

Provided that where such deficiencies of profits have not been determined under sub-section (*1*) of section 14 the Excess Profits Tax Officer shall estimate the amount thereof to the best of his judgment.

(*5*) There shall be no right of appeal against a provisional assessment made under this section, and it shall, until a regular assessment is made in due course under section 14, determine the amount of excess profits tax due from the assessee.

(*6*) If, when a regular assessment is made in due course under section 14, the amount of excess profits tax payable thereunder is found to exceed that determined as payable by the provisional assessment, it shall be reduced by the amount determined as payable by the provisional assessment.

(*7*) If, when a regular assessment is made in due course under section 14, the amount of excess profits tax payable thereunder is found to be less than that determined as payable by the provisional assessment, any excess of tax paid as a result of the provisional assessment shall be refunded to the assessee together with interet at *5 per cent. per annum* calculated from the date of payment of such excess tax to the date of the order of refund, both days inclusive."

4. *Amendment of rule 12, Schedule I, Act XV of 1940.*—In the First Schedule to the Excess Profits Tax Act, 1940 (XV of 1940), to rule 12 the following sub-rule shall be added, namely:—

"(*3*) In relation to chargeable accounting periods ending after the 31st day of December, 1942, the Central Government may make rules for determining the extent to which deductions shall be allowed in respect of bonuses or commissions paid."

5. *Amendment of rule 3, Schedule II, Act XV of 1940.*—In the Second Schedule to the Excess Profits Tax Act, 1940 (XV of 1940), rule 3 shall be re-numbered as sub-rule (*1*) of rule 3 and—

(*a*) in the rule as so re-numbered after the words "any moneys" the words "or as regards any chargeable accounting period ending after the 31st day of December, 1942, any trading stock or stock of raw materials" shall be inserted;

(*b*) the following shall be added as sub-rule (*2*), namely:—

"(*2*) The Central Government may make rules defining for the purposes of this rule the principles to be followed in leaving out of account trading stock and stocks of raw materials."

No. 6487Pl.—19th July 1943.—In exercise of the power conferred by clause (*c*) of section 8 of the Civic Guards Ordinance, 1940 (Ordinance VIII of 1940), the Governor is pleased to make the following amendments in the Civic Guard Rules, 1940, namely:—

After paragraph 4 of the said rules insert the following rule:—

"4A. Leave for members of the Civic Guard outside Calcutta.

(*1*) Members of the Civic Guard in a district may be granted casual leave subject to a maximum of fifteen days in a calendar year when they will be treated as on duty. During the period of the casual leave, they shall be entitled to the retaining fee only but not the duty allowance which is sanctioned for duty actually performed.

(*2*) For any absence beyond fifteen days consecutively, members of the Civic Guard in a district shall not get any allowance, but with previous permission they may have leave for a maximum period of three months in a calendar year without any allowance. Continued absence of more than six weeks at a time without exceptional reasons shall render a member of the Civic Guard liable to discharge.

(*3*) Leave of any kind to a member of the Civic Guard or a Group Commander in a district may be granted by the District Commandant, but the leave of a District Commandant or a Civic Guard Commandant in a district may be granted by the District Magistrate on the recommendation of the Superintendent of Police.

(*4*) Every officer or member of the Civic Guard in a district shall take previous permission of the authority empowered to grant leave before leaving his station, and failure to do so shall make him liable to removal from his post, unless the failure to comply with this provision can be satisfactorily explained."

DEPARTMENT OF PUBLIC HEALTH AND LOCAL SELF-GOVERNMENT

ORDER.

No. 732C./M.—19th July 1943.—Whereas the Provincial Government by its resolution No. 546M., dated the 31st March 1941, issued an order under section 553 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), superseding the Commissioners of the Serajganj Municipality in the district of Pabna for a period of two years, with effect from the 1st April 1941;

And whereas by a subsequent order No. 344C./M., dated the 3rd April 1943, the term of supersession of the Commissioners of the said municipality was extended by four months with effect from the 1st April 1943;

And whereas it will not be possible to reconstitute the Commissioners of the said municipality under clause (*a*) of sub-section (*2*) of section 554 of the said Act on the expiration of the said extended period of supersession;

Now, therefore, in exercise of power conferred by clause (*i*) of sub-section (*2*) of section 554 of the said Act, the Governor is pleased to extend the period of supersession of the Commissioners of the said municipality by a further term of two months with effect from the 1st August 1943.

II. In exercise of the power conferred by clause (*b*) of sub-section (*1*) of section 554 of the said Act, the Governor is further pleased to direct that the Subdivisional Officer, Serajganj, shall, during the extended period of supersession of the said municipality, continue to exercise and perform, in addition to his own duties, powers and duties conferred and imposed on him by notification No. 547M., dated the 31st March 1941.

By order of the Governor,
S. BANERJEE, Secy.

NOTIFICATIONS.

Calcutta.—No. 562C./L.S.-G.—13th July 1943.—The services of Babu Digendra Nath Shaha, Deputy Secretary, Public Health and Local Self-Government Department, are replaced at the disposal of the Home (Appointment) Department of this Government.

Murshidabad.—No. 723C./M.—15th July 1943.—Whereas Babu Shyamapada Bhattacharji, the elected Chairman of the Berhampore Municipality, in the district of Murshidabad, has failed to make the oath or affirmation of allegiance in accordance with the provisions of sub-section (*1*) of section 57 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932);

And whereas the Governor is satisfied that the failure of the said Babu Shyamapada Bhattacharji to comply with provisions of the said section was due to inadvertence;

Now, therefore, in exercise of the power conferred by sub-section (*5*) of section 57 of the said Act, the Governor is pleased to declare that the failure of the said Babu Shyamapada Bhattacharji to comply with the provisions of the said section is hereby condoned.

Tippera.—No. 604C./P.H.—17th July 1943.—The following draft of a set of by-laws, which has been framed by the Commissioners of the Comilla Municipality, in the district of Tippera, under sections 269 and 277 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Governor proposes to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 15th September 1943, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

Draft by-laws.

Model by-laws regarding privies and urinals of hand removal system. [*Under section 269(b), (c) and (f) of the Bengal Municipal Act, 1932.*]

1. *Plans of privies and urinals to be submitted to Commissioners.*—(1) Every person who intends to construct any service privy or service urinal or to make any substantial additions to or alterations in, any such privy or urinal, shall send to the Commissioners an application in such form (to be supplied to the applicant free of charge) as may be laid down by the Commissioners.

(2) Such application shall be accompanied by—

(*a*) a site-plan, in triplicate unless the Commissioners otherwise direct, drawn to a scale of not less than twenty feet to the inch and showing all surroundings to a distance of fifty feet from the privy or urinal, and

(*b*) a detailed plan in triplicate of the privy or urinal with sections and cross-sections, drawn to a scale of four feet to the inch and showing the means of ventilation and any other particulars which may be required by the Commissioners.

2. *Power to Commissioners to refuse to sanction service privy, service urinal or service cesspit which will be a nuisance.*—The Commissioners may, for reasons to be recorded by them in writing and furnished to the applicant free of charge, refuse to grant permission to erect any service privy, service urinal or cesspit which will, in their opinion, be a nuisance.

3. (1) No service privy, service cesspit or service urinal exceeding eleven feet in height shall be placed in the space required by this Act to be left at the back of a building.

(2) No service privy, service urinal or service cesspit situated in or adjacent to a building shall be placed at a distance of less than six feet from:—

(*i*) any public building, or

(*ii*) any building which is likely to be used as a dwelling place or kitchen or as a place in which any person is intended to be employed in any manufacture, trade or business.

(3) No service privy, service urinal or service cesspit shall be constructed in any premises occupied by a masonry building, or without the special sanction of the Commissioners, in any other premises which are situated in a street which has been sewered and has an adequate water-supply.

(4) Every service privy, service urinal or service cesspit shall be detached from the inhabited portion of any building.

4. *Prohibition of construction of service privy, service urinal or service cesspit on the upper floor of a building.*—No service privy, service urinal or cesspit shall be placed on any upper-floor of a building, without the permission of the Commissioners.

5. *Models and type plans.*—Models and type plans of service privies, urinals or cesspits approved by the Commissioners with estimates of the cost of constructing service privies, urinals and cesspits in accordance therewith shall be kept in the municipal office and shall be open to inspection by any person at all reasonable times without charge, but no person shall be bound to construct any service privy, service urinals or cesspits in accordance with any model or type plan, if such privy, urinal or cesspit be constructed in accordance with these by-laws.

6. *Drains.*—(1) A drain shall be provided (if required by the Commissioners) for every service privy, urinal or cesspit.

(2) Such drain shall be constructed of some impervious material and shall connect the floor of the privy, urinal or cesspit—

(*a*) with a drain communicating with a municipal sewer, or

(*b*) if permitted by the Commissioners, with

(*i*) an impervious cesspool the contents of which can be removed by hand or by vacuum gullipit emptying machine,

(*ii*) a soakpit, as sanctioned by the Commissioners, a covered soakpit or well, the bottom of which shall be carried down to a porous sandy stratum, in any case to a depth of not less than two feet below the lowest subsoil water level. Soakpits may be lined or unlined, depending on the nature of the upper strata. An unlined soakpit shall be between eighteen inches and two feet in diameter, and the quantity of liquid run into it shall not be more than one hundred gallons per day. A lined soakpit or well shall have a horizontal cross sanctional area of not less than one square foot for every twenty-five gallons of water discharged into it daily, or

(*iii*) a municipal drain.

7. *Floor.*—The floor of every service privy, service urinal and every service cesspit shall (unless the Commissioners otherwise direct or decide)—

(*i*) be made of cement or other impervious material, or if the owner so desires, of glazed tiles artificial stone, or glazed sanitary ware,

(*ii*) be in every part at a height of not less than six inches above the level of surface of the ground adjoining the privy, urinal or cesspit, and

(*iii*) be made with a fall or inclination of at least half an inch to the foot towards the drain specified in by-law 6.

(*iv*) squatting platform should be at least three and half feet above the lower ground floor.

8. *Walls and roofs.*—The walls and roof of every service privy, and the walls and roof (if any) of every service urinal, shall be made of such materials as may be approved by the Commissioners. Provided that the entire surface of the walls of a privy below the platform shall be surfaced with cement, or other materials as specified in by-law 7(*i*).

9. *Platform.*—Platform of every service privy or service urinal shall either be plastered with cement or be made of some watertight non-absorbant material as specified in by-law No. 7(*i*).

In the case of service privies or urinals with an outlet drain constructed in accordance with by-law 6(2)(*b*)(*iii*), the platform must be sloped towards the aperture with an inclination of at least half an inch to the foot. In all other cases detailed in by-law 6(2) the platform may, if so directed by the Commissioners, be sloped away from the aperture towards a drain communicating with a municipal drain or a drain connected with a municipal sewer.

10. *Ventilation.*—Every service privy and every service urinal situated in or adjacent to a building shall have an opening of not less than three square feet in area in one of the walls of the privy or urinals as near the top of the wall as may be practicable and communicating directly with the open air.

11. *Construction of privies.*—(1) Every service privy and service urinal shall be provided by the owner with moveable receptacle for sewage.

(2) The following provisions shall have effect with regard to such privies, urinals and receptacles, viz.:—

(*a*) the space beneath the platform of the privy or urinal shall be of such dimensions as to admit of a moveable receptacle for sewage of a capacity not exceeding two cubic feet being placed and fitted beneath the platform in such a manner and position as will effectually prevent the deposit, otherwise than in such receptacle, of any sewage falling or thrown through the aperture in the platform,

(*b*) the privy or urinal shall be so constructed as to afford adequate access to the said space for the purposes of cleansing it and of placing therein, and removing therefrom, a proper receptacle for sewage;

(*c*) the said receptacle shall be watertight and shall be made of metal, well-tarred earthenware or glazed stoneware, and shall be of such construction and shape as the Commissioners may consider suitable;

(*d*) the door of the opening for the insertion and removal of the said receptacle shall be made so as to completely cover the said opening.

By-laws under clauses (d), (e) and (f) of section 269 and under section 277 regarding privies, urinals and drains or water carriage system.

27. (1) Every open drain constructed after these by-laws come into force or provided for a new building, for the purpose of discharging surface or sullage water, shall be constructed of brick, masonry or concrete covered with a plaster not less than half an inch in thickness and containing not less than 33 per cent. of Portland cement or any other cement approved by the Commissioners or of natural or artificial stone or of glazed half round pipes, and shall be of such pattern and size, and laid in such a gradient as may be specified by the Commissioners.

(2) Whenever an open drain is connected with a pipe drain a trap shall be constructed at the end of the open drain immediately above the connection.

Such connection shall be covered by a grating of cast iron or other suitable material.

(3) Whenever an open drain is connected with a municipal open drain, such connection shall be made with a proper sweeping curve to the outfall as may be approved by the Commissioners.

Maintenance.

28. The owner or occupier of any premises, a privy, urinal or drain of which is connected with the municipal underground sewerage system, shall at all times maintain in a peroper state of repairs and in a sanitary condition all pipe drains, open

drains, traps and fittings, appliances and apparatus connected with the drainage of the premises.

29. The owner or occupier of any such premises shall give every reasonable facility to the Commissioners or any person authorised by the Commissioners in this behalf to inspect the drains, privies, urinals, sinks, bath rooms or other buildings or apparatus connected therewith.

Closed cess-pools or household septic tanks and soakpits.

30. When any person intends to instal a privy or urinal on the water carriage system, and there is no municipal underground sewerage system with which it may be connected, he may instal such privy or urinal on the condition that he provides a covered septic tank and a soakpit or a disposal gallery in conformity with the provisions of by-law 36.

31. A covered septic tank shall be constructed in accordance with the type design to be kept at the municipal office, together with means for disposal of the effluent from the septic tank.

32. The septic tank shall be constructed of watertight masonry, concrete, or earthenware and shall have a capacity of not less than two cubic feet per user, the number of users being taken as the maximum number of persons who will ordinarily use the privy or urinal connected to the septic tank.

33. The means for disposal of the effluent of the septic tank shall consist of either—

(*a*) a covered soakpit or well, the bottom of which shall be carried down to a porous sandy stratum, in any case to a depth of not less than two feet below the lowest subsoil water level. Soakpits may be lined or unlined, depending on the nature of the upper strata. An unlined soakpit shall be between eighteen inches and two feet in diameter, and the quantity of liquid run into it shall not be more than one hundred gallons per day. A lined soakpit or well shall have a horizontal cross sectional area of not less than one square foot for every twenty-five gallons of water discharged into it daily; or

(*b*) a disposal gallery, which shall consist of pipes of not less than four inches diameter, laid open jointed in a bed of broken stone or brick at a depth of about fifteen inches below ground, and a gradient of not less than two inches per one hundred feet. The length of gallery shall be not less than a figure calculated at the rate of five feet per user when laid in porous sandy subsoil. The gallery may be in one line, or in parallel line the distance between which is not less than six feet. When laid in heavy sub-soil, the length of gallery shall be calculated at ten feet per user, and it shall be laid in two or three separate lengths fed from a junction manhole so arrange that one or more lengths can be cut off for rest. Soakpits and disposal galleries shall be constructed in accordance with the type plans to be kept at the municipal office.

34. The sewers connecting from the privies or urinals to the septic tanks shall be constructed of such materials and in such manner as is laid down in by-laws Nos. 14 to 26.

35. The minimum quantity of water which shall be provided for the flushing of the water closets and urinals is five gallons per user per day.

36. No septic tank, soakpit or disposal gallery shall be constructed in ground which is liable to flood in the rainy season, and no soakpit or gallery shall be constructed within one hundred feet (horizontal distance) from any common well or tube-well which is used as a source of drinking water-supply. The general level of the pipes of a disposal gallery shall not be lower than that of the sub-soil water level in the rainy season.

By order of the Governor,
S. BANERJEE, Secy.

DEPARTMENT OF PUBLIC HEALTH AND LOCAL SELF-GOVERNMENT

Public Health

NOTIFICATION.

Noakhali.—No. 570C./P.H.—30th June 1943.—Whereas the Governor is satisfied that the district of Noakhali is threatened with an outbreak of smallpox:

Now, therefore, in exercise of the power conferred by section 2A, read with sub-section (*1*) of section 2 of the Epidemic Diseases Act, 1897 (Act III of 1897), the Governor is pleased to prescribe the following temporary regulations for the prevention and control of small-pox, and for the medical inspection, isolation, observation and surveillance of persons suffering from, or suspected of being infected with small-pox in the said district for a period of two months:—

Temporary regulations for the prevention and control of small-pox.

1. In these regulations, unless there is anything repugnant in the subject or context—

(*a*) "District Health Officer" means the Health Officer of the district appointed by the District Board under sub-section (*3*) of section 91 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885);

(*b*) "Sanitary Inspector" means a Sanitary Inspector appointed by the District Board under sub-section (*3*) of section 91 of the Bengal Local Self-Government Act of 1885;

(*c*) "Board" means a District Board constituted under the Bengal Local Self-Government Act of 1885;

(*d*) "Union Board" means a Union Board constituted under the Bengal Village Self-Government Act, 1919;

(*e*) "small-pox" means any disease accompanied by an eruption of vesicles or pustules;

(*f*) "patient" means a person suffering from or suspected to be suffering from small-pox;

(*g*) "medical practitioner" means any person practising the medical profession.

Notices.

2. If in any case the District Health Officer considers that the issue of a notice under regulation 20 is likely to lead to such an amount of delay as might facilitate the spread of small-pox, he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

3. If any measure which the District Health Officer has, by a notice issued under regulation 20, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the District Health Officer shall be entitled to carry out the measure.

Costs and compensation.

4. (*1*) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the Board except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions which led the District Health Officer to pass such an order, are not attributable to any act or default of the person in possession of the property, the Board may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The Board may recover all expenses incurred by the District Health Officer in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued.

5. The Board shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the District Health Officer.

Location of disease.

6. When a case of small-pox occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, the senior male inmate of the house other than the patient of the house shall, within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing or by means of the chaukidar or other village watchman to the nearest Sanitary Inspector.

7. (1) Every medical practitioner called in to attend upon any case of small-pox shall forthwith give notice of the case by a special messenger to the nearest member of the outdoor staff of the Board and to the District Health Officer by post and the cost of such messenger in each case shall be defrayed by the Board.

(2) The doctor-in-charge of a hospital or a dispensary within the district shall forthwith give notice of any case of small-pox brought to such hospital or dispensary for treatment to the nearest Sanitary Inspector by a special messenger and to the District Health Officer by post, and the cost in each case shall be defrayed by the Board.

8. Presidents of Union Boards in union board areas and thana officers in non-union board areas shall supply to the District Health Officer such periodical returns of cases of small-pox as he may from time to time call upon them to furnish.

9. The District Health Officer or a Sanitary Inspector may examine any person who is, or suspected to be, suffering from small-pox or who, in his opinion, may be infected with or likely to spread small-pox.

Isolation of patients.

10. When the District Health Officer or a Sanitary Inspector considers that the isolation of any patient is a precaution necessary for the protection of the neighbouring population, he shall order the patient to observe isolation and may order the nearest relative in attendance on the patient, or the occupier of the house in which the patient is staying, to arrange for the isolation of the patient in such a manner and for such a time as may be approved by the District Health Officer.

He shall not direct the patient to be removed from the house unless it is, in his opinion, impossible to make proper arrangements for his isolation therein.

11. The District Health Officer or a Sanitary Inspector may order that any person, who has been in contact with a person found to be suffering from small-pox shall be segregated for a period not exceeding a fortnight in a manner and in a place to be approved by the District Health Officer.

12. The District Health Officer or a Sanitary Inspector may order that any person who has been in contact with a person found to be suffering from small-pox shall be vaccinated or revaccinated within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 10 without the permission of the District Health Officer or a Sanitary Inspector.

14. When a patient has been removed from a house for isolation under regulation 10, the Board shall provide for him free of charge a suitable place, with necessary attendants, diet, etc.

15. No person, who is or has been suffering from small-pox, shall leave the place where he has been staying until he has received from the District Health Officer or a Sanitary Inspector written permission to do so.

15A. No person while suffering from evident symptoms of small-pox or in the convalescent state of the disease with scabs of pocks on his body shall expose himself in any street, road, public place, shop, bazar or any place used in common by persons other than members of the family or household to which such infected persons belong or shall move from place to place unless he is proceeding to a hospital for admission and treatment.

Miscellaneous.

16. The District Health Officer or a Sanitary Inspector may require any person to allow to be carried out by such agency and within such time as may be specified in the order, such measures for the disinfection of any premises in the occupation of such person or for the disinfection or destruction of any of his personal effects, as the said officer or inspector may consider necessary.

16A. The District Health Officer or a Sanitary Inspector authorised by the District Health Officer in writing in that behalf may during the prevalence of any outbreak of small-pox order that any bazar, shop or other public place shall remain closed for such time as may appear to him to be necessary and may forbid the holding of any fair, *mela* or other gathering to which people from several villages commonly or periodically resort.

17. The District Health Officer or a Sanitary Inspector may direct the owner or occupier of any premises to take steps to have vaccinated or revaccinated within a time to be specified in the order any person residing on such premises and under the control of such owner or occupier if the District Health Officer is of opinion that such person has been in contact with anyone suffering from small-pox.

18. The District Health Officer or a Sanitary Inspector may forbid any person who has been a patient or who has to his knowledge been in contact with a patient to act as vendor of any article for such period as may be specified in the order.

18A. No person shall carry or permit to be carried in a public conveyance a patient except in the case where a patient is carried to a hospital with the following precautions against spreading the disease, namely:—

(*i*) that he is so well covered that the discharge and scabs from the lesions do not come directly into touch with the body of the conveyance;

(*ii*) that he is taken to the hospital direct and the conveyance does not halt at any other place for transacting any business; and

(*iii*) that excepting one or two attendants for the patient no other person is carried in the conveyance at the same time.

18B. Every conveyance in which a patient or a dead body of a person who has died of small-pox or any article that has been in contact with a patient is carried shall be disinfected before it is used again. The disinfection will be effected—

(*i*) in the case of a conveyance carrying a patient to hospital, by the authorities of the hospital before such conveyance leaves the hospital;

(*ii*) in the case of a conveyance carrying any clothing, bedding or other article of a patient to the disinfecting station, by the authorities of such station; and

(*iii*) in the case of a conveyance carrying a dead body to the burial or cremation ground, by the owner of the conveyance himself and such owner shall effect the disinfection with a strong solution of

formalin (1 in 400), lysol (1 in 500), izol (1 in 500) or of saponified cresol (1 in 160).

19. No person shall sell any article which has been in contact with a patient until it has been disinfected to the satisfaction of the District Health Officer or a Sanitary Inspector.

19A. No person shall expose in any street, shop, bazar or any public place any clothing, bedding or other article which has been in contact with a patient or shall cause or suffer such articles to be carried in any public conveyance, but nothing in this regulation shall apply to a person who transmits any such article for the purpose or having the same disinfected with the following precautions against spreading the disease:—

(*i*) the article is so well covered with a cloth soaked in a strong solution of formalin (1 in 400), lysol (1 in 500), izol (1 in 500) or of saponified cresol (1 in 160) that it does not come directly into touch with the body of the conveyance;

(*ii*) the article is taken to the disinfecting station direct and the conveyance does not halt at any other place for transacting any business; and

(*iii*) excepting one attendant for the purpose of taking the infected article to the disinfecting station no other person is carried in the conveyance.

20. The District Health Officer or a Sanitary Inspector may issue general orders that by a specified date certain sanitary precautions of a simple nature, such as lime-washing of houses, clearing of latrines or the removal of filth or rubbish, shall be carried out to his satisfaction.

20A. No person shall carry or permit to be carried in a public conveyance the dead body of any person who has died of small-pox without the previous written permission of the District Health Officer or a Sanitary Inspector and without taking the following precautions against spreading the said disease:—

(*i*) the dead body is so well covered with a cloth soaked in a strong solution of formalin (1 in 400), lysol (1 in 500), izol (1 in 500), or of saponified cresol (1 in 160) that the discharge and scabs from the lesions do not come directly into touch with the body of the conveyance;

(*ii*) the dead body is taken to the burial or cremation ground direct and the conveyance does not halt at any other place for transacting any business; and

(*iii*) excepting attendants for the dead body no other person is carried in the conveyance at the same time.

21. The District Health Officer or a Sanitary Inspector may prohibit persons from retaining or selling clothes taken from the bodies of persons who have died of small-pox and may cause any such clothes to be destroyed.

22. No person shall, without the written permission of the District Health Officer, dispose of any corpse except by burning or burial.

23. The District Health Officer may approve buring or burial grounds and may by order direct either generally or specially in respect to any specified area, that corpses shall not be burned or buried at places other than those so approved by him.

24. Any person burning or causing to be burnt any corpse shall cause the same to be completely reduced to ashes and shall likewise cause the clothes or other articles brought with such corpse to be reduced to ashes.

25. The District Health Officer may direct that no person shall bury or cause to be buried any corpse, which in the opinion of the District Health Officer, is likely to spread small-pox, in a grave, not constructed of masonry and less than 6 feet deep.

26. The District Health Officer may order that no *dome* or other servant of the Board employed for the disposal of corpses shall withdraw from his duties without the permission of the District Health Officer unless such *dome* or other servant of the Board has given notice in writing not less than one month previously of his intention so to withdraw.

27. The District Health Officer or a Sanitary Inspector may through any person authorised by such officer or inspector in that behalf seize and dispose of any corpse which in the opinion of the said officer or inspector is infected with or is likely to spread small-pox, unless the relatives or friends of the deceased person satisfy him that they are prepared and able to dispose of the corpse in a manner which will prevent the spread of smallpox.

28. (*1*) The District Health Officer or a Sanitary Inspector may require any person who appears to be acquainted with facts in connection with any case or suspected case of small-pox to attend before him at a time to be stated in the order and at any place not more than one mile from the place where such person resides or is staying when the order is issued, and such person shall appear as so required.

(*2*) When the person summoned to appear under paragraph (*1*) is a female who, by the custom of the country, does not appear in public, suitable precaution shall be taken to respect the said custom.

29. (*1*) The District Health Officer or a Sanitary Inspector may examine orally any person who appears to be acquainted with the facts and circumstances of a case or suspected case of small-pox.

(*2*) When the person to be examined under paragraph (*1*) is a female who, by the custom of the country, does not appear in public, the officer shall take her statement under such conditions as shall admit of due respect of the said custom.

(*3*) Such person shall be bound to answer all questions relating to such case put to him or her by such officer, other than questions the answers to which would have a tendency to expose him or her to any criminal charge.

30. The District Health Officer or a Sanitary Inspector may, with such assistants (if any) as he thinks fit, enter upon any land, or after two hours' notice in writing, into any premises or building used for human habitation at any time between sunrise and sunset for the purpose of carrying out any measure or making any enquiries authorised by these regulations.

31. The crew of any inland steam-vessel or boat which plies in any canal or river and other persons residing on such vessel or boat shall be subject to these regulations.

32. (*1*) All vaccinations under these regulations shall be performed gratuitously provided they be done (*a*) at such public vaccination stations as may be opened by the District Board or (*b*) by house to house visits in the case of such females as are by the custom of the country unable to attend at public vaccination stations and are too poor to pay fees.

(*2*) Persons desirous of being vaccinated in their own houses other than those specially exempted under sub-regulation (*1*) shall pay a fee of two annas for each vaccination for which they shall get a printed receipt: provided that the total amount of fees payable for any number of operations performed in one family at the same house and at the same time shall not exceed annas eight.

33. (*i*) Orders issued by the District Health Officer or a Sanitary Inspector under these regulations shall be in writing.

(*ii*) The officer issuing such orders shall cause copies of them to be served upon any persons named in them.

(*iii*) The nearest relative of a patient or the occupier of the house in which the patient is staying shall, if a copy of the order under regulation 10 has been served upon him, give to the nearest Sanitary Inspector or to his office immediate notice of any disobedience of the order by the patient.

By order of the Governor,
S. BANERJEE, Secy.

PART IA—Orders and Notifications by the Government of India republished for general information.

GOVERNMENT OF INDIA

Department of Industries and Civil Supplies.

NOTIFICATION.

New Delhi, the 17th June 1943.

No. 34-Tex. (1)/43.—In exercise of the powers conferred by sub-rule (2) of rule 81 of the Defence of India Rules, the Central Government is pleased to make the following Order, namely,—

1. (1) This Order may be called the Cotton Cloth and Yarn (Control) Order, 1943.

(2) It shall come into force at once.

2. The provisions of this Order shall be in addition to and not in derogation of any other law for the time being in force.

3. In this Order, unless there is anything repugnant in the subject or context,

(*a*) "cloth" and "yarn" mean and include respectively cloth and yarn manufactured either wholly or partly from cotton; but do not include cloth and yarn manufactured wholly from wool, silk, artificial silk or jute.

(*b*) "dealer" means a person carrying on the business of selling cloth or yarn or both, whether wholesale or retail, and whether or not in conjunction with any other business;

(*c*) "manufacturer" means a person engaged in the manufacture of cloth or yarn or both.

(*d*) "Textile Commissioner" means the Textile Commissioner appointed by the Central Government and includes such Additional Textile Commissioners as may be appointed by the Central Government.

4. (1) The Central Government may constitute a Textile Control Board (hereinafter referred to as the Board) consisting of 25 to advise the Central Government through the Textile Commissioner generally on matters connected with the purposes of this Order (including matters connected with the export of cloth, yarn and raw cotton) and in particular in respect of the functions of the Textile Commissioner under clauses 10 and 11.

(2) The Chairman of the Board shall be such non-official member thereof as the Central Government may designate in this behalf.

5. (1) The Board may by resolution form from among its members such Committees as it thinks expedient to exercise on its behalf such of its functions as may be specified in the resolution:

Provided that any such Committee formed for the purposes of advising on technical matters connected with the purposes of this Order and in particular on matters relating to the fixation of prices, increase in production, standardisation, and rationalisation, shall be composed only of members representing the Textile Industry, and subject to the provisions of clause 9 its advice on all such matters shall ordinarily be acted upon.

(2) Any such Committee shall not exceed fifteen in number and it shall elect a Chairman from among its members.

6. Any Committee of the Board may co-opt such additional members not exceeding ten in number as it thinks fit and having special knowledge of the subject with which the Committee is concerned, and the members so co-opted shall have the same rights as the other members of the Committee.

7. (1) A Committee of the Board may by a resolution form from among its members a Standing Sub-Committee to exercise on its behalf such of its functions as may be specified in the resolution.

(2) Any such Standing Sub-Committee shall not exceed five in number, and if the Chairman of the Committee is a member of the Standing Sub-Committee he shall be the Chairman thereof.

8. The Board may in consultation with the Central Government make rules to regulate the calling of, and procedure at, meetings of the Board, Committees and Standing Sub-Committees (including the fixing of quorum).

9. (1) The Board or any Committee or Standing Sub-Committee acting in the exercise of the functions assigned to it under clause 5 or as the case may be clause 7 may tender advice to the Central Government through the Textile Commissioner on matters connected with the purposes of this Order and in particular in respect of the functions of the Textile Commissioner under clauses 10 and 11:

Provided that if the Textile Commissioner is unable to recommend to the Central Government to accept the advice so tendered he shall refer the matter back to the Board, Committee or Standing Sub-Committee as the case may be for further consideration.

(2) If after such reference the Textile Commissioner is still unable to recommend to the Central Government to accept any advice so tendered by the Board or any Committee or Standing Sub-Committee, he may, or if the Chairman of the Board so requires shall, refer the question for the decision of the Central Government who shall consult the Board or the Committee or Standing Sub-Committee as the case may be before giving its decision.

(3) Before issuing any notification under clause 10 or any direction under clause 11 otherwise than in pursuance of advice tendered to him by the Board or a Committee or Standing Sub-Committee, the Textile Commissioner shall consult the Chairman of the Board, who shall refer the question to the Board or, in his discretion to the appropriate Committee or the Standing Sub-Committee.

(4) The Textile Commissioner may refer any matter on which he desires advice, or make any proposal, to the Chairman of the Board who shall refer the same to the Board or, in his discretion, to the appropriate Committee or Standing Sub-Committee.

(5) If the opinion of the majority of members of the Board or any Committee or Standing Sub-Committee, as the case may be, present at the meeting at which the question is discussed is adverse to the Textile Commissioner's proposal, he shall, if he does not accept the advice of such majority, refer the question for the decision of the Central Government who shall consult the Board or the Committee, as the case may be, before giving its decision.

10. The Textile Commissioner may, subject to the provisions of clause 9, by notification in the official Gazette,—

(*a*) declare and define classes and specifications of cloth and yarn for the purposes of this Order;

(*b*) fix the maximum prices, both ex-factory and retail, at which all or any classes or specifications of cloth or yarn may be sold;

(*c*) prescribe the markings, and the manner of making thereof, which manufacturers shall make upon cloth manufactured by them.

11. The Textile Commissioner may, subject to the provisions of clause 9, by notice in writing direct any manufacturer to manufacture only such classes or specifications of cloth or yarn, and in such quantities (whether maximum or minimum), as he may specify in the notice.

12. No manufacturer or retail dealer shall sell or offer to sell any cloth or yarn in excess of the maximum ex-factory or retail price, as the case may be, fixed under this Order in respect thereof; and no person shall otherwise contravene any notice or direction of a Textile Commissioner issued under this Order.

13. (1) After the 31st July 1943, all cloth and yarn produced by a manufacturer shall be marked by him with the date of packing in such manner as may be specified by the Textile Commissioner under clause 10.

(2) All cloth and yarn so marked shall be despatched from the place of manufacture within one month of the date of packing if in full bales and within 45 days of the date of packing if not in full bales.

(3) No cloth or yarn so marked lying at a place other than that in which they were manufactured shall remain in full bales after 90 days from the date of packing.

(4) All cloth and yarn so marked shall be finally disposed of by retail sale within six months of the date of packing.

14. (1) No cloth or yarn manufactured before the 1st August 1943, shall remain in full bales after the 31st August 1943, and all such cloth and yarn shall be finally disposed of by retail sale not later than 31st October 1943.

(2) No person shall after the 31st October 1943, offer for sale cloth or yarn which has not been marked under sub-clause (1) of clause 13, provided that on application made for sufficient reasons to him in this behalf the Textile Commissioner or such other person as may be specified by him under clause 16 may extend in any particular case the provisions specified in this sub-clause.

15. Nothing in clauses 13 and 14 shall apply to cloth or yarn held for the purposes of export from India and in respect of which export licences have been issued by the appropriate authority; nor to cloth or yarn held for supply to the Central Government for Defence requirements.

16. (1) Every manufacturer and every dealer shall not later than the 15th August 1943, declare the stocks of cloth and yarn held by him on the 31st July 1943 in such form and to such authority as may be specified by the Textile Commissioner.

(2) Every manufacturer and every dealer shall not later than such date as may be notified in the official Gazette by the Central Government declare the stocks of cloth and yarn held by him on such dates as may be notified as aforesaid in such form and to such authority as may be specified by the Textile Commissioner.

17. No person other than a dealer or manufacturer shall at any time have in his possession cloth or yarn in excess of his normal requirements:

Provided that no prosecution for any contravention of the provisions of this clause shall be instituted without the previous sanction of the Provincial Government.

18. (1) No manufacturer shall at any time hold stocks equivalent to more than three months' production of cloth and not more than two months' production of yarn not required by him for the purposes of manufacturing cloth produced by him:

Provided that for the purposes of this clause cloth on looms and yarn in process of manufacture into cloth shall not be taken into account.

(2) Any cloth or yarn sold to a dealer by a manufacturer and of which delivery has not been taken shall be deemed to have been held by the dealer from the date of packing.

19. The Textile Commissioner or such officer as may be specified in his behalf by the Central Government may, if he has reason to believe that any person has contravened or is likely to contravene any provision of this Order,—

(a) require any person to give any information in his possession with respect to any business carried on by that or any other person;

(b) inspect or cause to be inspected any books or other documents belonging to or under the control of any person;

(c) enter and search, or authorise any police officer not below the rank of Sub-Inspector, to enter and search, any premises.

20. If any person with the intent that any provision of this Order may be evaded refuses to give any information lawfully demanded from him under clause 19, or conceals, destroys, mutilates or defaces any book or other document, he shall be deemed to have contravened the provision of this Order.

21. A Textile Commissioner may, with the sanction of the Central Government and by general or special order in writing, authorise any person to discharge on his behalf all or any of his functions under this Order other than those specified in clauses 9 and 10.

22. A Court trying any contravention of this Order may, without prejudice to any other sentence which it may pass, direct that any cloth or yarn in respect of which it is satisfied that such contravention has occurred shall be forfeited to His Majesty.

NOTIFICATION.

Rajshahi, the 6th July 1943.

Brajamohan Dutt Prize for Indian Ladies for the year 1942-43.

The following subject has been selected for "Babu Brajamohan Dutt Prize" of Rs. 45 for the year 1942-43:—

Aswini Kumar Dutt—A critical study.

The conditions for the award of the prize are—

(1) That the competition be open to all educated women, being natives of Bengal, without regard to age.

(2) That the prize of Rs. 45 be given for an essay to be written either in Bengali or Sanskrit.

(3) That the essays be sent to the Provincial Text-book Committee for adjudication within six months of the date of advertisement.

(4) That each essay be accompanied by a written declaration from the husband, parent or guardian of the competitor that, to the best of his belief, she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays to the Secretary to the Provincial Text-book Committee, c/o Director of Public Instruction, Bengal, Rajshahi. The envelope containing the essay should be superscribed "Brajamohan Dutt Prize Essay." The name of the successful competitor will be published in the *Calcutta Gazette*.

A lady who wins the prize in any year is not debarred from subsequent competition, and if the essay submitted by a competitor who has been previously successful is adjudged to be the best, the name of such a competitor will be published in the Gazette as the winner of the competition. The actual prize will, however, in these circumstances, be awarded to the competitor whose essay is adjudged to stand next in order of merit, provided that her essay comes up to the standard required by the next clause.

If none of the essays comes up to a standard which is, in the opinion of the Examiners, adequate, no prize will be awarded.

NOTIFICATION.

Brahmanbaria, the 28th June 1943.

1. Nomination of candidates for admission into the panel for the posts of English teachers in Government High and Normal Schools and Madrasahs and Sub-Inspectors of schools in the Subordinate Educational Service will be made by the Divisional Panel Committee in August 1943. Applications (in duplicate) in the annexed form with the necessary certificates will be received by the Inspector of Schools, Chittagong Division, up to the 10th August 1943.

2. The posts to which recruitment will be made and the qualifications required for them are shown below:—

(*a*) English teachers in Government High and Normal Schools and Madrasahs, and Sub-Inspectors of Schools.—Only graduates, preferably with an Honours degree, possessing a degree or diploma in teaching or first class M.A. or M.Sc. in subjects useful for school work, shall be eligible for inclusion in the panel.

In addition to the above qualifications, candidates possessing teaching experience of a satisfactory nature for not less than two years in recognised secondary schools will have preference.

(*b*) Special Sub-Inspectors of Schools.—B.A. (with 1st class Honours in Arabic or Persian) with a degree in teaching, or first class M.A. in Arabic or Persian. Teaching experience of a satisfactory nature of not less than two years in recognised secondary schools.

3. The candidates for these posts shall be under the age of 24 years. This condition may be relaxed by the department in case of candidates who have worked satisfactorily for not less than two years as teachers in recognised secondary schools up to the age of 29 years. No candidate who is age-barred under this rule shall be admitted to the panel and if previously admitted a candidate shall have his name removed from the panel on his attaining the age of 30 years, or on permanent appointment before that age.

4. No candidate shall be included in the panel who is not of good character and in all respects suitable for appointment to Government service.

5. Every candidate shall furnish certificates written not more than one year prior to the date of application from two responsible persons unconnected with his college or university, and not related to him, testifying to his private character.

6. No person shall be eligible for appointment who is not of sound health, good physique, and active habits and free from organic defect or bodily infirmity, and in respect of whom the department is not satisfied that he is physically fit and in all respects suitable for appointment to Government service.

7. No person shall be eligible for appointment who has endeavoured to enlist for his candidature the support of persons of influence or of officials of Government. Spontaneous recommendations from persons interested in, or otherwise known to, the candidate shall be disregarded.

8. No person shall be eligible for admission into the panel who is not a permanent resident or permanently domiciled in the Chittagong Division.

9. The Divisional Panel Committee will interview the candidates, if necessary, the cost to be borne by the candidates themselves. The date for the purpose will be communicated to them in due course.

10. No candidate shall apply simultaneously to more than one Panel Committee. Every candidate should state definitely if he has applied to any other Panel Committee.

11. Every candidate should state if he is a British subject; if not, he should name the State in India to which he belongs.

12. Every candidate should enclose with his application *original* documents in support of his statement regarding (1) qualifications, academic and professional (M.A., B.A., M.Sc., B.Sc., B.T., diplomas), (2) date of birth (horoscope, Matriculation certificate), (3) home district (certificates from a gazetted officer), (4) character (certificate from a respectable gentleman) and (5) subjects studied at the degree examination (certificate from the Principal of the college in which he studied). No application will be received which does not furnish full details of qualifications and other necessary particulars.

13. In case a candidate claims to have more than one place of residence he should clearly state which one is his legal residence. This should be supported by documentary evidence (certificate from a gazetted officer).

14. Senior teachers of training centres attached to non-Government schools and Madrasahs possessing the requisite qualifications who are not on the existing panel will also be considered for the new panel.

J. LAHIRI,
Inspector of Schools, Chittagong Division.

The College teaches up to the degree standard of the Calcutta University in Arts and Science. The following combinations are allowed:—

I.Sc.—English, Bengali *or* Urdu, Mathematics, Physics, and Chemistry.

I.A.—English, Bengali *or* Urdu, Mathematics, *or* History, Logic, Civics, and Sanskrit *or* Arabic *or* Persian *or* Pali.

B.Sc.—Mathematics (Pass or Honours), Physics and Chemistry.

B.A.—English*, Bengali *or* Urdu and *two* of the following subjects:—

History* *or* Mathematics*, Sanskrit *or* Arabic* *or* Persian* *or* Pali* *or* Bengali, Philosophy, Economics*.

(Honours teaching is provided in subjects marked*.)

Conditions of admission.—Students can only be admitted to the College if their conditions of residence are considered satisfactory. Students who do not reside with their parents or legal guardians may be admitted if they are residing with local guardians who have been appointed by their parents or legal guardians on the prescribed form and who give an undertaking to the effect that they will be responsible for the conduct of their wards.

All changes of residence during the year must be immediately reported to the Principal for approval.

General.—All students of the College are *ipso facto* members of the College Union which has the following sections:—

Junior Common Room (which provides indoor games and periodicals for the use of students), Athletic Club (which controls all games and sports), Publication Committee (which publishes the College Magazine and Bulletins), Study Circle, Social Service Organization and General Debating Society.

Students of the College are expected to play games or take physical exercise regularly under the guidance of the Physical Instructor.

Students are expected to be regular in attendance. No student may be promoted to a higher class or sent up for a University Examination unless he is regular in attendance and his progress in studies is considered satisfactory. Unwarranted absence from College Examination is regarded as a breach of College discipline.

Students migrating from other Universities or Education Boards can only be admitted provisionally, on production of the proper certificates at the time of admission, subject to the sanction of the University.

Hostels.—At present there are only two hostels attached to the College, one for the Buddhist and the other for the Moslem students. Separate applications for admission to the hostel should be made to the Superintendent of the hostel concerned.

Fees, etc.—College fees are charged from June and are payable on the first working day of each month: for the convenience of students, an additional date is notified when College fees can be paid without delay fine. If fees are not paid on these dates, fees can be paid on three other days to be notified monthly, with delay fines of annas 8. Delay fines cannot be remitted.

At the time of admission, students pay an admission fee equivalent to a month's tuition fee, an examination fee of Re. 1 and Rs. 4 as annual subscription to the College Union. There is a Benevolent Fund for the benefit of poor scholars to which students are expected to contribute annas 12 per annum.

The present rate of College fee is:—I.A. Rs. 6, I.Sc. and B.A. Rs. 7 and B.Sc. Rs. 8 per month. A deposit of Rs. 15 in the case of B.Sc. students and Rs. 10 in the case of I.Sc. students is payable as Laboratory caution money. All students on admission are to deposit a sum of Rs. 5 as Library caution money.

Students on admission will be placed in charge of a member of the teaching staff who will be responsible for the general supervision of the students consigned to his care. Students should meet him frequently and approach him freely for such help or guidance as they may need.

NOTIFICATION.

Barisal, the 30th June 1943.

Nomination of candidates for inclusion in the provincial panel in connection with the recruitment of English teachers in Government High Schools and Madrasahs and of Sub-Inspectors of Schools in the scale of Rs. 75—8/2—115—5/2—135—10/2—175 during the year 1943 in the Subordinate Educational Service will be made by the Panel Committee of the Bakarganj Range in August 1943. Applications (in duplicate) in the prescribed form with the necessary certificates will be received by the Inspector of Schools, Bakarganj Range, Barisal, up to the 30th July 1943.

1. The posts to which recruitment will be made and the qualifications required for them are shown below:—

(*a*) English teachers in Government High Schools and Madrasahs.—Only graduates, preferably with Honours degree, possessing a degree or

diploma in teaching or first class M.A. or M.Sc. in subjects useful for school work.

(*b*) Sub-Inspectors of Schools.—In addition to the above qualifications teaching experience of a satisfactory nature for not less than two years in recognised secondary schools.

(*c*) Special Sub-Inspectors of Schools.—B.A., preferably with Honours in Arabic or Persian with a degree in teaching, or first class M.A. in Arabic or Persian. Teaching experience of a satisfactory nature of not less than two years in recognised secondary schools.

2. No person shall be appointed as an English teacher or a Sub-Inspector of Schools who is not of good character and in all respects suitable for appointment to Government service.

3. Every candidate shall furnish certificates written not more than one year prior to the date of application from two responsible persons (unconnected with his College or University, and) not related to him, testifying to his private character.

4. No person shall be eligible for appointment who is not of sound health, good physique and active habits and free from organic defect or bodily infirmity and in respect of whom the department is not satisfied that he is physically fit and in all respects suitable for appointment to Government service.

5. No person shall be eligible for appointment who has endeavoured to enlist for his candidature the support of persons of influence or of officials of Government. Spontaneous recommendations from persons interested in or otherwise known to the candidate shall be disregarded.

6. No person shall be considered for admission to the panel by the Panel Committee of the Bakarganj Range unless he is a permanent resident or permanently domiciled within the jurisdiction of the Range.

7. Candidates shall be under the age of 25 years. This condition may be relaxed by the Director of Public Instruction, Bengal, in the case of those who have worked satisfactorily as teachers for not less than two years in recognised high schools under private management or as a Sub-Inspector of Schools up to the age of 29 years on the 1st April 1943. No candidate who is age-barred under this rule shall be admitted to the panel, and if previously admitted a candidate shall have his name removed from the panel on his attaining the age of 30 years or on permanent appointment before that age.

8. No candidate shall apply simultaneously to more than one Inspector of Schools. Every candidate should state definitely if he has applied for nomination by any other Divisional Committee.

9. Every candidate should enclose with his application the following documents in original in support of his statement regarding (1) qualifications, academic and professional (M.A., B.A., M.Sc., B.Sc., B.T. diplomas), (2) date of birth (Matriculation certificate), (3) home district (certificate from a gazetted officer), (4) character (certificate from a respectable gentleman), (5) subjects studied at the degree examination both academic and professional (certificates from the Principal of the College in which he studied) and (6) details of teaching experience with dates and names of institutions (certificates from the authorities of the schools). Testimonials, if any, as to the candidate's ability as lecturer, teacher, etc., may also be produced.

10. Every candidate should state if he is a British subject; if not, he should name the State of India to which he belongs.

11. A person can have only one domicile. In case a candidate claims to have more than one place of residence he should clearly state which one is his legal residence. This should be supported by documentary evidence (certificate from a gazetted officer).

12. The Divisional Panel Committee will interview the candidates, if necessary. The date for the purpose will be communicated to them in due course.

13. Candidates should submit their applications in the prescribed form of application which can be had from the office of the Inspector of Schools, Bakarganj Range, Barisal. No application will be entertained which will not be submitted in the prescribed form or which do not furnish full particulars of educational qualifications and other necessary particulars.

Dacca Range.

NOTIFICATION.

Dacca, the 2nd July 1943.

Nomination of candidates for inclusion in the provincial panel in connection with the recruitment of English Teachers in Government High and Normal Schools and Madrasahs and of Sub-Inspectors of Schools in the scale of Rs. 75—8-2—115—5-2—135—10-2—175 during the year 1944 in the Subordinate Educational Service will be made by the Panel Committee of the Dacca Range in August 1943. Applications (in duplicate) in the annexed form with the necessary certificates will be received by the Inspector of Schools, Dacca Range, up to the 7th August 1943.

1. The posts to which recruitment will be made and the qualifications required for them are shown below:—

(*a*) English teachers in Government High and Normal Schools and Madrasahs—Only graduates, preferably with Honours degree, possessing a degree or diploma in teaching or first class M. A. or M. Sc. in subjects useful for school work. Preference will be given to those who have experience of teaching in recognised secondary schools.

(*b*) Sub-Inspectors of Schools—In addition to the above qualifications teaching experience of a satisfactory nature for not less than two years in recognised secondary schools.

(*c*) Special Sub-Inspectors of Schools—B.A., preferably with Honours in Arabic or Persian with a degree in teaching, or first class M.A. in Arabic or Persian and knows Urdu as well. Teaching experience of a satisfactory nature of not less than two years in recognised secondary schools.

2. No person shall be appointed as an English teacher or a Sub-Inspector of Schools who is not of good character and in all respects suitable for appointment to Government service.

3. Every candidate shall furnish certificates written not more than one year prior to the date of application from two responsible persons unconnected with his College or University, and not related to him, testifying to his private character.

4. No person shall be eligible for appointment who is not of sound health, good physique, and active habits and free from organic defect or bodily infirmity and in respect of whom the department is satisfied that he is physically fit and in all respects suitable for appointment to Government service.

5. No person shall be eligible for appointment who has endeavoured to enlist for his candidature the support of persons of influence or of officials of Government. Spontaneous recommendations from persons interested in or otherwise known to the candidate shall be disregarded.

6. No person shall be considered for admission to the panel by the Panel Committee of the Dacca Range unless he is a permanent resident or permanently domiciled within the jurisdiction of the Dacca and Mymensingh districts.

7. Candidates should be under the age of 25 years. This condition may be relaxed by the Director of Public Instruction, Bengal, in the case of those who have worked satisfactorily as teachers for not less than two years in recognised Secondary Schools under private management or as a Sub-Inspector of Schools up to the age of 29 years on the 1st April 1943. *No candidate who is age-barred under this rule shall be admitted to the panel*, and if previously admitted a candidate shall have his name removed from the panel on his attaining the age of 30 years or on permanent appointment before that age.

8. No candidate shall apply simultaneously to more than one Inspector of Schools. Every candidate should state definitely if he has applied for nomination by any other Divisional Committee.

9. Every candidate should enclose with his application documents in support of his statement regarding (1) qualifications, academic and professional (M.A., B.A. M.Sc., B.Sc., B.T., diplomas), (2) date of birth (Matriculation certificate), (3) Training College record (from the Principal of the Training College), (4) home district (certificate from a gazetted officer), (5) character (certificate from a respectable gentleman), (6) subjects studied at the degree examination, both academic and professional (certificates from the Principal of the College in which he studied) and (7) details of teaching experience with dates and names of institutions (certificates from the authorities of the schools). Testimonials, if any, as to the candidate's ability as lecturer, teacher, etc., may also be produced.

10. Every candidate should state if he is a British subject; if not he should name the State in India to which he belongs.

11. A person can have only one domicile. In case a candidate claims to have more than one place of residence he should clearly state which one is his legal residence. This should be supported by documentary evidence (certificate from a gazetted officer).

12. The Divisional Panel Committee will interview the candidates, if necessary. The date of the interview will be communicated to them in due course and no travelling allowance will be allowed for the purpose.

NOTIFICATION.

Jalpaiguri, the 13th July 1943.

Rules for Examination in the Art and Practice of Teaching.

An examination in the Art and Practice of Teaching for teachers who teach through the medium of English employed in aided and unaided secondary schools in the Rajshahi Division will be held on the 1st September 1943, and the day following, if required, at the Jalpaiguri Zilla School.

The examination for teachers of all subjects taught through the medium of vernacular and for teachers of oriental classical languages employed in secondary schools will also be held at the same centre on the same dates.

2. The following teachers are eligible for examination:—

(*a*) Teachers who have passed the Matriculation Examination or some higher examination of a recognised University. The examination of these teachers will be conducted through the medium of English or vernacular according to their option.

(*b*) Teachers of vernacular subjects who have passed the Middle Scholarship Examination or the terminal examination at the end of the middle stage of instruction or the Junior Madrasah Examination. The examination of these teachers will be conducted only in the vernacular.

(*c*) Pandits and Maulvis employed in teaching oriental classical languages other than Pandits in Sanskrit Tols and Maulvis in Madrasahs. They may be permitted to appear at the examination and at their option may be examined either in English or in vernacular.

3. The examination will consist of—

(*a*) A practical test in class control, the candidate being required to keep a class of at least a dozen boys attentive and fully occupied throughout a lesson.

(*b*) A practical test of teaching ability, the candidate being required to give two lessons on any two of the following subjects:—

(*i*) Science, Nature Study, Hygiene, English, Bengali, History, Geography, Arithmetic, Algebra or Geometry.

(*ii*) A written test for one and a half hours in which the Inspector of Schools or other examiners will set questions in the art of teaching, object lesson, class management, organisation and discipline.

4. The following books are recommended:—

(*a*) *For teachers teaching through the medium of vernacular.*

(1) Teachers' Manual by Khan Bahadur Ahsanullah.

(2) Bidyalaya Bisayak Bibidha Bidhan by A. N. Adhikari.

(3) Siksha Bijnan by Khan Bahadur Abdur Rahman Khan.

(4) Byabaharik Manobijnan by S. C. Brahmachari.

(5) Padtika Likhibar Paddhati by Jagannath Dey

(*b*) *For Matriculate and I.A. passed teachers teaching through the medium of English.*

(1) Educational Psychology by Ross.

(2) Mental and Physical Life of School Children by Sandiford.

(3) The Play Way by Cook.

(4) Indian School Organisation and Inspection by M. P. West.

(5) Indian Teachers' Guide by P. Wren.

(6) Suggestions for the consideration of Teachers—Board of Education, London.

(7) How to Teach by Dumville.

(8) The English Nursery School by A. F. M. Abdul Huq.

(*c*) *For graduate teachers teaching through the medium of English.*

Nos. (1), (2), (4), (5) and (6) under Group (*b*), and the following books:—

(1) Education on Dalton Plan by Parkhurst.

(2) Principles of Education by Ruediger—George G. Harrap & Co., London.

(3) The Matter and Method of Teaching by V. Davies.

5. Intending candidates from High Schools, Government, aided and unaided, should send in their applications to this office through the Head Masters and teachers of Middle Schools and Junior Madrasahs through the District Inspector of Schools at least ten days before the date of the examination. Every candidate will be required to produce his University or other certificates at the time of the examination. A statement containing information on the following points should accompany the application:—

(1) Name (in full).

(2) Father's name (in full).

(3) Age on the 1st September 1943.

(4) Native district, subdivision, village, post office.

(5) The last examination which the candidate passed and the year of passing.

(6) Period of service as a teacher.

(7) Present appointment with date (mention whether he is a teacher of English subjects or vernacular subjects or of oriental languages). Mention also the language through the medium of which the candidate wants to be examined.

(8) Two class subjects which the candidate wishes to offer for practical test in teaching.

(9) Signature of the candidate.

6. Every candidate must bring with him at the time of examination two lesson notes on the subjects in which he wishes to give lessons. These notes should be made over to the examiner at the time of the practical examination.

Candidates should state whether they sat for the examination previously, if so, how often, giving dates.

PART IVB—Bills introduced in the Bengal Legislative Council; Reports of Select Committees presented or to be presented to that Council; and Bills published before introduction in that Council.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 1121L.C.—16th July, 1943.—The following report of the Select Committee on the Bengal Public Gambling (Amendment) Bill, 1940, by Mr. Nur Ahmed, M.L.C., with the Bill embodying amendments recommended by the committee, is hereby published for general information.

S. K. D. GUPTA,
Secretary to the Bengal Legis. Council.

Report of the Select Committee on the Bengal Public Gambling (Amendment) Bill, 1940.

(AS INTRODUCED IN THE COUNCIL BY MR. NUR AHMED, M.L.C.)

We, the members of the Select Committee to which the Bengal Public Gambling (Amendment) Bill, 1940, was referred by a motion carried in the Council on the 22nd August, 1941, have the honour to submit this our final report with the Bill embodying amendments recommended by us. Matters recommended by us to be omitted have been printed in italics and enclosed in square brackets, and all new matters recommended by us to be inserted have been underlined.

2. The Committee met for the first time on the 8th September, 1941, and concluded their sitting on the 8th July, 1943.

3. The Bill has not been altered by our recommendation to an extent requiring republication.

4. The changes made by us are detailed below.

Long title and preamble.—We have made some drafting changes in the long title and preamble of the Bill.

Clause 1.—We have changed the year in the title of the Bill and have added a marginal note.

Clause 2.—We have omitted this clause as otherwise lottery, which is not under the scope of the Act, would in some form come under the scope of the Bill.

Clauses 3 and 4.—We have redrafted these clauses and have included the playing of any game of mixed skill and chance in any place of public amusement as defined in clause 3 of section 2 of the Bengal Places of Public Amusement Act, 1933, in the definition of "gaming" to make the playing of any such games in any place of public amusement punishable under this Act.

Clause 5.—We have redrafted this clause to make it in keeping with the Calcutta Police Act, 1866, and the Howrah Offences Act, 1857.

Clause 6.—We have made only some necessary drafting changes.

Clause 7.—We have made only some slight drafting changes in this clause.

Clause 8.—We have omitted this clause.

Clause 9.—We have omitted this clause as the provisions regarding games of chance and skill combined sought to be made by this clause have already been made in the redrafted clause 3 of the Bill.

Clause 10.—We have redrafted this clause in view of the omission of clause 8 of the Bill.

Clause 11.—We have redrafted this clause in view of the changes made in clause 5 of the Bill.

THE BENGAL PUBLIC GAMBLING (AMENDMENT) BILL, [*1940*] 1943.

A

BILL

[to further] further to amend the Bengal Public Gambling Act [of] 1867.

WHEREAS it is expedient [*to further*] further to amend the Bengal Public Gambling Act, 1867, [*in the manner appearing hereinafter for some purposes*] for the purposes and in the manner hereinafter appearing ; Ben. Act II of 1867.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bengal Public Gambling (Amendment) Act, [*1940*] 1943.

[**2.** *In section 1 of the Bengal Public Gambling Act, 1867, hereinafter to be called the said Act at the end of the definition of "Gaming" after the word "Lottery" the brackets and the figure "(i)" shall be omitted and the words "held exclusively for a charitable or educational or any other public purpose or purposes and not for purpose of any personal or individual gain ;" shall be added.*

3. *In section 1 of the said Act for the words beginning with "instruments of gaming include" and ending with "or facilitating gaming", the words "instrument of gaming include any article used as a subject, means or appurtenance of or for the purpose of carrying on or facilitating or in connection with gaming ; and any books, lists, tickets, forms or other document or documents used or intended to be used as a register or record or evidence of gaming" shall be substituted.*

4. *In section 1 of the said Act for the definition "common gaming house" the following shall be substituted, namely :—*

"Common gaming house" means any house, room, tent or enclosure or vehicle or vessel, or any space or place, whatsoever in which cards, dice, tables or other instrument or instruments are kept or used for gaming purposes—

(a) with a view to the profit or gain of any person owning, occupying or using, keeping such house, room, tent or enclosure or space, vehicle, vessel or place whether by way of charge for the use of such house, room, tent, enclosure, space, vehicle, vessel, place or instrument or otherwise howsoever ;

(b) with or without a view to such profit or gain if the gaming for the purpose of which such instruments are so kept or used is gaming on figures or numbers, or dates, to be subsequently ascertained or in the occurrence or non-occurrence of any natural event.]

Amendment of section 1 of Bengal Act II of 1867.

3. In section 1 of the Bengal Public Gambling Act, 1867 (hereinafter referred to as the said Act)—

(*a*) in the definition of "gaming", after the words and figures "Bengal Amusements Tax Act, 1922," the words and figures "and also includes playing any game of mixed skill and chance for money or reward in any place of public amusement as defined in clause (3) of section 2 of the Bengal Places of Public Amusement Act, 1933" shall be inserted ; Ben. Act X of 1933.

(*b*) for the definition of "instruments of gaming" the following definition shall be substituted, namely :—

"'instruments of gaming' include any article used as a subject, means or appurtenance of, or for the purpose of carrying on or facilitating or in connection with, gaming and any books, lists, tickets, forms or other documents used or intended to be used as a register or record or evidence of gaming ; and ;" and

The Bengal Public Gambling (Amendment) Bill, [1940] 1943.

(*Clauses 5—6.*)

(c) for the definition of "Common gaming-house" the following definition shall be substituted, namely :—

"'Common gaming-house' means any house, room, tent, enclosure, vehicle, vessel or any space or place whatsoever—

(i) in which cards, dice, tables or other instruments of gaming are kept or used for gaming, other than the gaming referred to in sub-clause (ii) of this clause, or

(ii) in which gaming on figures or numbers or dates to be subsequently ascertained or on the occurrence or non-occurrence of any natural event takes place, or instruments of gaming are kept or used for such gaming,

for the profit or gain of the person owning, occupying, using or keeping such house, room, tent, enclosure, vehicle, vessel, space or place whether by way of charge for the use of such house, room, tent, enclosure, vehicle, vessel, space or place or instruments of gaming or otherwise howsoever".

[**5.** *For section 2 of the said Act, the following shall be substituted as section 2, namely* :—

"2. *This Act extends to the whole of the Presidency of Bengal with the exception of the city of Calcutta as defined in the Calcutta Municipal Act of 1923.*"]

Substitution of new section for section 2

5. For section 2 of the said Act the following section shall be substituted, namely :—

"2. Sections 7, 11 and 13 shall apply to the whole of Bengal and the remaining provisions of this Act shall apply to the whole of Bengal except the town of Calcutta as defined in section 3 of the Calcutta Police Act, 1866, and the area in which the Howrah Offences Act, 1857, is in force".

Application of the Act.

Ben. Act IV of 1866

XXI of 1857

Amendment of sections 3, 4, 5 and 6

6. In sections 3, 4, 5 and 6 of the said Act for the words "[*House, walled enclosure, room or place*] house, tent, room, space or walled enclosure" wherever they occur, the words "house, room, tent, enclosure, [*space,*] vehicle, vessel, space or place" shall be substituted.

The Bengal Public Gambling (Amendment) Bill, [1940] 1943.

(Clauses 7—11.)

Amendment of section 3

7. In section 3 of the said Act, for the last paragraph, the following paragraph shall be substituted, namely :—

"[*Shall*] shall be punished—

(*a*) for a first offence with imprisonment of either description which may extend to three months or with fine which may extend to five hundred rupees ;

(*b*) for a second offence with imprisonment which may extend to six months and in the absence of special reasons to the contrary to be [*mentioned*] recorded in the judgment of the court, shall not be less than seven days either with or without fine which may extend to one thousand rupees ; and

(*c*) for a third offence or subsequent offence with imprisonment which may extend to six months and, in the absence of special reasons to the contrary to be [*mentioned*] recorded in the judgment of the court shall not be less than one month together with fine which may extend to one thousand rupees."

[**8.** *At the end of section 4 of the said Act, the following shall be added as section 4A, namely* :—

"*4A. Whoever having been convicted of an offence punishable under section 4 shall again be convicted of any offence punishable under that section shall be liable for every such subsequent offence to double the amount of punishment to which he would have been liable for the first commission of an offence of the same description.*"

9. *For section 11A of the said Act, the following shall be substituted as section 11A, namely* :—

"*11A. Nothing in this Act shall apply to any game of mere skill, as distinguished from a game of chance or a game of chance and skill combined, unless it is carried on in a common gaming house.*"]

Amendment of section 13.

10. In section 13 of the said Act, [*in 2nd line*] after the words "this Act" the words and figure "except under section[*s*] 3 [*and 4*]" shall be inserted.

[**11.** *For section 16 of the said Act, the following shall be substituted as section 16, namely* :—

"*16. The provisions of sections 7 and 11 shall apply to the city of Calcutta and to the suburbs of the town of Calcutta as the same may be from time to time defined by any notification published by the Provincial Government in pursuance of the Calcutta and Suburban Police Act, 1866, and the provisions of all sections of this Act shall apply to the other parts of Bengal.*"]

Repeal of section 16.

11. Section 16 of the said Act is hereby repealed.

DEPARTMENT OF AGRICULTURE, BENGAL.

PRELIMINARY FORECAST OF THE JUTE CROP OF BENGAL, 1943.

[NOTE.—**On an average of the five years ending 1940-41, the areas under Jute in the Province of Bengal and the States of Cooch Behar and Tripura to which this forecast relates, represent some 80·3 and 1·3 per cent. respectively of the total area under Jute in India.**]

The preliminary Forecast deals with the area and the condition of the crop at the time of publication of this forecast. It is not a forecast of the outturn. With the coming into force of the Bengal Jute Regulation Act, 1940, the area shown represents the licensed acreage which will require modifications in the ensuing final forecast in September next when the examination of Jute lands under section 14 of the Act is completed.

Area in 1943. In Bengal excluding Cooch Behar and Tripura States the returns for the licensed acreage show a total of 2,559,025 acres as against 2,704,075 acres (revised) last year with certain modifications as shown in the Final Forecast, 1942. It is reported that a considerable portion of the aforesaid licensed areas has been put under Aus Paddy instead of Jute. The areas reported by the States of Cooch Behar and Tripura are 23,720 and 12,000 acres respectively against 36,880 and 15,000 acres last year.

Character of the season.—The season opened with good rainfall and the preparation of low and midlands in East and North Bengal was almost completed by the end of March. Sowings commenced in normal time and under favourable weather conditions. In some West Bengal districts, however, the weather at the outset was hot and dry. The growth of the plants was retarded in a number of North Bengal districts due to excessive rain; while, on the other hand, a spell of prolonged drought in May caused some damage in certain East and West Bengal districts. Monsoon showers since the last week of May have, however, improved the prospects and the crop has been making satisfactory progress. A spell of sunny weather would now be most beneficial for the crop.

Present state of the crop.—The condition of the crop is generally promising and it is in a thriving condition.

Stock.—There is no considerable stock in the hands of cultivators.

M. CARBERY,
Director of Agriculture, Bengal.

Calcutta, the 16th July 1943.

DEPARTMENT OF AGRICULTURE, BIHAR.

PRELIMINARY FORECAST OF THE JUTE CROP OF BIHAR, 1943.

NOTE.—On an average of the five years ending 1940-41, the area under Jute in Bihar to which this forecast relates has represented some 10·0 per cent. of the total area under Jute in India.]

The present forecast deals only with the estimated area sown. It gives also a general survey of prospects but makes no reference to the probable outturn either in percentage figures or in bales.

Acreage.—I estimate the area sown during the current and four preceding years, in round numbers, as follows:—

Year.	Acres.
1939	265,500*
1940	282,200
1941	242,500
1942	232,900
1943	202,300

*Revised.

Weather conditions.—In March very light rain fell in parts of Purnea and the Santal Parganas and there was no rain in the rest of the jute-growing districts. The rainfall in April, however, was sufficient and above the normal everywhere. In May again below-the-normal rain fell in all the jute-growing districts except Purnea where the fall was slightly above the normal. The weather conditions were generally favourable and the sowings began at the normal times.

District returns.—Last year's area under jute was finally estimated at 232,900 acres. The total area under jute this year is estimated by the District Officers in round figures at 202,300 acres. The decrease in area is due mainly to greater areas having been put under food crops in Purnea.

Condition and prospects.—The present condition of the crop particularly in the low lands of the main jute-growing district of Purnea has been rendered unsatisfactory by the recent untimely heavy rainfall.

General.—The quantity of jute which remains in the province from the crops of 1942 is reported to be much due to transport difficulties in the main jute-growing district of Purnea.

The statement below compares the estimated area under jute in this province this year with the preliminary and final figures of last year:—

DEPARTMENT OF DEVELOPMENT, ORISSA.

PRELIMINARY FORECAST OF THE JUTE CROP OF ORISSA, 1943.

[NOTE. On an average of the five years ending 1940-1941 the area under jute in Orissa to which this forecast relates, represents about 0·6 per cent. of the total area under jute in India.]

Explanatory.—The present forecast deals only with the estimates of area sown and condition of the crop up to the first week of June. It makes no reference to the probable outturn either in percentage figures or in bales.

Acreage.—The total area sown is estimated at 13,200 acres against 23,500 acres in the final forecast of the preceding year. The sowing is still in progress.

Character of the season.—The weather was favourable in all the three districts.

Condition and prospects.—The condition of the crop is fair.

DEPARTMENT OF AGRICULTURE, ASSAM.

PRELIMINARY FORECAST OF THE JUTE CROP OF ASSAM, 1943.

[NOTE.—On the average of the five years ending 1940-41 the area under jute in Assam has represented some 7·6 per cent. of the total area under jute in India.]

Season.—Weather was favourable for the cultivation and growth of the crop in the districts of Cachar, Sylhet, Sibsagar and Garo Hills, and unfavourable in the other districts. In Goalpara continuous and heavy rain damaged the crop to a very great extent; and constant rainfall interfered with weeding operations in some districts. The present condition of the crop is good in Sylhet, Cachar, Sibsagar and Garo Hills, and "not good" in others.

Area sown.—The total area under jute as estimated by the Deputy Commissioners is 174,559 acres against 284,400 acres (revised) of last year. The decrease in area is due to (*i*) cultivation of more food crops, (*ii*) low price of jute, and (*iii*) unfavourable weather in some districts.

Stock.—According to the reports of the Deputy Commissioners little jute remains in stock from last year's crop.

	Acres.	Acres.	Acres.	Acres	Acres.			
Cachar (Plains) ..	300	400	239	..	161	Nil	Middle of April. Normal	The decrease in area is due to the cultivation of more food crops and low prices of jute. The character of weather since sowing time and its effect on the cultivation and growth of the crop have been good The present condition of the crop is good.
Sylhet ..	40,200	64,900	28,000	..	36,900	Nil ..	Ditto ..	The decrease in area is due to the propaganda for growing more food crops and due to lower prices obtained for jute compared to food crops prices. Weather since the sowing time has been favourable and its effect on the cultivation and growth of the crop good. The present condition of the crop is good.
Goalpara ..	80,000	84,000	65,000	..	19,000	Little ..	Middle of March. Normal.	The decrease in area is due to low price of jute and unfavourable weather at sowing time. The character of weather since the sowing time and its effect on the cultivation and growth of the crop have been bad; and continuous and heavy rain have damaged the crop to a very great extent. The present condition of the crop is not good.
Kamrup ..	61,000	53,100	30,000	..	23,100	Do .	First week of April. Normal	The decrease in area is due to unfavourable weather and increase of autumn paddy cultivation in place of jute. Weather since the sowing time has been very bad due to excessive rain and its effect on the cultivation and growth of the crop bad. The present condition of the crop is not good.
Darrang ..	21,600	16,200	10,000	..	6,200	Do.	First week of March. Early.	The decrease in area is due to the propaganda for growing more food crops, unfavourable weather and fall in the price of jute. Weather since the sowing time has been unfavourable with constant rain, which particularly interfered with weeding operations. The present condition of the crop is not good.
Nowgong ..	70,000	57,400	33,620	..	23,780	Do. .	Middle of March. Normal.	The decrease in area is due to the propaganda for growing more food crops, particularly paddy. The weather was fair at the sowing time, but turned bad thereafter. Constant rain hampered weeding and retarded growth. The present condition of the crop is not good.
Sibsagar ..	700	900	1,000	100	..	Nil ..	Middle of April. Normal.	The increase in area is due to growers' anticipation of better price. The character of weather and its effect on the cultivation and growth of the crop have been generally favourable. The present condition of the crop is good.
Lakhimpur ..	3,000	4,000	2,500	..	1,500	Little ..	First week of April. Normal.	The decrease in area is due to low price of jute. Weather and its effect on the cultivation and growth of the crop have been unfavourable; some damage has been done by flood and the condition of the standing crop is not good.
Garo Hills (Plains)	6,200	3,500	4,200	700	..	Nil ..	Middle of April. Early.	The increase in area is due to favourable weather. The character of weather since the sowing time and its effect on the cultivation and growth of the crop have been good. The present condition of the crop is good.

Public Health

NOTIFICATIONS.

Chittagong.—No. 602C./P.H.—15th July 1943.—Whereas the Governor is satisfied that the district of Chittagong is threatened with an outbreak of cholera:

Now, therefore, in exercise of the power conferred by section 2A, read with sub-section (*1*) of section 2 of the Epidemic Diseases Act, 1897 (Act III of 1897), the Governor of Bengal is pleased to prescribe the following temporary regulations, for a period of three months, for the prevention and control of cholera, and for the medical inspection, isolation, observation and surveillance of persons suffering from, or suspected of being infected with, cholera in the said district.

Temporary regulations for the prevention and control of cholera.

1. In these regulations, unless there is anything repugnant in the subject or context:—

(*a*) "District Health Officer" means the Health Officer of the district appointed by the District Board under sub-section (*3*) of section 91 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885);

(*b*) "Sanitary Inspector" means a Sanitary Inspector appointed by the District Board under sub-section (*3*) of section 91 of the Bengal Local Self-Government Act of 1885;

(*c*) "Board" means a District Board constituted under the Bengal Local Self-Government Act of 1885;

(*d*) "Union Board" means a Union Board constituted under the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919);

(*e*) "suspected cholera" means any disease accompanied by vomiting and diarrhœa;

(*f*) "patient" means a person suffering from or suspected to be suffering from cholera;

(*g*) "medical practitioner" means any person practising the medical profession.

2. Whenever any land is held jointly by two or more persons, whether as owners or occupiers of that land, such persons shall be held jointly and severally liable for carrying out any measure ordered in a notice under these regulations, and the names of any one or more of such joint-holders may be entered upon such notice at the discretion of the District Health Officer and the District Health Officer shall not be bound to enter the names of all the joint-holders in the notice.

Notices.

3. If in any case the District Health Officer considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he

may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the District Health Officer has, by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the District Health Officer shall be entitled to carry out the measure.

Costs and compensation.

5. (*1*) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the Board except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by that person:

Provided that where the conditions, which led the District Health Officer to pass such an order, are not attributable to any act or default of the persons in possession of the property, the Board may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(*2*) The Board may recover all expenses incurred by the District Health Officer in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

6. The Board shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the District Health Officer.

Location of disease.

7. When a case of cholera or suspected cholera occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, some male inmate of the house shall, within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing or by means of the chaukidar or other village watchman to the nearest Sanitary Inspector.

8. (*1*) If information has not already been given under regulation 7, the medical practitioner called in to attend upon any case of cholera shall forthwith give notice of the case by special messenger to the nearest Sanitary Inspector and by post to the District Health Officer and the cost of such messenger in each case shall be defrayed by the Board.

(*2*) The doctor-in-charge of a hospital or a dispensary within the district shall forthwith give notice of any case of cholera brought to such hospital or dispensary for treatment to the nearest Sanitary Inspector by a special messenger and to the District Health Officer by post and the cost of such messenger in each case shall be defrayed by the Board.

9. Presidents of Union Boards in union board areas and thana officers in non-union board areas shall supply to the District Health Officer such periodical returns of cases of cholera as he may from time to time call upon them to furnish.

10. The District Health Officer or a Sanitary Inspector may examine any person who is, or suspected to be, suffering from cholera or who, in his opinion, may be infected with or likely to spread cholera.

Isolation of patients and evacuation of houses, etc.

11. When the District Health Officer or a Sanitary Inspector considers that the isolation of any patient is a precaution necessary for the protection of the neighbouring population, he shall order the patient to observe isolation and may order the nearest relative in attendance on the patient, or the occupier of the house in which the patient is staying, to arrange for the isolation of the patient in such a manner and for such a time as may be approved by the District Health Officer or the Sanitary Inspector.

He shall not direct the patient to be removed from the house unless it is in his opinion impossible to make proper arrangements for his isolation therein.

12. The District Health Officer or a Sanitary Inspector may order that any person, who has in his opinion been exposed to infection from cholera, shall take such drugs in such quantities as may be specified by the District Health Officer or Sanitary Inspector or shall submit himself to anti-cholera inoculation within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 11 without the permission of the District Health Officer or a Sanitary Inspector.

14. The Board shall provide free of charge suitable places with necessary attendants, medicine, diet and other necessaries for persons isolated under regulation 11: Provided that a private individual may provide places certified by the District Health Officer as being fit for the purpose of such isolation.

15. No person, who is or has been suffering from cholera, shall leave the place where he has been staying until he has received from the District Health Officer or a Sanitary Inspector written permission to do so.

16. The District Health Officer or a Sanitary Inspector may require any person to allow to be carried out by such agency and within such time as may be specified in the order, such measures for the disinfection or evacuation of any premises in the occupation of such person or for the disinfection or destruction of any of his personal effects, as the said officer or inspector may consider necessary.

16A. The District Health Officer or a Sanitary Inspector authorised by the District Health Officer in writing in that behalf may during the prevalence of any outbreak of cholera order that any bazar, shop or other public place shall remain closed for such time as may appear to him to be necessary and may forbid the holding of any fair, *mela* or other gathering to which people from several villages commonly or periodically resort.

17. The District Health Officer or a Sanitary Inspector may direct the owner or occupier of any premises to cause to be inoculated with anti-cholera vaccine within a time to be specified in the order any person residing on such premises and under the control of such owner or occupier if the District Health Officer or Sanitary Inspector is of opinion that such person has been exposed to infection from cholera.

18. The District Health Officer or a Sanitary Inspector may forbid any person who has been a patient or who has, to his knowledge, been in contact with a patient, to act as vendor of any article for such period as may be specified in the order.

18A. No person shall carry or permit to be carried in a public conveyance a patient except in the case where a patient is carried with proper precautions to a hospital.

19. No person shall sell any article which has been in contact with a patient until it has been disinfected to the satisfaction of the District Health Officer or a Sanitary Inspector.

19A. No person shall expose in any street, shop, bazar or any public place any clothing, bedding or other article which has been in contact

with a patient or shall cause or suffer such articles to be carried in any public conveyance, but nothing in this regulation shall apply to a person who transmits with proper precautions against spreading the disease any such article for the purpose of having the same disinfected.

19B. No person shall carry or permit to be carried in a public conveyance the dead body of any person who has died of cholera without the previous written permission of the District Health Officer or Sanitary Inspector, and without taking proper precautions against spreading the said disease.

Water-supply.

20. (*1*) When the District Health Officer or a Sanitary Inspector is of opinion that the water in any well, tank, pool or other possible source of water-supply is contaminated or is likely to be contaminated, he may at once take such steps as he deems necessary to close such well, tank, pool or other source of water-supply, or may require the owner or occupier of land upon which such well, tank, pool or source of water-supply is situated, to take steps to close the same to the satisfaction of the District Health Officer or the Sanitary Inspector, as the case may be, within such time as may be specified in the order.

(*2*) The District Health Officer or a Sanitary Inspector may require such owner or occupier to keep closed during such a period as shall be specified in the order any well, tank, pool or other sources of water-supply closed under paragraph (*1*) of this regulation.

Explanation.—In this regulation, "to close" includes the placing of chaukidars to prevent access to the well, tank, pool or other source of water-supply.

21. When the District Health Officer or a Sanitary Inspector is of opinion that the water in any well, tank, pool or source of water-supply is contaminated he may disinfect it or order its owner or occupier to disinfect it with such disinfectants as he may specify in such quantities and at such times as he may think fit.

22. The District Health Officer or a Sanitary Inspector may prohibit persons from entering into or using for drinking, bathing, or any other purpose, during such period as may be specified in the order, the water in any well, tank, pool or other possible source of water-supply, which, in his opinion, is contaminated or likely to be contaminated.

23. The District Health Officer or a Sanitary Inspector may, by an order published at such places as he may think fit, set apart any well, tank, part of a river, stream or channel not being private property, or being private property with the consent of the owner, for the supply of water for drinking or culinary purposes and may prohibit therein or within a distance therefrom to be stated in the order all bathing, washing of clothes or animals, or other acts calculated to pollute the water; and may similarly set apart any well, tank, part of a river, stream or channel for the purpose of bathing or for the purpose of washing animals or clothes or for any other purpose connected with the health and cleanliness of the people using such water-supply.

24. The District Health Officer or a Sanitary Inspector may prohibit persons from easing themselves, or throwing, depositing or discharging any rubbish, sewage or offensive matter, into any well, tank, pool or other source of water-supply, which is used by the public, or within such a distance from such well, tank, pool or source of water-supply as he may fix.

Conservancy and sewage disposal.

25. The District Health Officer or a Sanitary Inspector may (1) prohibit the committal or continuance of any nuisance, or (2) require the person causing any nuisance or the person occupying the premises on which any nuisance exists to remove such nuisance.

Explanation.—In this regulation, "nuisance" means anything which in the opinion of the District Health Officer or Sanitary Inspector is likely to spread or to cause the outbreak of cholera.

26. Whenever the District Health Officer or a Sanitary Inspector is satisfied that the condition of any privy, urinal, drain, sewer or cess-pool is such as to cause risk of spreading cholera to the inhabitants of the neighbourhood he may order the occupier of the land in which such privy, urinal, drain, sewer or cesspool is situated to disinfect, or to allow an officer of the Board to disinfect, the same with such disinfectants in such quantities and at such time as the said officer or inspector shall think fit.

27. The District Health Officer or a Sanitary Inspector may for the prevention of the outbreak or spread of cholera order the owner or occupier of any land to repair or make efficient to the satisfaction of that officer or inspector any drain, sewer, privy, urinal or cesspool which is situated upon such land or to remove any such drain, sewer, privy, or urinal or close any such cesspool within such time as may be fixed by the said officer or inspector.

Miscellaneous.

28. The District Health Officer or a Sanitary Inspector may during the prevalence of any outbreak of cholera order that any market, shop or other public place shall remain closed for such time as may appear to him to be necessary and may forbit the holding of any fair, *mela* or other gathering to which people from several villages commonly or periodically resort.

29. The District Health Officer or a Sanitary Inspector may require the owner or occupier of any land to clear and remove, within the period specified in the order, any vegetation upon such land the existence of which in the opinion of the said officer or inspector conduces to the committing of nuisances upon such land.

30. The District Health Officer or a Sanitary Inspector may issue general orders that by a specified date certain sanitary precautions of a simple nature, such as lime-washing of house, clearing of latrines or the removal of filth or rubbish shall be carried out to his satisfaction.

31. The District Health Officer or a Sanitary Inspector may prohibit persons from retaining or selling clothes taken from the bodies of persons who have died of cholera and may cause any such clothes to be destroyed.

32. No person shall, without the written permission of the District Health Officer or a Sanitary Inspector, dispose of any corpse except by burning or burial.

33. The District Health Officer may approve burning or burial grounds and may by order direct either generally or specially in respect to any specified area, that corpses shall not be burnt or buried at places other than those so approved by him.

34. Any person burning or causing to be burnt any corpse shall cause the same to be completely reduced to ashes, and shall likewise cause the clothes or other articles brought with such corpse to be reduced to ashes.

35. The District Health Officer may direct that no person shall bury or cause to be buried any corpse which, in the opinion of the District Health Officer, is likely to spread cholera in a grave not constructed of masonry and less than six feet deep.

36. The District Health Officer may order that no *dome* or other servant of the Board employed for the disposal of corpses shall withdraw from his duties without the permission of the District Health Officer unless such *dome* or other servant

of the Board has given notice in writing not less than one month previously of his intention so to withdraw.

37. The District Health Officer or a Sanitary Inspector may through any person authorised by such officer or inspector in that behalf seize and dispose of any corpse, which in the opinion of the said officer or inspector, is infected with or is likely to spread cholera, unless the relatives or friends of the deceased person satisfy him that they are prepared and able to dispose of the corpse in a manner which will prevent the spread of cholera.

38. (*1*) The District Health Officer or Sanitary Inspector may require any person who appears to be acquainted with facts in connection with any case of cholera or suspected cholera to attend before him at a time to be stated in the order and at any place not more than one mile from the place where such person resides or is staying when the order is issued, and such person shall appear as so required.

(*2*) When the person summoned to appear under paragraph (*1*) is a female who, by the custom of the country, does not appear in public suitable precaution shall be taken to respect the said custom.

39. (*1*) The District Health Officer or a Sanitary Inspector may examine orally any person who appears to be acquainted with the facts and circumstances of a case of cholera or suspected cholera.

(*2*) When the person to be examined under paragraph (*1*) is a female who, by the custom of the country, does not appear in public, the officer shall take her statement under such conditions as shall admit of due respect to the said custom.

(*3*) Such person shall be bound to answer all questions relating to such case put to him or her by such officer, other than questions the answers to which would have a tendency to expose him or her to any criminal charge.

40. The District Health Officer or a Sanitary Inspector may, with such assistants (if any) as he thinks fit, enter upon any land, or after two hours' notice in writing, into any premises or buildings used for human habitation at any time between sunrise and sunset for the purpose of carrying out any measure or making any enquiries authorised by these regulations.

41. The crew of any inland steam-vessel or boat which plies in any canal or river and other persons residing on such vessel or boat shall be subject to these regulations.

42. All inoculations under these regulations shall be performed gratuitously.

43. (*i*) Orders issued by the District Health Officer or a Sanitary Inspector under these regulations shall be in writing.

(*ii*) The officer issuing such orders shall cause copies of them to be served upon any persons named in them.

NOTIFICATION.

Rajshahi, the 6th July 1943.

Brajamohan Dutt Prize for Indian Ladies for the year 1942-43.

The following subject has been selected for "Babu Brajamohan Dutt Prize" of Rs. 45 for the year 1942-43:—

Aswini Kumar Dutt—A critical study.

The conditions for the award of the prize are—

(1) That the competition be open to all educated women, being natives of Bengal, without regard to age.

(2) That the prize of Rs. 45 be given for an essay to be written either in Bengali or Sanskrit.

(3) That the essays be sent to the Provincial Text-book Committee for adjudication within six months of the date of advertisement.

(4) That each essay be accompanied by a written declaration from the husband, parent or guardian of the competitor that, to the best of his belief, she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays to the Secretary to the Provincial Text-book Committee, c/o Director of Public Instruction, Bengal, Rajshahi. The envelope containing the essay

should be superscribed "Brajamohan Dutt Prize Essay." The name of the successful competitor will be published in the *Calcutta Gazette*.

A lady who wins the prize in any year is not debarred from subsequent competition, and if the essay submitted by a competitor who has been previously successful is adjudged to be the best, the name of such a competitor will be published in the Gazette as the winnner of the competition. The actual prize will, however, in these circumstances, be awarded to the competitor whose essay is adjudged to stand next in order of merit, provided that her essay comes up to the standard required by the next clause.

If none of the essays comes up to a standard which is, in the opinion of the Examiners, adequate, no prize will be awarded.

Methane and ethane and their simple derivatives, viz., Halogen derivatives, Alcohols, Ethers, Aldehydes, Ketones, Acids, Esters, Acetyl Chloride, Acetic Anhydride, Actamide, Amines, Cyanagen compounds, Ethylene, Acetylene, Glycol, Glycerine, Lactic Acid, Oxalic Acid, Succinic Acid, Malic Acid, Citric Acid, Tartaric Acid, Urea.

Benzene and Toluene and their simple derivatives, viz.:—Monohaloid, Nitro, Amino, Hydroxy, and Sulphuric Acid, Benzyl Alcohol, Benzaldehyde, Acetophenone, Benzoic Acid and Salicylic Acid.

Practical: Detection of the following organic compounds given as single substances:—Chloroform, methyl alcohol, ethyl alcohol, Formic acid, Acetic acid, Oxalic acid, Succinic Acid, Citric Acid, Tartaric acid, Glucose, Starch and Cane Sugar.

Benzaldehyde, Benzoic acid, Phenol, Salicylic Acid and Aniline.

Paper II.—Physical Chemistry, Colloid Chemistry and Soil Science.

GROUP A.

Physical Chemistry and Colloid Chemistry:—

Theoretical:—Laws of Chemical combination by weight and volume, Atomic theory, Avogadro's hypothesis and its application, Law of conservation of energy.

Elementary knowledge of (1) The kinetic theory of gases, (2) Thermal changes accompanying chemical reactions, (3) Theory of solutions, (4) Osmosis, (5) Laws of electrolysis, (6) Molecular conductivity, (7) Electrolytic dissociation theory, Hydrolysis of salts, (8) Concentration and gas cells, (9) Determination of hydrogen ion concentration, (10) Law of mass action.

Colloids: Elementary knowledge of (1) Methods of preparation of colloids, (2) Properties of colloidal solutions, *e.g.*, Tyndall effect, Viscosity, Surface tension, Osmotic pressure, Brownian movement, coagulation and peptisation, (3) Settling of suspensions, (4) Adsorption, (5) Cataphoresis and Electro-osmosis, (6) Protective colloids, (7) Colloidal Electrolyte, (8) Isoelectric point, (9) Emulsion, (10) Gels and their properties.

Practical:—

(1) Determination of hydrogen ion concentration by Quinhydrone method.
(2) Measurement of Viscosity.
(3) Adsorption of acetic acid by animal charcoal.
(4) Applicability of Valency rule in Coagulation.
(5) Determination of molecular conductivity.
(6) Polarimetric estimation of Sugars.
(7) Preparation of sols and gels of (*i*) Ferric hydroxide, (*ii*) Silicic acid, (*iii*) Aluminium hydroxide.

GROUP B.

Soil Science:—

Theoretical:—The origin of soil, structural basis of mineral soils. The main types of geological deposits, their occurrences and the conditions for their formations.

The Science of pedology. Weathering processes and development of the soil profiles. Nature of Sub-soils. How soil profiles are modified by agricultural operations. Pan formation, Soil Erosion.

The nature and usefulness of sand, silt, clay, organic matter and calcium carbonate from agricultural point of view. Distinction between crystalline and amorphous products of weathering.

General principles of mechanical analysis. The relation between the properties of soils and their mechanical analysis. Soil textures and soil crumbs and their influence in determining the plant growth.

Some general ideas regarding the nature of soil colloids. Base exchange in soils. Soil reaction, acidity and lime requirements. Roles of essential plant nutrients with special reference to phosphorus, nitrogens and potassium. Total and available plant food material, how made available by agricultural operations. Determination of available plant nutrient in soils. Artificial fertilisers. Influence of Base-exchange phenomenon in soil formation processes. True and apparent density of soils. Pore space. Heat relationships. Shrinkage, Plasticity, Soil moisture constants. Soil temperature. Surface and sub-soil drainage of rainwater.

Practical:—

1. Chemical analysis of soils: silica and sesquioxides.
2. Determination of organic carbon in soil by wet combustion method.
3. Determination of total nitrogen in soil by Kjeldahl's method.
4. Determination of more important available soil nutrients (P, K, Nitrate-N, and Ammonia-N).
5. Determination of percentage of carbonates in soils.

6. Determination of total exchangeable bases and lime requirements of soils. Determination of the degree of saturation.
7. Mechanical analyses of soils.
8. Determination pH of soils by colorimetric method.
9. Determination of maximum water-holding capacity of soils.
10. Determination of percentage of sticky point moisture in soils.

Paper III.—Biochemistry, Bacteriology and Soil Microbiology.

GROUP A.

Biochemistry:—

Theoretical:—Carbohydrates; classification and general knowledge, Photosynthesis. Proteins: Their composition and hydrolysis, amino-acids, group analysis by Van Slyke and other important methods. Colloidal behaviour and iso-electric point of protein solutions. General reactions of Proteins. Protein—classification. Metabolism in plants.

Lipoids, waxes and fats. Classification of fatty acids. Methods for the characterisation of fats and oils, rancidity of fats and oils. Metabolism of fats.

Enzymes: Classification and general properties. Study of the principal enzymes.

Foodstuff: Composition, digestion in human system, Absorption. Metabolism including inorganic metabolism.

Vitamins: General knowledge of occurrence, and properties. General knowledge of Hormones.

Practical:—Examination of sugars, starches, cellulose, gums, proteids, and fats. Determination of proteids, carbohydrates, ether extracts, fibre, mineral matter and sand from feeding stuffs. Determination of Glucose and Sucrose from sugar containing materials. Hydrolysis of proteins by pepsin.

GROUP B.

Bacteriology:—

Theoretical:—Introduction to the study of Bacteriology. The position of the bacteria in the plant kingdom. Morphology and classification.

Cultural methods. Methods for studying physiological characters, Physiology of bacteria, effect of physical and chemical changes in bacteria, enzymes and fermentation.

Relation of micro-organisms to the preservation of food.

Fermentation of carbohydrates Lactic, butyric, acetic and citric fermentation of polysaccharides and fats. Decomposition of organic nitrogenous compounds. Bacteriology of water and sewage.

Soil Microbiology and Industrial Bacteriology:—

Theoretical:—General distribution of soil micro-organism and the main biochemical reaction. Origin and development of Soil Microbiology. Bacteria in relation to the organic matter in the soil. Decay, fermentation, putrification, green manuring. Bacteria and their relation to nitrification, dentrification and nitrogen fixation.

Elementary study of Algae, fungi and protozoa in the soil.

Bacteriology and Soil Microbiology:—

Practical:—Media—their composition and methods of preparation. Morphology-vegetative cells, capsules, spores, motility, staining reactions, Cultural characters-agar stroke, nutrient broth, agar colonies, Physiological characters, temperature relations, relation to reaction of medium, indol production, H_2S production, relation to Oxygen, nitrate reduction, hydrolysis of starch, fermentation of sugars. Estimation of total number of bacteria in soil.

Paper IV—Physics.

GROUP A.

Area of plane surfaces applied to the measurement of land. Volume of tanks, ponds, wells.

Energy, work, power, conservation of energy. (Moment of inertia—Uniform thin rod, Rectangular lamina, Circular lamina, Rectangular solid), Rotational energy. Simple machines lever, inclined plane, screw, toothed wheel, capstan, pulley, windmill. Mechanical advantage of machines. Change of states of matter. Fluid pressure. Spirit level, Archemedes principle, Hydrostatic balance, Hydrometer, Barometer, Isobar, Suction pump, Force pump, Centrifugal pump. General ideas about Elasticity, Capillarity, Viscosity.

Boyle's Law of gases, Cooling produced by expansion of gases and heat produced by compression, Isothermal and adiabatic changes. Measurement of rainfall, rain gauge, First law of Thermodynamics, General ideas of the Second Law of Thermodynamics, Carnot's cycle, Efficiency, Steam engine, Oil engine.

General ideas about Telescope and Microscope.

GROUP B.

Electric Cells, Ohm's Law, Electrolysis, Storage Batteries, Ammeter, Voltmeter, Power. Measurement of Resistance, Voltage and Current. Simple Phenomena and laws of electromagnetics. General ideas of motors, dynamos and transformer.

Electric lighting.

Note.—Books will be recommended by the teacher in the class.

Paper V—Statistics.

GROUP A.

Presentation of data by graphs and charts. Measures of central tendency, dispersion, skewness and kurtosis. Fitting a straight line to data. Simple ideas on Probability. Binomial, Poisson and Normal distributions. Tests of significance of a mean, difference of two means (in the case of large and small samples), X^2-test of goodness of Fit and Independence. Regression and correlation. Use of X^2, t, z and F tables. Analysis of variance. Elementary ideas of design of Experiments. Randomized Block, Latin Square.

DEPARTMENT OF BIOLOGY.

B.Sc. Degree Examination, 1945.

Zoology Paper.—Zoology and Entomology.

Botany Paper I.—Morphology, Histology, Ecology, Systematic Botany, Economic Botany.

Botany Paper II.—Mycology and Physiology; Cytology, Genetics and Evolution.

Zoology Paper.—Zoology and Entomology.

I. *Non-Chordata*.—The general features and biology of the following representatives of the respective phylum:—

Phylum.	Class.	Example.
1. Protozoa ..	Rhizopoda ..	Amoeba.
	Sporozoa ..	Malarial parasite.
2. Coelenterata ..	Hydrozoa ..	Hydra.
3. Platyhelminthes	Trematoda ..	Liver-fluke (Fasciola hepatica.)
	Cestoda ..	Tapeworm (Taenia.)
4. Nemathelminthes.	Nematoda ..	Ascaris.
5. Arthropoda	Insecta ..	Cockroach and th portions included under Entomology.

II. *Chordata*.—(1) A general knowledge of the more important characters of fishes, amphibians, reptiles, birds and mammals treated in outline.

(2) Comparative anatomy of the following representatives of Craniata with reference to the following:—

(*i*) External characters.
(*ii*) The Endoskeleton.

(*iii*) The Alimentary canal with its associated glands.

(*iv*) The Respiratory system.

(*v*) The Circulatory system.

(*vi*) The Excretory system.

(*vii*) The Reproductive system.

(*viii*) Nervous system (except the details of the receptor organs).

Phylum.	Class.	Example.
Craniata ..	Amphibia ..	Frog.
	Mammalia ..	Rabbit.

(3) The ductless glands and their secretions treated in outline.

(4) The classification of tissues and their general character treated in some detail.

(5) Elementary physiology and histology of the various organs of the animal-body as illustrated by frog and rabbit.

III. *General.*—(6) The various types of reproduction in animals.

(7) Generalised account of the germinal layers and the organs derived from them.

IV. *Entomology.*—(1) The systematic position of the Insecta amongst Arthropoda; a general survey and classification of the phylum Arthropoda. A short classification of the Insecta.

(2) The External and internal anatomy of Cockroach.

(3) The external morphology of grasshopper, a beetle and a caterpillar.

4. The general organisation of Insecta with special reference to:—

(*i*) The Mouth parts.
(*ii*) The Wing-venation.
(*iii*) The Digestive system.
(*iv*) The Respiratory system.
(*v*) The Circulatory system.
(*vi*) The Excretory system.
(*vii*) The Reproductive system.

Practical:—

Zoology:—

1. The dissection of frog.
2. The osteology of frog.
3. The osteology of rabbit.
4. Study of Amoeba, Hydra, Liver-fluke and Tape-worm.
5. Histology of squamous epithelium, kidney, testes, ovary, liver, artery, vein, spleen, pancreas, blood, muscles, bones, cartilages, skin, nerve-cord, medullated nerve-fibre, non-medullated nerve-fibre, thymus and thyroid, stomach, intestine.
6. A general knowledge of the technique of slide preparation.

Entomology:—

1. External morphology of cockroach, grasshopper and a beetle.
2. Dissection of cockroach and grasshopper or gryllotalpa.
3. Examination of the mouth-parts of cockroach, grasshopper, bee, bug, mosquito and a house-fly.
4. Wing-Venation of Insects collected by the students and studied on the Comstock system of nomenclature, with special reference to Lepidoptera and Diptera.
5. Systematic study of the important orders of Insects collected by the students.
6. Comparative study of the antennae and legs in insects.

Note.—Books containing a complete record of Laboratory work and duly signed by the teacher concerned with dates together with the Insect collecting boxes of the respective students must be submitted before the examiner or examiners for the allotment of marks.

Books recommended:—

1. Text-book of Zoology by H. G. Wells and A. M. Davies, Latest edition (University Tutorial Press, Ltd.).
2. Comparative Anatomy of Animals, by Gilbert C. Bourne. Volumes I and II (G. Bell & Sons, Ltd., London).
3. Kingley's Comparative Anatomy of Vertebrates. (John Murray, London).
4. An Elementary Text-book of Zoology for Indian Students by Parker and B. L. Bhatia (Macmillan & Co.).
5. Vertebrate Zoology by De Beer.
6. Principles of Insect Morphology by R. E. Snodgrass (MacGraw Hill Book Co.).
7. A General Text-book of Entomology by A. D. Imms. (Methuen & Co., Ltd.)
8. An Introduction to Entomology by J. H. Comstock (Comstock Publishing Co., Ithaca, N. Y.).
9. The Principles of Insect Physiology, 1939, V. B. Wigglesworth.
10. Text-book of Agricultural Zoology by Theobald.

The examination will comprise one paper and a practical. Theory paper—100 marks.

Practical examination—50 marks (out of which 20 will be set apart for class records and the collection and identification of insects).

Papers I and II.—Botany.

There shall be two theoretical papers of 3 hours' duration and carrying 100 marks each:—each:—

Paper I.—Morphology, Histology, Ecology, Systematic Botany, Economic Botany.

Paper II.—Mycology and Physiology; Cytology, Genetics and Evolution.

The Practical Examination shall carry 100 marks of which 40 per cent. shall be reserved for class records and *Viva Voce.*

Courses.

Botany—Paper I.

1. Morphology: Principal parts of the seed-plant body; their size and form. External structure, development, classification and modifications of various plant organs, viz., Roots, Stems, Leaves and Flowers. Methods of vegetative Reproduction. Pollination and Fertilisation. Development of Fruit and Seed. Germination of seeds. Dormancy and Viability of seeds. Methods of Plant Dispersal. Control of Weeds.

2. Histology: A detailed knowledge of the cell and its contents; Cell-division. Primary and Secondary Tissues. A general knowledge of the anatomy of the vegetative and reproductive organs of Angiosperms, from the physiological and developmental point of view.

3. Ecology: An elementary knowledge of Plant Ecology with special reference to the influence of climate and other factors upon the vegetation of India in general, and Bengal in particular.

4. Systematic Botany: Elementary knowledge of the principles of classification. Outlines of the main systems of classification. An introduction to the structure and life history of the following groups as illustrated by the examples noted against each:—

Thallophytes: *Nostoc, Ulothrix, Spirogyra, Oedogonium* and *Fucus;* for "Fungi" see under Mycology.

Bryophytes: *Marchantia* and *Funaria.*

Pteridophytes: *Selaginella; Pteris* (or other Fern).

Gymnosperms: *Pinus.*

Angiosperms: Life-history. A knowledge of the distinguishing characters of the following families with special reference to their field and

garden crops and weeds:—Moraceae, Loranthaceae, Magnoliaceae, Papaveraceae, Cruciferae, Leguminosae, Rutaceae, Euphorbiaceae, Anacardiaceae, Tiliaceae, Malvaceae, Umbelliferae, Convolvulaceae Labiatae, Solanaceae, Acanthaceae, Scrophulariaceae, Rubiaceae, Cucurbitaceae, Compositae, Gramineae, Palmaceae, Liliaceae, Amaryllidaceae, Musaceae and Zingiberaceae.

5. Economic Botany: A general knowledge of the uses of plants and plant products with special reference to the Tropics.

Botany—Paper II.

6. Mycology: The study of Fungi as illustrated by the following representatives:—

Phycomycetes: *Mucor, Cystopus, Phytophthora.*

Ascomycetes: *Saccharomyces, Peziza, Erysiphe, Aspergillus, Penicillium.*

Basidiomycetes: *Ustilago, Puccinia, Polyporus, Agaricus.*

Deuteromycetes: *Cercospora.*

A general knowledge of plant diseases, caused by some of the above mentioned Fungi and a broad outline of the principles of control.

Observation of methods for investigating the life-history of a fungus including preparation of Culture media, Inoculation, etc.

7. Physiology: Absorption of water and salts; Transpiration; Carbon and Nitrogen assimilation; Respiration and Fermentation; Translocation and Storage of reserve foods; Enzymes and Digestion of foods; Growth and Movements.

8. Cytology, Genetics and Evolution: Structure of the nucleus; genes and chromosomes; mitosis; meiosis and gamete formation; syngamy; parthenogenesis; chromosome changes like haploidy, polyploidy, etc.

Variation; Natural Selection; Inheritance of acquired characters.

Mendel's Laws of Heredity; Linkage and crossing over; interaction of factors; inheritance of quantitative characters; multiple factors; Pure Lines; Hybridisation (interspecific and intergeneric); Sterility; Gene Mutation.

Practical:—

1. Making, staining and description of microscopical preparations of plants (Permanent mounts are not required).

2. The description of plants or parts of plants in technical language and referring them to their families.

3. Simple Physiological Experiments on: Water culture, Root pressure; Photosynthesis; Respiration; Movements of Growth; Germination.

4. Excursions shall be frequently made for the study and collection of plants in nature (especially fungi and weeds), and a record of the observations made in the field maintained.

5. The laboratory note-books and records of field work shall be inspected and marked by the examiners, and if they are found to be unsatisfactory, the candidates will be disqualified. Note-books which have not been signed at frequent intervals by the teachers under whom the candidate worked will not be accepted.

Books recommended:

1. Priestley and Scott—Structural Botany.
2. Strasburger—Text-book of Botany.
3. Brown—Plant Kingdom.
4. Colin—Elements of Genetics.
5. Sinnott and Dunn—Principles of Genetics.
6. Heald—Introduction to Plant Pathology.
7. Lowson and Sahni—Text-book of Indian Botany.
8. Maximov—Plant Physiology.
9. Stanford—Economic Plants.
10. Transeau and others—Text book of Botany.
11. Butler—Fungi and Disease in Plants.
12. McDougal—Plant Ecology.

DEPARTMENT OF AGRICULTURE.

B. Ag. Degree Examination, 1945.

"The courses of study for the Degree shall be as follows, and it is to be noted that at least half of the time allotted will be spent on practical work. Students must be prepared to undertake without question the prolonged manual labour and the inevitable repetition necessary to make them expert with their hands and in the handling of animals and implements, since it is by reason of that expertness, which alone he can judge, that they will gain afterwards the respect and trust of the cultivator."

Agriculture.

Soil.—The soils of the World, India and Bengal History and character of Bengal soils. Soil and sub-soil. Mineral and organic constituents. Cultivation and manurial treatment. Relations to water, heat and air. Control by the cultivator.

Tillage.—Deep and shallow ploughing, their use and abuse. Creation and maintenance of tilth by means of ploughs, cultivators, harrows, rakes, rollers, etc. Loose and firm seedbeds. Weed and moisture control. Layout of fields for cultivation by machines and animals

Fertility.—Natural and created fertility, causes and means of counteracting infertility and exhaustion of soils. Effect of distance from market. Soil erosion, its effects and prevention.

Irrigation—Needs of different crops and soils. Cost in different parts of India. Special problems of Bengal and systems suitable for them. Alkali Soils.

Drainage.—Reasons for and need under different soils and condition.

Manure and manuring.—Definition of manure. Substances essential for plant growth and the effects of deficiency. Sources of manures.

Principles underlying the manuring of crops. Variation in manuring according to soil peculiarity, crops' special requirements, etc. Classification of manures according to the ingredients they contain.

Nitrogenous manures.—Nitrate of Soda, Nitrate of Lime, Sulphate of Ammonia, Calcium Cyanamide, Ammonium Phosphate. Other manures supplying nitrogen:

Phosphatic Manures.—Superphosphate, Basic Slag, Rock Phosphates, Bone Manures, etc. The soils and crops for which most suitable, duration of effect.

Potash Manures.—Kainit, Sulphate of Potash, Muriate of Potash.

Organic Manures.

Farmyard Manure.—Composition and value. Reasons for variation and treatment to prevent loss in making. Methods of increasing bulk. Application.

Liquid Manure.

Green Manures; Oil Cakes; Guanos; Seaweed, etc.

Compound Fertilizers.

Lime.—Different forms. Its effect on soils. Indications of lack of lime.

Other materials of direct or indirect value as manures.—Salt, Sulphate of Iron, Manganese Oxide, etc.

Valuation and purchase of manures.

Mixing of manures and precautions to be taken.

Rotation of Crops.—The advantages of rotation of crops and the principles underlying its practice. Rotation of crops in different soils and climates to bring out the reasons for variation.

Crops.—Relative importance of different crops in Bengal, India and throughout the world. The cultivation, soil, moisture and manurial requirements of rice, jute, sugarcane, tobacco, chillies, legumes including gram, groundnuts, and other minor crops including fruits and vegetables.

Climate and Agriculture.—Effects of seasonal rainfall and other climatic factors on soil, cropping, yields and systems of farming in India and other parts of the world

Plantation Agriculture.—General considerations governing same with details for such crops as sugarcane, tea, coffee, cocoanut, areca nut, cinchona and tung including capitalisation and costs. Special forms found in other countries.

Marketing and Co-operation.—History of co-operation in India and Bengal in brief as a preparation for lectures on the results and possibilities with jute, cotton, tea, etc.

Land Tenure.—Brief mention of the systems in being in different parts of the world. Those of India and more particularly of Bengal will be dealt with in more detail. Revenue settlements in Bengal.

State Organisations for Aid of Agriculture.—Indian, Empire and International Bureaux—their history and value.

History of Agriculture.—A *résumé* of available knowledge of agricultural practice in ancient Egypt, India, Greece and Rome leading up to the history of the subject since 1750 in greater detail. This section must necessarily deal with *Experimental Agriculture*. The application and practice of that subject, already dealt with in the course in statistics at Dacca University, will enter into the work at all stages, theoretical and practical, and therefore is not otherwise mentioned.

**Text-books.*—Please see the list of books at the end of syllabus.

Short Course in Forestry.—The Conservator of Forests, Southern Circle, Bengal, has kindly agreed to arrange a course of five lectures followed by an excursion to the nearest forest to be given some time in the cold weather months. The course will be concluded within one week and will be necessarily of a general nature dealing with general principles, the relationship between forests and the economic life of the people and the necessity for liaison between the Forest and Agricultural Departments. Details of the course have yet to be worked out.

Animal Husbandry.

Breeds and Breeding.—The economic importance of Live-stock to Bengal. Manufactured articles obtained from animals. Genetics, principles of Breeding, Selection, etc. Mendel's law as applied to Farm animals. Law of inheritance.

Cattle.—Practical application of the principles of breeding as applied to Cattle Improvement in Bengal. Breeding of cattle for Milk, for General or Dual purpose and for Draft. Care and selection of breeding stock. Age of mating, Gestation, Parturition, Milk Recording, History Sheets, Breeding Register, etc. Description and history of some of the principle breeds of cattle in India and in other parts of the world.

Goats and Goat Breeding.—Their value as producers of milk, meat and skins. The Bengal, other Indian and European breeds.

Sheep.—Breeds of—the purposes for which they are bred, the conditions necessary for success, their value and prospects in Bengal and India.

Horses.—Indian and World breeds. The thoroughbred as illustrating differences in breeding methods as applied to horses and cattle in England. Horse breeding in India and its future.

Feeds and Feeding.—A study of the foodstuffs common to Bengal. Composition of foodstuffs, Functions and feed values, Nutrition. Digestion, Metalbolism, Excretion, Energy value, Balanced ration, Starch equivalent, Protein ratio, Preparation of foods, Value of mixed foods, Necessity of minerals in Bengal.

Preparation of concentrate and fodder rations. Feeding of rations to all classes of stock.

Animal Hygiene.—Common and contagious diseases of cattle.

Dairying (General).—Milk Secretion, Composition of milk and all milk products common to India and Bengal. Factors affecting composition. Effect of Pasteurisation, Sterilisation, Cooling by water, Cooling by Refrigeration. Sampling and testing milk, cream, butter, ghee and other products. Legal standards in Bengal. Preservatives and detection of same. Outturns from different by-products of milk. The uses of milk and the value of milk and milk products to the province. Preparation of Channa, Ghee, Khir, Dhai, etc., and the use of these in the preparation of sweetmeats.

Dairying in other countries.

Dairying Engineering.—Uses of all classes of agricultural and dairy machinery suitable for the cultivator or dairyman in India and other countries. Dairy buildings, measurements, materials and costs, Engines, boilers and cold storage.

Dairy Hygiene.—1. Handling of milk for sale and for separation. Pasteurisation and cooling, testing for butter fat and specific gravity, for bacteria, preservatives, etc. Separation of milk by gravity and by separator. Care of all dairy utensils. Steaming of utensils.

2. Common ailments of dairy stock, cleaniness in the yard. Disposal of manure. Care of the pregnant cow before and after calving. Common diseases amongst new born calves.

Handling of stock and Dairy Hygiene.—Handling of stock, preparation for milking, milking, milk recording, straining and the handling of milk in the yard. Feeding of weaned calves. Casting of stock, estimation of age by teeth, judging of stock by the score system, judging by groups, placing of stock according to merit. Relation of size and conformation to milk yields. Branding and tatooing of stock.

Poultry.—Breeds of poultry. The economic importance of poultry to Bengal. Necessity of selection and better breeding methods. Housing. Feeding methods, class of feeds and quantities. Dry mash and wet mash. Selection of birds for breeding. Importance of handling and trap nesting. Selection of eggs for hatching. Incubation. Rearing. Culling. Production of eggs for table use only. Marketing of eggs. Common diseases.

General.—All students will be required to pass a milking test within two months of the commencement of the course.

All students will have to give lectures to the class in all subjects both in theory and practical work.

**Text-books.*—Please see the list of books at the end of syllabus.

Dairy Chemistry.

Theoretical and Practical.—Nature and composition of milk. Physical and chemical properties of milk and its by-products. Normal and abnormal milk and its cause. Effects of different foods on the composition of milk. Characteristics of milk fat, casein, etc. Adulteration and detection of same.

Feeding stuffs, their classification and composition, nutritive value and other characterisitics. The chemistry of milk, butter, cheese and other

by-products. Elementary knowledge of vitamins. Examination for specific gravity of milk, total solids, fat, casein and lactose of milk. The chemistry of Humus and Silage.

Bacteriology and Soil Microbiology.—Theoretical.—Bacteria—form, classification, growth and reproduction. Yeast Moulds. Effects of heat, light and cold in bacteria. Milk as a medium for rapid growth of bacteria. Lactic bacteria—Defects in Dairy produce caused by bacteria. Control of bacteria in the ripening of cream, cheese and other by-products. Milk-borne diseases. Methods of taking samples, etc. Methylene blue and other tests.

Origin and development of Soil Microbiology. Bacteria in relation to the organic matter in the soil. Decay, fermentation, putrefaction, denitrification and nitrogen fixation.

Practical.—Estimation of total number of bacteria in soil. Experiments on ammonification, nitrification, nitrogen fixation, and denitrification. Isolation of Azotobacter from soil and demonstration of N. fixation by them. Demonstration of occurrence of bacteria within root nodules and effect of these bacteria on the nitrogen assimilation of the host plant. Study of the decomposition of the organic matter in the soil.

**Text-books.*—Please see the list of books at the end of syllabus.

Agricultural Engineering.

Drawing.—Geometrical drawings. Simple and elementary geometrical drawings. Use of drawing instruments. Inking plans.

Practical drawings. Construction of simple scale. How to take rough sketches with measurements and to draw the same to a suitable scale.

Each student during his course must make a complete drawing in scale, showing plan, elevation and a few sections with dimensions of the following:—

1. Single storied buildings—
   (*a*) Flat roof.
   (*b*) Gable roof.
2. Godown for Farms—
   (*a*) Flat roof.
   (*b*) Gable roof.
3. Farm Barn, showing stanchions, line shafting, base of different machines, pulleys, belting, etc.
4. Open pan departmental type sugar factory, showing stanchions, line shafting, position of different machines, pulleys, belting, etc.
5. Agricultural implements, any one of the following:—
   Bida or Rake.
   Moi.
   Plough.
   Cultivator.
6. Simple culvert.
7. One small machine may be drawn, or parts of a machine. One of the above drawings should be inked and the remainder to be finished in bold pencil lines.

Elementary Civil Engineering.—Materials required—qualities, simple, tests, mortars, method of construction of flat roof buildings, pent roof sheds, roads, simple culverts, etc. Method of measuring works. Method of estimating and making out bills.

Simple Surveying and Levelling.—Use of chain, plane table and prismatic compass. Surveying an area. Plotting out the area inserting all the objects.

Levelling.—Use of a Dumpee Level. Method of taking levels. Plotting level sections and cross sections. Contouring and plotting.

Hydraulics.—Method of calculatig discharge of water from a pump and from other water lifting appliances.

Irrigation.—Different types of lift irrigation. How to assemble and layout an irrigation plant. Layout and construction of channels. application of water to crops in Bengal. Method of calculating the supply per acre.

Machinery.—Used in the preparation of rice, white sugar, tea, jute, oil, cotton, flax, timber and soorkey.

Workshop.—A short course in carpentry, smithy, foundry, fitting and machine-shop practice. Dismantling and assembling machinery.

Field work.—Mechanical cultivation.—The use and maintenance of a Tractor. Different types of tractors. The use of a tractor plough, harrow and cultivator. Suitable condition of the soil for sowing.

Cultivation with cattle.—The proper method of using improved ploughs, different types of improved ploughs and or what purposes designed. Other types of improved implements.

**Text-books.*—Please see the list of books at the end of syllabus.

Botany.

I. Botany of Crop and Horticultural plants including weeds.

A full understanding of the following Field and Horticultural Crops of Bengal from the viewpoint of Morphology, Physiology and Ecology will be required.

Particular attention will be paid to germination and viability of seeds, root development, stem structure and branching, leaf, inflorescence, flowers, anthesis, pollination, fertilization, fruit development, sterility, and methods of reproduction.

1. *Cereals.*—Paddy, wheat, barley, oats, maize, sorghum and millets.
2. *Sugar-plants.*—Sugarcane, beet, sugar-palms.
3. *Pulses and other Legumes.*—Gram, peas, lentils, beans, groundnut, etc.
4. *Root-crops (including rhizomes).*—Radish, turnip, carrot, beet, sweet-potato, yam, arrow-root, potato, colocasia, arum, amorphophalus.
5. *Vegetables.*—Lady's finger, gourds, melons, pumpkins cucumbers and other cucurbits, cauli-flower, cabbage, tomato and other English vegetables, brinjal.
6. *Pot-herbs and green vegetables.*—Basella, amaranthus, spinacia, chenopodium, mint, portulaca, lettuce, cress, etc.
7. *Oil-seeds.*—Rape, mustard, linseed, castor, groundnut, til.
8. *Spices and condiments.*—Turmeric, ginger, chillies, garlic, onion, coriander and other umbelliferous aromatic seeds. Betelvine and betelnut.
9. *Fruits.*—Mango, jack, litchi, cocoanut, lime, orange, banana, pineapple, papaya, guavas.
10. *Fibres.*—Jute, cotton, flax, sunnhemp, agaves and other fibre producing plants.
11. *Narcotics.*—Tobacco, hemp.
12. Plants required in connection with the rearing of silkworm and lac cultivation—Mulberry, Zizyphus jujuba, Buteau Frondosa, Schleichera trijuga.
13. *Fodder crops.*

The above list is not an exhaustive one. The list may be altered from time to time according to the needs of the students.

II. Genetics and breeding of the principal Crop and Horticultural plants under the following heads:—

(*a*) Cytology, nucleus, chromosomes, haploidy, polyploidy.

(*b*) Genetics—An up-to-date knowledge of the genetical studies carried out in crop-plants regarding inheritance of qualitative and quantitative characters, types of segregation observed. Genic analysis.

(*c*) Plant breeding—Mass selection, pureline selection, hybridization, progeny row test. Types evolved by plant breeding methods of the more important Indian crops. Use of pre-treatments by chemical, X-ray and other sources of energy. Vernalization.

(*d*) The years between selection (breeding) and distribution to the cultivator.

Methods of propogation of Horticultural plants —grafting, budding, layering, marcotaging, potting, transplanting, pruning, etc. Use of plant harmones and growth promoting substances in propagating Horticultural plants.

III. Diseases and pests of Crop and Horticultural plants including virus:—

(*a*) *Diseases.*—The fungal and bacterial diseases of Crop and Horticultural plants.

A knowledge of the life-history of the casual organisms of disease, mode of infection, spread of infection, extent of damage, symptoms of the disease, control measures against diseases.

(*b*) *Pests.*—The insect pests of Crop and Horticultural plants.

A knowledge of the life-history of insect pests, how and when they attack plants, extent of damage, weak points in the life-history of organisms when control measures can be adopted most effectively. Control measures including biological.

**Text-books.*—Please see the list of books at the end of syllabus.

Book-Keeping.

Estimates of cost of farm operations and crops. Nominal and real value of labour. Records necessary to assess values.

Principles of double-entry book-keeping. Day book, Ledger and Cash Book, Profit and Loss Account and Balance Sheet. Cheques and Bills of Exchange.

Government Accounts. Reasons for difference from commercial systems. Study of Manuals and Codes governing application for, spending and check of expenditure of money.

**Text-books.*—No books are prescribed for the present. The students are expected to follow the lectures delivered in the class.

Statistics.

General idea about partial and multiple correlation up to 3 variables only; significance of an observed partial correlation coefficient. Intra-class correlation; Significance of Intra-class correlation; Analysis of variance into 2 or more parts; Testing for linearity of regression; Simple ideas on concomitant observations—analysis of covariance.

Design of experiments, simple ideas about confounding.

Sample survey, Forecasting of crops, etc.

There shall be a practical examination of six hours duration carrying 50 marks.

Text-books.*

List of books recommended for study by students.

All of those marked with an asterisk should be bought by them.

Agronomy Section.

*1. Soils by Hall, Sir A. D.
*2. Fertilisers and manures by Hall, Sir. A. D.
*3. Feeding of crops and stock by Hall, Sir A. D.
*4. Soils and manures by Russell, Sir E. J
*5. Rotation of crops by Whyte, R. G. (Ministry of Agriculture and Fisheries).
*6. Crop Production in India by Pugh, B. M. and Dutt, C. P.
*7. Handbook of Indian Agriculture by Mookerjee, N. G.
*8. Agricultural marketing in India by Mukerjee, B. B.
9. Indian Sugar Manual, Sugar Technologists' Association, Cawnpore.
10. Sugar manufacturing in India by Srivastava.
11. Report on the marketing of milk in India —Manager of Publications, Delhi.
12. Agriculture and Animal Husbandry—Manager of Publications, Delhi.
13. The rice problem in India by Aykroyd (Indian Medical Research Memoir)—Messrs. Thacker Spink & Co.
14. Soils and silage by Moore, H. I. (1941) (Farmer and Stock Breeder).
15. Some aspects of soil improvement in relation to crop production by Clarke, G. (Proc: of the 17th Indian Science Congress, Asiatic Society of Bengal, Calcutta, 1930).
16. The application of Science to crop production by Howard, Sir A. and Howard, G. L. C. [Oxford University Press (1929)].
17. The land, now and to-morrow (1935) by Stapledom, Sir, R. G.
18. Irrigation and drainage by King, F. H.
19. Research and training in tropical agriculture by Evans, Sir Geoffrey (Journal of the Royal Society of Arts, 1939, LXXXVII).
20. Marketing of jute in India by I. C. J. C.

Botanical Section.

Botany.

*1. Introduction to Botany of field crops (2 vols.)—by Hector.
*2. Breeding of crop plants by Hayes and Garber.
3. Genetics in relation to Agriculture by Babcock and Clausen.
4. Recent advances in Agricultural plant breeding by Hunter and Leake.

Entomology.

*1. A handbook of Economic Entomology for South India by T. V. R. Ayyar.
2. Text-book of Entomology by A. D. Imms.
3. Indian insect life by H. M. Lefroy.
4. Text-book of Agricultural Entomology by K. M. Smith.
5. Fundamentals of insect life by Metcalf and Flint.
6. Entomology with reference to its ecological aspect by Folsom.
7. Locusts and grasshoppers by B. P. Uvarov.
*8. Insect pests of Burma by C. C. Ghosh (for plates only).

Mycology and Plant Pathology.

*1. Manual of plant diseases by F. D. Heald.
*2. Phytopathological and botanical research methods by T. E. Rawlins.
*3. The fungi by H. C. I. Gwinne Vaughan.
4. Elements of plant pathology by I. E. Melhus and G. C. Kent.
5. Comparative morphology of fungi by E. A Guamann and C. W. Dodge.
6. Fungous diseases of plants by J. Ediksson.
7. Plant diseases by F. T. Brooks.
8. Virus diseases of plants by J. Grainger.
9. Recent advances in the study of plant viruses by K. M. Smith.

Engineering Section.

Drawing.

*Morris—Geometrical Drawing.
S. K. Bose—Geometrical Drawing.
F. Castle—Machine design and construction.
Jackson and Bentley—Hand sketching and scale drawing.
Roorkee—Drawing Manual, Parts I and II.

Civil Engineering.

*S. K. Bose—Building construction.
Burrel—Building construction.
H. Adams—Building construction.
S. K. Bose—Building specifications.

Estimating.

*Kahali—A manual of estimating.
Clayton—Building estimating.

Roads.

*Roads—Military Engineers' services handbook.
Roorkee—Treatise on roads.

Surveying and levelling.

*Banerjee, R. L.—Surveying and relaying.
Roorkee—Surveying—Part I.
Mitra, N. N.—Manual of Surveying.

Hydraulics.

*Lewitt—Hydraulics.
Gibson—Hydraulics.
Lea—Hydraulics.
Love—Hydraulics.

Irrigation.

*Roorkee—Treatise on irrigation.
Orson W. Israelsen—Irrigation—Principles and practice.

Machinery.

*Culpin—Farm machinery.
J. B. Davidson—Agricultural machinery.
Frederic A. Wirt—Farm machinery.
Taggert—Cotton spinning—Parts I, II and III.
S. J. Wright and D. Skil beek—Mechanised Farming.

Animal Husbandry Section.

Animal Breeding—*Animal breeding plans by J. L. Lush.

Animal Nutrition—*Animal nutrition by T. B. Wood.

The Principles and practice of feeding of farm animals by Halman and Garner.

Livestock improvement.

*1. Dairy cattle and milk production by Eckles & Palmer—Revised edition.
2. Dairy cattle feeding and management by Putney and Larsen.
3. Livestock enterprises by Davis.
4. Animal husbandry by Miller.
5. Poultry keeping in India by Mrs. A. K. Fawkes.

Dairying.

*1. Indian indigenous milk products by W. L. Davies.
*2. Principles and practice of butter making—Mackay and Larsen.
3. The Chemistry of milk by W. L. Davies.
4. Dairy bacteriology by Hammer.
5. Milk and milk products by Eckles, Macy and Combs.
6. Cheese by Van Slyke and Price.

Statistical Section.

*1. Statistical methods by Snedecor, G. W.
*2. Statistical technique in agricultural research by Paterson, D. D.
*3. Principles and practice of field experimentation by Wishart, J. and Sanders, H. G.
4. Indian agricultural statistics by Thomas and Shastry.
5. The design of experiments by Fisher, R. A.
6. Methods of statistical analysis by Goulden, C. H.
7. A handbook of statistics by Shaw. E. J. F.

University of Dacca.

NOTIFICATION.

Ramna, Dacca, the 12th June 1943.

The syllabuses of the departments of the University for the session 1943-44 as mentioned below are published for general information.

N. AHMAD, Registrar.

University of Dacca.

Syllabuses—Session 1943-44.

Faculty of Arts.

DEPARTMENT OF EDUCATION.

B. T. Degree.

Course 1.—Educational Psychology.

Man's Equipment for Learning.

The Nature and Scope of Educational Psychology.
Heredity and Environment.
The Nervous System.
Reflexes, Instincts and General Tendencies.
Attention and Interest.
Intelligence.
Percept, Concept, Imagination, Reasoning.
Emotion, Sentiment and Character.
Stages of Child-life. The Psychic Development of the Child.
Importance of Psycho-analysis for Education.

The Learning Process.

Conditioned Stimuli and Reactions.
The Laws of Learning.
Improvement in Learning.
Remembering and Forgetting.
Fatigue in Learning.
Transfer of Training.

Psychology of School Subjects.

Language, Reading, Spelling, Handwriting, Arithmetic.

Course 2.—Principles of Teaching.

Meaning and Aim of Education.

Organisation of Education: The Curriculum and the Syllabus; Establishment of schools; School building and furniture; Teaching appliances and apparatus; Appointment of teachers; Supervision and control of education.

Organisation of schools: Classification of pupils; Assignment of teachers; The Time-table; Material arrangements; Co-operation of pupils, teachers and parents; Organisation of games; Hygienic arrangements; Examinations and promotions.

Instruction: Meaning of teaching; Characteristics of efficient teaching; Methods and modes of teaching; Devices of teaching; Preparation of lessons; Notes of lessons.

Recent developments in the Practice of Education: Individualisation of instruction—The Montessori Method, The Problem Method, The Dalton Plan, The Winnetka Plan, The Project Method, Socialisation of instruction, Co-education.

Discipline: School discipline; Class management; Rewards and punishments; Free discipline.

Inspection.

Course 3.—History of Education.

Each unit of teaching will consist of—

(1) A lecture on the history and the present position of the problems.
(2) A formal debate in the class.

(The various sections will be taken up by the members of the staff. For the lectures and discussions outside persons may also be invited.)

I.—A Course of General History of Education: A survey in broad outlines; Athenian Education. Charlmagne. Alcuin. Saracen Learning. The Early Universities. New types of schools: Renaissance. Vittorino De Feltre. Roger Ascham. Comenius. John Locke. Rousseau, Pestalozzi, Herbart, Froebel, Herbert Spencer.

II.—Primary Education in Bengal.

History. The problem of finance. Is compulsion possible? Over-lapping of school areas. The responsibility of the local and of the central authority. The mechanism of supervision and of control.

Discussion.—A practical scheme for the development of Universal Primary Education in Bengal.

III.—Secondary Education in Bengal.

History. The problem of control—the State or the University. What should be the relation of the State to the system? Should Zilla and Government Schools be abolished? Has the High School usurped the function of the Primary School? Are there too many High Schools? How can the High School be adjusted to meet the needs of special classes? Should Class Schools be established for the upper classes? What type of school is required by the middle classes?

Discussion.—Lines of reform in the High School.

IV.—The Language Problem in Bengal.

(A) History and review of the problem. (B) Objections to the present system. Objections to Vernacularisation. Possible middle courses.

Discussion.—The relative position of English and the vernacular in the educational system of Bengal.

V.—Vocational and Technical Education in Bengal.

(A) History. (B) Should vocational training take place in the ordinary schools or in special schools? Should it take place in school at all, or in connection with the factory as a form of "continuation" or "part-time" education? If in special schools or in the factory, what should the ordinary school do in the matter? What should be the subject? How can the courses be adjusted to the demands of the labour market? Problems of finance.

Discussion.—Is Vocational Education practicable in Bengal before the University stage?

VI.—University Education in Bengal.

(A) History. (B) Is there too much University Education in Bengal? Is education of the right kind being given? If so, is the right kind of student taking the education which is being given? The standard of examination. Unemployment of graduates.

Discussion.—A practical policy of University reform.

VII.—The Teaching Profession in Bengal and its Training.

Part I.—Primary.—(A) History. (B) The improvement of the status of the Primary teacher—pay, security, social status. What encouragement can be given to the trained man? What can be done to provide staffs for the schools if free or compulsory Primary Education is introduced? Is the present system of training effective?

Part II.—Secondary.—The improvement of the status of the High School teacher—pay, security, social status. Encouragement to the trained man. Should training come before or after school experience? Education as a B.A. subject. Refresher Courses. Is the present course of training effective? The work of the Training College, other than the training of teachers. The problem of school text-books in Bengal.

Discussion.—(1) The improvement of the status of the teacher. (2) The organisation of an efficient system of teacher-training institutions in Bengal.

VIII.—The Civic Function of the School in Bengal.

(A) Review of present conditions in the teaching of Civics in other countries.

(B) Are schools in Bengal at present fulfilling their civic as well as their intellectual function? Is it possible for the schools to give any training in civic understanding and responsibility? What should be the relation of the schoolmaster and of the school to politics? The needs and dangers of the case.

Discussion.—In what way can the schools in Bengal help to develop civic knowledge and responsibility?

IX.—The Social Function of the School in Bengal.

(A) History.—The hopes of early educationists in Bengal. (B) The function of the school in reference to hygiene (personal, domestic and public), and to current social problems. Can the school do anything in these matters? If so, how?

Discussion.—What contribution can the schools in Bengal make towards social reform?

X. A comparative study of Education—Primary and Secondary in England, U. S. A., Germany and Russia.

Course 4.—Educational Measurements.

I. Individual differences, their nature and extent. The frequency curve. Measures of central tendency. Measures of variability. Comparison of groups. The normal probability curve. Correlation.

II. Marks and examinations as measures of school work. Causes of unreliability. Types of test—Analytic, Application. Principles of testing. The Criteria of a test. A review of various tests as illustrating the above. The Norm: its meaning and validity. Practice in the setting of tests. Intelligence tests.

III. (*For Special Proficiency Course only*).—Fundamentals of experimental method. Reliability of Measures. Properties of Normal probability curve and their application. Correlation, multiple and partial Correlation. Regression lines and Regression equation. Vocational Tests.

Students will have to submit Theses of Research work in Education.

Course 5.—Hygiene.

1. Outlines of Anatomy and Physiology.

2. Preventible diseases—their causes and modes of spread. How to prevent them. Mode of spread and prevention of the following diseases—Tuberculosis, Influenza, Diphtheria, Whooping Cough, Mumps, Cholera, Typhoid, Dysentery, Plague, Leprosy, Worm diseases specially Hookworm, etc. Mosquitoes—their life-history; different varieties of mosquitoes, extermination of mosquitoes.

3. Hygiene—Water, air and ventilation. Hygiene of the school and class-room. Food—Its nutritive constituents and their functions. Energy-giving and protective foods. Vitamins—Classification of vitamins, their sources, diseases caused by deficiency of vitamins. Metabolism—Effects of sunlight and air on metabolism. Balanced diet—Quantity of food required for persons of different ages and vocations. Malnutrition—Its causes, specially among school children. Milk—Its composition and adulteration. Milk as food and carrier of infection. Personal hygiene. The house-fly, its life-history and process of extermination. Diseases carried by house-fly. Collection, removal and disposal of refuse (including night-soil).

Extensive Course (Special Hygiene class).

1. Lectures on school-hygiene, village sanitation. Bad effects of intoxicants. Prevention of Blindness (common causes). Life-history of Malaria Parasite.

2. Demonstration of the different varieties of mosquitoes and their larvæ. Demonstration of various Bacteria (under epidiascope).

3. Practical demonstration of bandaging and fracture setting.

4. Dissection of a goat and a goat's eye.

5. Demonstration of a dissected human body. Demonstration at the waterworks and drainage outfall.

6. Nursing and First aid.

Course 6.—General English.

(*i*) English Composition including essay, letter and précis writing.

(*ii*) Common pitfalls of English Composition. Corrective Grammar. Special difficulties of foreigners with particular reference to Bengalee students.

(*iii*) Spoken English. English Speech Sounds. Corrective exercises with the aid of gramophone.

(*iv*) Selected Texts.

Course 7.—Special Subjects.

1. *Advanced English.*—I. the theory of English pronunciation; diagnosis and cure of wrong pronunciation. Reading aloud. Lectures. Demonstrations. Practice classes.

II. *Composition*:—(*a*) Characteristics of English Composition. (*b*) Description, Conversation, Short Story.

III. (*a*) The Theory and Practice of Teaching English.

(*b*) Notable experiments in the teaching of English as a foreign language.

2. *Geography.*—The method of teaching Geography with reference to Syllabus as prescribed by the Department of Education and Matriculation and Intermediate Syllabuses of the Calcutta University and the Dacca Board. Framing of courses and lessons. Criticism and demonstration lessons.

The earth as a planet, its movements and their consequences. The zones of the earth. Maps, latitudes and longitudes. The atmosphere: its composition, pressure and temperature; winds and other atmospheric phenomena. The crust of the earth. Relief, drainage and erosion. Volcanoes and earthquakes. Tides and currents. Climate and the factors which influence it. Types of climate. Vegetation, animals and minerals; commerce and communication. The people. Man as the servant and master of the world.

Natural regions of the world on the basis of relief, climate and vegetation. Survey of the continents with special reference to India.

Principles of Commercial Geography. Factors favourable for the production of, and world distribution of rice, wheat, barley, oats, sugar, jute, flax, cotton, wool.

Practical work, *e.g.*, Map reading and Map drawing, blackboard sketches; devising of simple geographical apparatuses; simple meteorological observations, preparation of weather charts; Map projections, drawing by Graphical methods; Graphical representation of statistics in Geography. Identification of rocks, cereals and fibres

Demonstration on chain surveying. Excursions. Identification of plants and principal constellations of Stars with the naked eyes and through the telescope.

3. *History.*—The teaching of History.

A course of reading in General History to be framed by the instructor.

Lectures on the method of teaching History with special reference to the History of India and History of England.

The framing of courses and lessons, criticism and demonstration lessons on Indian History from ancient times to the institution of the Reformed Councils.

An essay on a subject selected in consultation with the teacher.

4. *Bengali.*—The teaching of Bengali. The method. Bengali phonetics.

A course of reading in Bengali literature to be arranged by the instructor. Lectures by the instructor or by students on selected topics.

A course of original composition in Bengali.

Framing of courses and lessons, criticism and demonstration lessons on Bengali language and literature.

5. *Mathematics.*—The value and aims of the teaching of Mathematics and the methods of teaching the subject. Framing of courses and lessons. Criticism and demonstration lessons.

Arithmetic: Numbers and number combinations. Fundamental operations on whole numbers and fractions. The amount and nature of drill work required in Arithmetic. Problems. The technique of solving problems. Practice in framing problems.

Algebra: The nature of Algebra. The equation. The formula. The graph. Problem-solving.

Geometry: Fundamental ideas. Experimental and practical work leading to theoretical work. The technique of solving deductions.

6. *Science.*—The aim, value and growth of the teaching of Science. The methods of teaching Science with special reference to subjects as indicated in the Syllabuses of the subjects for High Schools and the Calcutta University revised regulations.

Framing of courses and lessons. Criticism and demonstration lessons.

Theoretical lectures on the contents of "Elementary Scientific Knowledge" will be mainly devoted to the following topics:—

Elementary Astronomy.—Celestial Sphere—Circles of Celestial Sphere—horizon, equator, meridian and ecliptic. Pole Star. Circumpolar stars.

Apparent motion of the Sun, the moon and the planets.

Principal constellations of stars. Planetary System.

The sun—dimensions—distance—physical state. Changes of Seasons.

The moon—dimensions—distance—apparent motion—phases.

Eclipses—Solar and lunar. Comets and meteors.

Different kinds of time—Sidereal, solar, mean solar, and local.

Nebulae, milky way, stars. Identification of principal constellations and the planets.

Elementary Geology.—The Earth—its origin. The crust—its origin, characteristics of igneous, sedimentary and metamorphic rocks. Physical condition of the interior of the earth, its chemical constitution. Earth movements—folding, faulting, landslide and their causes. Earthquakes and Volcanoes—distribution; their characteristics. Soil—its formation; various types of soil with their bearing on plant life. Physical and Chemical composition. Life history of coal and mineral oil.

Elementary Botany.—General—Life and living beings, plants and animals. Classification of plants. Morphology—Study of the different members of a flowering plant. Histology—The cell and its structure. Physiology—Food materials, their sources, their absorption and transpiration; growth and respiration and Photosynthesis. Functions of the different parts of a plant.

Elementary Zoology.—Characteristics of the living matter. The cell and its structure. Classification of the animal kingdom. Chief characteristics of each Phylum with examples. Difference between Vertebrata and Invertebrata. Structure and life-history of ants, bees, mosquitoes, moths, butterflies, spiders and earth-worms. Life-history of frogs. Elementary study of the structure of Rohu fish. Inter-dependence of plants and animals. Adaptation to environments.

Selected important topics from Physics and Chemistry and Physiology will be dealt with.

Practical work.—Improvising of suitable school Science apparatuses. An acquaintance with the general working and setting up of an epidiascope, and an astronomical telescope.

Physics (Practical).—Archimedes' principle. Barometer reading. Laws of reflection and refraction. Determination of magnetic poles and drawing the lines of force. Voltaic cell. Electric bell. Telegrph. Electrolysis.

Chemistry (Practical).—Homogeneous and heterogeneous systems: Mechanical mixtures and chemical combinations; emulsions; suspensions; solutions.

Action of heat on sodium hypophosphite; Sodium thiosulphate and ammonium dichromate.

Preparation and purification of Hydrogen, Oxygen, Carbon Dioxide, Nitrogen and ammonia, a study of their properties.

Action of water on quick lime, of CO_2 on lime water.

Action of soap on hard water. Removal of hardness.

Geology (practical).—An elementary study of a few typical rock-forming minerals. Recognition of the chief types of rocks. Recognition of the chief types of fossils found in sedimentary rocks. A simple study of the typical soils of Bengal.

Botany (practical).—Examination and drawing of the typical parts of a complete plant. Collection and study of the typical roots, stems and leaves.

A study of complete flowers.

A study of the germination of seeds.

Experiments on photo-synthesis, transpiration and respiration.

Water—culture experiments on plants.

Zoology (practical).—Microscopic examination of Unicellular animals. Demonstration of the general characters of animals of different Phyla. Dissection of the earth-worm, showing its respiratary and elementary systems.

Demonstration of the transverse section of the earth-worm under the microscope.

Dissection of the Rohu fish, and the frog.

Physiology (practical).—Study of the compound microscope. Microscopic examination of yeast Dissection of a goat or a guinea pig (Demonstration). Microscopic examination of (*a*) Epithelial tissues, (*b*) Compound epithelium, (*c*) Connective tissues, (*d*) Voluntary muscle fibres, and (*e*) Nerve fibres. Staining and microscopical examination of blood film (Human and Amphibian).

Demonstration of circulation of blood through capillaries. Chemical tests for (*a*) Starch, (*b*) Dextrin, (*c*) Cane Sugar, and (*d*) Reducing Sugars.

Chemical tests for (*a*) Proteins and (*b*) Fats.

Myographic demonstration of the stimulation of the nerve muscle, preparation of the frog. Myographic demonstration of the normal heart beat of the frog.

Excellence in practical work will be specially considered in appraising a student's work in science.

7. *The Primary Curriculum.**—*(For inspecting officers and masters of primary training institutions).*—(1) The History and Problem of Primary Education in Bengal. (2) The equipment, organization and special problems of the Primary School in Bengal. (3) The Primary Education Act of 1930. (4) The content and method of teaching and testing the subjects of the Primary Curriculum. (5) The inspection of Primary Schools. (6) Making of Primary School Apparatus.

The details of lectures must be submitted at the beginning of the session by the lecturer for the approval of the Principal.

8. *Classical Languages.**—The teaching of Classical Languages.

The method. Framing of courses and lessons, criticism and demonstration lessons on classical languages as class subject.

9. *Art and Manual Work.**—A course of instruction in drawing and painting based upon the school curriculum.

A course of instruction in manual work in plasticine, card-board, wood and in mixed materials. Construction of didactic apparatus. Framing of courses and lessons in manual work and drawing.

10. *Physical Education.**—The student will be required to undergo and conduct classes in Physical training and to organize and supervise games.

Faculties of Arts and Science.

DEPARTMENT OF MATHEMATICS.

I.—Pass B.A. and B.Sc. Degrees.

(Examinations to be held in 1945.)

(Three papers.)

Paper I.—Algebra and Plane Trigonometry.

Paper II.—Differential and Integral Calculus and Differential Equations.

Paper III.—Co-ordinate Geometry and Astronomy.

DETAILED SYLLABUSES.

Paper I.—

Algebra.—(*a*) Binomial divisor; the remainder theorem; factorization of a polynomial; elementary cases of decomposition into partial fractions; infinite series; general notions of convergence; the comparison and ratio tests; elementary properties of determinants; multiplication of determinants; linear equations; simple cases of elimination.

(*b*) General properties of algebraic equations; Descartes' rule of signs; relations between roots and coefficients; imaginary roots; multiple roots.

Book recommended:—

Higher Algebra by C. Smith.

Trigonometry.—Trigonometrical functions regarded as functions of a variable *number*. The inequalities $\sin x < x < \tan x$. Inverse functions. Complex numbers. Demoivre's theorem and simple applications, expansions of sine and cosine and applications. Exponential values of sines and cosines; complex quantities and their logarithms; Gregory's series (assuming Abel's Theorem) and rapidly convergent series for the calculation of π. Summation of simple trigonometrical series.

Book recommended:—

Plane Trigonometry by Todhunter.

Paper II.—

Differential Calculus.—(1) Concept of a function; graphical representation of a function.

(2) Definition of a limit; limit when $x \to a$—and $x \to \infty$; definition of continuity; simple examples of continuous and discontinuous functions,

(3) Definition of the differential coefficient for a given value of the variable; notion of the derived function. Differentiation of a sum, a product, a quotient and a function of a function. Standard forms. Inverse function. Partial differentiation; implicit functions.

(4) Successive derivatives; Leibnitz's Theorem.

(5) Rolle's Theorem (statement only), Mean Value Theorem; generalised Mean Value Theorem, Taylor's Theorem; rules for expansion by other methods.

(6) Evaluation of limits for critical values.

(7) Meaning of the sign of the differential coefficient. Rules for finding the maximum and minimum values of function of one variable.

(8) Orders of smallness. Equations of tangent and normal, polar co-ordinates, angle between radius vector and tangent. Pedal equation.

*May be taken as a third subject.

(9) General notions and methods of determination of the asymptotes of an algebraic curve in Cartesian co-ordinates.

(10) Measure of curvature; formulæ for the radius of curvature in Cartesian and polar co-ordinates and in terms of p and r. Newton's rule for finding the curvature at the origin.

Books recommended:

Differential Calculus by Gorakh Prasad.
Infinitesimal Calculus by Lamb.

Integral Calculus.—(1) Integral as the limit of a sum and as an area. Definite and indefinite integrals. Mean Value Theorem and the Fundamental Theorem. Standard forms.

(2) Methods of integration—

(*a*) Integration by substitution.
(*b*) Integration by parts.
(*c*) Some elementary reduction formulæ.
(*d*) Decomposition of rational fractions into partial fractions.

(3) Evaluation of some standard definite integrals. General properties of definite integrals. Simple cases where the function $f(x)$ or the limits of integration become infinite.

(4) Definition of areas. Formulæ for an area in Cartesian and polar co-ordinates. Areas of curves which can be traced easily. Formulæ for the length of an arc of a curve in Cartesian and polar co-ordinates; rectification of curves. Determination of volumes and surface areas of surfaces of revolution.

Differential equations.—Formation of differential equations. Equations of the first order and first degree. Linear equations of the first order. Homogeneous equations. Exact equations. Equations of the first order but not of the first degree. Linear differential equations with constant coefficients and right-hand member equal to zero.

Books recommended:—

Integral Calculus by Gorakh Prasad.
Infinitesimal Calculus by Lamb.

Paper III.—

Co-ordinate Geometry.—(A) Co-ordinates, distances between two points and other simple formulæ.

(B) Straight lines—equation, distance of a point from a given line, angle between two straight lines, bisectors of the angles between two straight lines, pairs of straight lines.

(C) Circle—equation, tangents, normals, poles and polars; condition of orthogonality of two circles.

(D) Parabola—equation, tangents, normals, poles and polars.

(E) Ellipse—equation, tangents, normals, poles and polars, auxiliary circle, eccentric angle, conjugate diameters.

(F) Hyperbola—equation, tangents, normals, poles and polars, conjugate diameters, asymptotes.

Books recommended:—

Co-ordinate Geometry by Loney.
Conic Sections by Smith.

Astronomy.—Fundamental definitions. The celestial sphere. The Earth. Latitude and longtitude. Rotation of the earth. Refraction. The Sun. The motion of the planets. Parallax (Diurnal and Annual). Determination of the first point of Aries. Determination of the obliquity of the ecliptic to the equator. Precession, nutation and aberration. The moon. Lunar and solar eclipses. Frequency of the eclipses. Equation of time. Reduction of time.

Books recommended:—

Astronomy by D. N. Mallik.
Astronomy by Parker.

II.—Honours School of Mathematics (B. A. and B. Sc. Degrees).

(Examination to be held in 1946.)

(Eight papers and a *Viva Voce* Examination.)

Paper I.—Algebra (including Theory of Equations) and Trigonometry.

Paper II.—Analytical Geometry of Conics and Solid Geometry.

Paper III.—Differential and Integral Calculus and Differential Equations.

Paper IV.—Elementary Theory of Functions of a Real Variable.

Paper V.—Elementary Theory of Functions of a Complex Variable.

Papers VI, VII and VIII.—One of the following two groups:—

Group A.

Paper VI.—Statics and Vectors.

Paper VII.—Hydrostatics and Astronomy.

Paper VIII.—Dynamics.

Group B.

Paper VI.—Theory of Probability and Numerical Mathematics.

Paper VII.—Theoretical Statistics (I).

Paper VIII.—Applied Statistics (including a practical examination carrying 50 marks).

Subsidiary Subjects.

(*a*) *For the B.A. Degree.*—Any combination of two subjects (with the exception of History) allowed for the ordinary degree.

The combination selected must be subject to the approval of the Head of the Department.

(*b*) *For the B.Sc. Degree.*—Physics and Chemistry.

DETAILED SYLLABUSES.

Paper I.—

Algebra.—

(1) Inequalities.
(2) Simple continued fractions.
(3) Determinants: Multiplication of determinants. Reciprocal determinants. Solution of a system of linear equations.
(4) Elements of the theory of numbers.

Books recommended:—

(1) Higher Algebra by C. Smith.
(2) Higher Algebra by Bochêr.
(3) Higher Algebra by Barnard and Child.

Theory of Equations.—(1) General Theory of polynomials: Binomial divisor, remainder theorem, highest common factor, common roots of two polynomials, multiple roots.

(2) Formal solution of equations: Solution of the cubic and the determination of the number of its real roots; solution of the biquadratic.

(3) Fundamental Theorem.

(4) Relations between roots and coefficients: Newton's theorem on symmetric functions.

(5) Number of real zeros of real polynomials: Descartes' rule of signs (upper bound and parity of the number of roots of the same sign); Rolle's Theorem; Sturm's Theorem.

(6) Numerical solution of equations: Estimates of the upper and lower bounds of the moduli of roots and approximate location of the roots in the complex domain; Newton's method of approximation of the real roots; Horner's process for the calculation of the real roots.

Books recommended:—

Theory of Equations by Cajori.
Higher Algebra by Barnard and Child.

Plane Trigonometry.—Same syllabus as for the Pass Degree. Fuller and more detailed study of the course will be expected.

Paper II.—

Conic Sections.—As in Askwith's Analytical Geometry, Chapters I-XII.

Book recommended:—

Analytical Geometry of Conic Sections by Askwith.

Solid Geometry.—(A) Co-ordinates: The three usual types of co-ordinates; distance between two points; co-ordinates of a point dividing a finite line in a giving ratio; projections.

(B) Planes: equations, angle between two planes, distance of a plane from a given point. Straight lines; equations, shortest distance between two straight lines, angle between two straight lines; triangle, tetrahedron.

(C) Conicoids: General properties, classification, determination of centre and axes, reduction to the standard form.

(D) Sphere, ellipsoid, hyperboloid of two sheets, paraboloid, cone.

(E) Plane sections of a conicoid: Determination of axes and area.

(F) Circular section of ellipsoids, hyperboloids of one sheet, hyperboloids of two sheets, paraboloid.

(G) Generating lines: Existence, properties and equations.

(H) Confocal conicoids.

Book recommended:—

Analytical Geometry of Three Dimensions by Bell.

Paper III.—

Differential Calculus.—Sequences and limits; concept of a function; continuity; question of the existence and continuity of the differential coefficient; Rolle's Theorem, Mean Value Theorem and allied theorems including similar theorems for two or more variables; generalised Mean Value Theorem leading to Taylor's Theorem; partial differentiations; convexity; maxima and minima.

Tangents and normals, asymptotes, curvature, envelopes, singular points, curve-tracing.

Integral Calculus.—Riemann Integration: First Mean Value Theorem; integration of rational functions; differentiation and integration under the sign of integral; improper integrals; multiple integrals; applications to geometry.

Books recommended:—

Goursat—Mathematical Analysis, Vol. I.
Prasad—Differential Calculus.
Courant—Differential and Integral Calculus.

Differential Equations.—Ordinary equations of the first order; singular solutions of ordinary equations of the first order and of degree higher than the first; trajectories; linear equations with constant coefficients and equations reducible to linear form with constant coefficients; method of variation of parameters; the existence theorem (Picard); the linear differential equation of the second order, solution in series; total differential equations; partial differential equation of first order; Lagrange's form, Charpit's method.

Book recommended:—

Differential Equations by Piaggio.

Paper IV.—

Theory of Functions of a real Variable.—(*a*) Numbers: Dedekind section; complex numbers;

(*b*) limits and sequences; monotonic sequences; infinite limits;

(*c*) aggregates; bounds; points of accumulation; Bolzano-Weierstrass theorem; general principle of convergence; compartment principle (*Einschachtelungssatz*); Heine-Borel theorem;

(*d*) theory of convergence of infinite series and infinite products; double series; power series; the identity theorem of power series;

(*e*) general definition of function; continuity and discontinuity; fundamental properties of continuous functions of a real variable; uniform continuity;

(*f*) functions of a real variable; differentiability; mean value theorem of the differential calculus; functions of limited total variation. Riemann integration and conditions of integrability; mean value theorems of the integral calculus and the fundamental theorem; uniform convergence and uniformly convergent series; improper integrals; multiple integrals; differentiation and integration under the integral sign; implict functions.

Books recommended:—

Mathematical Analysis by Goursat and Hedrick, Vol. I
A Course of Pure Mathematics by Hardy.
Fourier's Series and Integrals by Carslaw.
A course of Analysis by Phillips.

Paper V.—

Functions of a complex variable.—Continuity: differentiability; analytic functions; the elementary functions; general notion of multiform functions and their branch points; integration; Cauchy's fundamental theorem; the fundamental formula; Morera's theorem; Taylor's and Laurent's expansions; Liouville's Theorem; fundamental theorem of Algebra; identity theorem of analytic functions; residue theorems; contour integrations; series and integrals of analytic functions.

Books recommended:—

Mathematical Analysis by Goursat and Hedrick, Vol. II, Part I (Chapters I-II).
Titchmarsh—Theory of Functions (selected portions from the first three chapters).

Paper VI (Group A).—

Statics.—(A) Coplanar and non-coplanar forces—reductions, conditions of equilibrium.
(B) Virtual work.
(C) Centre of gravity of bodies.
(D) Equilibrium of strings under given forces.
(E) Graphical Statics.

Book recommended:—

Statics by Loney.

Vectors.—Addition and subtraction of vectors. Condition that three vectors terminate in the same line. Conditions that the extremities of four vectors lie in a plane. Mean point. Formulæ relating to the product of two or more vectors. Differentiation of vectors and the differential operators. Line and surface integrals of vectors. Simple vector equations.

Books recommended:—

Elementary Vector Analysis by Weatherburn.
Advanced Vector Analysis by Weatherburn.

Paper VII (Group A).—

Hydrostatics.—Laws of fluid pressure; general conditions of equilibrium; uniformly rotating liquid (as if rigid); resultant pressure; centre of pressure; the equilibrium of a floating body; surface of buoyancy; position of equilibriurn and stability of equilibrium in the case of a homogeneous liquid; Boyle's law, Charles' law; Mixture of gases; specific heats; adiabatic expansions: determination of heights by means of barometer.

Book recommended:—

Hydromechanics, Part I, by Besant and Ramsey.

Astronomy.—(1) The celestial sphere. The systems of co-ordinates.

(2) The Earth. Co-ordinates which determine position on the earth. Rotation of the earth.

(3) The Sun. The Sun's path among the stars. Variations in the length of the day. The seasons. The ecliptic. Determination of the first point of Aries. Determination of the obliquity of the ecliptic. Transformation of co-ordinates.

(4) The determination of position on the Earth. Finding latitude and longitude by observation.

(5) Planets. Kepler's laws. Form of the Earth's orbit. Apparent motions of planets. Stationary points and retrograde motion.

(6) Time: Equation of time. Reduction and conversion of time. Finding time by observation.

(7) Problems connected with the diurnal motion. Time of rising and setting of a heavenly body. Twilight.

(8) Astronomical refraction. Cassini's Formula for refraction. Determination of refraction by observation.

(9) Parallax. Parallax of a heavenly body, the Earth being considered spherical.. Annual parallax of stars. Effect of parallax on the apparent position of a star.

(10) Aberration. Determination of constant of aberration. Effect of aberration on the apparent position of a star.

(11) Precession and nutation. Effects of precession. Nutation.

(12) The moon: Its orbit, phases, rotation, eclipses.

Books recommended:—

Astronomy by Godfray.
Astronomy by Smart.
Astronomy by Ramachandran.

Paper VIII (Group A).—

Dynamics of a particle.—Fundamental definitions and principles. Motion in a straight line. Simple harmonic motion. Composition of simple harmonic motions. Acceleration parallel to axes. Motion referred to polar co-ordinates. Revolving axes. Central orbits. Apses. Stability of orbits. Kepler's laws. Law of the inverse square. Planetary motion. Time of describing any orbit. Relations between the eccentric, true and mean anomalies. Disturbed elliptic motion under transverse, radial, tangential and normal impulses and other disturbing forces. Constrained motion; conservation of energy. The simple pendulum. Motion on a smooth or rough cycloid. Motion in a resisting medium. Varying Mass. Motion in three dimensions. Accelerations in polar, cylindrical and curvilinear co-ordinates. Motion on a sphere, cone, cylinder and a surface of revolution.

Rigid Dynamics.—(1) Moment of inertia; product of inertia; principal axes and moments. Equimomental systems.

(2) D'Alembert's principle. Equations of motion for (1) finite forces, (2) impulsive forces. Principles of the independence of translational and rotational motions.

(3) Motion of a rigid body rotating about a fixed axis. The compound pendulum. Impulsive motion.

(4) Motion in two dimensions. Problems involving discontinuous frictional forces. Instantaneous centre.

(5) Motion in three dimensions. Moving axes Instantaneous axes. Screw motion. Euler's dynamical and geometrical equations. General equations of motion under finite forces.

(6) Principles of the conservation of momentum and energy. Applications.

(7) Lagrange's equations of motion for finite forces.

(8) Lagrange's equations of small oscillations. Principal co-ordinates.

Books recommended:—

Dynamics of a Particle and of Rigid Bodies by Loney.

Dynamics Part I by Ramsay.

Paper VI (Group B).—

Theory of Probability and Numerical Mathematics.

(*a*) Theory of Probability—Total and compound Probability. Inverse Probability. Repeated Trials. Theorems of Bernoulli and Poisson. Mathematical Expectation. Law of large numbers. Continuous Probability with geometrical applications.

(*b*) Numerical Mathematics—Interpolation Formulæ using Divided. Forward and Central Differences. Inverse Interpolation. Subtabulation. Numerical Differentiation. Numerical Integration and Summation. Solution of Algebraic and Transcendental Equations. Numerical Solution of Differential Equations (Adam's Process). Theory of Errors and Method of least squares. Harmonic Analysis of Empirical Functions.

Books recommended:—

Uspensky—Introduction to Mathematical Probability. Whittaker and Robinson—The Calculus of Observations. Milne Thomson—Calculus of Finite Differences.

Paper VII (Group B).—

Theoretical Statistics: Summarization, Presentatioon and interpretation of Statistical data by tables, graphs and charts. Elementary ideas of statistical populations and random samples. Measures of central tendency, Dispersion, Skewness and Kurtosis. Normal, Binomial and Poisson distributions. Probability Integral and its uses. Pearsonian system of curves. General ideas of association of attributes. Contingency tables and coefficients of contingency. Correlation and Regression coefficients. Partial and Multiple correlation, Correlation Ratio. Elements of non-linear regression. Elements of sampling theory; sampling variance. Elements of the theory of estimation and the principle of maximum likelihood. Tests of independence and the association. The chi-square distribution and its uses. Exact distributions (for normal deviation populations) of the mean, standard deviation, Student's and Fisher's 't', ratio of variances and coefficient of total correlation with applications. The Z-transformation of the correlation coefficient and its uses. Analysis of variance.

Books recommended:—

Kenny—Mathematics of Statistics. Parts I and II. Yule and Kendall—An introduction to the theory of Statistics.

Paper VIII (Group B).—

I. Applied statistics (Half Paper)—The syllabus will include the following topics but a wide choice of questions will be offered:—

(*a*) Economic Statistics—Construction and use of index numbers. Cost of living. Distribution of income. Demand curve. Analysis of time series. Correlation of time series.

(*b*) Vital Statistics—Distribution of population according to sex, age and occupation, etc. Birth rate. Death rate. Corrected and Standardised rates. Elementary ideas of life tables.

(*c*) Educational Statistics—Intelligence and achievement tests. Intelligence quotient. Achievement scales. Reliability and validity of tests. Correlation between scores.

(*d*) Agricultural Statistics—Design of field experiments. Replication. Randomization. Randomized blocks. Latin Square. Factorial experiments (excluding confounding). Uniformity trials. Crop forecast. Sample surveys.

II. A Practical Examination carrying 50 marks.

Graphical treatment of simple problems. Simple index numbers. Fitting a straight line and a parabola of the second degree by the method of least squares. Seasonal Indices. Secular trends. Fitting normal and Type III curves. Use of tables of the normal probability integral. Significance of the difference between means based on large samples. Use of elementary statistical tables including those of t, F, z and chi-square.

Fourfold tables. Contingency and association. Coefficient of correlation. Simple applications of analysis of variance. Test of linearity of regression.

Books recommended:—

F. C. Mills—Statistical Methods. Bradford Hill—Principles of Medical Statistics. H. E. Garret—Statistics in Psychology and Education. G. H. Goulden—Methods of Statistical Analysis.

III.—M. A. and M. Sc. Degrees.

I. M.A. and M.Sc. Examinations, Part I. (To be held in 1944.)

(Four papers.)

Paper I.—Pure Mathematics (I).

Paper II.—Pure Mathematics (II).

Paper III.—Applied Mathematics (I).

Paper IV.—Applied Mathematics (II).

DETAILED SYLLABUSES.

Paper I.—Pure Mathematics (I).

This paper will cover the subjects dealt with in Papers IV and V of the Honours School of Mathematics.

Paper II.—Pure Mathematics (II).

Algebra.—(1) Elementary properties of simple continued fractions; (2) Determinants; (3) Systems of linear equations; (4) Elimination of x between two algebraic equations in x; (5) Descartes' rule of signs; (6) Relations between the zeros and the coefficients of a polynominal; (7) Roots of unity; (8) Elements of the theory of numbers; (9) the infinite product expressions for $\sin x$ and $\cos x$ and elementary summation formulæ deduced from them; (10) Simple properties of trigonometrical functions that can be deduced from their exponential formulæ.

Conics.—The general equation of the second degree.

Solid Geometry.—The analytical geometry of the straight line, plane, and conicoids including the determination of the axes and area of plane sections of conicoids and reduction to the standard form.

Differential Equations.—Ordinary equations of the first order; method of variation of parameters; equations of the second order, solution in series; total differential equations.

Books recommended:—

Higher Algebra by Barnard and Child.
Higher Algebra by Bochêr.
Conic Sections by C. Smith.
Solid Geometry by C. Smith.
Differential Equations by Piaggio.

Paper III.—Applied Mathematics (I).

Statics and Hydrostatics.—The syllabus is the same as for these subjects in the Honours School of Mathematics.

Paper IV.—Applied Mathematics (II).

Dynamics.—The syllabus is the same as for Paper VIII (Group A) of the Honours School of Mathematics.

II. M.A. and M.Sc. Examinations, Part II. (To be held in 1944.)

(Four papers and a *Viva Voce* Examination carrying 100 marks.)

Group A (Pure Mathematics).

Paper I.—Theory of Functions of a Real Variable.

Paper II.—Theory of Functions of a Complex Variable.

Papers III and IV.—Two papers on a subject or subjects to be selected from the following with the approval of the Head of the Department:—

1. Algebra.
2. Theory of Algebraic Numbers.
3. Theory of Functions of a Real Variable (II).
4. Theory of Functions of a Complex Variable (II).
5. Integral Functions.
6. Dirichlet's Series and Zeta-functions.
7. Theory of Numbers.
8. Theory of Groups.
9. Almost Periodic Functions.
10. Integral Equations.
11. Transcendental Functions.
12. Pure Geometry and Differential Geometry.
13. Topology.

Group B (Applied Mathematics).

Paper I.—Advanced Rigid Dynamics and Theory of Vibrations.

Paper II.—Potential Theory and Hydrodynamics.

Papers III and IV.—Two papers to be selected from the following with the approval of the Head of the Department:—

1. Advanced Hydrodynamics (two papers).
2. Theory of Elasticity (two papers).
3. General Theory of Relativity (including Tensor calculus) two papers).
4. Electrodynamics and Thermodynamics (two papers).
5. Theory of Electrons and Theory of Radiation (two papers).
6. Statistics including numerical mathematics (two papers).

DETAILED SYLLABUSES.

Group A (Pure Mathematics).

Paper I.—Theory of Functions of a Real Variable (I).

Uniform convergence of series and integrals; integration and differentiation under the sign of integration; theory of Lebesgue measure; Lebesgue integrals and their properties in relation to corresponding properties of Riemann integrals; the Lebesgue set; Riemann Lebesgue theorem and applications to the theory of Fourier Series.

Books recommended:—

Theory of Fourier's Series and Integrals by Carslaw.
Theory of Functions by Titchmarsh.

Paper II.—Theory of Functions of a Complex Variable (I).

1. Conformal representation: the general linear transformation; some simple non-linear transformations; representation of a polygon on a half plane.
2. Meromorphic Functions: Mittag-Leffler's Theorem, Cauchy's method of expansion.
3. Analytic Continuation: the general concept of an analytic function, Monodromy Theorem, Schwarz's principle of reflection, Vivanti's Theorem.
4. The Maximum Modulus Theorem and some allied theorems.
5. Infinite products of analytic functions.
6. Integral Functions: Weierstrass's Theorem. Picard's first Theorem.
7. Simple properties of Elliptic Functions.

Papers III and IV.—

In addition to the topics mentioned below under each subject, candidates will be expected to have an acquaintance with the contents of some recently published original papers, bearing on the subject, which will be duly prescribed by the Head of the Department.

Theory of Functions of a Complex Variable (II).

1. Schlicht functions: Koebe's Theorem and its consequences, Bieberbach's rotation theorems, convex and star schlicht functions, theorems on the coefficients of the power series representations of normalised schlicht functions.
2. Elliptic Functions: Existence of doubly periodic meromorphic functions and of an algebraic relation between any two elliptic functions having the same periods. The Weierstrassian p-function.

3. Dirichlet's series (elementary properties only), the Riemann Zeta-function.

4. The maximum modulus theorem and its various generalisations including the Phragmen-Lindelof Theorems and their applications to integral functions with reference to asymptotic values and paths of determination.

5. Integral Functions including applications to some transcendental functions. [A more detailed treatment of the subject will be attempted for this paper than for Complex Variables (I).]

Theory of Numbers.

1. Fundamentals of the Theory of Numbers.

2. Elementary arithmetic functions and some of their properties.

3. Elementary theorems in the theory of numbers.

(*a*) Linear congruences.
(*b*) Fermat's theorem, Wilson's theorem.

4. Miscellaneous results.
5. Arithmetic functions [*cf.* (2)].
6. Congruences [*cf.* (3)]
7. Quadratic Residues.
8. Primitive roots.
9. Binary Quadratic Forms.
10. Representation of numbers as sums of Powers.
11. Diophantine Equations.
12. Distribution of Primes:

Study of such distribution by elementary methods, *i.e.*, without bringing in Cauchy's theorem on residues.

13. Primes in A. P., and their manner of distribution; an introduction to Dirichlet's theorem.

14. Order results concerning Arithmetic functions.

15. Lattice points within a circle and a hyperbola.

16. An introduction to the theory of algebraic numbers.

17. Miscellaneous results and statement of problems.

18. Introduction to Waring's problem.

The following original papers are prescribed:—

[*N.B.*—Abbreviation: J. L. M. S.=Journal of the London Mathematical Society.]

1. On the four integer cubes problem: L. J. Mordell, J. L. M. S., 11 (1936), 208-218.
2. An easier Waring's problem: E. T. Bell, J. L. M. S., 11 (1936), 277-278.
3. All numbers are sums of nine cubes: Wieferich, Math. Annalen 66 (1909), 95-101.
4. All large numbers are sums of eight cubes: E. Landau, Math. Annalen, 66, p. 102.
5. The four square theorem: J. H. Grace, J. L. M. S., 2 (1927), 3-8.
6. Note on sums of sixth powers: I. Chowla, J. L. M. S., 10 (1935), p. 233.
7. On the density of the sum of two sequences of integers: A. S. Besicovitch, J. L. M. S., 10 (1935), 246-248.
8. On the addition of Residue classes: H. Davenport, J. L. M. S. 10 (1935), 30-32.
9. Some properties of p(n): S. Ramanujam, Proc. Cambridge Phil. Soc. 19 (1919), 207-210. (Arts. 1, 2, and 3 only.)
10. On an inequality in the theory of numbers: H. Heilbronn, Proc. Cambridge Phil. Soc. 33 (1937), 207-209.
11. Note on products of consecutive integers: P. Erdos, J. L. M. S., 14 (1939), 194-197.
12. On Lucas's test for the primality of Mersenne's numbers: D. H. Lehmer, J. L. M. S., 10 (1935), 162-165.
13. A generalization of a familiar theorem concerning prime numbers: Morgan Ward, J. L. M. S., 5 (1930), 106-107.
14. On the magnitude of the coefficients of the cyclotomic polynomial: E. Lehmer, Bull. Amer. Math. Soc., 42 (1936), pp. 389-92.
15. On the diophantine equation $ax^n+by^n=z^n$: Tchacaloff and Karanikoloff, Comptes Rendus, 210.

Transcendental Functions.

The syllabus for this subject comprises the following chapters from "A Course of Modern Analysis" by E. T. Whittaker and G. N. Watson:

The Chapters on (1) the Gamma Function, (2) the Hypergeometric Function, (3) Legendre Functions, (4) Bessel Functions, (5) the Equation of Mathematical Physics, (6) Mathieu Functions, (7) Jacobian Elliptic Functions and (8) Ellipsoidal Harmonics.

Group B.

Paper I.—Advanced Rigid Dynamics and Theory of Vibrations.

Rigid Dynamics.—The course is that covered by Lamb's Higher Mechanics, Chapters VIII—XII.

Theory of Vibrations.—(*a*) Lagrangian equations of small oscillations in generalised coordinates. Dissipative forces. Free, forced and constrained motion.

(*b*) Transverse vibrations of strings, equation of motion, finite string, string plucked, string struck by a blow, violin string, reflexion, forced vibration of string. Waves on an unlimited string, peculiarities of the waves, longitudinal vibration.

(*c*) Longitudinal vibrations and flexural vibrations of rods: (*i*) longitudinal vibrations—equation of motion, rod free at both ends, rod free at one end and fixed at the other, (*ii*) flexural vibrations of a bar,—equation of motion, bar free at both ends, bar clamped at both ends, bar supported at both ends, clamped-supported bar, clamped-free bar, supported-free bar.

(*d*) Extensional and flexural vibrations of a circular ring in its own plane and in a perpendicular plane.

(*e*) Vibrations of membranes—equation of motion, rectangular membrane, square membrane, circular membrane, sectorial membrane.

(*f*) Vibrations of plates—equation of motion, boundary conditions, free circular plate, rectangular plate (supported.)

Books recommended:—

Higher Mechanics by Lamb.
Dynamical Theory of Sound by Lamb.

Paper II.—Potential Theory and Hydrodynamics.

Theory of Potentials.—Potential in general; logarithmic and Newtonian potential functions; potential and work, some characteristics of potential function, surface distribution, law of Coulomb and Poisson; direct calculation of attractions and potentials of rods, discs, spheres, etc.; Gauss's, Laplace's and Poisson's theorems; potential at a distant point; MacCullagh's elliptic cylinders and ellipsoidal shells; Ivory's and Maclaurin's theorems; Legendre's theorem, equipotential surfaces; potentials and attractions of homogeneous ellipsoids; theorems for the potential of a solid of revolution; Dirichlet's problem for the sphere; potential and stability; Earnshaw's theorem; Green's theorem; Green's equivalent layers; potential completely determined by its characteristic properties; uniqueness of solution. Method of inversion.

Book recommended:—

Statics, Vol. II, by Routh.

Hydrodynamics.—The course is that covered by Besant and Ramsey's Hydromechanics, Part II, Chapters I—V, VII and IX.

Papers III and IV.—

In addition to the topics mentioned below, under each subject, candidates will be expected to have an acquaintance with the contents of some recently published original papers, bearing on the subject which will be duly prescribed by the Head of the Department.

Advanced Hydrodynamics.

A. The Theory of Tides.

(*i*) Tides and tidal phenomena.

(*ii*) The Theory of Tides in rivers, estuaries and basins.

(*iii*) The equilibrium theory of tides; the Corrections.

(*iv*) Laplace's dynamical theory of tides with his solutions for diurnal and semi-diurnal tides, and Darwin's solution for tides of long period.

(*v*) The Canal theory of tides. Meridional and equatorial canals round the whole globe.

B. Theory of Surface Waves.

(*i*) The theory of irrotational motion in two dimensions of a horizontal sheet of water; standing waves and progressive waves.

(*ii*) Waves on the boundary between two currents.

(*iii*) The theory of Group Velocity.

(*iv*) Cauchy-Poisson problem: Waves due to an initial elevation or to a local impulse.

(*v*) Surface disturbance of a stream due to inequalities in the bed.

(*vi*) Waves due to a submerged circular cylinder.

(*vii*) Waves due to travelling disturbance.

(*viii*) Wave-propagation in two horizontal dimensions.

(*ix*) Oscillations of a liquid globe.

(*x*) Capillary waves; waves on the common boundary of two currents, small oscillations of a drop of liquid about the spherical form.

C. Motion of viscous liquids.

(*i*) The development of the theory of small strain and stress and their correlation.

(*ii*) The equations of motion.

(*iii*) General theorems on dissipation of energy.

(*iv*) Poiseulle motion, steady rotation of a circular cylinder and a sphere in a viscous liquid, laminar motion of a viscous liquid.

(*v*) Stokes' problem of the sphere. Oseen's treatment of Stokes' problem and of the problem of the circular cylinder.

(*vi*) Oberbeck's problem of the ellipsoid.

(*vii*) Solution in spherical harmonics of the equations of small steady motion in the absence of external forces; application to Stokes' problem.

(*viii*) Solution of the equations of small periodic motions of an incompressible fluid subject to no external forces, having special reference to a spherical boundary and application to the decay of motion of a viscous liquid in a closed sphere at rest.

(*ix*) Solution of the general equations of motion in sound waves as affected by viscosity and application to a ball-pendulum.

Theory of Elasticity.

The syllabus will consist of selected topics from the subject matters contained in the following chapters of Love's "Mathematical Theory of Elasticity" (1927):—

Chapters I-III, V, VII-XX and XXII.

General Theory of Relativity.

Differential Geometry.—Elementary properties of a surface. Geodesics on a surface. The Christoffel symbols. Curvature. Gaussian curvature. Curves on surfaces. The minimal curves. Levi Civita's parallel transport. Relation between Levi Civita's parallel transport and the total curvature of the surface. The geodesic curvature of a curve.

Tensor-Algebra.—Elementary properties of matrices. Tensors, Scalars, Vectors. Contravariant and covariant tensors. Laws of transformation. Contragrediency. Symmetrical and skew tensors. Outer product. Inner product. Applications of Tensors. Metrical Tensors.

Tensor-Calculus.—Formation of tensors by differentiation. Covariant differentiation. Ricci's Lemma. Derivation of a tensor along a curve. Divergence. Differential equations of Physics in tensors: the equations of elasticity, the Maxwellian equations of the electro-magnetic field. The energy-momentum tensors. Derivation of electro-magnetic field-equations. The Riemannian metric. Metrical tensor and their derivatives. The Riemann-Christoffel tensor. Riemann symbols of the first and the second kind. The cyclic property. Number of independent Riemann symbols. The Padova-Bianchi identities. The curvature tensors of rank 2 and 0. Hilbert's Identities. The equations of the geodesic.

Summary of the special theory of Relativity.—Optics of moving bodies. Aberration. Doppler effect. Fresnel-Fizeau effect. Does velocity of light depend on the velocity of the source? The Michelson-Moreley experiment. Ether-drag. Lorenz contraction. The special theory of relativity. Lorenz transformation. Dilatation of time. Transformation of velocities.

The Law of Gravitation.—Flat space-time and Galilean co-ordinates. The contracted Riemann-Christoffel tensor. The law of gravitation for empty space. Field of an isolated particle. Planetary orbits. The advance of perihelion. The deflection of light rays. Spectral shift. Use of isotropic co-ordinates. The material energy-tensor. Gravitational equations for continuous matter. Schwarzschild's solution.

Relativistic Cosmology.—The curved world. Einstein's cylindrical world. De Sitter's world. The radial velocities of stars. Cosmological speculations.

IV.—Honours Schools of Mathematics and Physics (B. Sc. Degree).

Fourteen theoretical papers, a practical examination (including a *Viva Voce* Examination) in Physics and a *Viva Voce* Examination on the theoretical papers.

PART I.

(Examination to be held in 1945.)

A. Theoretical.

I. Algebra (including Theory of Equations) and Trigonometry.

II. Analytical Geometry of Conics and Solid Geometry.

III. Differential and Integral Calculus (including applications to the Geometry of curves).

IV. Statics and Vectors.

V. Differential Equations.

VI. Heat and Thermodynamics.

B. Practical Examination (including a *Viva Voce* Examination).

PART II.

(Examination to be held in 1946.)

VII and VIII. *Either* Papers IV and V *or* Papers VII and VIII of Group B prescribed for the Honours School of Mathematics (see pages 3-4).

IX. Hydrostatics and Astronomy.

X. Dynamics of a Particle and Elementary Rigid Dynamics.

XI. Theory of Vibrations.

XII. Electricity and Magnetism.

XIII. Modern Physics.

XIV. General Physics.

The *Viva Voce* Examination on the theoretical papers will be held along with the examination in Part II.

Note.—Students of this Honours School, who take Statistics for Papers VII and VIII may not be permitted to take Group A of the Part II M. Sc. Examination unless they have satisfied the Head of the Department in regard to their knowledge of Theory of Functions.

DETAILED SYLLABUSES.

Mathematics.

The syllabus for Astronomy is the same as for the Pass B.Sc. degree. As regards the remaining subjects, in addition to the syllabuses laid down for the corresponding subjects in the Honours School of Mathematics, the following are prescribed:—

Hydrostatics—Tension of flexible surfaces.

Function of a Real Variable—Fourier's Series.

Differential Equations—Laplace's equation, Legendre's equation, Bessel's equation, elementary properties of the Legendre polynomials and Bessel functions, wave equation and equation of heat conduction, with applications to simple problems of Mathematical Physics.

Solid Geometry—The elementary properties of twisted curves.

Paper VI.—Heat and Thermodynamics.

Measurement of temperature and expansions, calorimetry, changes of states, properties of gases and vapours, hygrometry, laws of heat conduction, continuity of states. Steam engine. The Laws of Thermodynamics and their applications. Equilibrium of systems, Phase rule, the Nernst heat theorem.

Theory of Radiation: Law of Exchange, Laws of Kirkchhoff, Stefan, Wien and Planck.

Paper XII—Theory of Vibrations.

Small oscillations. Elastic deformations. Stress and Strain. Energy of deformation, forced and free Vibrations, Resonance, Vibrations of strings and membranes. Harmonic analysis. Wave motion in air and elastic media. Huyghen's Principle. Wave theory of Light. Wave Surface in isotropic and crystalline media; diffraction and interference of waves.

Paper XIII—Electricity and Magnetism.

Statical Electricity. Potential and energy of electrical systems. Capacity, the dielectric Polarisation, Magnetic fields, induced Magnetisation. Magnetic properties of materials, susceptibility and permeability; para—, ferro—, and diamagnetism. The electric current, Ohm's Law. Heating and magnetic effects of currents. Electrolysis. Thermo-electricity. Electromagnetic induction. Growth and decay of currents. Alternating currents. Units and dimensions of electromagnetic quantities. Electromagnetic radiations, Maxwells's displacement theory. Fundamental Equations of Electromagnetism; early experimental verifications. Simple theory of electromagnetic waves, their reflection and refraction.

Paper XIV.—Modern Physics.

Gaseous conduction, atomic nature of Electricity, electrons, determination of charge and mass; X-rays, methods of production; flourescent and continuous radiations. Works of Barkla, Mosely and Bragg, determination of wave-length, Radio-activity. Properties of Radium and its rays. Elementary ideas of quantum theory. Photo-electric emission; measurement of h.

Paper XV.—General Physics.

Units and dimensions of Physical quantities. Measurement of length, mass and time. Laws of motion: Gravitation: Earth's Gravitational field. Gravitational potential. Potential of simple bodies, spheres and spheroids. Equipotentials and lines of force. Gauss's theorem. Laplace's and Poisson's Equations. Simple types of solution. Transmission of pressure in liquids. Equilibrium of floating bodies. Liquids in motion. Simple irrotational motion. Bernoulli's theorem. Turbines and pumps. Viscosity. Viscous friction: flow through pipes; surface-tensions and capillarity.

Elementary Kinetic theory of gases and fluids.

Practical Physics.

First Year Honours.

General Properties.

1. Use of Slide Rules.
2. Determination of densities and dimensions using verniers, calipers, screw gauge, etc.
3. Spherometer—
   (*a*) Determination of the thickness of a plate.
   (*b*) Determination of the radius of curvature of a spherical surface.
4. The balance; accurate weighing, etc.
5. Specific gravity by the specific gravity bottle.
6. Young's modulus by stretching (Searle's method).
7. Borda's pendulum.
8. Kater's pendulum.
9. Surface tension by capillary tube.

Sound.

1. Resonance tube. Velocity of sound and end correction.
2. Sonometer. Verifications of the laws of length and tension.
3. Kundt's tube (brass, air and carbon dioxide).

Office of the Inspector of Schools, Dacca Range.

NOTIFICATION.

Dacca, the 22nd July 1943.

Rules for the Admission of Private Candidates to the Test Examination to be held for the Matriculation Examination of the Calcutta University for 1944.

Students, who are residents of the Dacca and Mymensingh districts and who have not attended any school, recognised or unrecognised, for at least one year previous to the date of the Matriculation Examination of the Calcutta University at which they intend to appear, will be regarded as Private Candidates and will ordinarily be eligible for admission to the Test Examination which will be held on Monday, 13th December 1943.

Female students satisfying the above conditions are not required to undergo any Test Examination. They may apply to the Registrar, Calcutta University, for necessary instructions.

Ordinarily, students who had discontinued their studies while reading in a school, will have to wait till the usual time when, if they had continued their studies in the recognised schools, for completing the Matriculation course, to take up the Test Examination.

2. Teachers of recognised schools or madrasahs intending to appear at the Matriculation Examination of 1944 as Private Candidates are not required to appear at the Test Examination. They may apply to the Registrar, Calcutta University, through the Secretaries of their respective institutions for necessary instruction.

3. Private Candidates hailing from outside the territorial limits of the Calcutta University may also be admitted to the Test Examination of this Division on production, in original, of the orders of the Syndicate of the Calcutta University permitting them to appear at the Matriculation Examination.

4. Test Examination of Private Candidates will be held in each of the Government High English Schools situated at the district or subdivisional headquarter towns of this Division as shown below:—

(1) Dacca Collegiate School.
(2) Jamalpur Government High English School.
(3) Mymensingh Zilla School.

5. Candidates shall be examined in the following subjects:—

(*a*) Major vernacular language, viz., Bengali—Two-half papers.
(*b*) English—Two papers.
(*c*) Geography—Half paper.
(*d*) History of India and History of England—Half paper.
(*e*) Mathematics—One paper.
(*f*) A Classical language (viz., Sanskrit, Arabic and Persian)—One paper.

6. Application for admission to the Test Examination should be written neatly and legibly in the attached form (Appendix A) containing the following particulars:—

(*i*) Full name of the candidate.
(*ii*) Full name of his father or guardian with address.
(*iii*) Home address of the candidate in full—
(*a*) Name of village.
(*b*) Post Office.
(*c*) Police-station.
(*d*) District.
(*iv*) Present address in full.
(*v*) Name of subject in terms of paragraph 5 (including the name of the major vernacular language).
(*vi*) Name of the Classical language in terms of paragraph 5 (*f*).
(*vii*) Name of the Government school where he desires to appear at the Test Examination (*vide* rule 4).
(*viii*) Name of the centre where he desires to appear at the Matriculation Examination of 1944.

7. The following documents must be submitted along with their applications for permission:—

(*i*) In case of candidates who appeared at the Matriculation previously—Admission Card, in original, granted by the Controller of Examinations or in case of its loss, a duplicate copy of it.
(*ii*) In case of candidates who appeared previously at the Test Examination conducted by this office—The Admit Card, in original, issued by this office.
(*iii*) In case of candidates who read in schools but discontinued their studies—The Transfer Certificate issued by the Head Master of the recognised school where the candidates last read.
(*iv*) In case of candidates who never read in any school—

(*a*) An affidavit sworn by the father of the candidate (or by the guardian in case the father is not alive) before a competent court to the effect that the candidate never read in any school in his life and that his age on the 1st March next will be year and months.
(*b*) A certificate from a responsible Government officer to the effect that—

"The candidate has prosecuted a regular course of study and has been subject to proper discipline and that he has not been attached to any school for at least one year or since the last Matriculation Examination held in March 1943".

The certificate should also state about the character and conduct of the boy. The gentleman furnishing such certificate should state his social and professional status.

8. Each candidate will have to pay Rs. 5 only along with his application for permission to appear at the Test Examination of Private Candidates. The fee should be remitted so as to reach this office *on or before the 15th November 1943, at the latest. No application nor fees for the examination will be accepted in this office after the above date.*

Where possible, candidates should deposit their fees in the local Government Treasury under the head "XXVI—Education (General)—Miscellaneous—Examination Charges" and submit to this office within the prescribed date a duplicate Treasury chalan along with their applications.

Fees once deposited will under no circumstances be refunded.

All applications received in this office in incomplete form or applications submitted without the remittance of examination fees will be rejected without any reference.

9. No Private Candidate will be admitted to the Test Examination unless he is duly identified beforehand to the satisfaction of the Head Master of the school where he is to appear at the Test Examination.

10. Students who do not belong to this Division should furnish a certificate from a respectable gentleman of the locality to the effect that they are residing in this Division for at least one year prior to the date of the Matriculation Examination. Gentlemen furnishing such certificates should state their social or professional status.

11. The results of the Test Examinations will be published on the Notice Board of this office as well as on those of the schools where the candidates will appear for the Test Examination.

12. The fees of the Final Examination must be deposited with the Head Master of the school where the candidates appear at the Test Examination with the cost of remittance to the University.

Intermediate and B.A. Examinations, 1944.

Bona fide teachers of recognised English schools and inspecting officers of the Education Department, who have been employed as such for at least three academical years (32 calendar months) preceding the dates of examinations, will be admitted to the I.A. and B.A. Examinations of the Calcutta University as non-collegiate students, provided they have obtained special permission of the Senate.

Demonstrators, Laboratory Assistants and Librarians of affiliated colleges are regarded as teachers.

2. Candidates who have obtained special permission of the Senate should submit their applications to this office for countersignature not later than 2nd January 1944.

3. Candidate should carefully read the printed form of application and supply all the necessary information.

4. The following documents in original must accompany the application:—

(*a*) The letter from the Senate of the Calcutta University permitting the candidate to appear at the ensuing examination.

(*b*) The University certificate to show that the candidate has passed the next preceding examination.

(*c*) Registrar's receipt in the case of those who were admitted to the same examination in a previous year.

(*d*) Registrar's receipt to show that the candidate's name has been registered as a "University student." If his name has not already been registered, he should produce a Post Office receipt showing that the required fee of Rs. 2 has been remitted to the University to get his name registered.

(*e*) A certificate from the Secretary in the case of teachers, and from the immediate superiors in the case of others, showing (*i*) that he has been serving as such for three academical years (32 calendar months), (*ii*) that he has been diligently and regularly prosecuting his studies and (*iii*) that his character and conduct have been good.

5. The dates of I.A. and B.A. Examinations, 1944, will be notified by the Calcutta University in the *Calcutta Gazette* in due course.

6. Applications with the countersignature of the undersigned, together with the fees for the above examinations, must reach the office of the Controller of Examinations, Calcutta University, on or before the date to be fixed by the University and must be sent to that office by the candidate himself direct.

J. C. GUHA,

PUBLIC SERVICE COMMISSION, BENGAL

NOTICE.

A COMPETITIVE examination for direct appointment to the Bengal Civil Service (Executive), and the Bengal Junior Civil Service will be held in Calcutta in February 1944 in accordance with Rule IX of the Bengal Provincial Services Recruitment Rules, published in notification No. 7183A., dated the 22nd May 1930.

2. **Vacancies.**—Vacancies in the following services will be filled on the result of this examination :—

Bengal Civil Service (Executive).
Bengal Junior Civil Service.
Bengal Police Service.
Upper Division Secretariat Clerical Service.

The number of vacancies in each service will be announced later.

Each candidate will be required to specify in his application the service or services for which he desires to compete, placing them in the order of his preference, and the choice thus indicated will be final. Candidates will not be allowed to alter their choice of services; only in exceptional cases such applications may be considered provided they reach the Secretary, Public Service Commission, Bengal, before the examination begins. Appointments will be assigned to successful competitors with due consideration to their choice and the number of vacancies in the services.

3. **Qualifications.**—The indispensable qualifications of a candidate are—

(*i*) that he is a native of Bengal or has a permanent domicile within the Presidency of Bengal;

(*ii*) that he is a natural born subject of His Majesty, or of an Indian State in respect of whom the Governor has made a declaration under section 262 of the Government of India Act, 1935;

(*iii*) that he shall have attained the age of 22 and shall not have attained the age of 25 on the 1st October 1943;

(*iv*) that he is a graduate of a recognised University;

(*v*) that he is of good character; and

(*vi*) that he is of sound health, good physique, active habits and free from organic defects or bodily infirmity.

Along with his application every candidate shall attach his Matriculation Certificate in original and certificates, written not more than one year prior to the date of his application from two responsible persons unconnected with his College or University, and not related to him, testifying to his private character and stating that he is a native of or has a permanent domicile within the Province of Bengal. Excepting the original Matriculation Certificate other certificates will not be returned. The age limits can in no case be relaxed.

4. **Applications—Method of submission of fee, etc.**—(*i*) A person desiring to be admitted to the examination shall apply before the 25th September 1943 to the head of the College from which he passed his examination for the degree of Bachelor of Arts, Science, Commerce, etc. A candidate who passed the examination as a non-collegiate student shall send his application to the Registrar, Calcutta University, together with a certificate of character signed by the Principal of his College if he was connected with one, and by the Magistrate of the district in which he is resident in other cases; candidates from the Dacca University shall apply to the Registrar, Dacca University. All other candidates (not included in the previously mentioned categories) shall apply to the Director of Public Instruction, Bengal, Writers' Buildings, Calcutta.

Provided that in no case shall a candidate apply to more than one of these authorities, and that such applications shall always be made through their Durbars by persons resident in a State in India.

(*ii*) Applications shall be made, in the form shown in Schedule I, copies of which may be obtained from the heads of Colleges, the Registrars of the Calcutta and Dacca University, and the Director of Public Instruction, Bengal.

(*iii*) No application will be considered unless it is accompanied, by a chalan showing payment into a Government treasury in Bengal, or Reserve Bank of India, Calcutta, of the sum of Rs. 5. This payment is obligatory whether such application is subsequently rejected or not and no claim for a refund of this fee will be entertained. *Applications stamped with postage or other stamps will not be accepted.*

(*iv*) No allegation that an application form or letter respecting such form, has been lost or delayed in the post will be considered unless the person making such allegation produces a Post Office registration receipt or certificate of posting. Candidates who delay their applications until a late date will do so at their own risk.

5. **Nomination.**—The nominating authorities mentioned in Schedule II shall forward to the Secretary, Public Service Commission, Bengal, before the 30th September 1943, all completed applications received by them from candidates who are eligible under the rules to appear in the examination with certificates about their moral character. The candidates nominated shall be grouped in communities.

6. **Selection certificates.**—The Public Service Commission will issue certificates of selection to such a number of candidates as they consider desirable. The selection or rejection of a candidate by the Commission shall be final, and no candidate shall be admitted to the examination unless he holds such a certificate:

7. **Particulars of candidates.**—The Public Service Commission may require such further proof or particulars from the candidates as they may consider necessary, and may make enquiries regarding their character and domicile.

8. **Examination fee and time-table.**—Every candidate to whom a certificate of selection has been issued will deposit into a Government treasury in Bengal or Reserve Bank of India, Calcutta, a sum of Rs. 50 as examination fee and forward the receipt for the same to the Secretary, Public Service Commission, Bengal, by the date fixed. Under no circumstances will the fee paid be refunded. Delay in this respect may render a candidate's name liable to removal from the list of examinees. On complying with this requirement, the candidates will receive from the Secretary a time table for the examination The examination will be held in two centres, viz., Calcutta and Dacca, if sufficient candidates are forthcoming. The candidates should clearly mention in their application forms the centre where they wish to sit. The dates and place of the examination will be communicated to the candidates separately.

9. **Canvassing.**—Any attempt on the part of a candidate to enlist support for his application through persons of influence or officials of Government will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates, or otherwise known to them, will be disregarded.

10. **Disclosure of identity.**—Candidates should not write their names or roll numbers anywhere except in the space provided for the purpose on the answer books. Any paper containing a mark or a hint revealing the identity of a candidate will be rejected without further scrutiny.

11. **Ineligibility of Government servants.**—No person holding a substantive appointment in Government service or an appointment on probation against a substantive vacancy under Government will ordinarily be eligible to appear at the competitive examination. Persons holding purely

temporary posts under Government should submit their applications in the manner prescribed in paragraph 4 above.

12. **Syllabus of examination and marks.**—The examinations will be held in the subjects and according to the syllabus shown in Schedule III which also indicates the numerical value to be attached to each paper at the examination.

As the possession of a knowledge of a provincial vernacular is an essential condition of appointment candidates, whose ordinary spoken and written language is not Bengali, must take up translation from English into one of the provincial vernaculars named below:—

(*i*) Bengali,
(*ii*) Hindi,
(*iii*) Urdu,
(*iv*) Nepali,

and *vice versa* in the compulsory paper. Successful candidates, however, who have offered any language other than Bengali in that paper and are appointed to a service for which there is a Departmental Examination, will be required to pass completely the Departmental Examinations in Bengali within two years of the date of their appointment to the service.

13. **Medical Examination.**—As soon as the results of the examinations are ready, a proportion of the candidates who have qualified will be called upon to appear before a Medical Board for a certificate of their fitness for Government service in form A of Schedule IV of the Bengal Provincial Services Recruitment Rules. An order to appear before the Medical Board must not however be understood to mean that the candidate, if found fit, will necessarily receive an appointment as the number of candidates who will be summoned for medical examination will be slightly in excess of the total number of vacancies, and the question of his appointment will depend upon the results of the medical examination taken as a whole. Regulations governing the physical examination of candidates are set forth in Schedule IV of the Bengal Provincial Services Recruitment Rules and intending candidates are advised before they apply for admission to the examination to satisfy themselves that they are likely to qualify as physically fit under those regulations, for experience has shown that a considerable number of the candidates at the competitive examinations are subsequently rejected by the Medical Board as unfit.

14. **Availability of old question paper.**—These question papers may be purchased from the Publication Branch, Bengal Government Press, Alipore, or from Cash Sales Office, Writers' Buildings, Calcutta, at Re. 1 for a complete set of questions for one year.

P. B. RUDRA,
Secretary, Public Service Commission, Bengal,
The 26th July 1943.

There will be a viva voce test, the maximum marks for which will be 400, the minimum qualifying marks being 160. The test will be confined to a required number of candidates who stand highest in the written examination and the marks awarded at the viva voce test will be added to those secured at the written examination.

The viva voce examination will be in matters of general interest, not in matters of academic interest, it is intended to test the candidate's alertness, intelligence and general outlook.

II. Optional subjects—

Any two or more of the following: provided that the total number of marks for all the subjects taken under this head must not exceed 600.

		Maximum marks.
1.	English Literature ...	300
	(*a*) General History of English Literature 150	
	(*b*) English Literature from 1832 to the present day 150	
2.	Mathematics ...	300
	(*a*) Pure 150	
	(*b*) Mixed 150	
3.	Physics ...	300
	(*a*) General, Heat, Light 150	
	(*b*) Magnetism, Electricity 150	
4.	Chemistry ...	300
	(*a*) Inorganic 150	
	(*b*) Organic 150	
5.	One classical language chosen from Latin, Greek, Sanskrit, Arabic, Persian, Pali or Urdu (for those whose mother-tongue it is not) ...	300
	(*a*) Translation 150	
	(*b*) Language, Literature and Grammar 150	
6.	History ...	300
	(*a*) Indian 150	
	(*b*) English and European 150	
7.	Philosophy ...	300
	(*a*) Metaphysics and Ethics ... 150	
	(*b*) Psychology ... 150	
8.	Economics ...	300
	(*a*) Political Economy ... 150	
	(*b*) Economic History and application to India ... 150	
9.	Botany ...	300
	(*a*) and (*b*) Two papers ... 150 each.	
10.	Geology ...	300
	(*a*) and (*b*) Two papers ... 150 each.	
11.	Physiology ...	300
	(*a*) and (*b*) Two papers ... 150 each.	
12.	Zoology ...	300
	(*a*) and (*b*) Two papers ... 150 each.	
13.	History of Islam ...	300
	(*a*) General Islamic History ... 150	
	(*b*) Islamic Philosophy and Culture ... 150	
14.	Constitutional History of England and the Empire ... 150	
15.	Ancient Indian History and Culture ... 150	
16.	Political Theory and Political Organisation... 150	
17.	Anthropology ... 150	
18.	Comparative Philology ... 150	
19.	Bengali Language and Literature ... 150	
20.	Geography ... 150	
21.	International Law, Jurisprudence and Principles of Legislation ... 150	
22.	Hindu Law and Muhammadan Law ... 150	
23.	Statistics ... 150	

(*i*) There will be two papers in each of the optional subjects 1-13 and one paper only in each of the remaining subjects.

(*ii*) If a candidate fails to secure 25 per cent. of the marks in any one of the optional subjects selected, he shall score no marks in that subject.

(*iii*) In awarding marks in all the subjects the candidates' knowledge of English, as shown by the answers, will be taken into account.

(*iv*) Ten per cent. of the marks obtained in any paper will be subject to deduction for bad writing and untidiness.

(*v*) The following details may prove helpful to a candidate as indicating the standard and nature of the examination:—

I.—COMPULSORY SUBJECTS.

1.—Translation and Retranslation.

The examination will be directed to test not the extent of the candidate's knowledge of any literature (English, Bengali, Hindi, Urdu, Nepali, French or German), but only facility in rendering from one language into another with reasonable accuracy and elegance. In the case of candidates whose ordinary written and spoken language is not Bengali and who did not take up Bengali as their vernacular at the University Examinations the tests in this paper will be equivalent to the tests in the subject prescribed in the rules for the lower standard of the Departmental Examination in Bengali for Civil officers, and such candidates will after appointment and before confirmation be required to pass the Departmental Examination by the higher standard in Bengali.

2.—English Composition.

Questions will be set to test the candidates' power of writing clear and expressive English. They will include letter-writing on given subjects, the rapid summarisation of the subject matter of passages in prose of about 500—600 words in length and the detailed paraphrase of poetry.

The general standard of the subject matter will be that of the pass B.A. degree of an Indian University.

3.—Elementary Mathematics.

Arithmetic—Vulgar and Decimal fractions: Practice: Proportions: Simple Interest.

Algebra—Proportions: Simple equations: Resolution into factors: Greatest Common Measure: Least Common Multiple: Graphs of simple equations.

Geometry—Elementary Geometry of straight lines, triangles and circles, including practical problems. The marks shall be divided as follows:—

	Marks
Arithmetic	... 80
Algebra	... 60
Geometry	... 60

The paper will consist largely of Problems with Arithmetical Data.

4.—General Paper.

Questions will be set on current topics, general history or similar subjects with which an educated candidate should be acquainted.

5.—Outline of Modern Indian and English Constitutional Law.

A.—Indian Constitutional Law.

From the East India Company up to 1935, with special reference to:—The East India Company; transfer of power to Crown; Provinces and Presidencies; Legislative Councils; Indian Council Acts; control by the Government of India; Minto-Morley Reforms; financial settlement; Montague-Chelmsford Report; Government of India Act, 1919. Report of the Joint Committee on Indian Constitutional Reforms; Government of India Act, 1935; position of Burma.

B.—English Constitutional Law.

A general study of the subject with special reference to the Nature of Constitutional Law and its place in Jurisprudence; Nature of Parliamentary Sovereignty; House of Commons; House of Lords; Functions of the Crown in Parliament; Cabinet; Right to Personal Freedom; Right of Freedom of Discussion; Right of Public Meeting; Conventions of the Constitution.

Books recommended indicating the standard required.

A. Indian Constitutional Law.

The Government of India by Sir Courtnay Ilbert (1922).

The Constitutional System of India by N. C. Roy, M.A., PH.D.

B. English Constitutional Law.

The English Constitution by Bagehot (with an introduction by the Earl of Balfour).

English Political Institutions by J. A. R. Marriott (3rd edition).

An introduction to British Constitutional Law by A. B. Keith, B.C.L., D.LITT.

II.—OPTIONAL SUBJECTS.

1.—English Literature.

(*a*) General history of English literature. Questions will be set to test the candidate's knowledge of the more important works of the greater writers from (and including) Chaucer to the present day.

(*b*) English literature from 1832 to the present day. Candidates will be expected to know the work of the greater writers of the age, and to be able to understand such literature in relation to the main social and historical developments of the age.

NOTE.—In either paper, questions on the history of literary forms, style and prosody will not be excluded.

2.—Mathematics.

(a) Pure.

(*i*) *Algebra.*

Binomial theorem.
Convergency, divergency and summation of series.
Variation.
Theory of limits.
Inequalities.
Continued fractions.
Determinants.
Elementary theory of equations including the approximate solution of numerical equation.

(ii) Differential and Integral Calculus.

Theory of limits: differentiation: maxima and minima: Summation of series: partial differentiation: integration: definite integrals: reduction formulae: differential equation of the first and second orders: Fourier's series: applications to the geometry of curves.

(b) Mixed.

(i) Statics.

Statics of single particle.
Statics of systems of particles.
Friction.
Centre of mass.
Principle of virtual work.
Equilibrium of strings.
Machines.

(ii) Dynamics of a particle.

Velocity, acceleration, laws of motion.
Projectiles.
Impact.
Work and energy.
Motion of a particle in a plane under the influence of forces: orbits.

(iii) Hydrostatics.

Fluid pressure: centre of pressure on curved surfaces.
Conditions of equilibrium of a floating body.
Theory of the Metacentre.
Hydraulic and pneumatic machines.

3.—Physics.

(a) General, Heat and Light.

(i) General Properties of Matter.

Gravitation, elasticity, viscosity, surface tension, Kinetic theory of gases.

(ii) Heat.

Thermometry, expansion, calorimetry, change of state, conduction, radiation, thermodynamics.

(iii) Light.

Reflection and refraction, dispersion and chromatic abberration, spherical abberration, optical instruments, velocity of light, the spectrum, interference, diffraction and polarisation.

(b) Magnetism and Electricity.

The electrostatic field, conduction, condensers, specific inductive capacity, magnetism permanent and induced, electric current, magnetic force due to currents, electro-magnetic induction, electrolysis, heating effects, thermo-electricity, discharge of electricity through gases, radio activity, structure of the atom.

4.—Chemistry.

Kinetic Theory of Molecules and its applications; Dalton's Atomic theory; Atomic and molecular weights; Structural Chemistry and Stereo-isomerism; Periodic Law; Radio activity and modern views regarding the constitutions of matter. Laws of true solution; Collodial solution; Ionic theory and its applications. Conditions of Chemical equilibrium in a homogeneous and a heterogeneous system; Rate of chemical transformation; Catalysis. Phase rule and its application to one and two component systems. Nature of energy and its transformation in Thermo Chemical and Electro Chemical reactions.

The common elements and their important compounds; the inert gases; complex inorganic amines and cyanides. Manufacture of the common industrial products—organic and inorganic—with special reference to Indian conditions. The following organic compounds and their simple derivatives—methane and ethane; ethylene and acetylene; benzene, toluene, anthracene, pyridine and naphtalene, methyl, ethyl and propyl, alcohol, ethyl acetoacetate and ethyl malonate; lectic, oxalic, malonic, succinic, malic, tartaric, and citric acids; fumaric and maleric acids, glycerol and urea. Chemistry of

esters, ethers, amines, carbohydrates, cyanogen, derivatives, diazo, and azo compounds. Application of catalysts and organometallic compounds in organic synthesis; Composition, Purification and Analysis of organic compounds.

5.—Classical languages.

(i) Latin.

(*a*) *Translation.*

The paper shall consists of (*a*) passages for translation from Cicero or Caesar and Virgil or Lucretius, (*b*) a passage or passages from one or more of the following—Livy, Tacitus, Horace, (*c*) a piece of English prose for translation into Latin. 150 marks of which 75 shall given to (*c*).

(*b*) *Language, Literature and Grammar.*

The paper shall consist of questions on Accidence, Syntax, Latin Philology and literature, Roman History, the geography and organisation of the Empire.

A choice of questions shall be allowed.

(ii) Greek.

(*a*) *Translation.*

The paper shall consist of (*a*) passages for translation from Homer and Demosthenes, (*b*) a passage or passages from one or more of the following—Thucydides (excluding speeches), Euripides (excluding choruses), Xenophon, Plato, (*c*) a piece of English prose for translation into Greek. 150 marks of which 75 shall be given to (*c*).

(*b*) *Language, Literature and Grammar.*

The paper shall consist of questions on Accidence, Syntax, the development of the literature in its chief forms, the contributions of the Greeks the development of civilisation, history and geography.

A choice of questions shall be allowed.

(iii) Sanskrit.

(*a*) *Translation*, (*b*) *Language, Literature and Grammar.*

The object of the examination will be more to draw out what a candidate knows than to test his knowledge. It is not expected that he should be an expert or a specialist in any branch of Sanskrit Literature, but he should have a grasp of both the Classical language and Literature.

He should have a general knowledge of Classical Sanskrit Grammar. This knowledge will be tested not by asking him to quote rules, but by their application to language.

He will be required to translate easy passages in English from Classical Sanskrit Literature, but not from commentaries. He may be asked to compose in Sanskrit, to write an essay in Sanskrit, to summarise a given passage in English or Sanskrit and to translate into either language.

The main stress in this paper will be laid on English History, knowledge of European History being only required in so far as it more or less directly links up with English History. Chief importance will be attached to the period 1500-1920 A. D. Political, cultural, economic and constitutional history will also be required. Sketch maps will be essential. The growth and history of the British Empire should be known.

7.—Philosophy.

(a) Metaphysics and Ethics.

Definition and Province. Relation of Ethics and Metaphysics to cognate subjects. Methods of Metaphysics and Ethics. *A priori* and *a posteriori* Theories. Discussion of the principal Categories of knowledge. Relation of the Finite to the Infinite, the Conditioned to the Unconditioned, etc. The influence of Evolution on Metaphysical and Ethical Thought. Leading Theories of the Constitution of the World. Naturalism and Idealism Theories of the nature of the Soul and its relation to the Body. The idea of the Self. The idea of God. Relation of God to the World and the Soul. Immanence and Transcedence, Agnosticism, Septicism, Pantheism, Theism, Immortality, Optimism, and Pessimism.

The moral Consciousness Postulates of Mortality, Human Freedom, Moral Obligation, Ethical Standards. Individual and Society. The Social Organism. Duties and Virtues. Theories of Punishment. The nature of Moral Progress.

(Candidates will be expected to possess a general knowledge of the history of Metaphysics and Ethics, both Eastern and Western, ancient and modern.)

(b) Psychology.

Scope and Province. Relation of Psychology to cognate subjects. Methods of Psychology. Varieties of Psychologiial Study. Relation of Mind to Body. Consciousness and Subconsciousness Suggestion. Mental processes. Sensation and its Organic Basis. Perception. Ideation. Memory and Imagination. Judgment. The Development of the Categories. Reasoning. Belief. The Growth of the Conception of the Self. The Various Selves. Feelings and Emotions. The Psychology of Will. Group Psychology. Social Psychology.

(Students are expected to possess a general knowledge of the history of Psychological Theory.)

8.—Economics.

(a) Political Economy; (b) Economic History and application to India.

Political Econocy.—This subject will include the Organisation of Production: theories of Consumption, Value, Monopoly and Distribution; the problems of Population, Labour and Industrial Peace; the theories of Money, Prices, Credit and Banking; the mechanism and theory of International Trade and Foreign Exchange; the principles of Public Finance.

Candidates will be expected to show familiarity with the economic conditions and development of India and to be able to apply the principles of Political Economy to Indian conditions.

They are also expected to have some knowledge of the economic history of England.

9.—Botany.

Scope of Botany. Difference between plant and animal. Outlines of the modern systems of classification.

Vegetable cell. Cell contents, Cell division, Tissues and tissue systems.

Morphology (including histology) and life history of Algae (*Nostoc*, *Oscillatoria*, *Volvox*, *Oedogonium*, *Fucus*, *Batrachospernum*, *a desmid*, *Spirogyra*, *Ulothrix*, *Vaucheria* and *Chara*), Fungi (Yeast, *Mucor*, *Phytopthora*, *Ustilago*, *Puccinia*, *Agaricus*, *Aspergillus*), Muscineæ (a moss plant, *Marchantia*, *Riccia*, and *Anthoceros*) *Pteriodphyta* (a fern, *Lycopodium*, *Selaginella*, *Equisetum*, and *Marsilia*), and *Gymnospermia* (*Cycas*, *Pinus* and *Gnetum*).

General morphology, histology and life history of Angiosperms. Physiology of plants including the principal experiments. Outlines of the Ecology of plants with special reference to the conditions of Bengal.

Distribution of plants in time and space.

A knowledge of the systematic position, morphological characters, use and cultivation of the more common economical plants of Bengal (viz., rice and other cereals, pulses, common vegetables, fruit trees, sugar producing plants, jute, indigo, cotton and the common timber trees).

10.—Geology.

The examination in Geology shall consist of (*a*) and (*b*) two theoretical papers.

(*a*) and (*b*). The theoretical course shall consist of—

Dynamical and Structural Geology.

Geological function of Air, Water and Life. Earthquakes and volcanoes. Secular upheavals and subsidence. Different types of structures met with in the crust of the earth. Earth sculpture. Origin of the Himalaya mountains. Water-supply.

Mineralogy and Petrology.

Physical and chemical characters of the more important minerals including their origin and commercial use. Classification of rocks. The leading rock-types of Building materials.

Palaeontology and Historical Geology.

Use of fossils. Leading types of fossils. Principles of correlation. The standard stratigraphical scale. Characters and distribution of the series of rocks found in India.

11.—Physiology.

General Physiology.

1. The Cell-membrance, Physico-Chemical processes—Diffusion, Osmosis and Dialysis, Osmotic-pressure, Electrolytes, Ionisation, Surface tension, Absorption. Properties of colloids, Catalysis and Enzyme-action.

Chemical Physiology.

2. Chemical composition of the body, Chemistry of carbohydrates, fats, lipides and proteins, Chemical Physiology of blood and lymph, Coagulation, Haemolysis, Precipitins, Tests for blood, Immunity.

Histology.

3. Histology and development of the cell, Segmentation of ovum and formation of germinal membranes, Microscopical appearances of blood, lymph and milk. Minute structure of the various organs and tissues of the animal body.

Physiological Processes.

4. Physiology of contractile issues, functions of nerve-cells and nerve-fibres, the circulation of the blood, respiration, processes involved in digestion and absorption of food, metabolism, dietetics, vitamins, physiology of endoctrine organs, hormones, excretion by the kidneys, skin, lungs and liver, production and regulation of body heat, mechanism of sound production and speech, Physiology of the Central and Autonomic nervous systems, Special Physiology of the organs of sense and Physiology of growth and reproduction.

12.—Zoology.

Scope of zoology and principles of classification.

Animal cell. Cell division. Elementary tissues, their morphological differentiation and physiological division of labour. Principles of animal physiology.

General characters of the following groups (including the distinctive characters of the classes, the more important orders represented in Bengal and of the development of the groups marked X); Protozoa, Porifera X, Coelentera, Platyhelminthes X, Nemertinea, Nematoda, Rotifera, Annelida X, Arthropoda X, Molusca X, Echinoderma X, Chordata, Hemichorda, Cephalochorda X, Urochorda X, Craniata-Cyclostomata, Pisces, Amphibia, X Reptilia, Aves X and Mammalia X.

Distribution of animals in time and space.

Theories of evolution. Heredity, variation and adaptation. Cell in inheritance. Eugenics.

13.—History of Islam.

There will be two papers on this subject. The first paper will consist of two parts dealing with the History of Islam in India and the History of Islam outside India, respectively. Each part will carry a maximum of 75 marks. The second paper will deal with Islamic Philosophy and Culture and will carry 150 marks.

20.—Geography.

Candidates may be asked to show their ability to draw neat and accurate maps.

A.—Geography of the World.

(1) Elementary Astronomy.

(2) Natural Phenomena—Wind, rain, etc., and their causes.

(3) Land and sea distribution. Main river and mountain systems of the world; their importance, political and economic.

(4) General Climatic Geography of the World.

(5) Main trade routes. Distribution of oil, coal, wheat, wool, cotton, rice, jute tracts.

B.—Geography of India.

(1) General description and Physical Geography.

(2) Relation of Geography to—

(*a*) Climate (with special reference to the monsoon currents).

(*b*) History of India.

(*c*) Economics. The main products of the country and their nature of transport and distribution. Railway and river systems.

(3) Influence of Geography on relations of India with—

(*i*) Neighbouring countries.

(*ii*) United Kingdom.

(4) Ethnographic Geography.

C.—Geography of Bengal.

River and railway system.
Natural products.
Ports.
Trade—Internal and External.
Climate.

21.—International Law and Jurisprudence and Principles of Legislation.

A.—International Law.

Peace and War—With special reference to the Independent or Sovereign States, Dependent States.

Calcutta, the 24th July 1943.

Auditors' Report upon the Accounts of the Calcutta Corporation for the year 1936-37 together with the Replies of the Corporation, the Audit Rejoinders, further replies of the Corporation and Final orders of Government.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
I—INTRODUCTORY.	
The accounts of the Calcutta Corporation for the year 1936 37 have been examined and test audited.	PARA 1 —No remarks.
2. The more important points arising out of audit are incorporated in this Audit Report which is due to be published under Section 123 A of the Calcutta Municipal Act. A Test Audit Note embodying the less important irregularities which could not be settled in the course of audit has been separately sent to the Chief Executive Officer for disposal.	PARA 2 —No remarks.
Ad-interim Report.	
3. The illegality and loss referred to in paragraph 22 of this report were brought to the notice of the Corporation and of Government in an *ad-interim* report under Section 122 of the Act. The reply of the Corporation was not received on the matter when the audit closed.	PARA 3.—The Chief Law Officer reports on 12th May, 1938 :— The *ad-interim* report was received as per letter No. L A. 3114, dated 30th November, 1937, from the Joint Auditors No reply seems to have been sent to them as yet I was asked to obtain the opinion of the Advocate General in this matter This was obtained and placed before the Chief Executive Officer through the Deputy Executive Officer I on 18th January, 1938. A conference was held in Chief Executive Officer's room on 27th April, 1938, when it was decided to place the matter before the Estates and General Purposes Committee for approaching the Legislature to include in the Act provisions similar to Articles 295 and 296 of the Assessment and Collection Manual. An item has been prepared by the Collector and will be placed before the Estates and General Purposes Committee shortly. The Chief Accountant reports :— A copy of the Chief Law Officer's report was sent to the Superintendent, Government Audit on 16th May, 1938, for information i.e., as soon as the matter came to my notice.
Surcharge	
4. In connection with the matter referred to in paragraph 39 surcharge proceedings are under consideration.	PARA 4 —The Chief Accountant reports :— This question has been dealt with in our reply to para 39 of this report.
Previous Reports.	
5. The remarks of the Corporation on the Audit Report for the year 1934-35, which became due on the 15th January, 1937, were actually received on the 17th December, 1937. The remarks of the Corporation on the Audit Report for 1935-36 which became due on the 29th September, 1937, were not received when this report issued Replies to the Test Audit Notes on the accounts for the years 1934 35 and 1935-36, have also not yet been received.	PARA 5 —The Chief Accountant reports :— The Audit Report for the year 1935-36, is now engaging the attention of the Corporation Replies to the Test Audit Notes for 1934-35 and 1935-36, are receiving the attention of the Chief Executive Officer.

Corporation.

Chief Executive Officer's remarks.	Resolution of the Finance Standing Committee as confirmed by the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final Orders of Government.
	The Finance Committee at their meetings held on 18th, 19th and 24th October, 1938, considered the Audit Report for the year 1936-37, and passed the following resolutions which were confirmed by the Corporation on 9th November, 1938. That it be recommended that the departmental explanations furnished in connection with the points raised in the different paragraphs of the Audit Report for the year 1936-37 be adopted subject to the following directions and remarks :— [*The directions and remarks have been shown against the paragraphs concerned.*] The further remarks of the Accountant-General, Bengal, and the Examiner of Local Accounts on the replies of the Corporation to this Audit Report as per their letter No. L.-A. 2356 dated 12th January, 1939, were considered by the Corporation on 7th August, 1939, when they confirmed the following recommendations of the Finance Standing Committee :— I. That the departmental replies noted in the precis against the Auditors' remarks regarding the relevant paragraphs of the Audit Report for the year 1936-37 be accepted subject to the following observations :— [*The departmental replies and the observations of the Finance Committee have been shown against the respective paragraphs.*] II. That the attention of the Government and the Joint Auditors be particularly invited to the provision of Rule 6 of the rules regarding audit of accounts of the Calcutta Corporation and that Government be again requested to instruct the Auditors to comply with them in future and not to pass final orders till the replies of the Corporation to the further remarks are submitted to Government.		*Letter No. 46 T. M. dated Darjeeling the 25th May, 1940 from G. S. Dutt, Esq., I.C.S., Secretary to the Government of Bengal, Department of Public Health and Local Self-Government to the Chief Executive Officer, Calcutta Corporation.* I am directed to refer to the correspondence resting with your letter No. 83002, dated the 15th August, 1939, regarding the report on the Audit of the accounts of the Calcutta Corporation for the year 1936-37. 2. I am to say that Government have carefully considered the Audit Report together with the explanation submitted by the Corporation and I am to communicate the following observations and orders of Government in the matter. [*The observations and orders of Government have been shown against the relevant paragraphs.*] 3. I am to request that the Audit Report together with the replies of the Corporation, the audit rejoinder and the final orders of Government may now be published as required by rule 7 of the rules regarding the audit of the accounts of the Calcutta Corporation, issued under Government Notification No. 2986M, dated the 10th May, 1935 as subsequently amended.,
Para 3.—The matter has already been placed before the Committee and is pending before them We have also written to Government stating what we propose to do.		*The Joint Auditors' letter No. L.A. 2356 dated the 12th January, 1939.* Para 3.—*Vide* remarks against para 22. *The Chief Accountant reports* :— Para 22 has been dealt with below.	
		The Joint Auditors' letter No. L.-A. 2356 dated 12th January, 1939. Para 4.—*Vide* remarks against para 39. *The Chief Accountant reports* :— Surcharge proceedings—presentation of diamond buttons to Mr. P, K. Ghose. The matter has been dealt with under para 30.	
Para 5.—This has since been disposed of by the Corporation. These are being dealt with.	Para 5.—That the Committee find that the Audit Report for the year 1935-36 has already been disposed of by the Corporation.	*The Joint Auditors' letter No. L.A. 2356 dated the 12th January, 1939.* Para 5.—The statement regarding audit report for 1935-36 is correct. Replies to the Test Audit Notes have however not yet been received. As the Test Audit Notes are not submitted to the Corporation for their comments, it should be possible for the Chief Executive Officer to return these with his own comments much earlier.	Para 5. *Previous Reports.*—The Test Audit Notes not being required to be submitted to the Corporation for orders, you appear to be in a position to dispose of them more quickly than at present. It is, therefore, requested that your replies to the Test Audit Notes for 1936-37 and 1937-38 may be forwarded to the Auditors as early as possible.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.

Chief Executive Officer's remarks.	Resolution of the Finance Standing Committee as confirmed by the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final Orders of Government.
		The Chief Accountant reports. PARA. 5.—Previous Audit Reports and Test Audit Notes. The Test Audit Note for 1936-37 is being dealt with by the Accounts Department. The Chief Executive Officer is taking action on the Test Audit Notes for 1934-35 and 1935-36. The remarks of the Chief Executive Officer will be communicated to the Auditors as soon as these are disposed of.	

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.

Cash in hand (with the Treasurer).

(a) Against the balance of Rs. 11,36,074 5-2½ "In cash", that shown in the cash book of the Treasurer was Rs. 9,62,646 6 9. The excess of Rs 2,05,427-14-5½ was due to the following items :—

	Rs. As. P.	Rs. As. P.
(a) Amount of collection credited in the Treasurer's cash book on the morning of the 1st April, 1937 but accounted for in the cash book of the Corporation on the 31st March, 1937 ..		2,02,072 14 10
(b) Short credit being—		
(i) Amount of cheques on non clearing banks dishonoured before credit in the Bank Pass Book ..	2,411 2 8	
(ii) Bank commission on parties' cheques	43 13 4	
(iii) Difference between the cash shown in the Treasurer's cash book as remitted to the Bank and that credited by the Bank to the Corporation accounts	0 0 1½	2,454 15 7½
		2,05,427 14 5½

Item (b) (iii) has since been adjusted

The impropriety of the inclusion of the collection of the 1st April in the cash book of the Corporation for the 31st March preceding as at (a) above was pointed out in previous audit reports and Government ordered on the 6th October, 1936, that if it was desired to report such collection, this should be done by a note attached to the accounts. These orders have not been given effect to in the accounts for the year 1936-37.

PARA 8 (b).- The Chief Accountant reports :—
No remarks except for the last paragraph. In reply to paragraphs 7, 12 (a) and 9 of the Audit Reports for 1930-31, 1934-35 and 1935-36 respectively we have already pointed out that our method of treatment of the morning collection of 1st April is perfectly in order and that the procedure suggested by the Auditors is wrong and cannot be accepted. It is expected that the Government will be pleased to reconsider the decision already given by them in the matter
The question is engaging the attention of the Finance Committee in connection with the further remarks of the Government Auditors on the replies of the Corporation to the Audit Report for 1934-35 (Para 12 (a)).

Cash in Bank (Imperial Bank Current Account).

(c) Against the sum of Rs 6,53,616 7 4 shown in the cash book as being "In bank" the balance actually in the Imperial Bank of India at the credit of the Municipal Fund on the 31st March 1937, amounted to Rs. 9,95,561-9-3. The discrepancy of Rs 3,41,945 1 11 is explained below :

Balance as per cash book		Rs.	6,53,616 7 4
Add, amount of uncashed cheques issued by the Corporation		Rs.	3,72,009 14 1
Total ...		Rs.	10,25,626 5 5
Deduct, amount of cheques on clearing banks dishonoured after credit in the Pass Book	Rs. 30,048 5 8		
Bank charges	Rs. 16 6 6		
		Rs.	30,064 12 2
Balance in the Imperial Bank ...		Rs.	9,95,561 9 3

PARA 8 (c).- The Chief Accountant reports :—
The correct amounts for "cheques on clearing banks dishonoured after credit in the Pass Book" and "Bank charges" are Rs. 30,049/5/8 and Rs. 15/6/6 and not Rs 30,048/5/8 and Rs. 16/6/6 respectively as reported by the Auditors.

Corporation.

Chief Executive Officer's remarks	Resolutions of the Finance Standing Committee as confirmed by the Corporation	Audit Reioinder together with further replies of the Corporation	Final Orders of Government.
PARA 8 (*b*)—We have expressed our views repeatedly and I think the Government should now accept the same	PARA 8 (b) That the Committee agree with the views expressed by the Chief Accountant and hope that Government would reconsider the decision already given	*The Joint Auditor letter No 1 A 2356 dated the 12th January, 1939* PARA 8 (b) —As no fresh reasons have been given for the continuation of the present practice the auditors have no further remarks to offer *The Chief Accountant reports* This relates to the method of accounting for the sums realised by the various officers of the Corporation on or before 31st March of a financial year and deposited in the Treasury on the first working day of the following year These sums are remitted to the Bank in one lot with other collections lodged in the previous year on the first working day of the following year *i.e.* exactly when the collections of 31st March become due for remittance to the Bank As a long standing practice, these amounts are shown in our accounts as collections of the previous year The Auditors want us to take these to the accounts of the following year We have repeatedly pointed out that the procedure suggested by the present auditors is wrong and cannot be accepted One should have thought that the attempt to send all the collections in the hands of the officers of the Corporation on the 31st March to the Bank on the next working day would have been praised but the attitude taken up by the auditors is quite the contrary What the auditors want is wrong and the practice which has been in vogue for decades is right The question was fully dealt with in our replies to the further remarks of the Auditors on the replies of the Corporation to the Audit Report for 1934-35 and previous years Further decision of the Government in the matter is awaited *Recommendations of the Finance Committee as confirmed by the Corporation* That Government be informed that the system followed by the Corporation is the only proper way and the suggestion of the Auditor is wrong and that Government be therefore requested to reconsider their decision *The Joint Auditors' letter No 1 A 2356 dated the 12th January 1939* PARA 8 (c) The difference of Re 1 pointed out by the Chief Accountant is comprised of 3 items of commission charged by the bank for encashing 3 cheques which had previously been dishonoured The Chief Accountant's view that the amounts should be included under Dishonoured cheques instead of under Bank charges cannot therefore be accepted by the Auditors The matter however is too trival and need not be pursued further *The Chief Accountant reports*— No remarks *Recommendations of the Finance Committee as confirmed by the Corporation* No remarks	(2) PARA 8 (b) Cash in hand (*with the Treasurer*) The attention of the Corporation is invited to para 2 (3) of the Government Order No. 19 T M., dated the 27th April, 1940 in which it has already been stated that the collections up to the evening of the 31st March of any year should be remitted to the Corporation Treasury on the same day and that the morning collections on the 1st April should be accounted as collection of arrear rates of the previous year.

Auditors' Report

Dishonoured cheques.

9. Out of the dishonoured cheques referred to in the last two paragraphs, 27 amounting to Rs. 8,518 13 3 were still pending disposal on the 30th November, 1937. Of these, 10 for a total amount of Rs. 916 6 3 are pending cancellation being unrecoverable. As regards the rest, a decree was obtained in 1933, in respect of a cheque for Rs. 284 5 0 but nothing could be realised, and suits were stated to be in contemplation in the remaining cases. These included 3 cheques for an aggregate sum of Rs. 1,175 15 0 received more than 3 years back.

Replies of the Departmental replies and Chief Accountant's remarks

PARA 9.—The Chief Accountant reports :—
On a reference from this Department, the Auditors have corrected the number and amount to "26" cheques and "Rs. 8,495/2/3" respectively.
The balance of Rs. 8,495-2-3 was reduced to Rs. 7,112 14 9 in 21 cheques on 31st March, 1938.
The Chief Law Officer reports :
In the absence of details of the Cheques referred to by the Auditors, it is not possible for me to state the action taken in respect of each. I do not understand how the figure of Rs. 916-6-0 has been arrived at by the Auditor. It appears from our records that five cheques amounting to Rs. 370 10-6 were recommended for cancellation by the Law Department Special Committee and they are pending before the Corporation. As regards the cheque for Rs. 284 5 0 nothing could be realised inspite of further executions of the decree. It may have to be ultimately put up for cancellation. Suits amounting to Rs. 500 in respect of two cheques received more than three years back have been decreed recently. Action is being taken to file a suit for Rs. 575 15-0. I think this accounts for Rs. 1,175-15-0 mentioned by the Auditors.

PARA 10 (a). The Chief Accountant reports :
Every care is always taken by the Accounts Department, to get each of these accounts adjusted and to keep down the figures as far as practicable. This would be seen from a comparison of the outstandings on 31st March, 1937, with those on 31st March, 1934, 31st March, 1935 and 31st March, 1936, as in the table given by the Auditors. It should however be borne in mind that there are always some fresh additions every year and we cannot therefore expect to get the amount further reduced. The outstandings under columns 2 and 3 have since been considerably reduced and they stood at Rs. 1,31,077 and Rs. 57,132 respectively on 16th May, 1938. The figure under column (7), Impress Advance being permanent advance, is irreducible and should therefore be left out of consideration. As regards the balance of Rs. 3,65,602 against the Land Acquisition Collector under column (8), the figure includes Rs. 3,41,912 on account of Main Drainage Scheme pending adjustment on receipt of actual costs from that officer.

(b) An analysis of the outstandings under "Advances miscellaneous" year by year is given below :—

	On 31-3-36.	On 31-3-37.
	Rs. As. P.	Rs. As. P.

PARA 10 (b). The Chief Accountant reports :—
The outstandings on account of advances made in 1931-32 and previous years have been reduced to Rs. 18,120 on 16th May, 1938, against Rs. 30,520 as shown by the Auditors. The advances for subsequent years have also come down appreciably and they stood at Rs. 1,12,965 on 16th May 1938, against Rs. 2,15,441 on 31st March, 1937. The oldest outstanding against the Executive Engineer, Water Works for 1918-19 was adjusted as per J. V. 1887 12 of 1937-38. The accounts submitted by the Executive Engineer, Water Works on advances made up to 1930-31 have been returned to him for further information.

It will be seen that no appreciable progress was made during the year 1936-37 in the adjustment of advances made in 1931-32 and previous years. The oldest outstanding item relates to the year 1918-19 in the name of the Executive Engineer, Water Works for temporary connections. The total amount outstanding on this account is mentioned below :—

	Rs.	As.	P.
(i) Advances up to 1930-31	10,900	14	4
(ii) Advances since 1931-32	8,017	2	9
	18,918	1	1

It was stated that the officer had submitted accounts for the items under (i). These should be adjusted after proper check without further delay and accounts for the balance obtained.

		The Joint Auditors' letter No. L. 1. 2356 dated the 12th January, 1939 PARA 9.—Necessary information has been furnished to the Chief Law Officer separately. The position as regards dishonoured cheques will be reviewed and commented on if necessary in the next Audit Report. *The Chief Accountant reports.*— No remarks. *Recommendations of the Finance Standing Committee as confirmed by the Corporation* No remarks	
Remarks of the Deputy Executive Officer I— PARA 10 (a)—The amount of outstanding advances has been considerably reduced at the end of 1936-37, while at the end of 1933-34, the amount stood at Rs. 32,51,560, it came down to Rs. 9,39,909 on the 31st March, 1937. Out of this amount nearly 3½ lacs relates to the advance made to Land Acquisition Collector for acquisition of land in connection with the Main Drainage Scheme and would be adjusted when actual figures are received. There is a number of old advances especially relating to the Water Works Department which require adjustment without delay. The Executive Engineer, Water Works has been asked to take immediate steps to regularise matters.			

Auditors' Report.

(c) Other noticeable items that have been pending for a long time are mentioned in Annexure A.

(d) Considerable portion of the advances for "works done in default of others" is also outstanding for a long time, *vide* analysis of the outstandings given below :—

		On 31-3-37.
Outstanding from years previous to	... 1930-31 ...	33,865

Some items in respect of which action appeared to have been delayed are included in Annexure B. It will be seen therefrom that no recovery has been made at all in some cases during the last 10 years.

Loan Account.

11. The statement below shows the position with regard to the outstanding advances from Loan Account at the end of the last four years.

Date.	Miscellaneous and water works advance	Advance to Land Acquisition Collector.	Total.
	Rs.	Rs	Rs.
31-3-34	6,66,293	45,840	7,12,133
31-3-35	8,10,861	30,910	8,41,771

31-3-37	5,13,975	89,443	6,03,418

The figure in column 1 for 31st March, 1937, is comprised of Rs. 17,881 for miscellaneous work and Rs. 4,96,094 for Water Works Extension. The outstandings at the end of last two years are analysed below :—

		On 31-3-36.	On 31-3-37.
Outstanding out of advances made in years previous to	1930-31	1,59,462	1,59,462
In	1930-31	69,960	142
In	1931-32	1,43,756	92,500
In	1934-35	1,81,450	1,26,000

In	1936-37	.....	97,381
		6,21,418	5,13,975

It will be seen that during the year 1936-37 no adjustment was made in respect of any portion of the outstandings in respect of advances made prior to the year 1930-31. The important items of outstandings under the head "Miscellaneous and Water Works advances" are mentioned in Annexure C.

Replies of the

Departmental replies and Chief Accountant's remarks.

Para 10 (c). The cases cited in annexure A have all been adjusted excepting serial Nos. 3, 4, 8, 9 (Rs. 6,500), 12 and 13. The Departments concerned have been asked to take prompt action for settlement of these cases.

Para 10 (d). Out of the 23 cases cited by the Auditors, five (items Nos. 2, 13, 18, 19 and 20) have since been adjusted, two (items Nos. 10 and 11) relate to filling up of tank and the land is in possession of the Corporation. The others are still outstanding.

Para 11.—The Chief Accountant reports :—

Re :—The amount lying at debit of Advance Miscellaneous A/c Loan for Miscellaneous Works :—

The cases referred to by the Auditors in Annexure C are dealt with below :—

Serial No. 1.—A. Hafiz & Co., Rs. 7,500 and Rs. 4,000.—The matter was considered by the Works Committee on 10th February, 1938, when they resolved as follows :—

That having regard to the fact that the contractors Messrs. A. Hafiz & Co., have not yet resumed the work of filling up the tanks and raising low lands between Tiljala Cemetery and the Extension Cemetery, inspite of repeated demands the Committee recommend that the work be taken out of their hands and be done at their risk and cost by some other contractor.

Serial No. 2—K. C. Ghose & Co., Rs. 2,900.—The bill is under examination.

Rs. 3,000.—The Executive Engineer, Main Drainage reports on 19th May 1938, that the advance will be recovered from the bill of the contractors under examination in his Department.

Serial No. 3.—R. P. Roy & Sons, Rs. 480-11-2.—The case is subjudice

The outstanding advances Loan on account of Water Works Extension Works as set out in Annexure C are all outstanding excepting serial Nos. 3, 12 and 13. Serial Nos. 1, 2, 4 to 11 and 15 cannot be adjusted till the suit filed by Messrs. Bando & Co., Ltd., is decided. Serial No. 16 cannot similarly be adjusted till the suit filed by the Nadia Engineering Co., is disposed of. Serial No. 14 will be adjusted at the time of passing the final bill of Messrs. Indo Swiss Trading Co., Ltd.

STORES.

Result of Verification.

12 (a) Out of stores valued as Rs. 9,15,850-13-9 shown in the accounts as in stock on the 31st March, 1937, verification was made of stores the book balance of which amounted to Rs. 8,54,170-8-2 (stores in the Workshop valued at Rs 61,680-5-7 being not verified).

The result of verification is given below :—

Particulars.	Account Balance.	Value as per balance return.	Shortage.
	Rs.	Rs.	Rs.
1. Road Metal	13,458 0 4	11,238 8 3	2,219 8 1
2. Water supply stores ...	3,81,540 13 3	2,86,968 14 9	94,571 14 6
3. Miscellaneous stores ...	2,50,068 2 4	1,31,257 9 4	1,18,810 9 0
4. Entally Stores	2,09,103 8 3	2,02,846 15 3	6,256 9 0
	8,54,170 8 2	6,32,311 15 7	2,21,858 8 7

Out of the shortage of Rs. 2,21,858-8-7, Rs. 1,51,078-15-4 represented the amount of unadjusted transfer statements on the 31st March, 1937. Further stores amounting to Rs. 70,779-9-3 represented the value of surplus materials of the Water Works Extension Department debited to Stock Account but not yet made over to the Controller of Stores and subjected to verification.

PARA 12 (a) & (b) - The Chief Accountant reports :—
The term "shortage" is very misleading This is not a case of shortage at all, but of difference between the Book balance and the actual stock The difference represents value of stores issued from stock to work but not yet taken into account for arriving at the Book balance. It is not as if some stores have disappeared, as the term "shortage" may imply.
A portion of the surplus materials (pipes, etc.,) of the Water Works Extension Department has since been used for work
The balance of Rs 1,51,078-15-4 as shown by the Auditors represents the net amount of unadjusted stores on 31st March 1937 This has been reduced to Rs. 5,659-14-10 on 11th June, 1938 and further adjustments will be made as soon as the other bills are returned by the departments concerned to whom these were sent by the Accounts Department under objections.

Delay in adjustment.

(b) The amount covered by unadjusted transfer statements has been on the increase for the last 3 years as will be seen from the figures below :—

Date	Total amounts of unadjusted transfer statements.
	Rs. As. P.
31st March, 1935	25,252 0 8
31st March, 1936	77,377 10 7
31st March, 1937	1,51,078 15 4

WORKSHOP.

Accounts of cost of manufacture

13. In connection with the audit report for 1927 28 the Corporation resolved on 2nd February, 1931, that the existing system of keeping workshop accounts did not give a fair idea of profit or loss and that the accounts of the workshop should be kept just as in a business concern. The point having been brought to notice in subsequent audit reports, it was stated that the question of introducing a new costing system was under consideration. The Offg. Chief Accountant stated in August, 1937, that his report on the subject was engaging the attention of the Chief Executive Officer. More than 6 years have already elapsed since the date of the original resolution directing a revision of the existing system of workshop accounts. The final decision regarding change in the method of accounting may be expedited.

PARA 13. The Secretary reports.
The Workshop Costing System Sub-Committee appointed by Works Committee (1938 39) is considering the matter.

DEPOSITS.

Correctness of Balance not proved.

14. The correctness of the balance of Rs. 86,897 14-6½ outstanding on the 31st March, 1937, as shown in the annual accounts against the head "Deposits for partial recovery of bills with Collector" could not be verified as the Collector's "Deposit Suspense Account Register" shows only deposits in cash, whereas the figure under the head in question includes other items of credit for which no subsidiary register is maintained. This defect in the procedure should be remedied

PARA 14.—The Chief Accountant reports :—
The Accountant-General, Bengal, in his further remarks on the replies of the Corporation to para 118 (a) Annexure A —Item 11 of the Audit Report for 1930-31, suggested that a separate Register be kept for this. In reply to this the Chief Executive Officer in his letter No S/4527, dated 6th October 1937, wrote to Government that it would be a mere duplication of work without any additional benefit to start a separate register for the purpose and that the existing practice is working satisfactorily.

From the notes dated 3rd February, 1938, and 12th January, 1939, of the Resident Engineer, Water Works Department, I find that out of supply of 4000 ft. of 42 in. pipe in Narkeldanga Main Road by Messrs. Berrick & Comens Ltd., 2500 ft of pipes are now being laid in Manicktola Main Road and the "surplus stores will be delivered to Baghbazar Stores on completion of the work now in hand." Auditors' Report	Replies of the Departmental replies and Chief Accountant's remarks.
Want of precaution against double refund of Consolidated Rate 15. In the case of reduction in the assessment of the Consolidated Rate, refunds are allowed generally on the presentation of the original bills In some cases, however, refunds are allowed even when the original bills are not presented In the circumstances, unless proper safeguards are taken, there is risk of double refunds It is stated that the precaution taken consists in a review of the Receipt Register of refund vouchers in which all refunds are registered chronologically. As cases of such refund are numerous and as further there is no time limit to such applications for refund, the tracing of a previous payment in the above Register in respect of a refund application in hand does not appear to be practicable and the check which is now stated to be in vogue can hardly be treated as satisfactory. It may, therefore, be considered whether a note of refund in each case may not be made in the Valuation List and this list referred to before any refund is sanctioned.	Para 15.—The Chief Accountant reports — The same objection had also been persistently raised by the Chief Accountant After careful consideration the Deputy Executive Officer II decided that check against double refund should be exercised through the Registers prescribed under paras 345 and 350 of the Assessment and Collection Manual which must be very carefully maintained The Deputy Executive Officer also wanted to go into the matter and introduce any other method of check if necessary

		pursued through the Audit Report for 1936 37. The matter was accordingly raised in this report. In reply to the Auditors' summons, the Chief Accountant stated in December, 1937, as follows :— (i) "The Collector's Department Suspension Account Register shows only deposits in cash. No Register is separately maintained to show balance of refund bills left after adjustment of the rate bills due from the party. (ii) There is no subsidiary register with which the figures may be proved". It is therefore not understood how it will be a duplication of work to start a separate register showing the individual items of balance to prove the ledger balance. *The Chief Accountant reports* :— Verification of the balance under head "Deposit for partial recovery of bill with Collector." The Deputy Executive Officer II hopes soon to deal with the matter satisfactorily in consultations with the officers concerned. *Recommendations of the Finance Standing Committee as confirmed by the Corporation.* Government be informed that the matter is already engaging the attention of Deputy Executive Officer II.	
Remarks of the Deputy Executive Officer I :— PARA 15.—The check exercised through the Registers as prescribed under paras 345 and 350 of the Assessment and Collection Manual should be sufficient to prevent double refund if the Registers in question are carefully maintained. As it is, there are frequent complaints from parties regarding disposal of refund cases and a more cumbrous procedure should be avoided. *Chief Executive Officer's remarks* — It is not necessary to introduce additional precaution when the system in vogue affords adequate safeguards.	PARA 15.—That the Chief Law Officer be requested to report, if without amending the Act, a procedure can be adopted requiring applications for refund being submitted not later than one year after the final disposal of an objection to valuation and also making the production of paid up bills a condition precedent to a refund	*The Joint Auditors' letter No. I.A 2356 dated the 12th January, 1939 to Government* PARA 15.—The final decision of the Corporation is awaited. *The Chief Accountant reports* :— This relates to refund of Consolidated Rates in cases of reduction in the assessment even when the original bills are not presented With regard to the suggestions made by the Auditors in this paragraph, the Corporation resolved on 9th November, 1938, as follows :— "That the Chief Law Officer be requested to report if without amending the Act, a procedure can be adopted requiring applications for refund being submitted not later than one year after the final disposal of an objection to valuation and also making the deduction of paid up bills a condition precedent to a refund" The Chief Law Officer reports on 20th March, 1939 Under Articles 62 or 120 of the Indian Limitation a claim for refund of moneys paid in excess can be made within 3 years or 6 years respectively from the dates when they are paid A procedure cannot be laid down by the Corporation which will have the effect of restricting the rate-payers' right under the general law; the suggestion cannot therefore be given effect to without the help of the legislature by providing a special period of limitation for the purpose Regarding production of paid up bills I think we shall have to approach	(7) PARA 15.—*Want of precaution against double refusal of consolidated rate* The difficulty, if any, in following the procedure of recording the refund order on the valuation list, as suggested in audit, has not been stated. Detailed particulars on this point may be communicated to Government for their information.

DEMAND, COLLECTION, REMISSION AND BALANCE.

Rates.

16. (a) The figures for demand, collection, remission and cancellation and balance on account of the consolidated rates for the last four years as shown in the accounts of the Corporation are detailed in Annexure D. The balance on the 31st March, 1937, amounted to Rs. 41,71,411 against Rs. 42,27,585 at the end of 1935-36 The balance thus continues to be very heavy.

(b) The arrears on account of the previous and the current years were as follows :—

Department.	Previous years.	1936 37	Total.
	Rs. As. P	Rs. As. P.	Rs. As. P.
Collection ..	4,47,860 7 0	9,14,994 0 1	13,62,854 7 1
Law —	Details not available ...	.....	17,08,413 5 7
Assessment —	5,14 037 3 6	5,86,100 3 3	11,00,141 6 9
			41,71,411 3 5

The outstanding bills in the Law Department could not be analysed as there was no system of classifying the bills according to the year of their issue or receipt in that department.

(c) The percentages of collection in the year under review in the Collection and in the Law Departments are given below along with those for the two previous years. The table shows that collection deteriorated in the year under review as compared with the figures for the previous year :—

Percentage of Collection.

Year.	Collection.			Law.		
	Arrear.	Current.	Aggregate.	Arrear.	Current.	Aggregate.
1934-35 ...	55·2	87·4	83·6		...	9·9
1935-36 ...	64·1	90·7	90	...	...	10·6
1936-37 ...	55·3	90·8	86·8	...	...	8·1

PARA 16 (b).—The Chief Law Officer reports :—
The practice prevailing in this department is to enter the outstanding bills in the Stock list arranged serially ward by ward. A system of classifying bills according to the year of their issue is out of the question so far as this department is concerned. A comparison of the stock lists for two successive years will show which bills were received in which year. The present system of keeping the stock of bills is quite all right and should not be modified or changed as no useful purpose will be served by classifying the bills as suggested
The Assessor reports —
Of the outstanding amount of Rs 11,00,143-6 9, nearly Rs 5½ lacs is due to the Bengal Council Chamber and the Canals It will be seen thus that the outstanding amount of rate bills minus the above figure, is nearly normal, so far as this department is concerned
The Collector has no remarks to make

PARA 16 (c) —The Collector reports.
Leaving aside the exceptional arrear collection of the year 1935-36, it will be found that the collection for the year 1936 37 has not deteriorated On the other hand on a comparison with figures for 1934-35 it will appear that the percentage of collection of both arrear and current is gradually ascending
The Chief Law Officer reports :—
It has been pointed out that the total collection during the year is Rs 1,89,314 i.e., to say only Rs. 2,000 less than that of the previous year, (viz, Rs. 1,91,525). I beg to submit that there is bound to be a fluctuation and that the decrease pointed out is only such a fluctuation and can hardly be characterised as a deterioration in collection.

		legislature. Such a condition may in some cases cause hardship or inconvenience. The Chief Accountant states that there is a specific provision in this behalf in the City of Bombay Municipal Act, *vide* Section 179 quoted below :— "It shall be in the discretion of the Commissioner to disallow any claim for refund of any property-tax, unless application therefor is made to him in writing within thirty days after the expiry of the half-year to which the claim relates, accompanied by the bill presented to the applicant under Section 200 for the amount of the tax from which the refund is claimed " * * * *Recommendation of the Finance Standing Committee as confirmed by the Corporation.* That no improvement can be made on the existing arrangement and that the departments have been directed to be more vigilant in dealing with cases of refund where paid-up rate bills are not produced	
		The Joint Auditors' letter No. L 1. 2356 dated the 12th January, 1939. PARA 16 (a & c). The outstanding rate bills on the 31st March, 1938 were as follows Rs. With Collector 14,71,289 With Assessor 12,63,383 (Including Rs. 2,206 12 for Law Dept.) With Law Officer 19,44,745 Total 46,84,417 It will be seen that the outstandings have increased in each of the three departments and there has been an increase of over 10 per cent in the aggregate. *The Chief Accountant reports :—* The Auditors have raised this question in para 15 of the Audit Report for 1937-38 and the matter is being dealt with there. *Recommendation of the Finance Committee as confirmed by the Corporation* PARA 16 (a & c).— No remarks

Report of verification of outstanding bills

17 Delay in issue of report of verification—

Under Rule 42b of the Assessment and Collection Manual the unrealised bills in the Collection, Law and Assessment Departments have to be verified by the Accounts Department by the 10th of the month following each quarter and under Rule 432 the report thereon is to be issued by the end of that month The issue of the verification report for each quarter of 1936 37 was considerably delayed as will appear from the following :—

	Due date	Actual date of report	
		Assessment and Collection Department.	Law Department.
1st qr. 1936-37 .	31-7-3	27-1-37	5-2 37
2nd qr. 1936-37	31-10-36	16-7-37	.....
3rd qr 1936 37 ..	31-1- 7	21-8-37	28-8 37
4th qr. 1936 37	30 4-37	2 10 3'	31 10 37

Similar delay in respect of the year 1935 36 was noticed in paragraph 22 (a) of the Audit Report for the year 1935 36 Such delays should be avoided as this would automatically defer the detection of frauds, if any, on the part of the Collection staff

PARA 17.—The Chief Law Officer reports

Delay in issuing quarterly stock figures is due to heavy out standings of the previous successive years plus heavy annual transfers Attempts are being made to avoid such delay

The Collector reports —

When the Manual was prepared this department used to have small outstandings The dates of submission of various reports as provided for in it cannot be observed now a days owing to heavy increase of the outstanding number of bills

The Chief Accountant reports :—

The delay in issue of the verification report was due to delay in getting the quarterly statements from the Collection, the Assessment and the Law Departments which again was due to heavy outstandings *vide* Chief Law Officer's and Collector's notes above

All outstanding bills not produced during verification

18. (a) It appeared from the report of verification made at the end of the 4th quarter of 1936-37 that all bills shown in the accounts as outstanding on the 31st March, 1937, were not produced for verification *vide* table below :—

	Assessment.			Collection			Law.		
	Rs.	As	P	Rs.	As.	P.	Rs.	As.	P
Balance as per accounts ...	11,00,143	6	9	15,22 076	5	10	17,47 852	7	5
Amount of bills produced for verification	10,99,611	1	0	14,81,415	13	3	12,64,535	9	9
Bills for which decrees obtained	.....			...			1,56,826	7	7
Bills covered by pending suits	.....			..			2,17,364	11	11
Bills not produced ...	532	5	9	40,660	8	7	9,125	10	0

Many of the bills had not been produced for verification in previous quarters also Final action was not taken on the report of verification when the present audit closed

(b) Out of bills for Rs 40,660 8 7 in the Collection Department referred to above Rs 23,712 2 9 represented the amount of bills relating to the Garden Reach Municipality which were reported to be lying with the said Municipality for realisation and the balance represented bills which were not produced at the time of verification for other reasons The discrepancies should be investigated with as little delay as possible

PARA 18 (a)—The Chief Law Officer reports :—

Bills not produced mostly relate to cases in which they have been filed in suits pending in High Court or in proceedings before the Land Acquisition Collector

In either of these cases there is no system of having a challan as in the case of bills filed in Alipore; Sealdah or Calcutta Small Causes Courts

The Collector reports —

It appears that the audit query has been based on the Chief Accountant's report which is only a starting note of the stock report This file closes with submission of replies of Collector and Assessor to the Chief Executive Officer Now that this department has already submitted its reply, it can be safely said the number of bills said to be not produced was not actually 1 3rd of what the Chief Accountant reported

PARA 18 (b) The Collector reports —

All discrepancies whatever with the Accounts Department were explained to Deputy Executive Officer II and made up long ago

Remarks of the Deputy Executive Officer I :— PARA 17. It is not possible in these days of heavy outstandings to verify the unrealised bills and submit a report by the dates prescribed in paras 42b and 432 of Assessment and Collection Manual It is doubtful if the outstandings in the Collection and Law Departments would come down in near future to the figures at which they used to stand when the Manual was issued the dates prescribed in this Manual are not likely to be adhered to	PARA 17 That the remarks made by the First Deputy Executive Officer be accepted	*The Joint Auditors' letter No I. A 2356 dated the 12th January, 1939* PARA 17 If the present programme of verification as laid down in the Manual cannot be adhered to it would be more businesslike to prescribe a revised programme *The Chief Accountant reports,—* This relates to the report of verification of outstanding Rate and Miscellaneous bills The Collectors reports. Due to heavy increase of outstandings, the dates prescribed in Manual cannot be adhered to In view of this, the Chief Executive Officer fixes at the beginning of every year a time table showing approximate dates by which quarterly reports are to be submitted to the Accounts Department and the chart is being made tighter and tighter every year to enable the departments to approach the positions outlined in the Manual Happily, with the increase of staff this department is shown steady progress in following up the time table I think, it will be inexpedient to fix up any particular date just now without watching for a few years as to what more progress the department can make The Chief Accountant reports I think instead of fixing dates rigidly with reference to the present state of outstandings it would be advisable to wait to a few years more as suggested by the Collector following in the meantime the annual chart fixed by the Chief Executive Officer *Recommendation of the Finance Committee as confirmed by the Corporation* That a reply be sent on the lines of the report of the Collector

Disposal of Objections

20 (a) The disposal of objections filed against assessment during the year 936 37 and in the three previous years is shown in the comparative table below —

	1933 34.	1934-35.	1935 36.	1936 37
(1) Outstanding objections of the previous year	8681	9480	7416	5591
(2) Objections filed during the year	12393	9832	7647	6801
(3) Total number of objections to be disposed of	21074	19312	15093	12792
(4) Number of objections disposed of	11594	11866	9102	4395
(5) Outstanding objections at the end of 1936 37	9480	7446	5991	8397

The figures against item (4) above show that there has been a considerable fall in the number of applications disposed of during the year 1936 37

Para 20 (a) —The Assessor reports :—
The disposal of objection during the year under report was less in comparison to that of the previous year on account of the following reasons
(1) The Deputy Executive Officer II (Mr S Chatterjee) was absent on leave for nearly 4½ months from the middle of August to the end of December, 1936
(2) The Deputy Executive Officer I (Haji Abdur Rashid Khan) did not hear objection cases regularly towards the latter part of the year

(b) Several objections filed against the enhanced assessments made in 1933-34 during the general revaluation of Ward 22 remained undisposed of even up to the end of 1936-37.	PARA 20 (b)—The Assessor reports :— These cases have mostly been disposed of since.
Continued remission of rates on vacant lands in disregard of proviso to Section 151 of the Calcutta Municipal Act.	
21 In their Local Self Government Department letter No. 131 T M dated 6th October, 1936, the Government communicated their decision to the effect that the proviso to section 151 of the Calcutta Municipal Act 1923 did not empower the Corporation to grant general exemption from assessment to all building sites lying vacant for more than 3 years and that each case should be considered individually on its merits.	PARA 21.—The Assessor reports :— The Corporation on 21st January, 1938, resolved that there is no necessity for the proviso to section 151 of the Calcutta Municipal Act, 1923, and they recommended also that Government be approached to amend that section Government has also been written to for taking necessary action in the matter.
The question of enforcing the provision of the Act was considered by the Finance Standing Committee, at their meeting dated 30th November, 1936, and the Assessor was directed to place before the Committee a list of the vacant lands in respect of which full rates could be charged, together with a list of vacant lands in regard to which special circumstances existed In pursuance of the said direction lists for 5 Wards out of 32 were placed before the Finance Committee for consideration at their meeting dated 31st May, 1937. The Committee resolved that the consideration of the matter be postponed till a complete statement of all vacant lands for the whole city was available The Committee further directed references to be made to the Municipalities of Bombay and Madras as to the procedure followed in those cities in matters of assessment of vacant lands.	
As each case has to be considered on its own merits, the justification for deferring consideration of the lists which had already been prepared is not clear Already considerable loss of revenue must have occurred owing to the continuance of the illegal procedure of granting general exemption since it was first pointed out by the auditors in their report on the accounts for 1926-27 (issued on the 11th July, 1928) The dilatory manner in which the matter is still being handled even after a clear decision from Government cannot but lead to further avoidable loss of revenue.	
Continued illegal grant of proportionate remission under Section 537	
22 In their letter No 131 T.M dated the 6th October, 1936, to the Chief Executive Officer, Government observed that the grant of proportionate remission in the cases of partly occupied premises which was considered by the Corporation to be admissible under Section 537 (c) of the Calcutta Municipal Act was not covered by that section. Such remissions were, however, noticed to have been granted by the Chief Executive Officer on the authority of the same section even after the receipt of the Government order A few instances are detailed below. A portion of the rates has thus been illegally remitted in these and other similar cases :—	PARA 22.—The Assessor reports :— Since the receipt of the opinion of the Advocate-General on the matter, the practice of allowing proportionate remission has been stopped Many practical difficulties are being experienced on account of the same With a view to obviate these difficulties, an item is being placed before the Estates and General Purposes Committee, under the orders of the Chief Executive Officer, to move the Government for necessary amendment of the Act

BUILDING DEPARTMENT	
Want of a Demand Register	
23 In paragraph 4 of the Test Audit Note on the accounts for the year 34-35, the want of a Demand and Collection Register in the City Architect's Department for watching the realisation of encroachment fees, etc., was noticed. The defect has not yet been rectified. As it was essential that all reports regarding encroachment, etc., should be entered in a Register to ensure proper action being taken on them, the introduction of a demand register should no longer be deferred. A form for a demand register of encroachment and other fees to be realised in the City Architect's Department was drafted and forwarded to the Chief Executive Officer on 10th September, 1937, and it was suggested that the form might be introduced with the least possible delay and all pending cases brought together therein by a study of the files and a review of the registers and other records kept by the Encroachment Inspectors and other outdoor officers Report of the action taken in the matter is still awaited	Para 23 The Chief Accountant reports, On the suggestion of the City Architect, the Corporation on 29th September, 1937, sanctioned the creation of the post of an Accounts Clerk in the City Architect's Department to maintain the Demand and the Collection Registers. An Accounts Clerk has since been deputed from this Department and started the Registers in the forms drafted by the Government Auditors and approved by the Chief Executive Officer. All the cases referred to in the Minutes of the Buildings Committees for 1937-38 have been entered in these registers As regards the older cases, the City Architect reports on 12th March, 1938, that one of the District Building Surveyors of his Department is now on special work to investigate into old cases where dues have not yet been paid by the parties and that as soon as a case comes to his knowledge, a demand is made on the party and the Accounts Clerk is given the information for entering it in the Register
COLLECTION DEPARTMENT	
Lack of Supervision over Outstanding Bills	
24. Paragraph 393 of the Assessment and Collection Manual requires every Inspector to lay before the Collector within a fortnight from the close of each quarter a list of outstanding rate and miscellaneous bills with an explanation regarding each bill as to why it could not be recovered within the quarter. In practice, however, it was found in the course of audit that in almost all the cases the outstanding list did not contain any such remarks. In the absence of such remarks it is not understood how proper supervision is exercised over the work of the bailiffs and Inspectors. In this connection attention is drawn to the fact that the amount of the bills outstanding in the Collection Department has been very heavy in the past five years and that their total exceeded Rs. 13·6 lakhs on 31st March, 1937.	Para 24 The Collector reports:— In view of the fact that the department has to face a very large number of outstanding bills, it is not yet possible for the Inspectors to put their remarks against each and every bill in the stock in every quarter. But it is generally followed at the end of the year in group forms. A comparison of the outstandings on the 31st March, 1937, with those of the previous years will rather testify to the fact that the department is reducing the balance satisfactorily

		mission has been discontinued after obtaining orders of the Chief Executive Officer to that effect. *Recommendation of the Finance Standing Committee as confirmed by the Corporation.* That the departmental reply be accepted and that Government be informed that the irregularity being questionable, the Auditors themselves being doubtful about it, the practice was continued till the opinion of the Advocate-General was received since when the practice has been discontinued.	
Para 24.—I think the remarks of the Auditors deserve attention. The Committee should adopt a better system.	Para 24.—That the orders passed by Government in connection with para 23 of the Audit Report for the year 1933-34 as quoted below be followed:— "A separate list should be maintained of all persons including Councillors, Aldermen and Municipal employees, who are in arrears of comparatively large amounts (i.e., Rs. 500 or more) and showing the details of all outstanding dues, the reasons for non-realisation and the steps taken to deal with them".	*The Joint Auditors' letter No. I.A. 2356 dated the 12th January, 1939.* Para 24.—*Collection Department.—Lack of supervision over outstanding bills* The Government order cited by the Corporation was issued on 19th January, 1938. But no list for the year ending 31st March, 1938, in terms of these orders has been made available to audit so far. It appears that each bailiff prepared a list of outstandings due from each tax-payer in respect of holdings in his own circle of collection and these lists have not been consolidated to find out in which cases the total dues to the Corporation by any single tax-payer amount to Rs 500 or more even the separate lists prepared by the bailiffs did not contain any notes showing the reasons for non realisation or steps taken to expedite collection. *The Collector reports:—* "The words "List of persons" in the Government order are misleading and the matter has since been made clear to the Government Auditor in connection with his query statement No. 535 of 1937-38	(9) Para 24.—*Collection Department—lack of supervision over outstanding bills.* It appears that the Corporation at first resolved to give effect to the Government orders conveyed in para 2 (8) of their letter No. 186 (m), dated the 19th January, 1938, regarding the maintenance of a separate list of all persons who are in arrears of comparatively large amounts, with details of all outstanding dues, the reasons for non-realisations and the steps taken to deal with them. But subsequently the Corporation changed its mind on the ground that the list could not be maintained owing to certain practical difficulties. The nature of the practical difficulties, complained of, has however, not been stated. As the point does not appear to be very clear, the nature of the practical difficulties in detail, may be communicated to Government for their information.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
Notice of Demand and Warrant Fees. 25 When fees in respect of notices of demand or warrants are collected, no separate receipts are issued for their realisations. The amounts are acknowledged on the copy of the rate bill issued to the party which, of course, is not available for the purposes of check on such realisations. From a review of the bill registers wherein credit of these fees are posted, it was found that in most cases those fees were not realised but were written off under the Collector's sanction recorded in the Cost Remission Register, such sanction having been given in all cases of outside collections, after the realisation of the consolidated rate bill, on verbal reports made by bailiffs or Inspectors recommending the remissions on various grounds, *e.g.*, "party being too poor," "party being out of town", "the case being a disputed one", etc. Thus under the existing procedure if a collecting bailiff chooses to get such demands remitted although realisations had already been made, there is little chance of the defalcation coming to light. With a view to prevent leakage of revenue in connection with the notice of demand and warrant fees, it seems necessary that a separate machine numbered receipt form with counterfoils should be used by the bailiffs when realising these fees There should also be a warning to the ratepayers printed on the notice of demand that they should demand separate receipts for these fees	Para 25.—The Collector reports :— This is a new method, suggested by the Government Auditor which is not provided in the Manual. If this is to be followed, there is no doubt that certain amount of time and energy shall have to be diverted from the main work, namely, collection. I submit so long as the outstandings do not come to a normal figure, no departure from the procedure laid down in the Manual should be made.

		The accounts in this department are not kept by persons but by premises. What a bailiff does in a "Group List" is to prepare first a list of outstandings against a particular holding and afterwards these holdings are grouped together as far as they are known to be belonging to one party. This does not guarantee that each party of each bailiff has been regrouped with the same party of a different bailiff in mathematical certainty. It is inevitable for the reason that the bailiffs are about 200 scattered over the whole department and the parties of each bailiff are good many. Our group list, therefore, is a list of holdings with their outstandings, against persons liable for them. This is not exactly a list of persons showing their liability. The differences must be understood. The existing lists serve our purpose well and are prepared without undue loss of time * * * * *The Chief Accountant reports*— The matter as to whether a list of properties or a list of persons must be made out is under consideration of the Chief Executive Officer. *Recommendation of the Finance Standing Committee as confirmed by the Corporation.* That efforts have been made but it is found impossible to maintain a list as directed by the Corporation owing to certain practical difficulties.	
	Para 25. That the Chief Executive Officer be requested to consider the desirability of adopting the recommendation made by the Auditors.	*The Joint Auditors' letter No. L.A., 2356 dated the 12th January*, 1939. Para 25.—The finanl remarks of the Corporation are awaited. *The Chief Accountant reports,*— This relates to the resolution of the Corporation dated 9th November, 1938, requesting the Chief Executive Officer to consider the desirability of adopting the recommendation made by the Auditors, that separate machine numbered receipt forms with counterfoils should be used by the bailiffs when fees in respect of notices of demand or warrants are collected and that there should also be a warning to the rate-payer printed on the notice of demand that they should demand separate receipts for these fees I understand that the matter is now engaging the attention of Deputy Executive Officer II. *Recommendation of the Finance Standing Committee as confirmed by the Corporation.* That the matter is engaging the attention of the 2nd Deputy Executive Officer who has been asked to consider whether the suggestion of the Auditors can be accepted and that in the meantime the present system may continue. Auditors' Report	Replies of the Departmental replies and Chief Accountant's remarks.
Laxity in following up miscellaneous claims. 26. (1) Of the bills for miscellaneous claims that were outstanding in the Department on the 31st March, 1937, (i) * bills amounting to over Rs 2,650 had already become time-barred, (ii) * bills amounting to over Rs 900 appeared to have become time-barred since 1st April, 1937, (iii) * bills amounting to over Rs 3,000 were going to be time-barred soon, and (iv) bills amounting to over Rs 53,000 were outstanding for more than 2 years. * Excludes bills in respect of which the dates on which the demand arose were not noted in the Register (2) The above facts suggest that due attention was not paid to the realisation of miscellaneous bills. In fact, realisation appears to have been made only in a small number of cases The Register of these bills did not show the date of presentation of the claims. In 6 out of 13 Divisions there was also no note in the Register to show whether any notices of demand and warrants were issued in any case. (3) In numerous cases the bills had to be cancelled as irrecoverable. In the cases mentioned in the margin the bills were cancelled as the party disputed the Corporation's claims. As the records had already been destroyed before audit, it could not be seen how far the cancellations were in order. In one case (Bill No. $\frac{621}{M}$—dated 7th November, 1929) it was found too late that it had been issued against a wrong person. In the case of the bills mentioned in the margin connected papers showing action taken for their disposal up to 29th July, 1937, were stated to have been missing and could not be traced. In order to ensure timely and effective action for the realisation of miscellaneous claims it seems necessary that steps taken for recovery should be recorded in the Registers and that these should be periodically reviewed by the Head of the Department Bill No. II E.M. $\frac{473}{99}$ Rs. 21-0-0 IV E.M. $\frac{113}{M}$ Rs. 8-8-0 Rs. 27-4-0 Bill No. W. W. / M.W. 504, dated 30-7-32 for Rs. 6-10-6 and 15 others (4) A few specific cases in which action for realisation was delayed are given below :—	PARA 26 (1), (2) & (3) The Collector reports :— Specific queries of this nature cannot be dealt with unless details of the miscellaneous bills including names and addresses of the parties are supplied.
Fees for removal of blood from Slaughter House. (a) Miscellaneous bills amounting to Rs 312-8-0 for removing blood from the Chitpore Slaughter House from May, 1934 to May 1936, remained unrealised The party submitted certain representations which were fixed for consideration by the Public Health Committee on the 22nd March, 1935. The matter then seems to have been lost sight of Urgent steps should be taken for the realisation of the claims, a portion of which has already become time barred.	PARA 26 (4) (a).—The Collector reports :— Necessary action is being taken for disposal of the bills.
Cost of filtered water. (b) A sum of Rs 205 4-9 on account of bills noted in the margin was outstanding for supply of filtered water at 31, Rusa Road, Tollygunge From the connected papers it appeared that no action had been taken to realise the dues during the period from 10th October, 1934 to 13th May, 1937 Bill No. W. W. —— 590 and 11 other bills. Period for which due. 15-12-33 to 31-3-34	PARA 26 (b).—The Collector reports :— Several attempts were made to realise the bills from the party. But as there was a dispute between the owner and the occupier, the bills could not be realised. The dispute has recently been settled and Mr. Saadatullah, Councillor, has promised payment
Loss of rent for want of timely action (c) A sum of Rs 140 on account of 14 Miscellaneous bills for rent of a petrol pump on the footpath in front of 4, Ashutosh Mukherjee Road, from November, 1933 to December 1934, at Rs 10 per month, issued in the name of the Paragon Motor Works, was outstanding on the 1st January, 1935 Since	PARA 26 (c).—It is not correct to say that timely action was not taken in this case. Repeated demands were made for payment of the bills but to no effect. Notices of demand were also served but no distress warrant could be executed as they were not recoverable by coercive measure. Finding no other alternative for the recovery of the miscellaneous bills they were ultimately transferred to the Law Department

Auditors' Report

Replies of the Departmental replies and Chief Accountant's remarks.

April 1934, no action for the realisation of the amount appeared to have been taken excepting the issue of two demand letters. The pump was removed on 1st December, 1934, with the permission of District Engineer IV. The papers relating to the arrears were transferred on 30th March, 1935 to the Law Department. The Law Officer asked the Collection Department on 23rd September, 1935 to furnish the correct address of the party. After a good deal of correspondence the Law Officer was informed on the 27th November 1936 that the party was dead. It does not appear that prompt and effective action was taken to realise the arrears amounting to Rs. 140 which presumably can no longer be recovered.

HEALTH DEPARTMENT.

Assessment made under Section 175 but not under Section 386

27 (a). Licenses under Section 386 for places in which offensive trades are carried on, are due for issue by the License Officer by the end of April, on receipt of a report from the Health Department. Under paragraph 98 (b) of the License Manual, Volume I, the Health Department is required to send their report to the License Officer by the 1st week of April. The test audit, however, disclosed several cases which showed that the Health Department's inspection and consequently their report were greatly delayed. In some of these cases no action could be taken for the recovery of the fees due to the Corporation owing to the closure of the business before any claim could be presented. A few instances are given below :—

	Premises No.	Name of the Assessee.	Nature of trade.	Remarks.
1.	Mirbahar Station shed at Strand Road.	Anandji Hari das & Co.	Iron Store	The License Officer reported that the license was not sanctioned by the Health Officer as the business was closed on 14-9-36. presumably therefore the Health Department did not inspect the premises before 14 9-36.
2.	10, Tarachand Dutt Street.	Jumanlal Kameswarlal.	Electric Flour Mills.	It was stated by the Health Officer that the business was found closed on 11 9 36. Thus the Health Department did not, take any action before that date.
3.	41-D, Sankaritola East Lane.	Ashumantara Debi.	Electric Oil Mills.	In the consolidated list sent by the Health Officer to the License Officer the business was reported to have been closed on 1-8-37; presumably the Health Department took no action before that date.

(b) A number of cases assessable under Section 386 sent during 1936-37 by the License Officer to the Health Officer for his sanction was found pending with the Health Officer even on 11th November 1937. A few instances of such cases are given below :—

Name and address.

(1) Binapani Printing Press—128/12, Cornwallis Street.
(2) Gobinda Chandra Das, Ferrule Manufacturers—104/1, Grey Street.
(3) Adhar Chandra Das, Indian Sweet Manufacturer—119-C, Grey Street.
(4) Alexandra Printing Press—27-E, College Street.
(5) College Press—65/8, College Street.
(6) New Bengal Press—68, College Street.
(7) K. S. Roy, Anchor Manufacturer—14, Galiff Street.

The delay in passing orders by the Health Department leads to consequential delay in the presentation of claims for license fees. The matter is accordingly brought to the notice of the Corporation.

Para 27. (a)—The Health Officer reports —

Serial No. 1 :—Mirbahar Station Shed at Strand Road—

There was no storage of Iron in the Shed in the year 1936-37 and the shed was totally demolished in August, 1936. The place was inspected by the Sanitary Officer several times and the business was found closed on all the occasions.

Serial No. 2 :—10, Tarachand Dutt Street—

License for this mill for 1935-36, was sanctioned and issued. Supplementary consolidated list for 1936 37 including this item was received in D. H. O. II's Office from the License Officer on 21st August, 1936. The Sanitary Officer reported on 9th September, 1936, that the business had been removed, and the report was forwarded to the License Officer on 11th September, 1936.

Serial No. 3 :—41/D, Sankaritola East Lane—

License for 1935 36, could not be issued as the mill was found closed during that year. The consolidated list for 1936 37, including this item was received in this Office on 21st May, 1936, from the License Officer The Sanitary Officer reported on 8th September, 1936, that the mill was still closed and not working.

Subsequently, however, one Gobindlal Ghanayamdas made some alterations and started working the mill in November, 1937, without obtaining permission under section 385 or license under section 386 for which he was prosecuted on 29th November, 1937.

Para 27 (b).—The Health Officer reports :—

(1) Bonapani Printing Press, at 128/12, Cornwallis Street, Printing Presses are not dealt with under Section 386 unless nuisance is noticed or complaints are received about the same and hence license under Section 386 was not insisted on in this case.

As License was not sanctioned in this case no intimation was sent to the License Officer.

(2) Gobinda Chandra Das, Ferrule Manufacturers—104/1, Grey Street—

This place was exempted from the operation of section 386 as it was nothing but a petty smithy and as such it did not call for action under section 386 No intimation was sent to the License Officer as license was not sanctioned in this case.

(3) Adhar Chandra Das, Indian Sweet Manufacturer—119/C, Grey Street—

It is a petty lozenges factory and does not come under the purview of section 386. License under section 390 was recommended by this Department on 30th September 1936, in the name of Krishna Ch. Samanta and another but the number of the premises was given as 121/C, Grey Street which was corrected later on and intimation was sent to License Officer in due time. Hence the statement of the Government Auditor that the case was found pending with the Health Officer even on 11th November. 1937, does not appear to be correct

(4) Alexandra Printing Press—27-E, College Street.
(5) College Press—65/8, College Street.
(6) New Bengal Press—68, College Street

These presses are licensable under section 386 (1) (b) when they are likely to create a nuisance or are dangerous to life, health and property and not under section 386 (1) (a) where the licensing is mandatory. The above presses being small concerns and not complained against were not considered licensable.

(7) K. S. Roy, Anchor Manufacturer—14, Galiff Street—

This place was nothing but a petty smithy and as such it was exempted from the operation of section 386. No intimation was sent to the License Officer in this case as license was not sanctioned.

The Government Auditor may also be informed in this connection that no intimation is sent to the License Officer in the cases in which license is not sanctioned or insisted upon. Only the cases in which license is sanctioned are intimated to the License Officer.

Chief Executive Officer's remarks.	Corporation Resolution of the Finance Standing Committee as confirmed by the Corporation	Audit Rejoinder together with further replies of the Corporation.	Final Orders of Government.
	Para 27 (a).—That in view of the report by the License Officer that it is not possible to follow the direction of para 98 (b) of the License Manual by the Health Department, the Health Officer be asked to submit the report to the License Officer by the end of October at the latest in future.		(11) Para 27 (a).—*Health Department assessment made under Section* 175 *but not under Section* 386. In the opinion of the Government the better course is suitably to amend Paragraph 98 (b) of the License Manual of the Corporation.

Stock Account of Birth and Death Certificate Forms not maintained. 28. Birth and death certificates are issued by the Health Officer on payment of fees. Machine numbered forms are used for this purpose, but no stock account is maintained for them. The absence of a stock account for these forms may lead to their improper use resulting in loss of Corporation revenue. A stock account for these forms may lead to their improper use resulting in loss of Corporation revenue. A stock account should be maintained in respect of these. Arrangements should also be made for the internal audit of the account.	Para 28—The Health Officer reports: A stock account of Birth and Death certificate forms will be maintained henceforth.

LAW DEPARTMENT.

Heavy Outstandings

29 (a) The demand, disposal and the balance outstanding on the 31st March 1937, in respect of bills transferred to the Law Officer are shown below.—

Particulars.	Decrees.	Suits.	Bills not covered by suits.	Total.
	Rs.	Rs.	Rs.	Rs.
Outstanding balances on 1-4-36 ..	1,27,068	2,94,495	12,19,294	16,41,852
Bills transferred to Law Department during 1936-37.			2,92,314 15,11,608	2,92,314 19,37,166
Suits filed during 1936-37		1,26,120 4,21,615	1,26,120 13,85,488	..
Suits decreed during 1936-37	55,683 1,82,746	53,683 3,68,932	...	
Disposed of during 1936-37	23,920	51,567	1,11,827	1,89,314
Balance outstanding on the 31-3-37	1,58,826	3,17,365	12,73,661	17,47,852

Para 29 (a) & (b)—The Chief Law Officer reports:—
It has been pointed out that the outstandings in the Law Department have increased by more than one lakh, although the disposal during the year amounted to Rs. 1,89,314. This is due to the fact that inspite of our best efforts it has not been possible with the staff that we now have to keep pace with the annual transfers. As I have pointed out more than once and also mentioned in my reply to the Audit Report of the year 1935-36 there is hardly any possibility of reducing the outstanding balance unless and until the transfer is controlled. I may mention that the Law Department Re organisation Committee did not create any additional post except that of Assistant Law Officer II. They only made permanent the staff that had been working temporarily for 5 or 6 years. Such staff which was considered necessary at that time was hardly adequate to cope with the heavy outstandings which were further increased during those years. The question of further strengthening the staff is being considered by the Law Department Special Committee.

It will be seen from the statement that the total outstandings on the 31st March, 1937, were Rs. 17,47,852 against Rs. 16,44,852 at the end of the previous year. The outstanding in the hands of the Law Officer has increased by more than one lakh. No improvement in the total amount of demands disposed of was also noticed during the year 1936-37, the disposal during the year having amounted to Rs. 1,89,314 as against Rs. 1,91,525 during the year 1935-36

Slight improvement in filing of suits.

(b) Out of the total amount of Rs. 17,47,852 outstanding on the 31st March 1937, claims for Rs. 1,56,826 only were covered by decrees, and suits for Rs. 3,17,365 were pending in different courts. Bills as old as for the year 1914 15 remained outstanding without any suit having been filed. In explanation of the heavy arrears noticed in the previous audit reports it was stated that the matter was under consideration by the Law Department Re organisation Committee. As a result of the recommendation of that Committee a second Law Officer was appointed in July 1936, besides 5 additional clerks. The improvements noticed were that suits were filed during the year 1936-37, for bills amounting to about Rs. 1,26,120 as against about Rs. 98,465 during 1935-36 and that decrees were obtained during the year under report for Rs. 55,683 against Rs. 26,268 during the previous year. Even with this improvement the position with regard to the total amount uncovered by suits worsened because of the heavy incoming bills.

		The Joint Auditors' letter No L.A. 2356 dated the 12th January 1939 to Government. PARA 29.—*Heavy outstandings in the Law Department* The total outstandings in the Law Department on account of consolidated rate bills have further increased and amounted to about Rs. 19,44,700 on 31st March, 1938 The Chief Law Officer reports:— I have already pointed out that the outstandings in the Law Department have been increasing year after year due to the fact that the staff is inadequate and is unable to cope with the heavy outstandings of the previous successive years *plus* heavy annual transfers. The question of strengthening the staff is pending before the Law Department Special Committee and although the Committee have been convinced that the staff is inadequate and needs supplementing, no final decision has yet been arrived at. I am afraid this increase cannot be reduced unless the transfer of bills by the Collector is controlled and the staff is strengthened in the near future *Recommendation of the Finance Standing Committee as confirmed by the Corporation.* That every attempt is being made to reduce the outstandings	(12) PARA 29 (a).—*Law Department heavy outstanding* It appears that the position in the Law Department, so far as the outstandings are concerned, *has worsened even after the reorganisation of the Department* in 1936, indicating that the steps, so far taken, have not proved quite inadequate for the purpose. Government trust, however, that more effective action will be taken by the Corporation in the matter.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks
Pending Suits and Decrees. 30. In connection with paragraph 33 of the Audit Report for the year 1930 31 the Finance Committee directed on 7th August 1936, that the Law Department should submit before the appropriate committee a monthly statement showing the position of every pending suit and decree. This was approved by the Corporation on 7th October, 1936. The direction has not, however, been complied with. A test check of the suit registers revealed the following irregularities :— (a) The information recorded in the suit registers was incomplete in many cases, necessary particulars *e.g.*, dates of execution, no of execution case, amount decreed and date of decree not having been posted (b) Action taken, if any, was not recorded in the case of many suits filed long ago. (c) Similar omission was noticed in many cases in respect of notes of action taken for the realisation of amount decreed long ago. In the circumstances it was not possible in audit to see whether prompt action had been taken for realisation of the dues or whether decretal amounts had not become time-barred in some of the cases.	PARA 30.—The Chief Law Officer reports :— It is hardly possible to submit a monthly statement shewing the position of every pending suit as desired by the Finance Committee. The resolution in question appears to have been passed without any reference to me. I intend to obtain further directions in the matter from the Finance Committee. Every attempt is being made to avoid the irregularities pointed out. In the new Suit Register introduced from 1937-38, specific columns have been provided for the particulars noted in (a); it is hoped that such irregularities will henceforth disappear. The amount decreed and date of decree can not be recorded in the Suit Register pending receipt of certified copies of decrees from Court, hence the delay in posting such particulars in some cases to which possibly the auditors are referring The result of the execution proceedings is noted in Suit Register after disposal Important proceedings prior to judgment are noted in the Suit Register only. Notes of action taken for realisation of decretal amount used to be noted in the files and the final result of execution used to be noted in the Suit Register only. With the introduction of the new Suit Register detailed notes of action taken from time to time will appear in it.
Loss due to want of timely action. 31 Two cheques Nos. 091790, dated 30th March 1932, for Rs. 32 and 089009, dated 31st March, 1932, for Rs. 50 on the Co-operative Hindusthan Bank, drawn by Babu Probodh Chandra Mitter and City Insurance Co., respectively, in payment of license tax 1931-32, were dishonoured by the Bank. It was stated that the parties having failed to deposit the values of the cheques inspite of the License Inspector's calling on them several times these cheques were sent to the Law Department on 16th September, 1932. There was nothing on record to show that any action had been taken by the Law Department before 1935 for the realisation of these dues. In that year the Law Department wrote to the parties for the first time demanding payment. On the recommendation of the Law Department the amount of these two dishonoured cheques was written off by the Chief Executive Officer on 13th June, 1936. It seems that the amount of these dishonoured cheques was lost for want of timely action on the part of the Law Department. Moreover as these cheques related to payment of license tax, their cancellation was tantamount to the writing off of demands. As such, the sanction of the Corporation at a meeting is necessary under section 213 of the Calcutta Municipal Act.	PARA 31.—The Chief Law Officer reports :— The demand on account of the dishonoured cheques was not formally and officially transferred to the Law Department as in the case of rate bills and other miscellaneous bills for which the Department have to maintain a stock. In cases where a criminal prosecution against the drawer of a cheque is sanctioned this department is called upon to make arrangements for legal assistance only, while the department concerned continue to remain fully responsible for the realisation of the amount which constitutes their demand. The demand for taxes was extinguished on payment of the cheques. The cheques having been dishonoured, a fresh miscellaneous demand came into existence, which the Chief Executive Officer was competent to cancel under the powers delegated to him. Sanction of the Corporation is therefore not necessary The License Officer reports — The cheques relate to the time of my predecessor Mr. J. N. Sinha and it is not possible to find out if they were formally and officially transferred to the Law Department. The cheques and relevant papers remained with the Law Department all the time and as such no action could have been taken by this department. As regards the cancellation of the demand for the dishonoured cheques it was explained to the Government Auditors on several occasions before that the Chief Executive Officer under the delegation was competent to cancel the new miscellaneous demand which came into existence, the cheque having been dishonoured. The Auditors should keep a note of this.

		The Joint Auditors' letter No. I.A., 2356 dated the 12th January, 1939. PARA 31.—*Loss due to want of timely action.* The explanation furnished goes to show that timely action was not taken to prevent the loss. The License Officer reports :— It has already been pointed out that the relevant papers were sent to the Law Department for taking criminal action against the parties who tendered the dishonoured cheques Mr. Sinha the then License Officer took a reasonable period of time to realise the value of these cheques and when all attempts at realisation by threats and persuation failed he sought the Law Officer's help in asking him to take criminal action against the parties. The burden of responsibility was shifted to the Law Department as soon as the papers were transferred to them and the License Officer had no hand in the matter as all subsequent actions were controlled by that Department. There is nothing to show that no timely action was taken by this Department. The Chief Law Officer reports :— The License Officer's report confirms my statement that the demand on account of dishonoured cheques was not officially and formally transferred to this Department. Having regard to the above and the fact that the connected papers are not available I am not in a position at this distance of time to say what action was	(13) PARA 31.—*Loss due to want of timely action.* The attention of the Corporation is invited to the Audit rejoinder on this point with the observation that steps may be taken to prevent recurrence of such losses in future.

Heavy Outstanding License Fees

32 (a). License fees amounting to more than 6 lakhs under various sections of the Act were outstanding on 31st March, 1937. The outstanding amounts have been detailed in Annexure F year by year. It will be seen that a portion of the outstandings date back to the year 1924-25. The total demands, collections and balances in respect of the License fees on the 31st March 1937, are detailed below :—

License fee for Drug shops .	1930-31 to 1934-35	240	
		1,03,202	

PARA 32.—The License Officer reports :—

Heavy outstandings are due to steps having not previously been taken for cancellation of demands under Section 213. Steps were taken for cancellation of irrecoverable demands by my predecessor Mr. Pal Chowdhuri and the department is placing cancellation lists before the Committee as they are ready.

An amount of Rs. 1,42,822 under Section 175 for the years 1931-32 and 1932-33 was placed before the Finance Committee for cancellation in October 1936. The matter is still pending with the Committee. Subsequent lists are being scrutinised by the Deputy License Officers and myself and will be placed before the Committee after they are thoroughly scrutinized. A list of cases which were not included in the cancellation lists for 1929-30 and 1930-31 because they were considered realisable at the time by the Department is also being made ready for the Committee.

The list for 1924-25, I have ascertained on enquiry, was placed before the appropriate Committee by Mr. C. C. Mitter late License Officer but it appears no order has been passed on it nor are the lists or relevant papers traceable.

Rs. 330 on account of Dog Tax for 1934-35 and Rs 15 for 1933-34 were realised during 1936-37.

		taken for realising the amount of the said cheques. It may, however be stated that the fact that the claim was cancelled by the Chief Executive Officer goes to show that the loss was unavoidable and action could not be taken for want of address of the party or some such difficulty. No fault can therefore be attributed to this Department. *Recommendation of the Finance Standing Committee as confirmed by the Corporation.* That the Committee find that it is not possible to fix the responsibility at this distance of time and they regret that the amount has to be written off.	
	Para 32 (a)—That the departmental reply be accepted and that it be a direction that cases for cancellation be always submitted to the appropriate Committee in the second year following the year during which the demand was issued, except those cases which may be pending in Court.		

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks
Delay in taking steps followed by cancellation 33 (a) Demands amounting to Rs 300 for the tax on dogs for the year 1935 36 were cancelled on different dates on the failure of prosecution of the defaulters Under paragraph 301 of the License Manual, these prosecutions should have ordinarily been filed by the middle of November, 1935, but these cases were not filed till in June, 1936, when the parties were not traceable at the recorded addresses so that summons could not be served Prompt steps for the realisation of this tax do not seem to have been taken as indicated by the heavy balance outstanding at the end of 1936 37 as shown below — On account of year. Demand Rs Balance on 31-3-37 Rs. 1934-35 ... 17,570 ... 5,470 1935-36 .. .. 17,830 ... 4,925 1936 37 .. 20,425 ... 10,120 (b) The cancellations referred to in the previous paragraph were sanctioned by the Chief Executive Officer or the Deputy Executive Officer. As the power of cancellation of demands under Section 213 has not been delegated to the Chief Executive Officer in respect of any tax, the approval of the Corporation appears to be necessary in these cases	PARA 33 – The License Officer reports The direction given in the License Manual is not workable as the assessment of dogs in all the Wards in Calcutta cannot be completed before March The work is fairly heavy and we have got only two men to do the work I am applying for modification of the direction given in the License Manual Prosecution for dog tax hardly stands in Court when contested by parties as the Court is inclined to accept the statement of the dog owners who are mostly respectable people Arrangement for seizure of unlicensed dogs should be made and unlicensed dogs be seized and kept in the Dogs' Home These cases were struck off by the Magistrate and therefore the demands were cancelled under orders of the Deputy Executive Officer
MARKETS *Rent not received in advance in all cases* 34 Rent was outstanding on the 31st March, 1937, from 196 permanent stall holders of Sir Stuart Hogg Market and 48 of College Street Market These arrears amounting to Rs. 9,069 7-0 and Rs 2,950-5-6 respectively (out of which about Rs 3,000 and Rs 2,000 were outstanding for more than two months), were recovered in most cases during the subsequent months, but a portion of current rents of the stalls in question due during the period fell into arrears the total outstandings on the 31st July, 1937, for more than 2 months amounting to about Rs 4,000 and Rs. 1,000 respectively It may be mentioned in this connection that the outstandings in respect of stall No. 34 Block K of Sir Stuart Hogg Market amounted to Rs 727-8 0 on 31st March, 1937, against a daily rent of annas -/8/- only. Under clause 13 of the Market Bye-laws, the rent is payable in advance. Laxity in collection may often lead to ultimate loss of municipal revenue as would be evident from the following instances :— In the case of stall No 2 Tower Block of College Street Market, rent was allowed to accumulate and when on the cessation of business, the party's goods were seized, they fetched a sum of Rs. 145-15-0 only against Rs 676-4-0 due on account of daily rent and additional rent, besides Rs 1,500 on account of initial rent Execution of decrees against the former lessee of the Betel Mart for Rs 558 and of stall No. 11 14 West Block, 1st floor of the same market for Rs 666 has yielded no revenue as yet	PARA 34.—The Superintendent, Sir Stuart Hogg Market reports :— The outstanding amount referred to in the audit report is a negligible amount in comparison with the total collection of about Rs. 8,70,000 during the year under report Steps are always taken for realisation of the arrear dues as soon as possible and it cannot be said that there was any laxity on the part of the department The arrear rent of Rs 727 8 0 due from Nasu Bibi, occupier of the stall is in respect of her former stalls Nos. K (old) 40 and 42 and the Public Utilities and Markets Committee dated 17th February, 1930, directed to realise from her annas eight only per day towards arrear rent. This is a very old case and a sum of Rs 1,446 was originally due from her Due to the acute economic distress the tenant could not pay the full amount as required under the above resolution She is a small fruit seller and has no stock-in trade and hence no pressure could be brought to bear upon her and extreme measure could not be taken as in that case the Corporation stands to lose a big amount Steps are, however, being taken to realise as much as possible from her The Superintendent, College Street Market, reports :— As the party did not pay the full amount of initial rent as fixed by the Committee, he was not recognised as a permanent tenant. No permanent rent receipt was given to him nor was his name recorded in the Rent-Roll. When the goods were seized the party was in arrears of rent for Rs 676 4 0 and Rs. 145-15-0 was recovered from the sale proceeds of the goods. The proposal to adjust the outstanding dues in respect of rent against Rs. 1,000 deposited under initial rent and to forfeit the balance was sanctioned by the Chief Executive Officer The amount of Rs. 1,000 thus credited to initial rent could not be available for the proposed transfer as the account of the year had already been finally closed, and the proposal could not be given effect to on account of the technical difficulty of accounting The outstanding dues as stated in the report is in fact a formal one and the matter is pending before the Committee for cancellation. *Re.*— Betel Mart (1935) and stall Nos 11 to 14, West Block First floor now numbered C 7 to 10 (1925) The cases are pending with the Law Department

		The Joint Auditors' letter No. L.A. 2356 dated the 12th January, 1939 PARA 33 (b).—The sanction of the Corporation was necessary to the writing off of the irrecoverable demands The License Officer reports It has been pointed out that those cases were struck off by the Magistrate and therefore the demands were cancelled under orders of the Deputy Executive Officer. When the ownership or possession of dogs could not be proved against the parties the Magistrate struck off the cases. The order of the Chief Executive Officer or Deputy Executive Officer was therefore quite sufficient to cancel these demands as being wrong *Recommendation of Finance Standing Committee as confirmed by the Corporation* That the departmental reply be accepted	(14) PARA 33.—*Delay in taking steps followed by cancellation.* Government do not consider the heaviness of the work and insufficiency of staff to be an adequate explanation for the loss of revenue pointed out by the Auditors They are, however, of opinion that sanction of the Corporation under Section 213 of the Calcutta Municipal Act to the writing off of such irrecoverable demands, should be obtained This will also give the Corporation an opportunity for fixing responsibility for such loss, if it so desires
		The Joint Auditors' letter No L.A. 2356 dated the 12th January, 1939 PARA 34.—Sir Stuart Hogg Market Block Stall No 34 Instead of being reduced, the outstanding dues rose to Rs. 741 on the 31st March, 1938 The Public Utilities and Markets Committee on the 11th March, 1938, allowed the party to continue the occupation of the stall for one year only on her paying 2 annas for arrears and 8 annas for current rent every day Even this petty amount was not regularly paid and the outstanding dues on the 31st October 1938, amounted to Rs. 745-8-0. College Street Market stall No 2, Tower Block. The outstanding amounts of Rs 1,500 and Rs 696-5-0 for initial rent and rent respectively were cancelled as irrecoverable by the Corporation on 15th June,, 1938 *The Superintendent S. S. A sum of Rs 713 is due from her on account of arrear rents and Rs. 12-6 on account of current rent up to 20th February, 1939 Effective measures by way of distraining her goods in the stall under a Distress Warrant could not be taken as the goods in the stall would not fetch at any time more than Rs 4 or Rs. 5 and as the Corporation would stand to lose a big sum. The matter is again being placed before the Committee for direction College Street Market - Stall No. 2. Tower Block. No remarks.	(15) PARA 34 -*Markets Rents not received in advance in all cases* It appears that not only is the payment of rent in advance from stall holders not insisted on in all cases, but that *some stall-holders are also allowed to default till a fair large sum has accumulated as arrears.* As this may lead to loss of revenue in several cases, Government trust that the Corporation will issue instructions for the enforcement of its market bye-laws as strictly as possible The final decision of the Corporation regarding the arrears in respect of stall No 34 Block K of Sir Stuart Hogg Market may be communicated for the information of Government.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
Outstanding initial rents.	
35 (a) In paragraph 69 of the audit report for 1930-31, a suggestion was ade for opening a separate demand register to show the sanctioned imtial rent respect of market stalls leased out and the collections against the same, but suggestion has not been complied with. Omission to record the demand may d to oversight in realising the imtial rent and consequent loss to the Corpo tion as will be seen from the instance cited below :—	PARA 35 (a).—The Superintendent, S S Hogg Market reports :— Formerly in some cases tenants were made permanent on payment of a part of the amount of initial rent fixed by the Committee but this system has been totally abolished and no one is now made permanent unless and until the whole amount of initial rent fixed by the Committee has been realised As the amount of initial rent fixed by the Committee is being noted in the Rent Roll in each and every case, there is no longer any difficulty in auditing the said book. The opening of a separate register, as suggested by the auditor, will tantamount to duplication of work.
Stalls Nos. 2 –3 in Block "F" in the Sir Stuart Hogg Market were allotted the 10th May, 1926 to Babu Rajendra Nath Shaw and Debiprosad Mullick and initial rent of Rs 8,000 payable by the 10th June, 1926, was fixed and accepted the parties. They paid Rs 6,000 up to the 9th July, 1926, and made no ther payments thereafter till the 2nd March, 1930, on which date they again id Rs. 100 and also a further sum of Rs. 350 by instalments of Rs. 50 up to August, 1931. No further payment was made by them. The matter was referred to the Law Officer but as the case had already been time-barred, the Law partment could not take any action A balance of Rs 1,550 was thus left tstanding. A sum of Rs 1,050 was, however, realised from Babu Debi Prosad ullick, when he applied for mutation on the death of his partner. Thus a tal sum of Rs 7,500 out of Rs 8,000 was realised on account of imtial rent in spect of the above stalls Babu Debiprosad Mullick having represented that he unable to pay any more amount towards initial rent, the Public Utilities and arkets Committee in their resolution dated 31st July, 1936, fixed the mitial it at Rs. 7,500 instead of at Rs 8,000 in modification of their resolution dated 10th May, 1926	
The Sir Stuart Hogg Market only has recently started recording the current mands on account of initial rent in the "Remarks" column of the rent roll. e amounts involved are generally heavy. For carrying out a systematic check opening of a separate demand register appears necessary	
(b) The case mentioned above is really one of remission or writting off of portion of the demand. As such, the sanction of the Corporation should be tained to the write off as the Public Utilities and Markets Committee have no ch power.	PARA 35 (b).—The Corporation having delegated its power to the Public Utilities and Markets Committee regarding fixing of initial rent and rent, the Committee is quite competent to revise and modify its own previous decision. Pursuant to the said delegation the Committee revised and modified its original resolution with regard to the fixing of the initial rent in respect of stalls Nos. F2—3 S S. Hogg Market, and fixed the imtial rent at Rs 7,500 in place of Rs. 8,000. Cases are not wanting where the Committee revised and modified its previous resolution and as such the case in question is to be treated as a case of revision and not of remission or writing off as suggested by the auditor. In the circumstances sanction of the Corporation is not necessary.
Stall No 78 of the Park Circus Market.	
36 Under Rule 13 of the Handbook of Bye laws of the Calcutta Corporation respect of Municipal Markets, rents of stalls are realisable daily in advance, d in the event of default, section 526 of the Calcutta Municipal Act allows the nt to be recovered by distress and sale of the moveable property of the person om whom it was due. The holder of stall No. 78 of the Park Circus Market as, however, allowed to default with impunity till a sum of Rs. 800 accumulated ainst him representing rent for 800 days It appeared that no action was ten to realise the outstanding dues except the issue of two demand s by the Market Superintendent one on the 19th October, 1933 and the er on the 10th June, 1936.	PARA 36.—The Superintendent, Entally Market, reports :— Although Section 526 of the Calcutta Municipal Act contemplates recovery of rent by distress and sale of movable property no such action could be taken in this case as there were no movables in this stall except for a few months in the beginning and for one or two months just before the suit was filed. We put the stall under lock and key when we found that some pieces of timber were being surreptitiously removed by the party's servants—the only movables that we could distrain during those 5 long years It transpired later on that the case had already been filed. We had no information that any legal action had already been taken and in that impression we acted bonafide in this case What moved the authorities to effect a compromise is that the party's occupation was more or less symbolical, as he carried on no business over a period of 5 years and sustained heavy losses As a matter of fact the party had prayed for this exemption over and over again and the authorities were ultimately moved to take a sympathetic view of the case.
A suit was instituted in January, 1937 and while the above suit was pending Superintendent of the Market put the stall under lock and key on the 27th uary, 1937. This afforded an opportunity to the stall-holder to claim damages ch he did at Rs 10 per diem for the period the stall was under lock and key. e Law Officer observed that the above action of the Superintendent was very egular and had complicated the matter and accordingly recommended a com ise of the suit. The Chief Executive Officer agreed to compromise the suit

on payment of Rs. 410 by the party against a demand of Rs. 903 9-0 as detailed below :—

	Rs.	A.	P.
(1) Rent outstanding for the period from 9th November, 1934, to 16th January, 1937, the date of institution of the suit ...	800	0	0
(2) Rent outstanding for the period from 17th January, 1937, to 26th January, 1937, the day before locking up of the stall	10	0	0
(3) Total cost incurred for the suit (*vide* suit register) ...	93	9	0

Besides this, a sum of Rs. 177 being the rent from the 27th January, 1937 to the 22nd July, 1937, the period during which the stall was under lock and key, could not be demanded from the party. The total loss to the Corporation thus came to Rs. 670-9-0 in this case.

SURVEY DEPARTMENT.

Delay in disposal of surplus land.

37. About 4 bighas, 16 kottahs of land were acquired in April, 1921, for constructing a slaughter house at Moniupore but on account of objections raised by the people of the locality the project was abandoned in 1924. From that year till 1936, the question of disposal of this piece of acquired land was never put up to the Corporation. After about 12 years the matter was placed before the Corporation when they decided to sell the land in plots. Thus the land which was acquired at a cost of Rs. 66,567 was allowed to remain unproductive for about 12 years without the Corporation being informed about the same.

PARA 37.—The Chief Valuer and Surveyor reports :—
This land was acquired at the instance of the Health Department for construction of a Slaughter House. Although the project of a slaughter house on the site was finally abandoned in 1924 by the Health Department, I find no intimation was sent to this department either to utilise the land for any other purpose of the Corporation or to sell it off. It however, appears from the proceedings of the Sanitary Dwellings Sub-Committee that there was a proposal to utilise this land for their purpose. This too was finally dropped and their recommendation was accepted by the Corporation in 1930. It will be noticed from the above that the Corporation had full knowledge of this land but no definite direction was given to dispose it off. All this happened during the time of my predecessor. However, in 1936, I brought to the notice of the Chief Executive Officer that this land was lying unproductive who then directed me to dispose it off by selling in plots. Since then I have taken action and a portion of this land has already been sold in small plots. It will take some time more to dispose of the remaining land as the development roads cannot be completed for want of funds.

WATER WORKS DEPARTMENT.

Defect in maintaining Demand Register.

38. (a) In the Register of Demand and Payment for water for non-domestic purposes maintained in the Water Works Department, old demands are carried forward from year to year. New demands which arise in course of a year are also entered in this Register. But this is done only when realisation is made and not before. This procedure is defective as some items may be lost sight of resulting in omission in realisation. Demands should be recorded as soon as a case is detected or an occasion arises. Thus in case of (1) separate connections, demand should be recorded in the Register as soon as an application is sanctioned and (2) consumption of water for non-domestic purposes from connections made for domestic purposes, the demand should be recorded as soon as a case is detected.

PARA 38.—The Executive Engineer, Water Works, reports.—
Sanction for separate connection for non-domestic purposes has practically no connection with the Demand Registers as the question of demand and payment cannot arise unless orders to open road for effecting such connections are obtained. Such orders are issued only in those cases where demands are met in advance and as such it is not felt necessary that the applications for sanction should be recorded in the Demand Registers. Of course Registers for recording such applications (sanctioned or refused) are maintained separately. In the circumstances there can be no omission in recording those demands as payments are always received in advance.

When domestic connections are found to be used for non-domestic purposes notices under Section 220 (2) are served by the outdoor staff of the department and they are entered in the Demand Register only when payments are made. These

		cept for a few months in the beginning, there were no moveable goods in the stall to be seized, no goods to be distrained for recovery of our dues. The only property was an immovable structure raised at the party's own cost which served as the only security in the case against non-payment of rents—a structure that could be attached only in execution of a decree against the party. As the party, however, went on paying lump sums from time to time towards clearing off arrears and as they had a big stall in the market, we did not at all think it necessary to attach the immoveable structure not till arrears amounted to a heavy sum of Rs. 800-0-0. I am afraid it is not, therefore, quite correct to suggest that the loss was due to the fact that rents were allowed to accumulate. As a matter of fact the whole amount of outstanding demands of Rs. 800 and even more could be realised from attachment and sale of the structure over which the party has spent nothing short of Rs. 5,000. But in view of the fact that the party had no business and had therefore sustained heavy loss, Chief Executive Officer was moved to waive a portion of our claim under Section 537 of the Act. *Recommendation of the Finance Standing Committee as confirmed by the Corporation.* That the Deputy Executive Officer I be requested to submit a report as to how this case stands at present.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
(b) Old demands are carried forward to the Register for the next year without any change. In cases where water is used for business purposes from separate connections, the demand, no doubt, remains constant so long as there is no change in the size of the ferrule. But in the case of demands for water for non-domestic purposes drawn from connections made for domestic purposes, the amount depends on the consumption which again depends on the growth of the business and cannot be said to be constant from year to year. In these latter cases, a system of annual review appears to be necessary. This review is also necessary in all cases in which exemptions have been granted owing to the consumption having been reckoned at less than 30 gallons per day.	notice books are therefore as good as Demand Registers. These notices are periodically examined by the Supervisors whether payments have been made or exempted by the authorities. It is therefore not necessary to open a spare Register of Demand. But to avoid omission it is suggested that these notice books should be compared with the demand and payments registers from time to time. Water from domestic connection is allowed only in petty trade concerns, restaurants, rice hotels, etc., and the owners of such concerns are charged according to flat rate system provided there is no objection from the owner of the house. In case the consumption in such concerns is considerably increased the business owners are forced to take separate connections for the purpose generally by the owners of the house simply to avoid shortage of supply for domestic use. The assessment of flat rate generally covers small fluctuation of consumption as any consumption between 31 and 260 gallons is covered by payment of Rs. 3 per month. Generally it is found that petty business consumption varies between 30 and 150 gallons a day. In the circumstances, system of annual review is not very necessary. But in case where exemption is granted owing to the consumption having been reckoned to be less than 30 gallons a day system of annual review may be adopted.
IV—EXPENDITURE. GENERAL. *Presentation of diamond buttons.* 39. A sum of Rs. 210 was paid on voucher No. 22051 dated the 23rd December, 1936, to Messrs. Lal Behary Roy & Co., on account of the cost of a set of diamond buttons presented to Mr. P. K. Ghose, Champion Swimmer, as authorised by the Corporation in their Resolution No. 1162 passed at their meeting held on the 13th October, 1936. The payment is considered to be contrary to law. The question of recovery by surcharge proceedings is under consideration.	PARA 39.—The Chief Accountant reports :— The Corporation at their meeting dated 30th March, 1938 resolved that the sum of Rs. 210 be subscribed by Aldermen and Councillors.
Irregular advance to Provident Fund. 40. Rule 8 of the Provident Fund Rules contemplates the recovery of the subscriptions at the time of payment of the salary of the subscribers concerned. The salary of March is payable in April, but the estimated amount of subscriptions deductable from the salaries for March is every year advanced from Municipal Fund in the same month together with the Corporation's contribution. A sum of Rs. 29,000 was accordingly advanced on the 31st March, 1937, and an equivalent amount paid as contribution. On the procedure being objected to in paragraph 93 of the Audit Report for 1931-32, it was argued that if the procedure was changed, the year in which the change would be introduced would have only 11 months. The argument overlooks the fact that the employees have had already the advantage, though irregularly, of one month's subscriptions and contributions paid into the Fund in advance. The irregular practice should be stopped.	PARA 40.—The Manager, Provident Fund, reports :— Out of 12 months, subscriptions for 11 months, April to February are paid by the Corporation into the Provident Fund 2 to 3 weeks late i.e., in the 3rd or 4th week of the next month. It is only for the month of March that the subscription is paid by the Corporation one day earlier as it were. i.e., on 31st March instead of say on 1st April, and this has to be done in order that the Fund may get credit for 12 months' subscription in the year. On the question of advantage, it will be seen that, it is all against the employees as they lose interest on eleven months' subscription for 2 to 3 weeks. The idea of crediting 11 months' subscription in a year cannot be given effect to.

BUILDING DEPARTMENT

Excessive expenditure incurred in defending a Corporation employee.

41. In connection with the evidence given by Mr. S. N. Sen Gupta, a Building Inspector, in a demolition case instituted by the Corporation, it was ordered that Mr. Sen Gupta should be prosecuted on a charge of giving false evidence under Section 193 I.P.C. In the consequential case, Emperor *vs.* S. N. Sen Gupta, the defence was undertaken by the Corporation and Mr. Sen Gupta was honourably acquitted by the Additional Chief Presidency Magistrate who heard the case. An expenditure of Rs. 7,174 was incurred and met out of Corporation Funds. An analysis of this expenditure is given below :-

	Rs.

The defence appears to have been undertaken under Section 537 (d) which authorises the Corporation to obtain such legal advice and assistance as they may, from time to time, think it necessary and expedient to obtain, for securing the lawful exercise or discharge of any power or duty vesting in or imposed upon the Corporation or any municipal officer or servant. The power to incur expenditure under the above section now stands delegated to the Chief Executive Officer without any restriction and the expenditure in this case was incurred under his authority. The expenditure of over Rs. 7,000 which included about Rs. 2,300 for the purpose of consultation alone, appears to be out of proportion to the importance of the case. The matter is brought to the notice of the Corporation for consideration as to the desirability of laying down certain general principles for the guidance of the Chief Executive Officer in the matter of expenditure to be incurred out of Corporation Fund in cases of this nature

Para 41.—The Chief Law Officer reports :—
In this case the Building Inspector in the discharge of his duties as such, gave evidence in a case under section 353 on the strength of which an order for demolition was ultimately made by the High Court. As he was for nothing prosecuted for giving false evidence, it was thought proper to make the best arrangements for his defence as in the event of an adverse decision against him, prosecuting officers would have felt nervous to come to the box and depose in the cases in their charge, which they have got to do daily. Having these considerations and the gravity of the case in view, Chief Executive Officer was pleased to engage Mr S. K. Sen, Bar-at-Law, and Mr. K. N. Bhowmik, Advocate. The expenditure was heavy as the hearing continued for 22 days and as due to a mass of materials and facts involved in the case, consultations had to be held from day to day for several days, of which only 17 have been charged for. In view of the above the costs incurred herein are fair and reasonable and cannot be said to be out of proportion to the importance of the case.

HEALTH DEPARTMENT.	
Extra allowance to Midwives.	
43. The payment of extra allowances to Midwives and Rickshawmen continued during the year 1936-37 and a sum of Rs. 9,208-10-0 was spent on this account. As there was no rule sanctioning the expenditure or specific sanction of the Corporation in each case, the expenditure was illegal. The Finance Committee of the Corporation resolved on the 22nd June 1937, that rules should be framed for regulating the expenditure on this account Final action in the matter is awaited.	PARA 43 —The Chief Accountant reports :— The Finance Committee at their meeting dated 24th May, 1938, further considered the question of payment of extra allowances to the midwives and the rickshawmen in the employ of the Corporation together with the question of the reimbursement of Motor Vehicles Tax paid by officers and employees of the Corporation in receipt of motor car allowance or motor cycle allowance in connection with Government letters Nos. 1321 M dated 10th March, 1937, and 8798 L. S. G., dated 11th December, 1936, and resolved as follows :— That the Committee agree with the Chief Accountant and the Chief Law Officer that these cases do not come under section 56 (b) of the Act but they come under section 51 (2) under which it is competent for the Corporation, in the one case, to resolve that Corporation officers who are required to maintain motor cars should, as a class, have their motor car allowance increased by the amount of the Motor Vehicles Tax paid by them; and, in the other, to resolve fixing the salary of Midwives at the several grades together with an allowance of Rs 2 for each case delivered by them in excess of 15 cases per month, and similarly in the case of the rickshawman; *and that when the salary and allowances are governed by section* 51 (2), *the question of a formal order in each officer's case individually does not arise.* The above resolution was confirmed by the Corporation on 8th June, 1938.
Payment without proper sanction.	
44. An allowance of Re. 1-8-0 per mensem is being paid to the Durwan for collecting death cards at night, *vide* cash voucher No. 30305, dated the 31st March 1937, sub-voucher 53 dated the 4th March, 1937. Corporation sanction to the allowance having been called for, it was stated that this was in the nature of tiffin charges and hence Corporation sanction was not necessary. As the allowance is being paid monthly to a Corporation employee, the sanction of the Corporation appears necessary under section 51 (2) of the Act.	PARA 44.—The Chief Accountant reports :— The Durwan has been in receipt of the same for a long time. The payment was sanctioned afresh by the Chief Executive Officer on the 2nd December, 1937. Sanction of the Corporation in this case does not seem to be necessary.

		The Joint Auditors' letter No. L. A. 2356 dated the 12th January, 1939 PARA 42 It is for Government to decide whether the word "allowances" as used in section 97 (2) (11) of the Act excludes travelling allowances." *The Chief Accountant reports—* This relates to charging the travelling allowances of Dr. B. N. Dey, Chief Engineer and Special Officer, Mr. P. C. Bose, Executive Engineer, Drainage and Mr. A. N. Banerji, Outfall Engineer to Loan Fund No remarks. *Recommendation of the Finance Standing Committee as confirmed by the Corporation.* That the Committee do not agree that the allowance as defined in Section 97 (2) (ii) includes travelling allowance.	
		The Joint Auditors' letter No. L. A. 2356 dated the 12th January, 1939. PARA 43.—The question is one of interpretation of the relevant sections and the auditors have no further comments to offer. *The Chief Accountant reports—* This relates to the payment of extra allowance to Midwives and Rickshawmen. No remarks. The resolution of the Corporation dated 8th June, 1938, was communicated to Government as Chief Executive Officer's letter No. 5/4075 dated 9th September, 1938 *Recommendation of the Finance Standing Committee as confirmed by the Corporation.* No remarks.	(20) PARA 43.—*Extra allowance to Midwives.* The attention of the Corporation is invited to the decision of Government communicated in this Department letter No. 1321-M dated the 10th March, 1937, that either steps should be taken to, obtain the sanction of Government under Section 485 of the Calcutta Municipal Act or if the Corporation desires these allowances to be covered by Section 51 (2) of the Act, there should be formal orders fixing the allowance in the case of each individual employee.
		The Joint Auditors' letter No. 2356 dated the 12th January, 1939. PARA 44.—As the power to sanction allowance under Section 51 to employees has not been delegated to the Chief Executive Officer, the sanction of the Corporation appears to be necessary. No reasons have been given for the contrary view expressed in the explanation. *The Chief Accountant reports—* This relates to the payment of a sum of Re. 1-8-0 per month to a Durwan for collecting Death Cards at night. The sum of Rs. 1-8-0 is intended	(21) PARA 44. *-Payment without proper sanction* It appears that the payment of Rs. 1-8-0 per month to the Durwan is in the nature of an allowance, the grant of which by the Chief Executive Officer without the sanction of the Corporation is irregular. As such either the sanction of the Corporation to the expenditure should be obtained or the charge discontinued

Auditors' Report.	Replies of the Departmental replie and Chief Accountant's remarks.
Repairing cost exceeds purchasing cost. 45. Repairs to 26 iron beds of the North Maternity Home were executed by the Entally Workshops during the year under audit at a cost of Rs. 19-5-1 each. The beds in question had originally been purchased at Rs. 19 each. The cost of repairs thus exceeded the cost of purchase. Even after omission of overhead charges (supervision etc.), and profits, the cost of repairs per bed comes to Rs. 15-7-3 which appears to be excessive when compared with the purchase price of the beds. 100 iron beds were in fact purchased in the same year, some at Rs. 14-8-0 and some at Rs. 15/- each. The repair appears, therefore, to have caused the Corporation some avoidable loss.	PARA 45.—The Manager, Entally Workshop, reports :— Repairs are carried in all cases as required by the indenting department. The requirements are not given finally at a time. Further requirements are added by the departments verbally or in writing during the process of carrying out the repairs as per indent originally received "necessary repairs" the mention of this in any indent by an indenting party for services or supply of articles from the Workshops is a very loose term having no restrictions put on it. We cannot get the work certified till the work is done to the full and complete satisfaction of the indenting party. It is difficult to say at what stage the cost of work becomes "excessive" as we have to complete the job. If we leave the job unfinished owing to the excessive cost, who is going to pay the labour and material incurred in an unfinished job?
MOORE'S SCHEME. *Excess over provision in the estimate* 46. Sanction of Government has not been obtained under section 14 (b) of the Calcutta Municipal Act to regularise the excess in the cost of supervision in India over the provision made therefor in the revised estimate for the Moore's scheme. The excess alone at the end of March 1937, represented about 150 per cent of the estimated provision, the expenditure up to that date being Rs. 7,74,756 against the provision of Rs. 3,10,000, while the works outlay up to the same date was Rs. 2,29,03,934 against a provision of Rs. 2,42,33,271.	PARAS 46 & 47.—The Chief Accountant reports : Necessary provisions for the two items of expenditure have been made in the 2nd revised estimate of the Scheme which was sanctioned by the Corporation on the 22nd December, 1937, and is awaiting Government sanction.
Unauthorised payment out of Moore's Scheme. 47. In paragraph 75 of the Audit Report for 1931-32, it was noticed that an expenditure of Rs. 25,866-15-0 for construction of an office, store house, oil godown, etc., at Palta was charged to Moore's scheme although there was no provision for the same in the scheme as sanctioned by Government. Sanction of Government has not yet been obtained under section 14 (b) of the Calcutta Municipal Act to regularise the expenditure.	*Vide* PARA 46 above.

		to cover the cost of wicks and kerosine oil required by the Durwan. It should not therefore be treated as an allowance proper, *i.e.*, as part of salary and sanction of the Corporation is not required. *Recommendation of the Finance Standing Committee as confirmed by the Corporation* That the departmental reply be accepted.	
		The Joint Auditors' letter No. L A. 2356 dated the 12th January, 1939. PARA 45.—When a new iron bed could have been purchased at Rs. 15 each, it was unbusinesslike for the Health Department to accept the Workshop estimate of Rs. 20-15-2. (Estimate No. 356 of 1935) for repairing each iron bed. *The Health Officer reports*— There was previous objection from my department also against getting the old articles repaired at our Workshop instead of purchasing new ones at cheap rates. The repairs done by the Workshop however added considerably to the value and durability of the old ones and they were practically transferred into such superior articles as would never be had at Rs. 15 or any near figure. It would thus be seen that there was no loss in getting the beds repaired in our Workshop. *Recommendation of the Finance Standing Committee as confirmed by the Corporation.* That the departmental reply be accepted and that the Auditors be informed that a warning has been given to the department not to undertake repairs in future at such heavy cost.	
		The Joint Auditors' letter No. L. A. 2356 dated the 12th January, 1939. PARAS 46 & 47.—*Government sanction is awaited.* *Chief Accountant further reports*— PARAS 46 & 47—These relate to the expenditure incurred in excess over provision in the estimate of Moore's Scheme. Sanction under Section 14 (b) of the Act has since been accorded to the second revised estimate of Mr. Moore's Scheme by Government as per their letter No. 86-M dated 18th January, 1939. *Recommendation of the Finance Standing Committee as confirmed by the Corporation.* No remarks.

WATER WORKS DEPARTMENT.	
Damage caused by a leaking filtered water main.	
48. (a) In pursuance of a notice from the Corporation the owner of premises No. 22, Annada Banerji Lane, demolished the front portion of his buildings and claimed damages on the allegation that the damage was caused by a leaking filter water main which was not kept in proper repair though the defects had repeatedly been brought to notice by the party. Liability having been denied by the Corporation, the party filed a suit and the Court found in his favour. An appeal was filed but this too was dismissed with costs. The Corporation had to pay a sum of Rs. 2,629-13-6 to the party besides their own costs of litigation.	
(b) Although in February 1937, the Chief Executive Officer desired that a report should be furnished as to why the main was not kept in effective repairs and who was responsible for the same, it did not appear that the matter was further pursued and the necessity for disciplinary action considered.

(Sd) S. N. CHATTERJEE,
Examiner of Local Accounts

(Sd) E. R. SESHU IYER,
Accountant-General, Bengal.

N. B. I. The Accountant-General, Bengal and the Examiner of Local Accounts further stated in the concluding portion of their letter No. L A 2356 dated 12th January, 1939 that they had no remarks to offer on the other paragraphs.

N.B II.—The commencing portion of the Chief Accountant's note regarding the further comments of the Accountant-General, Bengal and the Examiner of Local Accounts as per their letter No. L.A. 2356 dated 12th January, 1939, is given below:—

As per the "Rules regarding Audit of Accounts of the Calcutta Corporation" these audit rejoinders have to be published in newspapers in parallel columns with each item of the original report, the replies of the Corporation and final order of the Government.

These Audit Rules have no provision for including in the publication any replies of the Corporation to the audit rejoinders. Rule 6 of the said Audit rules however, provides that when there is a difference of opinion on any point between the Corporation and the Auditors, the matter together with the explanation of the Corporation, if any, shall be referred by the Auditors to the Local Government for orders. This suggests that in all cases where the Auditors do not agree with the Corporation, the further comments of the Auditors should first be sent to the Corporation for their replies, if any, and they may be then referred to Government.

The time allowed for submission of the Audit rejoinders and the further replies of the Corporation is two months only from the date of our submitting the original replies which in this case is 15th November, 1938

The Accountant-General, Bengal and the Examiner of Local Accounts however ignored the provisions of Rule 6 and sent the Audit Rejoinders to Government direct on 12th January, 1939, *i.e.*, when the said period of two months was about to expire. A copy of their letter to Government has been sent to us.

Similar further remarks on the Audit Reports for 1933-34, 1934-35 and 1935 36 were also sent by the Joint Auditors direct to Government and only copies of their letters to Government were sent to us.

In connection with the further remarks on the Audit Report for 1933 34, the Corporation at their meeting dated 8th June, 1938 resolved as follows :

"That the attention of Government be drawn to the fact that Rule 6 of the rules regarding audit of accounts of the Calcutta Corporation has not been complied with by the Auditors inasmuch as before making a reference to the Local Government under this rule they have not given the Corporation an opportunity to offer further explanation, if any, on the points on which there was a difference of opinion "

We should communicate to Government our views on the further remarks to the Audit Report in question now before Government passes final orders for publication of the same as we did in the case of the rejoinders to the Reports for 1933-34, 1934-35 and 1935-36

8. FINANCE COMMITTEE RECOMMENDATIONS.—The Corporation were asked to confirm the following recommendations of the Finance Standing Committee dated the 23rd January 1941.

* * * *

14 FINAL ORDERS OF THE GOVERNMENT ON THE AUDIT REPORT FOR 1936-37:—The Committee were asked to consider the final orders of the Government on the Audit Report for the year 1936-37 as per their letter No. 48-T.M., dated 25th May, 1940.

Letter dated 25th May, 1940 was as follows:—

The contents of the letter have been shown under column Final orders of Government of this Audit Report.

The Chief Accountant's report dated the 9th December, 1940, on the final orders of the Government on the Audit Report for the year 1936-37.

Towards the concluding portion of the letter, the Secretary, Public Health and Local Self-Government Department, requests that the Audit Report with relevant matters may now be published as required by the rules regarding the audit of the accounts of the Corporation. The final orders of Government on the three Audit Reports for 1934-35, 1935-36 and 1936-37 were sent to us by Government within short intervals, *viz.*, on 6th April, 1940, 27th April, 1940 and 25th May, 1940 respectively.. Under rule 7 of the audit rules all these reports were due for publication long before the final orders were communicated to us.

The reports for 1934-35, 1935-36 and 1936-37 with relevant matters properly arranged have since been sent by me to the Press. Further action on these reports will be taken by this Department when the matters are set up and proofs are sent to us by the Press

The Audit Rules do not provide for inclusion, in the publication of any further replies or remarks subsequent to the passing of final orders by Government. The orders and observations of Government are however of a nature deserving the attention of the Corporation. Goverment have also called for further replies of the Corporation on some of the paragraphs of this Audit Report. The letter may therefore be placed before the Corporation through the Finance Committee to which your orders are solicited.

The orders and observations of Government are dealt with para by para below:—

(1) *Paragraph* (5)—*Previous Reports*:—

The replies to the Test Audit Notes for 1936-37 and 1937-38 have since been forwarded to the Government Auditors with the remarks of Deputy Executive Officer I and Chief Executive Officer

(2) *Paragraph* 8 (*b*)—*Cash in hand with the Treasurer*:—

This point has already been dealt with in our replies to para 8 of the Audit Report for 1938-39.

(3) *Paragraph* 10 (*d*)—*Advance*—

This Audit Report was considered by the Finance Committee and not by the Corporation on 24th October, 1938. As recommended by the Finance Committee, the Corporation on 9th November, 1938, asked me to submit a detailed statement showing the list of unadjusted items upto 31st March, 1937 under "cost of works done in default of others" with short particulars.

One such list has already been prepared by this Department and is under scrutiny now. This will be placed before the Corporation through the Finance Committee shortly.

(4) *Paragraph* 12—*Stores, Result of verification*—

It appears from a note of the Executive Engineer, Water Works dated 8th August, 1940, that the Chief Executive Officer was pleased to pass orders to transfer all unpriced stores and surplus materials of Moore's Scheme into the priced stores.

The Resident Engineer, Water Works Department reported on 11th September, 1940 :—

I have taken up the accounts and intend to finish the work as early as possible. I have taken up the accounts of the steel piles first. Owing to the strike I have not been able to verify the quantities in stock as yet. The accounts are very old and require time for verification.

(5) *Paragraph 13—Workshops – Accounts of cost of Manufacture—*

This relates to the revision of the existing system of accounts of cost of manufacture.

No remarks.

(6) *Paragraph 14—Deposits—Correctness of balance not proved—*

A separate register has already been started in the Collection Department.

(7) *Paragraph 15—Want of precaution against double refund of Consolidated Rate—*

This relates to refund of consolidated rates in cases of reduction in the assessment even when the original bills are not produced. In this connection, the Corporation on 7th August, 1939 resolved as follows :—

That no improvement can be made on the existing arrangement and that the departments have been directed to be more vigilant in dealing with cases of refund when paid-up rate bills are not produced.

The Assessor reported (20th August, 1940) :-

There are lots of cases, where refund is granted due to vacancy or to reduction of assessment, dealt under Section 146 in files These cases are not entered in the Valuation List, so the procedure of recording a refund order in the Valuation List as suggested by Government Audit, will not be a check against double refund, so far as these cases are concerned and will increase the work of the Department without the desired remedy. The registers prescribed under paras 345 and 350 of the Assessment and Collection Manual are being maintained in this Department and I think, they will serve sufficient safeguard against double refund.

(8) *Paragraph 21.—Continued remission of rates on vacant lands in disregard to proviso to Section 151 of the Calcutta Municipal Act.*

Letter No. 131-T. M., dated the 6th October, 1936 relates to the final orders of Government on the Audit Report for 1928-29 Letter No. 19-T. M dated the 27th April 1940 relates to the final orders on the Audit Report for 1935-36 and has already been submitted to you for necessary orders

As regards the question of enforcement of the proviso to Section 151 of the Act, in respect of the lands lying vacant for more than three years and the observations of the Government, the Assessor has already submitted a proposal which is now engaging the attention of the Finance Committee.

(9) *Paragraph 24—Collection Department—lack of supervision over outstanding bills*

This relates to preparation of lists of persons for arrears of outstanding rates for Rs. 500 or more.

The Collector reported (10th September, 1940) :—

Anybody conversant with the accounts of the Corporation knows that properties are assessed here and not persons. Consequently Collector's accounts are kept by premises and no record of the Paymaster is or can be maintained by him. Moreover, persons paying the taxes of these properties are a variable factor changing from time to time from the recorded owner to the occupier and then to an absolutely third party in the shape of a new purchaser, Receiver, Administrator, Trustee etc., while the premises are a constant factor. No lists therefore on the basis of persons can be prepared nor, if prepared, will be exhaustive so as to show the complete liability of that person at any time. The

list we prepare is a list of premises showing the persons liable which strictly is not a list of persons showing their liability.

(10) *Paragraph 25.—Notice of Demand and Warrant Fees.*

This relates to the resolution of the Corporation dated the 9th November, 1938 requesting the Chief Executive Officer to consider the desirability of adopting the recommendation made by the Auditors, that separate machine numbered receipt forms with counterfoils should be used by the bailiffs when fees in respect of notices of demand or warrants are collected and that there should also be a warning to the rate-payers printed on the notice of demand that they should demand separate receipts for these fees.

The Corporation further resolved in this connection on 7th August, 1939 as follows:—

"That the matter is engaging the attention of Deputy Executive Officer II who has been asked to consider whether the suggestion of the Auditors can be accepted and that in the meantime the present system may continue.

The Deputy Executive Officer II observed on 14th September, 1940:—

I have given due consideration to the matter and discussed with several officers. The proposal of the Government Auditors, if accepted, will end in starting an additional accounting not commensurate with the return. Nor can I allow the Department to drift from its main problem *viz*, the outstandings which must be solved first with a single aim.

This is not the time to start a new experiment over a much less important matter.

(11) *Paragraph 27 (a)—Health Department- Assessment made under Section 175 but not under Section 386.*

The Law Officer reported (16th August, 1940):—

As required by Government I suggest that paragraphs (a) and (b) of Art. 98 of the License Manual be modified as follows:—

Art. 98 of the License Manual as it exists	*Modification—proposed*
(a) An extract of columns 3, 4, 5, 6 of this Register, as it stood on 31st December should be prepared by the License Department early in January, every year.	(a) An extract of columns 3, 4, 5 and 6 of this Register, as it stood on 31st March should be prepared by the License Department early in April every year. It should be typed in triplicate according to the Wards and two copies will be sent to the District Health Officers for distribution before the end of April. A supplementary extract in triplicate from the Register appertaining to entries after 31st March should be similarly made and two copies will be sent to the District Health Officers before the 30th of June.
L. T. Form No. 2.	
It should be typed in triplicate according to the Wards and two copies will be sent to the District Health Officers for distribution before the end of January. A supplementary extract in triplicate from the Register appertaining to entries from 1st January to 31st March should be similarly made and two copies will be sent to the District Health Officers before the 15th of April.	
(b) The Sanitary Officers should submit their reports in duplicate on the lists furnished to them within the month of February. These lists will be checked after local inspection where necessary by the District Health Officers and forwarded before the middle of March to the Chief Executive Officer for orders which are to be issued before the end of March. ment should write up these orders in the duplicate list and send the duplicate to the District Health Officers and the original to the License Department in the first week of April with remarks, in each case, of sanction or refusal. The Collecting Inspectors should then assess by the end of April. The supplementary lists should be similarly treated and submitted to the Health Officer before the 30th of April and sent to the License Department before the 15th of May.	ment should write up these orders in the duplicate list and send the duplicate to the District Health Officers and the original to the License Department in the first week of September with remarks, in each case, of sanction or refusal. The Collecting Inspectors should then assess by the end of September. The supplementary list should be similarly treated and submitted to the Health Officer before the 31st of July and sent to the License Department before the 15th of October.

The Health Officer agreed (12th September, 1940) to the suggestions made above by the Law Officer.

(12) *Paragraph* 29 *(a)—Law Department—Heavy Outstanding.*

No remarks. In this connection the Corporation on 7th August, 1939 resolved as follows:—

"That every attempt is being made to reduce the outstandings."

(13) *Paragraph* 31.—*Loss due to want of timely action.*

This relates to cancellation of two dishonoured cheques. The Joint Auditors observed in their audit rejoinder as follows:—

The explanation furnished goes to show that timely action was not taken to prevent the loss.

The Corporation on 7th August, 1939 confirmed the following recommendation of the Finance Standing Committee:—

That the Committee find that it is not possible to fix the responsibility at this distance of time and they regret that the amount has to be written off.

(14) *Paragraph* 33.—*Delay in taking steps followed by cancellation.*

This relates to assessment of dogs. *The License Officer reported on 16th August*, 1940:—

I am sorry, Government do not realise the difficulties of assessing dogs in Calcutta and also do not think that two men engaged in this work are hardly enough to cope with the work. There are 32 Wards in Calcutta and so far we have been able to realise only Rs. 23,253 which shows that we have been able to detect successfully only 4,700 dogs in Calcutta. The Inspectors have to call at every house in Calcutta irrespective of the fact whether the owner has got a dog or not and sometimes in each flat to find out if there is a dog. The assessment takes long hours and we are put to great difficulty when our assessment is challenged in court by the person assessed. It is very common that after assessment we receive objections. That the dogs which our Inspectors saw belonged to a friend who came for interview or came for a short stay in Calcutta. In majority of such cases the court accepts the plea of the contestant and discharges him. Our Inspectors before filing prosecutions or before taking any coercive measures have to call several times in most of the cases. Unless and until we can take steps for seizure of unlicensed dogs, the revenue under this head will not increase in future and the difficulty of assessment will not diminish in any way.

As regards cancellation of the cases struck off in court, I may point out that these cases were struck off as the court held that the demands created were wrong. These demands may therefore be legitimately cancelled by the Deputy Executive Officer to whom the power of cancellation of wrong demands has been delegated. There is no ground for placing them for cancellation under Sec-

tion 213 when these demands were held by a competent court of Law to be wrong demands. I therefore do not see any point in the Government order that those wrong demands should be cancelled under Section 213 of the Calcutta Municipal Act.

(15) *Paragraph* 34.—*Markets. Rents not received in advance in all cases.*

In this connection, the Jt Auditors observed in their further remarks as follows:—

"Sir Stuart Hogg Market- Block K—Stall No. 34—

Instead of being reduced, the outstanding dues rose to Rs 741 on 31st March, 1938. The Public Utilities and Markets Standing Committee on 11th March, 1938 allowed the party to continue the occupation of the stall for one year only on her paying As 2 for arrears and As 8 for current rent everyday. Even this petty amount was not regularly paid and the outstanding dues on 31st October, 1938 amounted to Rs. 745-8-0.

College Street Market—Stall No 2—Tower Block.—

The outstanding amounts of Rs. 1,500 and Rs. 696-5-0 for initial rent and rent respectively were cancelled as irrecoverable by the Corporation on 15th June, 1938."

The Corporation on 7th August, 1939 confirmed the following recommendation of the Finance Standing Committee:—

"(1) That the matter be referred to the P U. & Markets Committee for suggestion as to what reply should be given to the remarks of the Auditors in this case

(2) That the Committee be also requested to consider whether it will not be better to remove the tenants from the market as there is hardly any chance of recovering the arrears."

The Superintendent, Sir Stuart Hogg Market reported on 15*th August*, 1940:—

The Department is always vigilant about the defaulters and special care is always taken for realisation of arrear rents Each and every tenant is approached for payment of daily rent regularly and systematically but due to the depressed trade conditions and acute economic distress some of the tenants fail to pay rent daily in advance and it is neither prudent nor advisable from administrative point of view to take coercive measures in each and every case for non-payment of rent for a few days only. There is no penalty clause by which we can enforce payment of rent daily in advance but care is always taken to see that no loss of revenue occurs to the Corporation due to lack of vigilance on our part The allegations that some stall-holders are allowed to default till a fairly large sum has accumulated as arrears, are not correct since the Department is always on the alert and exerts its utmost to realise Corporation dues as far as practicable in the existing state of circumstances as stated above

Regarding Stall No. K (new) 34.—Nazo Bibi, the occupier of Stall No 34 in block K (new) having failed to pay rents as per resolution of the P U & Markets Committee, she was removed from the stall, which was declared vacant from 1st January, 1940. A sum of Rs 796-8-0 was due from her on account of rent and additional rent

The Chief Accountant reported:—

The demand was cancelled by the Corporation on 11th September 1940 as recommended by the P U & Markets Committee and by the Finance Committee

(16) *Paragraph* 36—*Stall No.* 78 *of the Park Circus Market.*

The Joint Auditors observed in their further remarks as follows:

The loss was due to the fact that rents were allowed to accumulate for as many as 800 days although the rules provided for the collection of rent daily in advance.

The Superintendent, Park Circus Market reported:—

The occupiers of stall No 78 in the Park Circus Market had, no doubt, fallen in arrears to the extent of Rs. 800 before a suit was actually filed against them But the party was never allowed

to default with impunity for 800 days at a stretch As Messrs. Chowdhury & Co., had, however, no business except for a few months in the beginning, there were no movable goods in the stall to be seized, no goods to be distrained for recovery of our dues. The only property was an immovable structure raised at the party's own cost which served as the only security in the case against non-payment of rents—a structure that could be attached only in execution of a decree against the party. As the party, however, went on paying lump sums from time to time towards clearing off arrears and as they had a big stall in the market, we did not at all think it necessary to attach the immovable structure till arrears amounted to a heavy sum of Rs. 800 I am afraid it is not therefore, quite correct to suggest that the loss was due to the fact that rents were allowed to accumulate.- As a matter of fact the whole amount of outstanding demands of Rs 800 and even more could be realised from attachment and sale of the structure over which the party has spent nothing short of Rs 5,000. But in view of the fact that the party had no business and had therefore sustained heavy loss, the Chief Executive Officer was moved to waive a portion of our claim under Section 537 of the Act.

The Corporation on 7th August, 1930 resolved as follows:-

That the Deputy Executive Officer I be requested to submit a report as to how this case stands at present

The Deputy Executive Officer I was pleased to forward the following note of the Chief Law Officer dated the 16th August, 1940 to me :-

Under orders of the Chief Executive Officer a compromise decree was obtained for Rs 410 out of which Rs 200 was paid by party on the date of decree (23rd July, 1937). Party paid another Rs 200 by cheque on or about 30th November, 1938. The balance of Rs. 10 could not be realised inspite of our threatening demand letters. The Market Superintendent too failed to get the amount amicably from the party, as directed by you Steps could not be taken in court for realisation of the balance of Rs. 10 without incurring disproportionate costs in execution of the decree.

(17) *Paragraph* 38—*Defects in maintaining Demand Register*

No remarks. The order of Government have been communicated to the Executive Engineer, Water Works

(18) *Paragraph* 39—*Presentation of diamond buttons.*

This relates to the cost of diamond buttons presented to Mr P K. Ghose, Champion Swimmer.

The Secretary reported (16*th September*, 1940):—

Rs 8 is still outstanding on this account Reminders to the Councillors were issued recently.

(19) *Paragraph* 40.—*Irregular advance to Provident Fund*

This relates to the payment of subscriptions deductable from the salaries of the employees for March together with the Corporation contribution to the Provident Fund in advance in March.

The Manager, Provident Fund reported (16*th August*, 1940) --

Under Rule 10 of the Provident Fund Rules, the Corporation contribution shall be an amount equal to the compulsory subscription of each subscriber and shall be made yearly as at 31st March, except in the case of cessation of service or death when such contribution shall be made upto the date of cessation of service or death. Under this Rule the compulsory subscription of each subscriber, upto 31st March will have to be taken into account for realisation of a corresponding amount of Corporation contribution for the year The full salary for March becomes due on the morning of 31st March though it is paid in April next This point will be clear from the fact that if any employee dies after mid-night of the day prior to the last day of any month, the legal heir or heirs of the deceased employee are entitled to get the full pay for the month So the compulsory subscription for March becomes due on 31st March As obviously it is not possible to find out the exact amount of compulsory subscription on that day, an estimated amount of Corporation contribution is taken every year on 31st

March in advance I am afraid in the face of Rule 10 this procedure cannot be changed unless and until the Rule is amended

(20) *Paragraph* 43.—*Extra allowance to Midwives*

This question has already been dealt with in my remarks regarding the final orders of the Government on paras 32 and 54 of the Audit Report for 1934-35 which is now engaging the attention of the Finance Standing Committee

(21) *Paragraph* 44 *Payment without proper sanction*

This relates to the payment of a sum of Re 1-8-0 per month to a Durwan for collecting Death cards at night

The proposal of the Health Officer for the continuance of the allowance was received by me on 28th November 1940 and has been separately sent to the Secretary for placing the item before the Corporation through the Services Standing Committee No. II

The matter was placed before the Committee under orders of the Chief Executive Officer.

Extract from the Proceedings of the Finance Standing Committee dated the 6th January, 1941.

(1) Para (3)—*Previous reports* The Committee decided to make no remarks

(2) Para 8 (b)—*Cash in hand with the Treasurer*·—

The Chairman said that they should make it clear to the Government that the money collected on the night of the 31st March was put in the Treasury on the 1st April as it was not possible to deposit the money in the Treasury on the 31st although the Treasury was kept open on the 31st March till 2 a.m.

In reply to Mr Ispahani, the Chief Accountant said that it was risky with the Bailiffs to come to the office late at night with cash money

The Special Officer said that the expression " morning collection " was misleading As a matter of fact the collection was made on the 31st March

The Chairman suggested that they might ask the Secretary and the Chief Accountant to draft a note for the Government explaining the position on the above lines

The Committee agreed.

(3) *Para* 10 (d)—*Advance.*

The Chairman suggested that they might wait for submission of up-to-date reports, which had been called for by the Committee

The Committee agreed.

(4) *Para* 12 *Stores, result of verification*—

The Executive Engineer, Water Works said that the accounts regarding the steel pile bills, which was the most important, had since been finished and complete accounts had been sent to the Government Auditors Only some minor bills remained to be done which would be finished in a fortnight's time.

The Chairman asked the Executive Engineer, Water Works to submit a written report confirming his above statement

(5) *Para* 13 *Workshops Accounts of cost of manufacture*

On the suggestion of the Chairman, the Committee agreed that the matter should be referred to the Workshop Enquiry Special Committee for their consideration.

(6) *Para* 14 *–Deposits– Correctness of balance not proved–* No remarks

(7) *Para* 15 *--Want of precaution against double refund of consolidated rate*·—

The Chairman suggested that they might reply in terms of the Assessor's note

The Committee agreed

(8) *Para* 21—*Continued remission of rates on vacant lands in disregard of proviso to Section* 151:—

The Offg Secretary said that they had been asking the Government for amendment of the Section, for nearly 3 years but nothing had yet been done.

The Assessor said that if they stopped vacancy remission, the parties might erect a small shed and ask the Corporation to assess it as a shed That would have the effect of reducing the valuation He put up a note on his point suggesting that this provision should not be enforced, and the Finance Committee recommended that Government should be asked to amend Section 151

The Chairman suggested that they might ask the Assessor to submit a report explaining clearly the position and they might incorporate that report in their reply to Government.

The Committee agreed.

(9) *Para* 24—*Collection Department -Lack of supervision over outstanding bills.*

The Chairman suggested that they might reply to the Government in terms of the Collector's note.

The Committee agreed.

(10) *Para* 25—*Notice of demand and warrant fees*

The Chairman said that this was a matter which concerned the Chief Executive Officer and he suggested that the Chief Executive Officer might be requested to send his reply to the Corporation

The Committee agreed.

(11) *Para* 27—*Health Department Assessment made Section* 175 *but not under Section* 386 :—

The Chairman suggested that they might approve of the amendments suggested by the Chief Law Officer to Art. 28 of the License Manual.

The Committee agreed.

(12) *Para* 29 (1):—*Law Department Heavy outstanding* No remarks.

(13) *Para* 31—*Loss due to want of timely action* :—

The Chairman said that in this case, they should call for a report from the Special Officer suggesting better procedure so that in future there might not be any loss of Corporation revenue

The Committee agreed.

The Chairman suggested that they might postpone consideration of the other paragraphs for up-to-date reports from the Departments concerned showing the position as changed since the report of the Chief Accountant

The Committee agreed

Resolved—

That further consideration of the matter be postponed till next meeting

Extract from the Proceedings of the Finance Committee dated 23rd January, 1941.

14 FINAL ORDERS OF THE GOVERNMENT ON THE AUDIT REPORT FOR 1936-37 The Committee were asked to consider the final orders of the Government on the Audit Report for the year 1936-37 as per their letter No 48-T M., dated 25th May, 1940.

The Committee on 6th January, 1941, disposed of some of the points raised by the Auditor and postponed further consideration for Departmental reports and up-to-date information

Further report of Chief Accountant dated 13th January, 1941 *regarding para* 10 *(d)- Advance* :—

The Finance Standing Committee at their meeting held on 30th September, 1940 directed the Chief Engineer and the Heads of other Departments concerned to report to the Corporation through the Finance Committee and the Chief Executive Officer on all cases of advances lying unadjusted early in January, 1941, stating reasons in each case The direction given by the Finance Committee was communicated by you to all Heads of Departments as per Circular No. 125 dated 29th November, 1940. I have not however received the reports of all the Departments as yet. The total amount outstanding on 30th November, 1940 on account of unadjusted advances was Rs. 60,59,200. The reports received from the Water Works Department (partial), Health Department, District

Engineer I and District Engineer II are being dealt with by this Department for submission to the Finance Committee through the Chief Executive Officer.

Further report dated 8th January, 1941 of the Executive Engineer, Water Works regarding para 12:—

The accounts of the steel sheet piles had been completed and sent to the Government Auditor The accounts for the other articles will be completed within a fortnight.

Suggestion of the Collector dated 13th January, 1941 and the Chief Executive Officer regarding para 25

The suggestions of the Government Auditors cannot be accepted on the following grounds

1. The receipt from Notices of demand and Warrant fees amounts to Rs. 5,000 to Rs 6,000 only

2 The challans used for them will number more than 20,000.

3. Regular checking of all these challans will involve huge labour which is hardly proportionate to the receipt therefrom

4. A strict account of all the forms both used and unused has to be kept involving again huge labour

5. The present system of acknowledging notices of demand fees on the original bill serves as an effective check on the conduct of the bailiffs The receipted bill being a permanent record any fraudulent non-deposit or short deposit of notices of demand fees is likely to come to light in course of future transactions If the fees are acknowledged on separate receipts, there is hardly any chance of detection in future

6. The system, if introduced will surely necessitate an additional staff as a regular account will have to be maintained in each division as in the case of rate-bills

7 Our chief problem now is to reduce the number of the out standing bills. If that can be achieved, such problems will automatically solve themselves

In view of these I do not think it to be judicious to introduce the system as desired by the Government Auditors

Remarks of the Chief Executive Officer:-

I am afraid I have to agree to the views expressed above It will no doubt be a good thing if we could accept the suggestions of the Auditors. But this will mean additional expenditure which I do not feel justified in recommending The protection that we shall obtain will not be got at a heavy cost The existing arrangement may therefore be allowed to continue.

The Assessor's further report dated 8th January, 1941 regarding para 21:—

A list of all vacant lands in the City was prepared and placed before the Finance Committee, who resolved on the 20th of December, 1937, that in the opinion of the Committee there was no necessity for the proviso to Section 151 of the Act and that Government be approached to amend the Section The said resolution of the Finance Committee was confirmed by the Corporation at their meeting held on the 21st of January 1938, and a letter was accordingly sent to the Secretary to the Government of Bengal, Department of Public Health and Local Self-Government, for taking necessary action regarding Amendment of the Act

There are various difficulties in working out the proviso into practice On account of the existence of the "special circumstances" as laid down in the Act, the proviso can hardly be applied to the following amongst other lands

(1) Tank filled lands.
(2) Lands in the midst of mill area
(3) Lands which are under a Scheme of the Calcutta Improvement Trust, or the Corporation
(4) Lands under litigation
(5) Marshy lands
(6) Lands owned by minors
(7) Tanks (lands covered with water)
(8) Lands not suitable for building sites

Again, the special circumstances may vary at any time or they may crop up afresh. Departmental enquiries in these cases have to be made every quarter to find out whether the special circumstances have ceased to exist. This means an enormous increase of work.

It would not be practicable for the Committee to settle these points for all the Wards at one time. Besides, things may change in many cases by the time when the lists which were compiled by the Department earlier, are put up before the Committee, on obtaining the opinion of the Building Department.

It may be pointed out here that the C. I. T. lands which form more than half of vacant lands in the city are exempt from the operation of this Section, as it has been held that the Trust cannot build over a land in their possession. The Port Commissioners' lands being assessed under one number, under the Calcutta Port Act, the Section is not applicable; also in regard to Railway lands, no vacancy remission is allowed for lands used as permanent ways or for borrow pit lands. Thus, the lands which come under the purview of this Section are those in which "special circumstances" do not exist and which are not C. I. T. lands.

On a careful reading of the Section, I find that there are loopholes by which a party can avoid the operation of this Section altogether. For instance, a party may erect a small structure on the land and get the description of the premises changed, thereby entitling himself to the vacancy remission for more than three years. He may demolish the structure after sometime and get vacancy remission on submitting a fresh notice of vacancy, the description of the premises being changed as land again.

Letters were written to the Secretaries of Bombay and Madras Corporations as per Committee's direction dated the 31st of May, 1937

Reply from the Secretary, Corporation of Bombay, was as follows:—

With reference to your letter No. A/4524, dated the 3rd July, 1937, I have the honour to state that under Section 140 of the City of Bombay Municipal Act, buildings and lands in the City are assessable to property taxes which are three in number, *viz*, General Tax, Water Tax and Halalkhor Tax. Only General Tax is, however, levied in respect of vacant lands as water and Halalkhor services are not generally rendered to them. Refund on account of vacancy in respect of buildings and lands is admissible subject to compliance with the provisions of sections 174 to 179 of the Municipal Act a print whereof is enclosed for information. It will be seen that in the City of Bombay Municipal Act there is no authority to refuse refund on account of vacancy irrespective of the number of years for which the lands remain vacant.

The Madras Corporation in their Revenue Department Letter No. 32157, dated 4th December 1937 have sent a copy of Sections 105 and 108A of the Madras City Municipal Act IV of 1919, as amended by Madras Act X of 1936, which correspond to Sections 151 to 153 of the Calcutta Municipal Act from which it appears that in the Madras City Municipal Act there is no provision for the stoppage of vacancy remission after the lapse of any definite period of vacancy as contemplated in the Proviso to Section 151 of the Calcutta Municipal Act.

In view of the above and also in view of the fact that the enforcement of the proviso will tell upon the sales of lands by the Calcutta Improvement Trust and which may affect adversely the land value of the City as well as the rental value of lands on which small tiny structures are built, it is submitted for consideration if the proviso should be enforced at all

Paragraph 8(b)—Cash in hand with the Treasurer.

The Assistant Secretary said that this question was discussed at the last meeting and the Committee directed the Chief Accountant to prepare a note on the lines of the discussion and place it before them for their approval.

The Chief Accountant said that he had discussed the matter with the Collector and the Treasurer and the note was under preparation.

Mr. D J. Cohen suggested that the note after it was completed might be put up before the Chairman for his approval and then included in the resolutions to be placed before the Corporation for approval to the replies to be sent to the Government.

The Committee agreed.

Chief Accountant's note regarding para 10, as approved by the Chairman, is as follows:- -

The so-called "Morning Collections" of 1st April, are really a portion of the amounts collected by the officers of the Corporation on the 31st March, which come actually into their hands on that date but for lateness of receipt, cannot be deposited into the Treasury on that date. As a matter of fact, the Treasurer s Department receives money from the Bailiffs and others concerned upto about 6 p.m. of 31st March, but even then they fail to take in the entire amount of collections made by all the officers, and the subsequent preparation and reconciliation of accounts of the Treasury and Collection Departments continue till the early hours of the morning of the next day. It would be extremely risky to keep the Treasurer's Department engaged in receiving money for any later hour without giving them sufficient time to reconcile their own accounts as in that case it may not be possible at all for the Treasurer to remit the collections to the Bank on the 1st of April. Experience shows that the amounts that the Treasurer's Department receive upto about 6 p.m. are quite sufficient to keep them engaged up to 2 a m. or even later in preparing and reconciling their own accounts.

The rest of the late collections of 31st March collected after 6 p.m. and remaining with the officer's oversight termed as "Morning collections" is received by the Treasurer's Department on the morning of 1st April. These are, however, duly remitted to the Bank on the 1st of April along with the other collections of 31st March.

The amounts in question having thus been actually received by the Corporation through a number of their officers on the 31st March and the corresponding demand of the Corporation having been fully satisfied thereby, we would be giving an artificial shape to our Accounts by carrying these collections to the accounts of the next year as suggested by the Government Auditors.

It must be remembered that the collections made on the 30th of March and brought into the Treasury on the 31st March are sent to the Bank on the 1st of April. It is not clear as to what harm there will be if the collections for the 31st of March are brought into the Treasury on the 1st of April and sent to Bank the same day

Paragraph 10 (d)—Outstanding advances.

The Chairman said that they had recently passed a resolution on this matter and in pursuance of that resolution reports had been received from several Departments. These replies were now being considered by the Chief Executive Officer.

Paragraph 12—Stores, Result of verification.

The Chairman said that the Executive Engineer, Water Works reported that the work would be finished by the end of this month (January).

Paragraph 21.--Remissions in contravention of proviso to Sec. 151.

The Chairman said that the matter had been dealt with several times by this Committee and the Corporation and they had decided every time that the proviso was unnecessary and impracticable and Government have been requested time and again to move the legislature to amend Section 151 accordingly, the last resolution of the Corporation dated the 15th January, 1941 arose out of Government orders on para 26 of the Audit Report for 1935-36.

The Assessor's report sets out in detail the difficulties standing in the way of enforcing the provisions of the Section and it has been made abundantly clear that such enforcement was not only impracticable but was likely to affect the Revenues of the Corporation adversely rather than favourably

The Asstt. Secretary stated that the matter had been gone into by the Finance Committee very thoroughly on 20th December, 1937 from

enquiries it was learnt that neither the Bombay nor the Madras Municipal Acts contained any provision on these lines and that this proviso was framed when the Calcutta Municipal Act of 1923 was enacted, as a safeguard against speculation in land which was rampant at the time

Chairman: We may re-affirm our previous resolution and draw Government's attention to the points explained in the Assessor's report.

The Committee agreed

Paragraph 25 Notice of Demand and Warrant Fees.

The Committee accepted the remarks of the Collector as endorsed by the Chief Executive Officer.

Paragraph 31 Loss due to want of timely action

The Chairman in this connection placed the following report of the Special Officer before the Committee:—

The Special Officer reported dated 17th January, 1941, as follows:—

A Register of dishonoured cheques is maintained by the Treasurer in which is entered each cheque as it is returned by the Bank. When a cheque is subsequently made good, a note is made in the Register.

This Register is closed quarterly and the outstanding items are carried forward to the next Quarter's Register

There is an annual verification of the outstandings in the Treasurer's Register with the list of dishonoured cheques prepared by the Accounts Department as referred to below.

The Treasurer sends promptly from day to day each dishonoured cheque to the Department which collected it He also sends to the Accounts Department about twice a month an advice in duplicate of these dishonoured cheques The Accounts Department sends one copy to the Department concerned, the other being submitted to the Chief Executive Officer from time to time with a report, if any, of the cheques which have since been made good.

A Register of Dishonoured Cheques is maintained in the License Department but it is a running record and there is no system of closing it or preparing a periodical outstanding list.

I have discussed the matter with the License Officer He will have the Register closed quarterly so that he may effectively review the outstandings. He also said that a Card Index would be a better way for an effective check on his part

A Register is maintained in the Collection Department and it is closed whenever a new Register has to be started I have discussed the matter with the Collector and he has agreed that the Register should be closed quarterly and an outstanding list should be prepared and reviewed by him

The Water Works Department maintains a Register but it cannot properly be called a Register of Dishonoured Cheques inasmuch as in it are entered only those of the dishonoured cheques as are subsequently made good. I have discussed the matter with the Executive Engineer, Water Works and he has directed the clerk concerned (Cashier) to change the system and to open a Register proper with an outstanding list The clerk said that at present there was no outstanding list as such but he had actually 3 cheques outstanding in his hands.

I have not examined the matter with reference to any other Department

When a cheque comes back to the Department which collected it, a letter of Demand is issued If this letter fails to have the desired result, the Law Department is asked to start legal proceedings For criminal proceedings, the only duty of the Law Department is to nominate a Lawyer in whose hands the matter is to be placed, the Department being required to do the rest, unless, of course, some legal difficulty crops up, when the Chief Law Officer renders assistance.

The Law Department maintains a "Register of Criminal Proceedings." This Register is virtually a Register of Dishonoured Cheques isasmuch as there are very few other criminal proceedings.

The real onus of following up a dishonoured cheque rests as it should rest, on the department which collected it.

In order to prevent the risk of any dishonoured cheques being lost sight of, it is necessary that each Department should close its Register systematically every quarter and that the Head of the Department should review the outstandings and sign the Register in token of his review.

I suggest also that a quarterly list of outstanding dishonoured cheques should be submitted by the Chief Accountant to the Finance Standing Committee. This will not involve any great extra work inasmuch as the Accounts Department does prepare every month, as an adjunct to the monthly account, a list of outstanding dishonoured cheques, or short recoveries (*e.g.*, commission on non-clearing banks) on cheques. This list should be placed before the Committee in the third month of the following quarter (Is. quarters' list in the 1st week of September and so on).

By the time the list is actually placed before the Committee, a large number of items will have been made good.

The list of Dishonoured Cheques at the end of November, 1940, as prepared by the Accounts Department for the monthly account for that month will be laid on the table. It will be noticed that there are many items (some pertaining to the year 1924) which require to be written off. The departments concerned may be directed to submit proposals accordingly within a specified period. It will probably be found that in some cases full and satisfactory explanation will not be forthcoming. Without minimising the irregularity, I venture to suggest that the amounts cannot but be written off. The amounts after all are not large compared with the annual turn over And once we start with more or less a clean slate, it will not be difficult to fix responsibility for future defaults, if any.

The Special Officer said that mainly there were three Departments which collected money, *viz.*, the Collection, the License and the Water Works Departments. He had a talk with the Heads of these Departments so far as dishonoured cheques were concerned, and he had made certain suggestions as embodied in his note. What he suggested was that the Register of dishoured cheques which was being maintained by each of these Departments should be periodically closed with a list of outstandings which would enable the Head of the Department to review the list and find out if there was any delay in following up any dishonoured cheque. In order to afford an opportunity to this Committee of reviewing the outstandings he also suggested that the list of dishonoured cheques which is now being prepared by the Accounts Department every month might be placed before them every third month. This would serve as a deterrant against delay on the part of the Department in dealing with dishonoured cheques.

Mr. D. J. Cohen said that what he missed from the report of the Special Officer was a suggestion to strengthen the hands of the Department in case of dishonoured cheques being made good within a specified time. For instance, should they not say that in case a party failed to make good a dishonoured cheque within say, a fortnight or a month, the matter should be put to the court without any further reference to him"?

The Special Officer said that if his suggestions were acted upon it could be reasonably expected that before the list came up to the Committee all necessary action had been taken by the Department concerned.

The Chairman said that the suggestions of the Special Officer as embodied in his report might be accepted and a direction might be given to various Departments to put up a complete list of outstanding dishonoured cheques before the Committee for their consideration as early as possible.

The Committee agreed.

Paragraph 33—Delay in taking steps followed by cancellation.

In reply to the Chairman, the License Officer said that as regards the assessment of dogs, the difficulties in the first place were that the staff was too inadequate for the purpose and secondly, as the lethal chamber had not yet been constructed the proposed system of seizing unlicensed dogs cannot be given effect to.

In reply to the Chairman, the License Officer stated that some dog catchers and other staff required for the home had been appointed and were undergoing training.

Mr D. J. Cohen Let us have a report from the License Officer as to (i) the present staff engaged for the Dog's Home·

(ii) the nature of duties assigned to them; and (iii) the work actually performed by the staff.

The License Officer should also report as to the desirability of continuing the present staff until the lethal chamber has been actually put into operation.

The Committee agreed

Chairman: As regards the Auditor's remarks, let us say this: The collection of license fees cannot be properly enforced until a Dog's Home and all arrangements in connection therewith are in working order. The Committee are giving special-attention to this.

As regards the cancellation of wrong demands the Committee are unable to agree that further sanction is necessary when the court holds them to be wrong demands. This question was thoroughly examined in connection with para (23) of the Audit report on the Accounts for 1938-39.

Paragraph 34—Markets, rents not received in advance in all cases.

The Committee understand that the Public Utilities and Markets Committee have taken suitable action against defaulters.

As regards rents in advance, the Committee feel that it is not always feasible and the statements which are now placed before the Committee indicate that the Departments are alive to the requirements of the Market Manual and the bye-laws are substantially being followed

Paragraph 36 -Stall No 78 of the Park Circus Market.

The Special Officer explained that the circumstances were quite exceptional in as much as the market had not begun to function on a regular scale at this time and customers were few. At that time the Department were trying to let out the vacant stalls of which there were many and it appears to have been felt that in the interest of the Corporation the few stalls which had been taken up should not have been declared "vacant" which would discourage prospective lessees.

The Committee accepted the departmental reports.

Paragraph 38 Defect in maintaining Demand Register.

The Committee understand that effect has been given to the suggestion of the Auditor.

Paragraph 39- Presentation of Diamond buttons.

The Committee understand that steps are being taken to realise the outstanding.

Paragraph 40. Irregular Advance to Provident Fund.

The Committee accepted the departmental report and after hearing the Special Officer, decided that the present procedure should continue in view of Rule 10 of the Provident Fund Rules and the long continued practice which has been in vogue having been started by a reputed firm of Auditors.

Paragraph 43—Extra Allowance to Midwives.

The Assistant Secretary stated that the views of the Corporation were very fully stated in their resolution dated 8th June, 1938, which were communicated to Government on the 9th September, 1938.

In reply to the Chairman, the Chief Accountant stated that payment had remained in abeyance for a long time on account of this audit objection.

The Committee decided to re-iterate their previous resolution and directed the department to bring up an item for the payment of arrear allowances.

Paragraph 44—Payment without proper sanction.

The Assistant Secretary informed the Committee that an item had been placed before the Services Committee No 1 for formal sanction to this allowance, and that Government may be informed accordingly.

The Committee agreed.

Resolved—

That it be recommended that the orders and suggestions of Government as per their letter No. 48 T. W. dated 25th May, 1940, be given effect to subject to the following directions and remarks:—

Re Para 8 (b) -

That the Corporation maintain that the procedure they have been following for decades is the correct one as will be found from the Chief Accountant's note explaining in detail how the collections on the 31st March, are dealt with, it would appear that the whole issue has been clouded by the term "morning collections" and it has been assumed by the Auditors that this money is collected during the morning of the 1st April, which is not the real fact. The collections are actually made by the officers of the Corporation late in the evening of the 31st March too late to be deposited and accounted for in the Treasury along with the collections of the 30th and the earlier part of the 31st. Similar late collections made on any other day, are deposited and accounted for in the Treasury a day later as it is not considered necessary to make a special treatment of them except for the purpose of closing periodical accounts

The annual accounts would not give a realistic picture of the actual state of affairs of the Corporation if an integral part of the "de facto" collections made in one year, is credited to the following year's account, particularly when there is not the slighest difficulty in crediting it to the proper year's account The Corporation regret that they cannot accept the Auditor's view and request the Government to vacate their orders dated 27th April, 1940.

Re. Para 10 (d):—

(i) *That the Government be informed that the list of outstandings upto 31st March, 1937, under heads "Cost of works done in default of others" submitted by the Chief Accountant are now engaging the attention of the Finance Committee.*

(ii) *That the Departments concerned should strictly adhere to the directions given by the Corporation on 8th June, 1938, for adjustment of advances within 5 years from the date of the advances in ordinary course*

Re. Para 12: -

That the Government be informed that Executive Engineer, Water Works has been directed to complete the adjustment of accounts by 31st January, 1941.

Re. Para 14:—

That the Government be informed that a separate register has already been started in the Collection Department.

Re. Para 15:—

That the Government be informed that the Valuation List is not a complete document as the Assessment Registers are; the Valuation List of a Ward is a complete document only on the date when the revaluation of the particular Ward is completed -Subsequent changes, e.g., cases of reduction under Section 146 of the Act, increase or decrease in valuation made on intermediate revaluations or creation of new numbers on separation, during the six yearly period, are not incorporated in this List

Having regard to the facts stated above, the present practice of checking the cases of double refund through the Registers maintained under Paras 345 and 350 of the Assessment and Collection Manual is the best that can be done.

Re. Para 21:—

That the Corporation re-affirm their resolution dated 15th January, 1941, requesting the Government to amend the Section (151 of the Calcutta Municipal Act) by deletion of the proviso with retrospective effect This proviso was introduced for the first time when the Act was revised in 1923 and it was considered necessary because there was a land boom in Calcutta at the time and speculators were trying to hold on to land in order to force up prices. Conditions having changed since then, the utility of this proviso no longer exists, this was realised as far back as 1937, and on enquiries made from the Corporations of Bombay and Madras, it was ascertained that no such provision existed in the Municipal Acts of those Cities. In the light of the above, the Corporation on the 21st January, 1938 resolved that there was no further necessity for this proviso and in the letter No. S. 6554, dated 29th January, 1938, Government were requested to move the Legislature to amend the Section by deleting the proviso.

As has been fully explained in the Assessor's report, there are difficulties in the way of giving effect to the proviso to Section 151 *and even if it could be done, an enforcement of the provisions would have an adverse effect on the revenues of the Corporation.*

Re. Para 24:

That the attention of Government be invited to the note of the Collector which fully explains the practical difficulties standing in the way of giving effect to the orders referred to and that Government be requested to vacate their orders dated 19*th January,* 1938, *in this respect.*

Re Para 25:

That Government be informed that in view of the fact that the method suggested by the Auditors will entail additional expenditure out of all proportion to the protection that it may afford, the existing arrangement be allowed to continue.

Re. Para 27 :-

That the amendment to Art 98 (*a*) *and* (*b*) *of the existing License Manual, suggested by the Chief Law Officer be approved.*

Re. Para 31 :—

(i) *That all Revenue Collecting Departments be directed to maintain separate registers of dishonoured cheques in a regular and systematic way as suggested by the Special Officer, which should be closed every quarter and certified by the Head of the Department as correct.*

(ii) *That the Chief Accountant be directed to submit to the Finance Committee a list of outstanding dishonoured cheques at the end of each quarter.*

Re Para 33:—

(a) *That the Committee find that the collection of dog-license fees cannot be materially increased until all arrangements in connection with the scheme for seizing and detaining unlicensed dogs in a Home provided by the Corporation, are completed; the Finance Committee are giving special attention to this matter.*

(b) *That the Committee are of opinion that sanction of the Corporation under Section* 218 *is not necessary to write off demands which have been held by a competent Court of Law as "wrong demands," and prosecutions have been dismissed.*

Re. Para 34:—

(i) *The Committee are of opinion that except in case of "initial rent" which must be paid in advance, it is not feasible to enforce advance payment of rents in all cases; the department is however substantially following the requirements as laid down in the Market Manual and the bye-laws and that the Finance Committee are regularly receiving reports and taking necessary action regarding outstandings.*

(ii) *That the Government be informed that the occupier of stall No.* 34*K, S. S. Hogg Market having failed to pay the prescribed rents has been removed by the Public Utilities and Markets Committee and the stall was declared vacant from* 1*st January,* 1940.

Re Para 36:—

The Committee find that the circumstances in this case were exceptional and some allowance had to be made in view of the fact that the market had not begun to function properly and consequently customers were scarce and further it would have been injudicious to eject a tenant at a time when the Corporation were trying to establish the market. The case was further complicated by the fact that the holding was in the name of a lady.

Re. Para 40:—

That the Committee are of opinion that the present procedure should continue, in view of rule 10 *of the Provident Fund Rules and the long continued practice which has been in vogue, having been started by a reputed firm of auditors, and that the Government be requested to reconsider the decisions already given by them in the matter.*

(i) *That the grounds on which the Corporation disagreed with the Auditors on this subject and for which they were unable to give effect to the orders of the Government, were fully explained in the Chief Executive Officer's letter No. S.* 4075, *dated* 9*th September,* 1938, *to*

which the attention of the Government be invited and the Government be requested to vacate their orders dated 10th March, 1937.

(ii) *That the Department be directed to bring up an item for the payment of arrears of allowances due to the midwives and other employees.*

Re. Para 44 :—

That Government be informed that the sanction of the Corporation has been applied for and is shortly expected, to regularise the grant.

Mr. M M. Burman : With reference to Para 34, I wish to draw the attention of the Finance Committee to the imperative necessity of collecting daily rent. Because once it is allowed to fall into arrears, collection becomes an uphill task.

Mr. W. A. Burns: I would like to assure you that the question of market collection has been engaging the attention of the Finance Committee and any one who cares to examine the proceedings will see that this year there is substantial improvement in the amount of collection up to date.

Resolved—

RESOLUTION No. 1556.

That the orders and suggestions of Government as per their letter No. 48 T. M. dated 25th May, 1940, be given effect to subject to the following directions and remarks:—

Re. Para 15:

That the Government be informed that the Valuation List is not a complete document as the Assessment Registers are; the Valuation List of a Ward is a complete document only on the date when the revaluation of the particular Ward is completed. Subsequent changes, e.g., cases of reduction under Section 146 of the Act, increase or decrease in valuation made on intermediate revaluations or creation

of new numbers on separation, during the six yearly period, are not incorporated in this List.

Having regard to the facts stated above, the present practice of checking the cases of double refund through the Registers maintained under Paras 345 and 350 of the Assessment and Collection Manual is the best that can be done.

Re. Para 21:—

That the Corporation re-affirm their resolution dated 15th January, 1941, requesting the Government to amend the Section (151 of the Calcutta Municipal Act) by deletion of the proviso with retrospective effect. This proviso was introduced for the first time when the Act was revised in 1923 and it was considered necessary because there was a land boom in Calcutta at the time and speculators were trying to hold on to land in order to force up prices. Conditions having changed since then, the utility of this proviso no longer exists; this was realised as far back as 1937, and on enquiries made from the Corpotions of Bombay and Madras, it was ascertained that no such provision existed in the Municipal Acts of those Cities. In the light of the above, the Corporation on the 21st January, 1938, resolved that there was no further necessity for this proviso and in the letter No. S. 6554, dated 29th January, 1938, Government were requested to move the Legislature to amend the Section by deleting the proviso.

As has been fully explained in the Assessor's report, there are difficulties in the way of giving effect to the proviso to Section 151 and even if it could be done, an enforcement of the provisions would have an adverse effect on the revenues of the Corporation.

Re. Para 24:-

That the attention of Government be invited to the note of the Collector which fully explains the practical difficulties standing in the way of giving effect to the orders referred to and that Government be requested to vacate their orders dated 19th January, 1938, in this respect.

Re. Para 25:—

That Government be informed that in view of the fact that the method suggested by the Auditors will entail additional expenditure out of all proportion to the protection that it may afford, the existing arrangement be allowed to continue.

Re. Para 27:-

That the amendment to Art. 98 (a) and (b) of the existing License Manual, suggested by the Chief Law Officer be approved.

Re. Para 31:-

(i) That all Revenue Collecting Departments be directed to maintain separate registers of dishonoured cheques in a regular and systematic way as suggested by the Special Officer, which should be closed every quarter and certified by the Head of the Department as correct.

(ii) That the Chief Accountant be directed to submit to the Finance Committee a list of outstanding dishonoured cheques at the end of each quarter.

Re. Para 33:-

(a) That the Corporation find that the collection of dog-license fees cannot be materially increased until all arrangements in connection with the scheme for seizing and detaining unlicensed dogs in a Home provided by the Corporation, are completed; the Finance Committee are giving special attention to this matter.

(b) That the Corporation are of opinion that sanction of the Corporation under Section 213 is not necessary to write off demands which have been held by a competent Court of Law as "wrong demands," and prosecutions have been dismissed.

Re. Para 34:—

(i) The Corporation are of opinion that except in case of "initial rent" which must be paid in advance, it is not feasible to enforce advance payment of rents in all cases; the department is however substantially following the requirements as laid down in the Market Manual and the bye-laws and that the Finance Committee are regularly receiving reports and taking necessary action regarding outstandings.

(ii) That the Government be informed that the occupier of stall No. 34K S. S. Hogg Market having failed to pay the prescribed rents has been removed by the Public Utilities and Markets Committee and the stall was declared vacant from 1st January, 1940.

Re. Para 36:—

The Corporation find that the circumstances in this case were exceptional and some allowance had to be made in view of the fact that the market had not begun to function properly and consequently customers were scarce and further it would have been injudicious to eject a tenant at a time when the Corporation were trying to establish the market. The case was further complicated by the fact that the holding was in the name of a lady.

Re. Para 40:

The Corporation are of opinion that the present procedure should continue, in view of rule 10 of the Provident Fund Rules and the long continued practice which has been in vogue, having been started by a reputed firm of auditors, and that the Government be requested to reconsider the decisions already given by them in the matter.

Re. Para 43:

(i) That the grounds on which the Corporation disagreed with the Auditors on this subject and for which they were unable to give effect to the orders of the Government, were fully explained in the Chief Executive Officer's letter No. S. 4075, dated 9th September, 1938, to which the attention of the Government be invited and the Government be requested to vacate their orders dated 10th March, 1937.

(ii) That the Department be directed to bring up an item for the payment of arrears of allowances due to the midwives and other employees.

Re. Para 44: —

That Government be informed that the sanction of the Corporation has been applied for and is shortly expected, to regularise the grant.

The resolutions of the Corporation were communicated to Government in Chief Executive Officer's letter No. S/796, dated 30th March, 1941 and to the departments concerned as per Secretary's Circular No. 25 of 1940-41.

Extract from the Proceedings of the Corporation Meeting dated 22nd January, 1943.

14 FINANCE COMMITEEE RECOMMENDATION.—The Corporation were asked to confirm the following recommendation of the Finance Standing Committee dated the 11th August, 1941:—

2. LETTER FROM GOVERNMENT REGARDING AUDIT REPORT FOR 1936-37. —The Committee were asked to consider the following letter No. 1847M dated the 23rd September, 1941, from the Secretary to the Government of Bengal to the Chief Executive Officer, Corporation of Calcutta, in connection with the Audit Report for the year 1936-37.

Relevant portions of the Corporation resolution dated 28th March, 1941 is reproduced below:—

* * * *

With reference to the correspondence resting with your letter No. S. 796, dated the 30th May, 1941, regarding the audit report on the accounts of the Corporation for the year 1936-37, I am directed to state as follows:—

Paragraph 8 -Cash in hand (with the treasurer)—Government order communicated with letter No. 48 T.M., dated the 25th May, 1940 laid down the correct procedure and sufficient reasons have not been advanced by the Corporation, why the order should be vacated.

Paragraph 25—Notice of demand and warrant fees As the Corporation are not in favour of accepting the suggestion of the auditors, they may be requested to suggest any alternative method, if possible.

Paragraph 40—Irregular advance to Provident Fund under rule 10 of the Provident Fund Rules, referred to, the contribution of the Corporation is to be an amount equal to the compulsory subscription. This latter amount depends on the actual amount deducted from the subscriber's salary during the 12 months from April to March *i.e.*, in respect of salaries for March to February. There should, therefore, be no occasion under the rules to proceed on any estimate of the amounts payable in respect of salary for the last month, as is being done by the Corporation. In view of the position stated above, Government do not see any reason to modify their previous order on the point.

Paragraph 43—Extra allowances to Midwives -Necessary orders will be issued separately.

2. I am to request that the submission of reports called for in respect of paragraph 12 (Stores—result of verification) and paragraph 13 (workshop—accounts of cost of manufacture) may be expedited.

Chief Accountant's report dated the 20th May, 1942 :—

This relates to the final orders of Government on the Audit Report for 1936-37 as per their letter No. 48 T. M. dated the 25th May, 1940. These final orders of Government were considered by the Corporation on 28th March, 1941 when they accepted the orders of Government in some cases and passed necessary remarks or orders in other cases. The resolutions of the Corporation dated the 28th March, 1941 were communicated to Government as per Chief Executive Officer's letter No. 736 dated the 30th May, 1941.

The points referred to in the Government letter under reference are dealt with para by para below.

Paragraph 8—This relates to the method of accounting for the so-called morning collection of 1st April. The question was dealt with by us many times in our replies to the Audit Reports of previous years.

The orders passed by Government in this connection as per their letter No. 48 T.M., dated 25th May, 1940 run as follows :—

" The attention of the Corporation is invited to paragraph 2 (3) of the Government Order No. 19 T.M., dated the 27th April, 1940 in which it has already been stated that the collections up to the evening of the 31st March of any year should be remitted to the Corporation Treasury on the same day and that the morning collection on the 1st April should be accounted as collections of arrear rates of the previous year."

In our previous replies we have repeatedly pointed out that these amounts are collected by our officers on the 31st March or before the close of the passing year and not on the morning of 1st April of the new year. There is therefore no justification for treating these amounts as collections of arrear rates of previous year and we would be giving an artificial shape to our accounts by showing these as collections of the following year. Further, in that case, the parties paying the amounts will have to be classed as defaulters in the account of the passing year for no fault of theirs.

As regards the other point in Government orders *viz.*, "the collection up to the evening of 31st March of any year should be remitted to the Corporation Treasury on the same day" our experience shows that it is physically impossible for the Treasurer's Department to receive the entire amount of collections of 31st March on that day and reconcile their accounts with those of the Collection Department in time for the entire collection to be sent to the Bank next morning.

A portion of the collections of 31st March thus necessarily remains overnight with the collecting officers and is received by the Treasurer's Department in the early hours of 1st April.

The entire collection of 31st March whether taken charge of by the Treasurer's Department on 31st March or in the early hours

of the following day, is however remitted to the Bank on the 1st April in one instalment, a procedure which would necessarily have been adopted even if the entire amount could have been taken charge of by the Treasurer's Department on 31st March.

Evidently the method followed by us is the only correct method of accounting that could be adopted in the circumstances of the case. The method, insisted upon by the Auditors is incorrect, inasmuch as it suggests that the collections made in one year should be shown in the accounts of the following year. The term " morning collections of 1st April " as used in this case appears to have misled the Auditor and we have decided not to use this term in future. In view of the above and the peculiar circumstances of the Corporation, Government may be requested to vacate the orders previously passed by them.

Paragraph 25—This relates to the suggestion of the Auditors that separate machine numbered receipt forms with counterfoils should be used by the bailiffs when fees in respect of notices of demand or warrants are collected.

The Collector reports:—

** The existing practice is all right and should be allowed to continue. The attention of the Government may again be drawn to the Corporation resolution dated 28th March, 1941 wherein it has been directed that the existing practice be allowed to continue.

** Under the present system, if a Bailiff gets the costs remitted by the Collector even after realisation, there is chance of the defalcation coming to light in course of future transactions. The point was dealt with by my predecessor in his note dated 7th March, 1939 to Deputy Executive Officer II, quoted below.

" I have given the matter my fullest consideration and beg to report as follows:—

The present procedure which is in vogue in this department for the last 30 years or more is that fees realised in respect of notices of demand and warrants are acknowledged on the body of the rate bill issued to the party and the same are deposited in the Treasury through Cash challans along with the amount of the rate bills so realised. No remission of costs are made without the previous orders of the Collector or Assistant Collector except in cases where such remissions on the spot of collection are considered by the Inspectors concerned to be expedient for facility of collection and in all such cases reports are made to the Collector and his sanction obtained.

The proposal of the Auditors which aims at replacing the present system is to introduce separate machine numbered receipt forms to be used by bailiffs in realising fees. How can this method, I wonder, prevent any dishonest bailiff from swindling if he so chooses? Suppose a bailiff realises Rs. 5 as fees and issues a separate receipt. If he dishonestly puts a wrong figure (*i.e.*, a less amount) in the counterfoil, is there any chance of the defalcation ever coming to light? On the other hand, in the present system, once a bailiff gives acknowledgment on the body of the bill, he will not dare make any defalcation in respect of the sum so acknowledged, inasmuch as there remains the possibility of the paid up bills coming to the notice of Inspectors or office in course of any future transaction, such as refund etc.

Now coming to the suggestion, it looks simple on its surface but the working of the same would involve a great deal of additional work, explained below, which my department, which is already overburdened with excessive works due to heavy accumulation of outstandings, can hardly be expected to shoulder, unless an extra staff is sanctioned therefor. There are about 200 bailiffs scattered over the 16 divisions. If the suggestions are accepted, regular accounts, bailiff by bailiff, will have to be kept of the machine numbered forms, to be supplied by the Accounts Department, as in the case of office collection books, and several other account books, *viz.*, stock book, cash book, separate cash challans, Ledger etc., will be required to be started in each Division to ensure proper disposal of each and every form. In other words, a system of accounts almost parallel to that of rate bills will have to be maintained.

There will also be considerable difficulties in dealing with refund if separate receipts are issued. Any way, when the difficulties in connection with the primary work of the department, namely accounts of rate bills involving a question of Two crores of rupees remains still half solved, it will be unwise, I think, to invite another huge volume of work for a petty matter like this which yields an income of about Rs. 5,000 per annum. It will be absurd to burden further the existing staff and still more absurd will it be to approach the Corporation for sanction of an additional staff which this new system, if adopted, will undoubtedly require."

Paragraph 40—This relates to the payment of subscriptions deductable from the salaries of the employees for March together with the Corporation contribution for the same month to the Provident Fund in advance on 31st March of a year instead of on April next of the succeeding year when the salaries for March are actually paid to the employees.

Under Rule 10 of the Provident Fund Rules, the Corporation Contribution shall be an amount equal to the compulsory subscription for any financial year, that is, from April to March, and there is no bar in this Rule that an estimated amount of compulsory subscription shall not be taken into account for realisation of a corresponding amount of Corporation Contribution as pointed out by the Government in their letter No. 1847 M, dated 23rd September, 1941. If the present procedure is discontinued and if only the actual amount of Compulsory Subscription received during any financial year is to be taken into account for realisation of Corporation contribution, then there will be no certainty as to how many months' subscription might be taken into account. This point will be clear from the fact that if salaries for the month of February of any year are paid, subject to post audit on any occasion, as is sometimes being done by the Corporation, then the account for that year will have to be closed with the subscription from April to January or from March to January as the case may be, for it will not be possible to audit those pay bills within the next month and no such remittance for the month will be credited to the Provident Fund within the year in question.

This long standing procedure appears to have been introduced originally with the approval of Government Auditors.

Paragraph 14—of the Audit Report for 1920-21 and the replies to that read as follows:—

Auditors' Report.

The amount of the Corporation Contribution equivalent to the aggregate subscriptions for the year ending 31st March, 1921 was paid after the 31st March 1921. Under rule 9 of the Provident Fund Rules of the Corporation the contribution has to be paid on the 31st March.

Chief Accountant's Report.

The amount of Corporation Contribution equivalent to the aggregate amount of the compulsory subscriptions to the provident Fund for the year ending 31st March, 1921 as far as could be ascertained on that day was paid on 31st March, 1921 and debited in the Corporation Cash-Journal and Ledger in the account of the year 1920-21. The whole of the amount payable in respect of March 1921 was however not paid on the 31st March 1921 as the exact amount could not be ascertained till all the salary bills for the month which are payable in April had been received. Hence a small balance (Rs. 522) remained unpaid till May, 1921."

The above replies were accepted by the Corporation at their meeting dated the 17th May, 1922 and communicated to Government in Chairman's letter No. S/2110 dated 8th August 1922. The Audit Report file for 1920-21 does not show any further correspondence on this point.

In para 93 of the A. R. for 1931-32, the Auditor raised an objection regarding this long standing procedure but the Accountant General, Bengal in his letter No. LA. 3517 dated 20th March, 1937 dropped this objection after looking into the replies of the Corporation.

In view of the position stated above Government may be requested to modify their previous orders and to allow the present procedure to continue.

Paragraph 43—No remarks.

The matter is placed before the Committee under orders of the Chief Executive Officer.

The Finance Committee on 3rd August, 1942 resolved that the item be brought up at a Special Meeting to be held on Tuesday, the 11th August, 1942, with up-to-date reports from the departments concerned.

Resolved—

That it be recommended that the departmental explanations furnished in connection with the different paragraphs of the Audit Report for 1936-37 *referred to in Government letter No.* 1847*M dated the* 23*rd September,* 1941 *be accepted subject to the following directions and remarks:—*

Para 8 (b)—

(i) *That the Collector be asked to record the late collections of* 31*st March as late collections of that day instead of as "Morning collections" of* 1*st April next.*

(ii) *That the Committee fully agree with the Chief Accountant that the method of accounting suggested by the Auditors is incorrect and that the Government be requested to vacate the orders previously passed by them for reasons clearly set forth in the Chief Accountant's note.*

(iii) *That the Committee understand that in their further remarks to Para* 10 *of the Audit Report for* 1939-40, *the auditors have expressed their views that they are not wrong judging from the strict tenets of Book-Keeping; these further remarks are coming up before the Finance Committee shortly when they will express their further views in the matter for consideration of Government.*

Para 25.—

That in view of the reasons set forth in the reply of the Collector and in view of the fact that the method suggested by the Auditors will entail additional expenditure out of all proportion to the protection that it may afford, the existing arrangement be allowed to continue.

Para 40.—

That in view of the fact that Rule 10 *of the Provident Fund Rules allows the present practice of transferring Corporation contribution to Provident Fund on the basis of estimates and the Accountant General, Bengal, after due consideration, on a previous occasion preferred to drop the present objection of the Auditor, the Government be requested to modify their previous orders on the point and allow the existing practice to continue.*

On the motion of Mr. Hemendra Prosad Ghose, seconded by Mr. J. B. Beed, it was

Resolved—

RESOLUTION No. 808.

That the departmental explanations furnished in connection with the different paragraphs of the Audit Report for 1936-37 referred to in Government letter No. 1847M dated the 23rd September, 1941 be accepted subject to the following directions and remarks:

Para 8 (b)—

(i) That the Collector be asked to record the late collections of 31st March as late collections of that day instead of as "Morning collections" of 1st April next.

(ii) That the Corporation fully agree with the Chief Accountant that the method of accounting suggested by the Auditors is incorrect and that the Government be requested to vacate the orders previously passed by them for reasons clearly set forth in the Chief Accountant's note.

(iii) That the Corporation understand that in their further remarks to Para 10 of the Audit Report for 1939-40, the auditors have expressed their views that they are not wrong judging from the strict tenets of Book-Keeping; these further remarks are coming up before the Finance Committee shortly when they will express their further views in the matter for consideration of Government.

Para 25:

That in view of the reasons set forth in the reply of the Collector and in view of the fact that the method suggested by the Auditors will entail additional expenditure out of all proportion to the protection that it may afford, the existing arrangement be allowed to continue.

Para 40:

That in view of the fact that Rule 10 of the Provident Fund Rules allows the present practice of transferring Corporation contribution to Provident Fund on the basis of estimates and the Accountant-General, Bengal, after due consideration, on a previous occasion preferred to drop the present objection of the Auditor, the Government be requested to modify their previous orders on the point and allow the existing practice to continue.

The resolutions of the Corporation were communicated to Government in Chief Executive Officer's letter No. S/3096 dated 15th February, 1943.
